Cotton—Spot closed steady; middling uplands, 8.95; Gulf, 9.20; sales, 2532 bales.

Price of Oil.

Pittsburg, Jan. 21.—Oil closed at $1.52.

Vaughan Wants It Not.

Ex-Police Sergeant Vaughan some two months ago retired from the city police force after 27 years' service. He is now a builder. Recently he was made a member of the Executive of the Lord's Day Alliance, and in giving his advice to that body said that in order to have the aims of the Alliance carried out it would be wise to have a provincial constable appointed, with permission to travel everywhere in Ontario. The next thing he heard was the announcement that he had been made such provincial constable. He declares he will decline the honor.

Invasion From Britain.

London, Jan. 21.—It is announced that the two thousand British farmers and agricultural laborers who are to settle at Saskatoon are to sail on March 21, in charge of the Rev. Mr. Barr. The Canadian government will give sufficient land for 18 townships and foreigners will not be permitted to settle on this reserved territory. The settlement will be called the Special British Colony.

Spain Sues Clyde Builders.

Edinburgh, Jan. 21.—The Spanish Minister of Marine, Senor Sanchez Toca, began action to-day before the Court of Session to recover $375,000 from the Clydebank Engineering and Shipbuilding Company because of the company's failure to deliver in contract time four torpedo boat destroyers which had been intended for use during the Spanish-American war.

Death Followed Operation.

Brockville, Jan. 21.—Oliver Waldie, who has been traveling in Manitoba for several years, came to visit his parents in Gananoque recently. It was found he was suffering from appendicitis, and he came to Brockville Hospital to undergo an operation. The operation was performed yesterday, and he died this morning. He was 32 years of age.

Takes Rosebery's House.

London, Jan. 21.—The statement is published here that James R. Keene has leased Lord Rosebery's house at Newmarket and intends to spend the greater part of the year there. Mr. Keene's American trainer, Matt Allen, will arrive at Newmarket with a string of horses in a few days.

SCORE'S

"When You Buy Buy the Best"

This maxim is especially apt for the purchaser of a Winter Overcoat. The "best" is especially appropriate in describing our splendid new line of heavy Cheviots—special price $27.00.

R. SCORE & SON,

Tailors and Haberdashers, 77 King Street West.

N.B.—Store closes on Saturdays at one o'clock during January and February.

FLAGS TO BE AT HALF MAST

Two Years Ago To-Day Her Majesty Queen Victoria Went to Her Long Rest.

CONTROLLERS ARE KEEPING BUSY

Appeal Cherry-St. Crossing Decision—Still More Money for the St. Lawrence Market.

The Board of Control transacted a lot of business yesterday afternoon, passing the reports of the Works Committee and the Property Committee, and dealing with a big batch of correspondence. The Controllers decided that the city should take the advice of the Corporation Counsel and appeal from the decision of Judge MacMahon in regard to the Grand Trunk crossing at Cherry-street.

The Daughters of the Empire wrote asking that flags on public buildings be lowered to half-mast on the 22nd inst., the anniversary of the death of Queen Victoria. The City Commissioner was instructed to see that the request was carried out.

Controllers Ask Extras.

The demands of contractors for extras, thru the St. Lawrence Market bungle, continue to come in, and the board left over for further consideration the claim of J. Vokes and C. Davies & Co., who jointly had the stone contract at $2500, but now they want $861 more.

It was decided to give the Legislative Committee $1500 to look after distinguished visitors to the city during this year. A similar amount was granted last year, and the committee just about kept within the appropriation.

The resolutions of the Northwest Ratepayers' Association for better street railway service, were sent on to Council.

The City Engineer asked that tenders be invited for the iron work required in the reconstruction of the bridge over Keating's Channel, and the board granted the request.

City Struck a Bargain.

Ambrose Kent desires to buy some city property at the corner of Brunswick and Lowther-avenue. He offered $50 a foot, and, as this is $10 a foot more than the property is valued at, the advice of the Assessment Commissioner to dispose of the land was endorsed.

