TURKISH BLACK SALVE.

UNDER THE PATRONAGE OF THE HONORABLE THE EAST INDIA COMPANY.

THIS SALVE, prepared from the original Receipt procured from a celebrated Turkish Hakim, (physician) of Smyrna, in Asia Minor, and which has obtained an unprecedented celebrity in Great Britain and the East Indies, from the astonishing Cures performed by it in both these countries, has lately been introduced into Montreal. As might be expected, its popularity has followed it, and its use is becoming general among all classes. The Proprietors, prompted by the very flattering reception it has met with in the Metropolis, have determined on extending its usefulness to all other parts of Canada; and, for that purpose, have established Agencies in all the principal Cities. They flatter themselves that when its wonderful properties shall become more generally known, they will meet with that encouragement which the introduction of such a valuable medicament into a country justly entitles them.—The contracted limits of an advertisement necessarily precludes their entering into any adequate detail of its merits, but, for the information of the public, they intend to publish, from time to time, such statements of cures as have or may occur, and for the present will content themselves with merely enumerating some of the complaints for which it has been used with the most complete success—Such as Swollen Glands, Broken Breasts, White Swellings, Whitlows, Scalds from Steamboat explosions, or other causes, Burns, Fever Sores, Scrofulous Sores, Sore Nipples, Carbuncles, Scald Head, Gun-shot Wounds, Bruises, Boils, Frostbites, Wens, Chilblains, Ulcerated and Common Sore, Throats, and Bonions. If used in time, it will prevent or cure Cancers, also, Swellings arising from a blow on the Breast, Ring Worm, Pains in the Back, Rheumatism, Gout, Pains, in the Chest, Palpitation of the Heart, Complaints in the Liver, Spine, Heart and Hip, Rushing of Blood to the Head, Swelled Face and Toothache. In fact, it is impossible to enumerate half the complaints that have been cured by the application of this Salve. It is very portable—will keep in any climate, and requires little or no care in its application, as it may be spread with a knife on any substance, such as chamois leather, linen, or brown paper.

Sold in Montreal by S. J. LYMAN & Co, Place d'Armes; SAVAGE & Co., Notre Dame Street; URQUHART & Co., Great St. James Street; W. LYMAN & Co, St. Paul Street, and in all the principal Cities in Canada.

Latest from Toronto.

The following opinion of the beneficial effects of the Plantagenet Water, is from the last number of the *British American Medical and Physical Journal*, edited by Dr. Hall. The Doctor recommends the employment of this water to the special attention of the Profession, both in Canada and the United States. Nothing further is required to ensure their general use by all classes of our citizens:—

Remedial nostra, or matters professing to be such, and depending for their employment upon the extensiveness of the circulation of laudatory advertisements, and the amount of money consequently paid by their proprietors for these, have at no time, since we undertook the management of a Journal intended solely for the advancement of medical science, found favor in our eyes. *Nor shall they.* We have always adhered to the old maxim, "Ne sutor ultra crepidam." We have always thought, and are daily more convinced of the truthfulness and correctness of our opinion, that all the world was never intended to practice the medical art, inasmuch as all men—aye, and all women too—are unable to make themselves masters of the science of medicine; and it must be admitted, without a cavil, that without a foundation there can be no superstructure. Not that we would dare to question the qualifications of all to become, perhaps, even scientific practitioners of the Healing Art—far from it; but seeing that different gifts have been assigned to different individuals, from the foundation of our world, and that one class is necessarily dependent upon another for its comfort and support—the rich and poor, the educated and illiterate, the professor of science and the simple mechanic—so we hold, that the public should be directed, under God, in the maintenance and preservation of health, by men who have given, and continue to give, the best energies of their mind to this particular study. It is under impressions of this kind that we direct the attention of our professional brethren to the advertisement of Mr. Laroque on the cover. We have, in common with our medical friends in this city, taken occasion, from time to time, to prescribe, in fitting cases, the Plantagenet Water, derived from a spring on that gentleman's property, in the Ottawa District. Commendatory certificates from medical men, perfectly well known to us, have been published in the daily newspapers of this city; our own has appeared among the number. But we now hesitate not to recommend the employment of this Water to the special attention of the profession both in Canada and the United States. Mr. Hunt's analysis, as to its constituents, furnishes at once the key of its applicability and usefulness. We are informed that the proprietor has made arrangements for supplying, during the forthcoming season, the Plantagenet Water throughout our own Province and the United States, by the establishment of necessary depots and the appointment of proper agents.

These waters are to be had only from the Agent, A. MANN, at the Depot 4, *Place d'Armes*, also from Dr. Picault; Mr. Mercier, Quebec Hotel; Mr. Berlau, St. Paul Street; and at the principal Hotels in the City.

A fresh supply of the above Waters have just been received, and for sale by the above Agents.
