Provincial Normal School Results

The department of education announces the results of the courses of training for public and separate school teachers at the Normal Schools at Hamilton, London, North Bay, Ottawa, Peterboro, Stratford and Toronto.

The certificates of the successful candidates and marks of those who failed will be forwarded in due course to the individual addresses. Candidates who failed to obtain the necessary standing for interim second-class certificates, but whose marks bring them within the provisions of section 24 (3) of the Normal School syllabus, will be granted limited third-class certificates, valid for five years, and upon passing the final examination at a Normal School not later than 1920, will be granted interim second-class certificates. Such candidates will be advised of the groups upon which they must rewrite.

Those candidates who have failed to obtain standing will be required to attend another session, but they may enter at the reopening of the Normal Schools in January, and take the examinations in June.

In addition to those whose names appear below, interim second-class certificates will be granted to Margaret E. Brown, Florence McGrath (Sister Zephyrina) and Annabel A. MacLeod on submitting satisfactory proof of British citizenship.

How is Your Appetite?

Loss of appetite during the summer months is a common trouble, and indicates that the digestive system is out of order. Lacking a healthy appetite many people—especially women—go too long without food, or eat sparingly because food seems to distress them, and it is no wonder that they complain that they are constantly tired and unable to stand the hot weather. This simply means that the digestive system is not doing its proper work, and that the nutriment that should come from the food is not being distributed to the various organs of the body. In other words the blood is growing thin and watery.

You need a summer tonic, and in all the realm of medicine there is no tonic can equal Dr. Williams' Pink Pills. Take a short treatment with these pills now and notice how promptly your appetite returns and your power to digest food improves. Your food will then do you good, your strength will return and you will no longer complain that the hot weather tires you out.

The best time to begin taking Dr. Williams' Pink Pills is the moment you feel the least bit out of sorts. The sooner you do so the sooner you will regain your old time energy. You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams Medicine Co., Brockville, Ont.