George F. Sproule, thru a letter, called the attention of the board to the circumstances under which he had been fined for presenting a late transfer to a street car conductor and insisting upon its acceptance. As Mr. Sproule was not present to state his case, the matter was left over.

The changes in wages to be paid by contractors for city work, as proposed by the Building Trades' Council, will be further discussed at a joint conference between the Trades Council and board.

Those St. Lawrence Market improvements came up again when the City Treasurer reported upon the payments made to Jarvis & Siddall, architects. The board will further consider the matter before giving the architects any more money.

The Technical School Board will be granted an interim appropriation of $5000. The City Treasurer was also granted interim appropriations for $177,000 for uncontrollable expenditure, $47,000 for controllable expenditure, and $46,000 for fire and light.

The Legal Department.

City Solicitor Caswell forwarded to the board a report of the work done by the Legal Department last year, summarized as follows:

Cases disposed of 40 (city successful 20, city unsuccessful 4, cases settled 16); claims disposed of by claims commission, 106; contracts, bonds and leases drawn, each in triplicate, 594; bylaws drawn and certified, 11 of which embrace 342 separate works, 74; letters received, 2184; letters written, 3451; deeds drawn and certificated in triplicate, 13 of which contain 487 parcels of land, 36; suits pending, 50.

Technical School Board.

The Manufacturers' Association have re-elected their representatives to the Technical School Board as follows: H Van der Linde, Gutta Percha Rubber Company; A W Thomas, Copp, Clark Company; Dr F J Smale, Wm Davies Company, Gerhard Heintzman.

CUTTERS SUBJECT TO SMALLPOX.

Excitement Created in Lynn When Information Was Made Known.

Lynn, Mass., Jan. 21.—Union shoe cutters continued placing new men today in factories from which Knights of Labor Cutters struck last week, and excitement developed when the Board of Health learned that some of the cutters brought here came from a factory in Rochester, N.Y., where an outbreak of smallpox had caused a shutdown. City Physician Holbrook at once visited the strike factories and arranged to have the city vaccination staff inspect all imported workmen and operate on any one who cannot show signs of recent successful treatment. When news of the presence of men from the infected district was received by the Knights of Labor Cutters, it was decided at once to ask the city to appeal to the courts for an injunction to restrain the Boot and Shoe Workers' Union from bringing men into Lynn from infected districts. In the Police Court to-day five men arrested last night, were charged with rioting. They pleaded not guilty, and the cases were continued to Saturday.

Twelve Men Killed.

Leavenworth, Wash., Jan. 21.—Twelve men are dead, and as many more injured, as the result of the tail-end collision on the Great Northern Railroad, five miles west of Chiwakum yesterday. An extra train from Skikomish, loaded with lumber, and three cars containing laborers, ran into a rotary snow plow, killing or injuring all of twenty-five workmen. Ten cars are piled up in a heap, with nine victims of the wreck still underneath.

GAS COMPANY IS DEFIANT

Saucy Letter Sent to the Mayor in Reply to His Worship's Communication.

WILL ADMIT NO RIGHT AT ALL

To Reduce Price of Gas—Board of Control Decides to Fight the Suit.

Mayor Urquhart has received a spirited reply from the Consumers' Gas Company to his letter in regard to the reduction of the price of gas. The reply says:

"Thomas Urquhart, Esq., Mayor City of Toronto:

"Dear Sir,—I am just in receipt of your favor of the 20th inst. In reply, my letter to you contained no admission on the company's part of the citizens' right to any reduction at the present or any time in the price of gas, seeing that under the act of 1887, as construed by the company, it has never been legally obliged to do so, every concession having been voluntary on its part.

"What you are pleased to term a small reduction in the price of gas means to the company about $85,000 per annum on the basis of last year's consumption. My board will be pleased to learn that the matters so long in difference with the city will now be left to the courts, and are quite prepared to meet the issue.

