MOLSON'S WANT TOWN ACCOUNT

Object to Transferal of Simcoe Funds—Town Council Halts

(From our own Correspondent)

Simcoe, Jan. 23—All of the members of the town council were present at a special meeting called last night for general business.

The clerk reported that the town's general account had been transferred to the Bank of Commerce, and the Mayor reported that the funds to credit were about all exhausted, and that it was necessary to pass the usual by-law. He passed down the usual motion form to have the blanks filled in when H. H. Groff, manager of Molson's Bank, who was accompanied by the assistant manager, W. M. Smith, asked for permission to address the council.

Mr. Groff Solicits Account

Mr. Groff stated in substance that he noted with regret the changing of the account to another bank, and dilated on the great service his bank had rendered to the public, and said that he felt justified in asking that the former notice be rescinded and that the account be transferred to his bank.

As Molson's service had been especially beneficial to the municipality, he thought that the directorate might have a misconception as to why the transfer has been made

Mr. Lea said that he wanted the account returned, and that he had been choked off by the mover of the motion for transfer, when the question was up at last meeting. When his worship and Reeve Carter explained matters, Mr. Lea withdrew the statement, and moved, seconded by Reeve Carter, that the motion of transfer be rescinded. The vote was:

Yeas: Lea, Carter, Calder, Jaques, Baillie.

Noes: Jackson, Langford, Crabb.

Mr. Langford thought that possibly a two-thirds vote was necessary in this particular, and urged precaution. This point was speculated upon, and his Worship declined to rule.

Mr. Groff prompted Mr. Lea from behind the pailing, and the latter suggested a withdrawal of the motion and the submission of a motion to re-transfer. During the discussion his Worship denied Mr. Groff's request to participate after he had spoken twice previously. Mr. Crabb had been advised that all municipal business was effected by the transfer motion, and had matters cleared up, otherwise the discussion was a reiteration of what has already appeared in these columns.

Slight Increase in Policeman's Pay

The police committee recommended an increase of $5 monthly in the pay of policemen, and asked for authority to get winter hats for the men. The report passed.

Sleighs, Fire Gongs and More Hose.

Chairman Jaques got sanction for the purchase of two sleighs for hose carts, fire gongs to call out the men, and 200 feet of hose, as well as sanction to have recast the north ward fire bell.

A recommendation that R. Cropp and Wilber McIntyre be taken onto the fire brigade in the place of Wyatt Waddle and W. G. Jackson, was passed.

Mr. Calder's motion for a by-law to prohibit dogs running at large was sent up to the solicitor to prepare the same.

The police committee are resurrecting some unused punch clocks for the policemen.

Chairman Crabb reported for the charity committee and showed evidence of thoroughness in his department.

AMERICAN BANKERS ENTHUSED OVER IT

Officials of Financial Institutions in the States Praise Tanlac

Among the countless thousands of prominent people all over America who have taken Tanlac and praised it for the benefits they derived from it, none are more enthusiastic than the two well-known bankers whose statements follow:

E. J. Henry, president of the Hawkinsville Bank and Trust Co., Hawkinsville, Ga., says: "Last spring I was all wrong some way or other and couldn't get right. I took a bottle of Tanlac and began to improve. Two more bottles put me in good shape and I felt perfectly well. A few weeks ago I took the grippe and was getting down and out again. I bought another bottle of Tanlac and I am well again. I unhesitatingly recommend Tanlac to anyone who is sick and worn-out."

W. C. McElveen, cashier Bank of Hornbeck, Hornbeck, Louisiana, says: "I have taken five (5) bottles of Tanlac and have gained fifteen pounds in three weeks. I think it is a great medicine."

Tanlac is sold in Brantford by Milton H. Robertson and Co., Ltd., in Paris by Apps Ltd., and in Mt. Vernon by A. Yeomans, and in Middleport by William Peddie.

Tedious Trespassing Trial.

The trespassing trial preferred against residents of Turkey Point by Dr. McInnis of St. Williams, twice adjourned, occupied the entire afternoon here yesterday before Robt. Craig, J.P., and only the case against James Ferris was heard. Six witnesses were examined and judgment was reserved. Court adjourned till Friday at 2 p.m.

A Peculiar Case.

Mr. McInnes owns a portion of water, some 22 chains of frontage and several hundred feet out from shore. He has had it staked and fenced to keep poachers from his hunting grounds. The accused claim that in stormy weather they cannot negotiate the course outside when going up and down the bay and give this as a reason for passing through the posts upon which they claim no wire is stretched. J. Porter for the plaintiff, and H. P. Innes, K.C., for the defence, had an afternoon of crossfiring and Magistrate Craig more than once had to say "peace."

There was a full house of spectators and a court stenographer throughout the afternoon.

160,000 TURKISH TROOPS DESERT

Has Falkenhayn Been Forced to Abandon Campaign Against British?

A REORGANIZED ARMY

Palestine Expedition is a Lamentable Frost

Washington, Jan. 22—One hundred and sixty thousand Turkish troops, more than 50 per cent. of Gen. Falkenhayn's reorganized Turkish army, deserted during the recent journey from Constantinople to Palestine, official dispatches to-day stated.

Gen. Falkenhayn, appointed by the kaiser to reorganize the crumbling Moslems after Gen. Allenby's victorious Holy Land campaign has returned to Constantinople, and his entire plan for rehabilitation of the Moslem forces has been abandoned the reports declare.

More than 50 per cent of the strength of 24 Turkish divisions was lost by desertions on journey from Constantinople to Palestine," Gen. Allenby's report declares, adding that "41 companies of storm troops, which left the Alexandretto district, each 300 strong, reached the front with only four officers and 100 men per company."

Refuse to Fall in.

Even Turkish officers refused to "fall in" with Falkenhayn's program, reports declare, and openly voiced their dissatisfaction, knowing well the imrellability of the disheartened war-weary native troops.

In less than three days Falkenhayn abandoned the Palestine sector and returned in disgust to Constantinople.

The internal situation in Turkey is acute. Typhus, which a few months ago was claiming 140 victims per day in Constantinople is on the increase. At this time of the year its virulence is most pronounced. At Smyrna, a city of 200,000, 500 died from this disease in a single day, while 30 per cent. of the Turk army has died or become incapacitated for service through the ravages of this dread disease.

BRAZIL IN GRIP OF SPY SCARE

Any Foreigner Liable to Suspicion From Zealous Patriots

(Associated Press.)

Rio Grande Do Sul, Brazil, Jan. 23.—Brazil, now that it has entered the war, is having its spy scare and it has become more general even than in some of the other belligerent countries. It is only necessary for a person to be a foreigner and a stranger in any Brazilian town to become the object of suspicions regard by the people and even of police surveillance.

Orders have gone out from Rio de Janeiro for the arrest of large numbers of Germans, many of whom appear to be innocent business men, although there is no doubt but that German espionage is well organized in Southern Brazil. Spies are reported to have been especially active in the State of San Paulo and the Government has taken rigid measures for watching all suspects there.

As soon as the Government began these measures of precautions, however, a large number of rich and well known German business men under suspicion of being German Government agents succeeded in escaping into the Argentine Republic with whatever secrets they may have had.
