NEARLY FROZEN TO DEATH.—Two young men named William McLellan, of Walton, and Oscar Crowell, of Onslow, seamen of the schooner "Margaret Ellis," while walking from Amherst to Fort Lawrence, on Saturday morning 28th ult., to join their vessel, lost their way in a snow storm and had to take refuge in a barn, where they were badly frozen.

NOVA SCOTIA.—*The Maritime Sentinel* is the name of a new paper published at Oxford, Cumberland Co., N. S., J. B. Woodland, Editor and Proprietor.

Mr. Carvell, Railway Superintendent, has been obliged to leave his duties and go abroad for a few weeks for the benefit of his health, which has suffered lately from the excess of bodily and mental labor.—*Amherst Gazette.*

Mr. George Taylor takes control during Mr. Carvell's absence.

P. E. Island papers announce that Daniel McDonald Esq., of North Perth, has been returned, without opposition, to the seat in the Legislative Council vacated by the Hon. D. Gordon.

FROZEN TO DEATH.—Lauchlan McInnes, aged 23 years, was frozen to death at Sydney Mines on the 24th ult. He wandered into a field while drunk, fell down and perished.

A special despatch to the "Chronicle" states that the Hon. Wm. Muirhead, member of the Legislative Council of New Brunswick, has been summoned to the Senate, to fill the vacancy caused by the resignation of Mr. Mitchell, who has been elected to the Commons.

THE NEW BRUNSWICK SCHOOL LAW.—The New Brunswick Government have made the following order: "That nothing in Regulation 20 shall be taken to prevent the wearing of the cross or other emblems as ordinary worn by the members at large of any denomination of Christians.

It is expected that there will be twenty collieries in operation in the county of Cape Breton, during the ensuing year.

It seems that there was no truth in the report that Rev. Mr. Bliss, Episcopal Clergyman of Westmorland, N. B., had joined the Catholic Church.

The congregation of Zion's Church in St John, presented their pastor, Rev. R. Breckenna valuable writing desk, and Chamber's Encyclopedia, in ten volumes, on Christmas.

The total shipping loss last year belonging to St. John was 12,468 tons—valued at $320,000. The *Globe* thinks the St. John shipowners have lost altogether about $500,000 worth of ship property.

The Strait of Canso is full of drift ice.

H. L. DICKEY, custos of King's County, and a venerable and liberal member of the Presbyterian Church, died last Friday. Mr. Dickey was advanced in years. We have often had to acknowledge his gifts to the funds of the Church, under the name of "Presbyterian" Mr. Dickey will be much missed in North Cornwallis.—*Pres. Wit.*

A VALUABLE PRIZE.—On New Year's Day, while the American fishing schooner "J. P. Huntress," of Gloucester, Capt. Owens, was on the edge of the Western Banks, a vessel showing signals of distress was fallen in with, which proved to be the American (three masted) schooner "Edith," of New Haven, Conn., Capt. Randall, bound from Little Glace Bay to Boston with a cargo of coal, leaking, with loss of sails, spanker boom and flying-jib-boom. Capt. Randall reported that his vessel sprunk a leak 19 days previous, since which time his crew had been pumping, that there were three feet of water in the hold, that two men had died from exposure, and that the remainder (six) were exhausted and frost-bitten. They abandoned the "Edith," and went on board the "J. P. Huntress." Capt. Owen, of the "J. P. Huntress," then put five of his men on board the "Edith," who worked her into this port, arriving on Saturday evening. The "J. P. Huntress" accompanied her into port. The "Edith" is a large vessel of 565 tons, built at New Haven in 1865, and her cargo consists of 700 tons of Little Glace Bay coal. She is owned by Capt. George W. Wheeler and others, of New Haven, and with her cargo is probably worth $30,000. The "J. P. Huntress" and her crew will no doubt, receive a handsome salvage for bringing the "Edith" safely into port.—*Chronicle.*

A HARD VOYAGE.—The schr. *Julia Franklyn* left Beaver Harbor about three weeks ago with a cargo of fish for Halifax and with sixteen persons on board including several women. She was driven by the severe weather into one of the small harbors near Jedore, where the crew could obtain no provisions and as they had used what little was on board they were almost reduced to a starving condition. Two of the persons on board managed to get on shore and walked to Halifax, procured some provisions and started back with them. The condition of those poor people penned up in the cabin of a schooner of about 25 tons with no food and probably no fire in this severe weather, can be imagined.—*Cit.*

