THE LARGE **103**, YONGE STREET

Daily the things are brought to light
Of the cause the confusion, the dangers of war,
And the hopes now bound up in [illegible]
Are the strength of the army and force of the fleet.

But Britain decides, and decides not in vain.—
That she shall the peace of the Nations maintain
That while Nicholas thunders, or his cohorts lour
Her standard shall float o'er each threatened shore.

And the tri-colored flag and the eagle are joined
Their armies united, and their fleets are combined,
And the sons of each nation in those warlike strife
Are determined to conquer or Defeat Peace life.

Yet tho' the war rage the thing is quite clear,
You must have new clothes at this time of the year
Nor would it be prudent or wise to delay
In making your purchase much later than May.

Now PEARSON has studied as statements is below
In reference to fabrics and prices will show—
By securing the products of various climes
To make large provisions for these wonderful times.

His Stock is neither inferior or small
But such as he trusts will satisfy all;
And he therefore expects very early to see
His esteem'd patrons at the ONE HUNDRED AND THREE.

## CANADA vs. THE WORLD.

READER, If you inquire of any person or persons who have ever visited C. S. Powers' Newcastle Marble Works, or purchased Marble from any of his numerous Agents in Canada West, they will tell you that this is positively the LARGEST, BEST and CHEAPEST Establishment of the kind in the Province, and not inferior to any in British North America. His Marble which he imports direct from the native Quarries, is of a very superior quality, and comprises every variety of European and American Marble in demand in this Country, and as he employs none but first class Sculptors in its manufacture, his work is pre-eminently distinguished for originality and beauty of design, and finish of execution. He is now constantly manufacturing to order:

**Monuments,**
**Obelisks,**
**Tomb-tables,**
**Head-stones,**
**Ornamental Inclosures,**
**Mantle Pieces, &**
**Marble Furniture,**

of every description, at prices which cannot fail to secure the Patronage of a large portion of the Canadian public. If you wish to save your money, do not order work from any other House, without previously ascertaining his prices, which will, upon application, be furnished to any intending purchaser free of charge. Orders sent by mail should be post-paid and addressed,

**Protection from Lightning,**

BY SPRATT'S PATENT.

LIGHTNING RODS manufactured by E. V. Wilson and H. Piper & Brother, 50 Yonge Street. The Subscribers are the only authorized agents for the sale of these valuable rods, in the Canadas. *Manufactured and for sale, wholesale and retail, at No. 50,* Yonge Street, Toronto.

CAUTION.—Allow no man to protect your buildings without first examining the points of his rods, and if they have not the Platinum Wire in the point, they are not genuine. The coating of them is of a composition metal that never rusts, retaining its brightness for years. The metal is soft and easily cut with a knife, yet sufficiently hard not to melt under the influence of electric fluids. Look out for rods manufactured at St. George, C. W., they purport to be Spratt's points and rods but are not. The points are made of steel, highly polished, but will become coated with rust after the first night's exposure to the atmosphere, consequently rendering them useless. Always ask for the Agent's Certificate of right to sell, and be *sure to notice the stamp*—SPRATT'S IMPROVED POINT—this is on the points near the base.

*Notice.*—No Policy of Insurance covers losses by Lightning unless burned down or set on fire.
