THE best line of Sachets in the city, at Reddin Bros.

THE Prince of Wales College and Normal School closed for the Christmas holidays on Friday. Classes will be resumed on January 6th.

Two mails were received last week, the first on Wednesday night, the last on Saturday afternoon. Georgetown harbor is reported yet clear of ice.

THE steamer Simon Dumois potato laden from Souris, arrived at Philadelphia Thursday evening, making a quick run, under four and a half days.

THE brigt. Zenith, owned by Messrs. Peake Bros. & Co., loaded with potatoes from this port, arrived at New York on Thursday. She lost both anchors during the voyage.

MR. PATRICK HIGGINS who was so badly frozen, is in a very low state at the City Hospital. At times relapses set in and life is despaired of, but he revives again. Donovan who was also frost bitten is doing well.

PROF. CAVEN lectures at Emerald on Monday evening, 29th inst., his subject being "Two Scenes from Canadian History". On the following evening he will deliver the same lecture at Summerside, under the auspices of St. Paul's League of the Cross.

THE front walls of the Winchester Brewing Co's Malt House, New York, collapsed and fell into the street Thursday morning. Fifty-five thousand bushels of malt were spilled in a heap on the street. No one was injured. The malt was valued at $30,000 and may prove a total loss. The building was damaged to the extent of $15,000.

No less than ten vessels are frozen in Grand River. Two are at Dundas, two a short distance down the river, two more within a short distance of Poplar Point wharf, and two at the chapel wharf, directly opposite. They are all, with one exception, we understand, loaded or partially loaded. It was decided last week to have them cut out of the ice, but the storm and cold of the last days of the week caused that idea to be abandoned.

SEND in your orders now for copies of the great Christmas number of THE KENTUCKY STOCK FARM, which, besides a handsome cover in bright colors, will contain several full-page supplements, faithful pictures of celebrated trotting horses, and other illustrations; in addition, trotting statistics, editorial matter and special contributions. If so good as the Christmas number of last year (and it certainly will be), it will be a "dandy." Only 10c. : Lexington, Ky.

A. HOYT DAY, convicted of having pushed his wife over a precipice at Niagara Falls, was hanged at Welland, Ont. on Thursday. The now famous Radcliffe was to have officiated at the hanging, but as he had also to hang La Montagne at Sherbrooke, Que. next morning he could not come, but sent a substitute, who gave his name as "Bill". The latter performed his work as if he were an expert and Day died without pain. The doomed man sang hymns, in his cell, nearly all the previous night, and said he was happy and ready to die.

THE market yesterday, exceeded anything ever witnessed in this city. The number of people was extraordinary, the quantities of meat, fowl, butter, eggs and other products exposed for sale beggars description. The stores were so thronged that it was impossible to attend to the customers. We were pleased Mr. Laurier and his friends saw all this, it was the most conclusive answer to their doleful cries of the night before, that our farmers were on the verge of ruin. There was no evidence of blue ruin among the farmers who were in town yesterday.

ON Sunday last, His Lordship Bishop Macdonald erected a Way of the Cross in St. Alexis' church, Rollo Bay. He was assisted in the ceremony by the pastor, Rev. E. Walker, D.D. The Stations are very fine and cost one hundred and twenty-five dollars. After the ceremony of erecting the Stations, High Mass was celebrated by Rev. A. Macaulay, His Lordship the Bishop being present in the sanctuary. Father Macaulay also preached a most eloquent and appropriate sermon. Under the guidance of Rev. Dr. Walker, matters ecclesiastical have, within the last few years, made no little progress in the parish of St. Alexis.

He was about 70 years old, and was a brother of Benj. R. Burt of this city.

LEMON PIE.

Three eggs, a cup and a half of sugar, the pulp and grated rind of two lemons. These are the ingredients for a pie most delicious to the taste. After eating, if the stomach fails to do its duty, indigestion and headache are the result. The digestive organs are never stronger than the body, and if the system is "all run down," by reason of impure or impoverished blood, Ayer's Sarsaparilla is needed to build it up. This medicine purifies the blood, promotes digestion, and makes the weak strong.

DON'T MISS IT.