Yours very truly,

"Larratt W. Smith, President."

The Board of Control decided yesterday afternoon to instruct the Legal Department to notify the Consumers' Gas Company that the suit would be fought.

FARM LABOR SCARCE.

Ontario Government Considering Plan to Bring in Men.

The scarcity of farm labor is just now engaging the attention of the Ontario government, and an effort will be made to bring about concerted action between the Dominion Department of Immigration and the Ontario government's officials in Great Britain to induce desirable farm help to come to this country. A resolution passed by a meeting of Guelph farmers, urgently requesting the Minister of Agriculture to secure a further supply of immigrants, has been received at the Department of Agriculture. There are 175,000 farms in Ontario, and most of them are destitute of help.

New Pulp Concession.

The Ontario government has approved a pulp concession to the Rainy River Pulp and Paper Company, which is composed of Hon George E Foster, and W J Elliott of Toronto, W A Preston and Louis Hamel of Mine Centre, R M Simpson and Wm Blackwood of Winnipeg. The concession covers an area of 100 square miles on waters tributary to Rainy River.

Notes of the Buildings.

Five cases of smallpox are reported from Cambridge Township, Russell County, two from the Tyendenaga Indian reserve, and two from Blenheim Township, Oxford County, and Tiny, Simcoe County.

J. P. Whitney and J. J. Foy, M.L.A.'s, are in Ottawa looking over the ground in North Renfrew, in anticipation of an early election in that constituency.

S. T. Bastedo, Deputy Commissioner of Fisheries, and E. Tinsley, Provincial Game Warden, are in Ottawa attending the meeting of the Fish and Game Commission.

Hon. John Dryden has gone to attend the meeting of the Kingston Dairy School.

Among the visitors at the Parliament Buildings yesterday were A M Little, M.L.A. for North Norfolk, and John Lee, M.L.A. for East Kent.

Chance to Make a Million.

Atlantic City, Jan. 21.—John D. Rockefeller, the Standard Oil magnate, returned to Lakewood this afternoon, having been at the Hotel Brighton with his wife since Saturday. This is his first visit here in 12 years, and he was greatly pleased with his trip. Dr. Philip Marvel, a local physician, was called in to examine Mr. Rockefeller's throat, and the latter offered one million dollars if he would provide him with a new, and healthy stomach.

These two organs give the millionaire great trouble, and he is compelled to live on the simplest diet.

New Steamship Line to France.

R. J. Younge, secretary of the Canadian Manufacturers' Association, received yesterday a letter from L. Canaud Nordlindli of La Rochelle, France, announcing that at the end of March a regular steamship service would be established between Canada and France. The firm already has steamers running between France and Cuba, Mexico and New Orleans. La Rochelle will be the French port for the new service.

Between Italy and Argentina.

Rome, Jan. 21.—The Minister of Posts and Telegraphs, Signor Galimberti, has announced that, at the reopening of the Chamber of Deputies, he will ask for an appropriation of $150,000 to erect wireless telegraph stations for a service between Italy and Argentina. The work will be directed by Signor Marconi.

Charges Negligence.

At the Assizes yesterday, the suit of J. W. Cork of the corner of Lansdowne-avenue and Queen-street, against the Canada Ice Company, was heard. In October, 1901, a four-year-old daughter of Mr. Cork was run over by a wagon belonging to the company, and her leg was badly injured. The father charges the company with negligence.

Gave Plaintiff $78.

Judge Morgan delivered judgment yesterday in the case of Edward Churchill, builder, who sued Misses Charlotte and Agnes Cockburn for a balance of $144.30, which he claimed was due him. His Honor found that the defendants owed Mr. Churchill $78, including the $14 they had paid into court, which amount they said was due him.

Old Stamps Sell Well.