MELANCHOLY SHIPWRECK.—Information was received in the city last evening of the wreck on Christmas eve on Ironbound Island, Western Shore, of the schooner *Lord of the Isles*, from St. Martin's for Halifax with a cargo of salt to Messrs. E. Morrison & Co., and the loss of the Captain (Curtis) and four men. The mate who succeeded in getting on shore, died in a short time from exposure, leaving only two saved out of a crew of eight. Capt. Curtis was well known here having sailed for many years in the West India trade, afterwards going to England, and returning here about three years ago. He leaves a wife and family. We have not heard the names of of the mate or crew or whether they are married or single. The *Lord of the Isles* was 81 tons, built at Shelburne, hailed from Halifax, owned by J. B. Oxley, Esq., and insured. The cargo was also insured. For other disasters see ship news columns.—*Ibid.*

SMALL POX YARMOUTH.—The *Herald* says the cases as reported to the Board of Health, and so far as we have been able to ascertain from other sources, are as follows:—

Town of Yarmouth—Number of cases to the present time 5 (3 in one family and 2 in another); one death; two recovering; one case very mild.

Hebron—One case, very mild, one death.

Deerfield—Five cases; one death; three cases mild.

Argyle—One case, very mild; one death.

Pubnico—Number of cases unascertained: 4 deaths.

EDITORIAL NOTES, &c.

1. As intimated in last week's paper we were unwillingly kept from the office for more than a week by the severe storms which prevailed during the latter part of last month. We and the readers of the PROVINCIAL WESLEYAN, are indebted to the Brethren Nicolson and W. J. Johnson, for kindly attending to the editorial work in our unexpected absence.

2. Our attention has just been called to a typographical error, which was strangely overlooked by us, week after week, in our list of periodicals for 1873 published last month. The price of the PROVINCIAL WESLEYAN being thereby made $2.50 per annum instead of $2.00. For an advance payment of $2.00 the paper will be sent post free anywhere in Prince Edward Island or Newfoundland, as well as in the Dominion.

3. Will the subscribers for this paper in Halifax, as well as every where else, please remember that an advance payment of $2.00 for 1873, became due from each of them on the 1st inst. Those who have not already paid it, will very much oblige us by attending to the duty at once.

A CERTAIN AMOUNT of stimulus is necessary for the healthy play of all the faculties of man—and the best is *work*. But every organ of the body if *over-stimulated, becomes weak and loses its power*. (Hugh Miller became insane through continued and excessive brain-toil.) It is the same with all stimulating compounds which are so potent that they are said to give greater power of endurance to the brain. *They only wear it out by over stimulation.* Dr. Baxter's Chalybeate supplies an element which is absolutely necessary to the life of the body, and which element is often lessened by disease, over-work, anxiety, toil, &c.

INVESTMENT BONDS.
THE
Northern Pacific Railroad Co.
now has in full operation, with regular daily trains, 321 miles of road. A distance of nearly 200 miles more is constructed. The Minnesota Section, immediately on its completion, entered upon a satisfactory business, including local traffic and the large carrying-trade of the North-western British settlements and the Hudson's Bay Company. The recently completed section of sixty-five miles, on the Pacific coast, at once commands a profitable business between Puget's Sound and the Columbia river, heretofore done by coastwise steamers. On the opening of Spring, with more than 500 miles of road in regular operation, the Company will control the extensive and productive trade of the Upper Missouri, much of Montana and the Northwest. The earnings of the Road for 1873 will be large.
Arrangements for pushing construction vigorously the coming year are progressing satisfactorily.
Of the nearly ten million acres of land accruing to the Company in connection with the portion of road now virtually constructed, some two million acres, of excellent average quality, are in market, and their sale and settlement progressing. The average price thus far realized is $5.66 per acre—which is at the rate of more than $100,000 per mile of road for the whole grant.
The Company has already begun the process of redeeming and cancelling its First Mortgage Gold Bonds, as they are now being received at 110 in payment and exchange for the Company's lands.
With these accomplished results and most favorable prospects, the Company is now selling its First Mortgage 7-30 Bonds for the purpose of completing its line of road. We recommend them as a well-secured and unusually profitable investment. They have the following elements of strength and safety: They are the obligation of a strong corporation; they are a First Mortgage on the Road, its right of way, telegraph line, equipments and franchises, and a first loan on its net earnings. In addition to this usually sufficient security, there is pledged for the payment of principal and interest, a land grant of 12,800 acres per mile of road through the States, 25,600 through the Territories.
At the rate at which these Bonds are sold, they will yield the Provincial investor 8½ per cent. annual interest in gold.
Gold checks for the semi-annual interest on the Registered Bonds are mailed to the Post Office address of the owner.
All marketable securities are received in exchange on most favorable terms. For sale by