A new and attractive publication containing many useful, interesting and instructive features has just been issued by T. Milburn & Co., of Toronto, under the title of the Burdock Blood Bitters Almanac for 1891. It is now in the hands of druggists and merchants for free distribution and we would advise our readers to secure a copy before the supply is exhausted.

MESSRS. C. C. RICHARDS & Co.

Gents,—We consider MINARD'S LINIMENT the best in the market, and cheerfully recommend its use.

A FRIEND'S FACE.—A friend's face often looks sour and glum from the effects of misery-making biliousness or liver complaint. If we tell him to use Burdock Blood Bitters and he does it, the face soon brightens with returning health and happiness. B.B.B. never fails.

A youngster sat watching his mother, who was stoning cherries. She had given him several stoned ones to eat, but finally gave him one without removing the stone. He at once handed it back to her with the remark, "Here's one you didn't unbutton, mamma."

Just why so many people suffer pain when a remedy of known and certain effect like Hagyard's Yellow Oil may be had at every drug store, is not very clear. This peerless pain soothing remedy is a prompt and pleasant cure for sore throat, croup, colds, rheumatism, lame back, etc. Price 25 cents.

A country burying ground has over its entrance gate the following Hibernian notice, 'Only the dead who live in this district are buried here.'

A SUCCESSFUL MISSION.—The medical mission of Burdock Blood Bitters in curing constipation, has been marked by successful. No other remedy possesses such peculiar power over this disease. Was very bad with costiveness, and one bottle of B.B.B. cured me, would not be without it, says Mrs. Wm. Finley, jr., of Bobcaygeon, Ont.

An old lady seeing a paragraph headed 'Boy Inventors,' said, 'Boy Inventors! Well, I hope some of 'em will invent a boy that won't always be tearing his trousers and that'll stay in the house at nights.'

EASILY CAUGHT.—Croup, colds, sore throat and many painful ailments are easily caught in this changeable climate. The never-failing remedy is just as easily obtained in Hagyard's Yellow Oil, which is undoubtedly the best of all the many remedies offered for the cure of colds or pains.

Old lady to tramp who had asked for something to eat:—'What kind of victuals do you mostly get?' Tramp—'Cold shoulder, mam.'

4,000,000 MILES.—In a life of 70 years the blood travels 4,000,000 miles. If impure and unhealthy it carries disease with it. Purify your blood with B.B.B. I was up night and day with a bad arm, and could find no cure from doctors' medicine, so I took two bottles of B.B.B., which cured me. Miss Gertie Church, Aylmer, Ont.

A cynic says, 'If the ancients believed the earth was square they never could have got the idea from the dealings of its inhabitants with each other.

MOTHERS AND BABE.—Gentlemen, I have used Hagyard's Pectoral Balsam for a bad cough, and was cured by one bottle. My babe only two months old also had a cold and cough and on giving him some it helped him very much. Mrs. E. J. Gordier, Florence, Ont.

As Ayer's Sarsaparilla outstrips all other blood-purifiers in popular favor, so Ayer's Almanac is the most universally familiar publication of the kind in the world. It is printed in ten languages and the annual issue exceeds fourteen millions of copies. Ask your druggist for it.

'Isn't it dreadful,' asked Miss Littlehead, 'to run over a man?' 'Yis, indeed, mum,' replied the engineer; 'it jolts the engine up wus nor a cow.'

The special quality of Ayer's Hair Vigor is that it restores the natural growth, color and texture of the hair. It vitalizes the roots and follicles, removes dandruff and heals itching humors in the scalp. In this respect it surpasses all similar preparations.

Most people believe in 'the greatest good to the greatest number,' and their greatest number is number one.

Did you notice that fine head of hair at church last Sunday? That was Mrs. R. She never permits herself to be out of Hall's Hair Renewer.

Do not despair of curing your sick headache when you can so easily obtain Carter's Little Liver Pills. They will effect a prompt and permanent cure. Their action is mild and natural.

An old bachelor's definition of a baby. A crying evil, which you only aggravate by putting down.

The action of Carter's Little Liver Pills is pleasant, mild and natural. They gently stimulate the liver and regulate the bowels but do not purge. They are sure to please. Try them.