London, Jan. 21.—At a sale of postage stamps here yesterday a Canada 1852-57 wove paper sevenpence halfpenny green, fetched £10, a tenpenny blue on thick paper, £8, and an 1897 sixpenny purple brown 10 guineas.

Ex-Mayor Hewitt at Rest.

New York, Jan. 21.—Abram S. Hewitt was buried to-day, Bishops Potter and Samerlee officiating. The pall-bearers included Seth Low, Andrew Carnegie, J. Pierpont Morgan and Lord Charles Beresford.

Thru the Dardanelles.

Constantinople, Jan. 21.—Another Russian torpedo boat destroyer has passed thru the Dardanelles, bound for Sebastopol.

TOBACCO AND LIQUOR HABITS.

Dr. McTaggart's Tobacco Remedy removes all desire for the weed in a few weeks. A vegetable medicine, and only requires touching the tongue with it occasionally. Price $2.

Truly marvellous are the results from taking his remedy for the liquor habit. Is a safe and inexpensive home treatment; no hypodermic injections; no publicity, no loss of time from business and a certainty of cure.

Address or consult Dr. McTaggart, 75 Yonge-street, Toronto. 47

Fairweather's

Expansion Sale

Robes

We have the biggest line of Sleigh and Carriage Robes we've ever displayed. We have been particularly fortunate this season in our selection and the "Expansion Sale" prices make the best of them "wonderfully cheap."

Musk Ox Robes, in fine selected dark skins—with well marked centres, were 55.00 to 85.00, for ..... 40.00 to 70.00

3 only Black Bear Robes—one specially fine set, at 300.00

And one odd Bear Robe, was 75.00, for 60.00

8 Siberian Bear Robes—that were 30.00 to 40.00, for ..... 22.50 to 32.50

Grey Goat Robes, were 8.50, for 7.00

Brown and Black Goat Robes, were 16.00, for 12.00

FOREIGN NOTES OF INTEREST.

Work at flint digging is being provided at Brighton, England, for the unemployed.

An Englishman has invented a bricklaying machine, which lays and mortars the bricks.

Marconi hopes that wireless communication will soon be established in South Africa.

The new railroad thru Canada to the Pacific coast will pass thru vast regions never heretofore explored.

Electricity for lighting purposes is now being supplies thru penny-in-the-slot meters at Eccles, Lancashire, Eng.

Recently a Chinese professor in a government college made application for 50 English Bibles for the use of the students.

Alcoholic liquors contribute no less than £42,000,000 of the total income of the British National Exchequer, which is £130,000,000.

Owing to the increased price of coal several British boards of guardians have decided to give an extra sixpence weekly to the recipients of outdoor relief.

The red deer of New Zealand are estimated to number between 4000 and 5000 individuals, the offspring of two stags and six hinds that were turned out in 1868.

Among the wonderful mosaics of the ancient Church of St. Sophia is a gigantic figure of the Saviour. Mohammedan decoration has covered it with whitewash and paint, but thru it all the original picture can be easily identified.

A tunnel under the Thames for the accommodation of pedestrians has been recently completed and opened for the public. It is a tube eleven feet in diameter, 1217 feet long, with the top 13 feet below the river bed. It is accessible by electric elevators and a spiral iron stairway at either end.

The Royal Academy was 134 years old on Dec. 10, having been founded in 1768 by King George III., who nominated 36 academicians and appointed Joshua Reynolds, who was knighted on the occasion, to be the first president. Sir E. J. Poynter is but the tenth holder of his distinguished position.

Halton County Conservatives.