An epitaph for a faithful car conductor. He took his last fare-well.'

For any case of nervousness, sleeplessness, weak stomach, indigestion, dyspepsia, try Carter's Little Liver Pills. Relief is sure. The only nerve medicine for the price in market.

Died.

At Armedale, Lot 43, on Dec 5, after a lingering illness, Joseph McCormack, in the 75th year of his age, leaving a widow and a large family to mourn their loss. May his soul rest in peace.

At Malden, Mass., on the 16th inst., Catherine Jane, beloved wife of Andrew Macdonald, and daughter of Daniel and Mary Dinn, formerly of Charlottetown. May she rest in peace.

REMI LA MONTAGNE, who murdered his brother-in-law Napoleon Michael, was hanged at Sherbrooke, P. Q., on Friday morning. Half an hour before the execution took place the whole city was moved to its centre by the report from the gaol to the effect that Sheriff Webb, while in prison making preparations for the execution, had sat down in a chair and immediately expired. The rumor was but too true. The official had once before been afflicted with heart disease, and no doubt the terrible strain upon the old gentleman during the past week proved too much for him, and he passed away as above described. Leda Michael, sister of Remi and widow of his victim, made desperate attempts to save the poor wretch from the scaffold, and during the night swore to a confession to the effect that she was present when the husband was killed, and named a well-known public man, and not her brother, as the murderer. Judge Wurtel was summoned from Montreal, and after a conference with Judge Brooks, both decided that it was but another trick on the part of this notorious female, and La Montagne went to his doom in charge of the deputy sheriff. Radcliffe was the executioner. As a matter of course the death of the Sheriff had a wonderful effect on the more ignorant class of the community, who regarded it as a marvellous manifestation of displeasure by the Almighty at the judicial tragedy about to be enacted.

SOURIS NOTES.

The Xmas tree held by the ladies of the convent on Thursday and Friday nights of last week, was in every particular a decided success. Their hall was very tastefully decorated and the fancy articles for sale were considered superior to those of former years. All departments were well patronized, while the "automatic nigger dude" caused much merriment. The Souris cornet band was in attendance and lent much towards its success. I understand that over $200 was realized.

Shipping still continues brisk at this port, which is still as open as mid-summer. The schooners Jendola, Howard and Thomson and steamer Coila left Sunday morning, all being loaded with potatoes. Should the weather continue mild it is probable that the Coila will return for another load of produce.

His Lordship Bishop Macdonald, assisted by Rev. Dr. Walker, performed the ceremony of blessing the Stations of the Cross at Rollo Bay on Sunday last. Father Macaulay, who accompanied His Lordship, preached a forcible and eloquent sermon on the devotion of "The Way of the Cross."—COM.

The Schools

During the course of last week the half yearly examinations took place at the Convent of Notre Dame and St. Ann's School in this city. The examiners were His Lordship the Rt. Rev. Bishop of Irina, and the priests of the Palace. We have frequently had occasion to remind the readers of the HERALD of the efficiency of the work done in both these schools, and we are pleased to notice that the examinations of last week have been at least equal, if not superior to those of former years. The young ladies examined gave evidence of a degree of culture both moral and intellectual which might well give the blush to many an institution of higher pretentions than either of the ones in question. Their answers were ready, thorough and comprehensive, showing a complete and practical knowledge of the subjects—and they were not few—in which they were examined. Intellect and will were equally well developed, and this is education in its proper sense—anything else may be instruction but not education. Education is the whole; instruction a part. To educate means to develop all that is in the good and to repress all that is bad entire man—body, mind and soul. And this is precisely what is being done in our city Convent Schools, where faith and science go hand in hand—the one receiving light, warmth and strength from the influences of the other.

Previous to their departure for their Christmas holidays, the pupils of both schools had a Xmas tree, on which were displayed some of the choice-st gifts of good old Santa Claus. The kind old friend of youth made no distinction of class or condition. He had a good word and an appropriate present for all without exception. In wishing the old pupils a pleasant vacation, a merry Christmas and a happy New Year we cannot but express a wish that they will induce many of their young friends to come back with them at the beginning of the next scholastic term.