Brampton, Jan. 21.—The annual meeting of the Liberal-Conservative Association of the County of Halton, held here to-day, officers were elected for the coming year, as follows: President, J. W. Elliott, Hilton; vice-president, J. C. Smith, Burlington; secretary, C. E. Hollinrake, Milton; treasurer, E. W. Boyd, Milton: Ward and town vice-presidents were elected as follows: Nassagaweya, W. S. Elliott; Alexander McPherson, John Lester; Nelson, John Breckon, W. Irving. George Erwin and J. F. Richardson; Trafalgar, Capt. McDonald, John Dearing and Wm. Patterson; Esquesing, Thomas Chisholm, Robert Watson, Col. Applebe, W. Shortell, Henry Holytoyd; Burlington, James Harrison; Oakville, George Hillmer; Georgetown, A. B. Bradley; Acton, W. H. Deany; Milton, W. J. Armstrong.

Trafalgar Castle.

Friends of the Ontario Ladies' College will be interested to know that the date of the annual conversazione is fixed for Friday, Feb. 13. Full particulars as to special train, etc., will be announced later.

CARNEGIE TALKS OF HEROES

Believes That Neither They Nor Their Families Should Suffer Want.

SHOULD BE GIVEN PENSIONS

Also Declares That the Kingdom of God is in a Man Right Now.

New York, Jan. 21.—Andrew Carnegie and Lyman J. Gage, former secretary of the Treasury, made addresses last night in Carnegie Hall. Mr. Carnegie made a presentation speech, the occasion being the giving of a medal to Earl Gulick, a boy singer aged 14, for saving James Lawless, aged 30, from drowning at Greenport, L.I., last summer. Mr. Carnegie presented the medal of the New York Volunteer Life Saving Corps to young Gulick, saying in part:

This is the heroic age, excelling all others in the number and service of its heroes. There is a hero in the Philippine to-day. He was a wise Judge and strongly opposed our forcing ourselves upon the people there, but at the call of duty he went to serve his country and benefit that people. The highest office, save one, in the land was within his reach, the height of his ambition at home. He resisted the temptation, impaired as his health was. He elected to plunge into the waves, as it were, to save the drowning people who need his help. Judge Taft is a true hero; he has risked his life for his fellows.

A fireman hero in New York recently—I wish I could remember his name—rushed into danger thru fire and smoke to rescue a child, and fell in the attempt. Such instances occur almost every week in one or other of our cities. Physicians almost daily sacrifice their lives in their noble calling.

Verily we live in a heroic age and it becomes us to celebrate, applaud and honor these grandest of heroes, who remind us by their acts that they feel "the fittest place where man can die is where he dies for man." There should be a national organization akin to the National Life Saving Society, or, perhaps, better still, that society should appeal for funds to support the families of such heroes and add a department to administer the fund properly.

The family of no hero who loses his life while trying to rescue a fellow man should ever suffer want, nor should the hero himself, if injured. He deserves a pension, with the thanks of the community, as well as a gold medal to be worn afterward and handed down to his family as a badge of true nobility. There is a worship which uplifts, a deference which exalts, a tribute which raises all who give it, and this meeting will fail to justify itself if we assemble to do honor to a hero and are not ourselves, in contemplation of his act, raised in some degree to heroic level.

The great advance which all religious bodies are making and must continue to make or perish is along this road, the recognition of the truth that the kingdom of God is within man here and now, and that in order to merit Heaven in the future or to be fit to exist there it is necessary that we begin to make something of the real Heaven here now on earth.

BYLAW IS CAUSING TROUBLE.

Numerous Objections to Paying 25c a Load for Garbage Removal.

Protests against the new bylaw which provides for the charge of 25c a load for removing garbage from factories and similar places continue to come in. The matter is now in the hands of Street Commissioner Jones for a report.

The following letter has been received by the Mayor from the Retail Merchants' Association:

"Not long ago a city bylaw was passed fixing a charge of 25 cents a load for gathering garbage and refuse from manufacturers and all others, excepting householders.

"Before this bylaw was passed we sent a letter to the Board of Control which was forwarded on to the City Council, explaining that the application of this bylaw would be an injustice to the retail merchants, who rarely had a load of garbage to remove. We were assured, however, that it was not intended to apply to retail merchants, but only to large manufacturers, and upon this understanding no further attention was given to the matter by us. We find now, however, all merchants, both large and small, are compelled to pay 25 cents before their garbage can be removed. Will you please see that this injustice is remedied, and our Municipal Committee will be pleased to lay our views on the subject before you, if you desire them."

Estate of Late Mrs. Peters.

Mrs. Mary H. Peters, who died recently, left an estate amounting to $4038. According to the will, Wesley A. Peters, a stepson, is given $1575 and a step-daughter and wife of Rev. James Allen, $1560. The household and personal effects will be divided among Mrs. Allen and Mrs. John Boyd, step-daughters, and Mrs. Walter Brummell, a daughter.

NOT DUE TO CLIMATE

Catarrh is Found Everywhere.

Catarrh is at home anywhere and everywhere. While more common in cold, changeable climates, it is by no means confined to them, but is prevalent in every state and territory in the union.

The common definition of catarrh is a chronic cold in the head, which if long neglected often destroys the sense of smell and hearing; but there are many other forms of the disease even more obstinate and dangerous.

Catarrh of the throat and bronchial tubes as well as catarrh of the stomach and liver are almost as common as nasal catarrh and generally more difficult to cure.

Catarrh is undoubtedly a blood disease and can only be successfully eradicated, by an internal treatment. Sprays, washes and powders are useless as far as reaching the real seat of the disease is concerned.

Dr. McIverney advises catarrh sufferers to use a new preparation, sold by druggists, called Stuart's Catarrh Tablets, because actual analysis has shown these tablets to contain certain antiseptic qualities of the highest value and being an internal remedy, pleasant to the taste, convenient and harmless, can be used as freely as required, as well for children as for adults.

An attorney and public speaker, who had been a catarrh sufferer for years, says:

"Every fall I would catch a cold which would settle in my head and throat and hang on all winter long, and every winter it seemed to get a little worse. I was continually clearing my throat, and my voice became affected to such an extent as to interfere with my public speaking.

"I tried troches and cheap cough cures and sometimes got relief, but only for a short time, until this winter, when I learned of the new catarrh cure, Stuart's Catarrh Tablets, through a newspaper advertisement. Two fifty cent boxes which I bought at my druggist's cleared my head and throat in fine shape, and to guard against a return of my old trouble I keep a box of the tablets on hand and whenever I catch a little cold I take a tablet or two and ward off any serious developments." 46

Stuart's Catarrh Tablets deserves to head the list as a household remedy, to check and break up coughs and colds, because unlike many other catarrh and cough cures these tablets contain no opiate, cocaine or any injurious drug.

Thomas Hogan Dead.

Kingston, Jan. 21.—Thomas Hogan, a customs officer, on Wolfe Island, died this morning, following an operation for lithotomy, performed several weeks ago. Deceased was born in 1847. He was in early days a sailor, then a farmer, and later a lumber dealer. He was in municipal politics for years, and was warden of Frontenac in 1886. He was a Catholic and Conservative.

Keeps Quiet Concerning It.

Truro, N. S., Jan. 21.—At a meeting of the Presbytery of Truro yesterday, Rev. Alfred Gandier, pastor of St. James-square Presbyterian Church, Toronto, was nominated for the professorship of theology at the Halifax Presbyterian College, made vacant by the resignation of Rev. Dr. Gordon.

Rev. Mr. Gandier, when interviewed this morning, declined to discuss the matter.

Heat Kills Twenty.

Sydney, Jan. 21.—The heat wave continues in part of New South Wales. There have been 20 deaths. A sugar cane field near Ballina ignited, and a man being overtaken by the flames was burnt to death. Phenomenal sandstorms have occurred in Victoria, some railway trains only being able to proceed at the rate of a mile an hour while the rails were cleared ahead by men with shovels.

London has over 30 King-streets and the same number of Queen-streets or roads.

DR. A. W. CHASE'S CATARRH CURE ... 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. Blower free. All dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo.
