DESTROYED BY A CYCLONE.

STORM'S AWFUL WORK IN IOWA YESTERDAY.

A Whole Town Laid Level With the Earth—Many Killed and Nearly Two Hundred Injured—A Church Turned Into a Hospital—A Terrible Scene At the Wrecked Village.

FORT DODGE, Ia., July 7.—A cyclone last evening practically destroyed Pomeroy, a town of 900 inhabitants, in Calhoun County. Between 50 and 100 persons were killed and nearly 200 injured. Many of the injured will die. The utmost confusion followed the advent of the storm, and it was several hours before the condition of affairs was known.

A relief train was sent out as soon as possible over the Illinois Central Railroad with physicians, tents and supplies. The town was in total darkness and the streets were filled with the wreck of homes and business houses. The scenes were appalling as men with lanterns went about in the debris. In some instances entire families were wiped out, the mangled remains being found in the ruins of their homes.

The cries of the injured were heartrending, and the general confusion was increased by the wailing of the survivors who were separated from friends or who had relatives in the wreck. The work of rescue was slow and the train load of help made little headway. The south half of the town was razed. There was no place to care for the injured, and a church, which was just outside the track of the storm, was turned into a hospital.

The surgeons worked there by the aid of lanterns and lamps. Those with broken bones were stretched upon the pews, while others who needed surgical attention for less severe injuries were compelled to stand or lie upon the floor and wait their turn.

The dead were laid upon the ground in a vacant lot at the edge of the devastated district. Through the narrow aisles left between the dead bodies, the survivors passed looking for lost ones. In the confusion it was impossible to secure a list of the fatalities. All telegraph communication was cut off, and trains could be only run to the edge of the town.

The storm broke out about 7 o'clock. There was a dash of hail, a blinding flash of lightning and a deafening peal of thunder. Men and women ran wildly about the streets shouting and gesticulating.

The cyclone struck the southwestern portion of the town among the scattering houses in the outskirts. Roofs and shingles and sides of buildings were wrenched loose and thrown to one side. On the more densely populated districts the monster swept, levelling all before it and leaving in its wake a cloud of splinters and wrecked homes, death and demoralization.

AT THE POLICE COURT.

Pool Room Proprietors Committed for Trial—A Bigamy Charge.

Before Col. Denison yesterday, A. M. Orpen was charged with "keeping a common betting house" in Bay-street. He pleaded not guilty and was committed for trial at the sessions. There was a similar charge against Thomas Quinn and Thomas Plunkett. They, too, were committed for trial.

Nelson Sheats was committed for trial on a charge of bigamy. Evidence was given showing that in November, 1887, he married Flora P. Palmer at Barrie. In August, 1892, the first wife being alive, he married Edith Glockin. The last-mentioned woman, who was arraigned for adultery, was discharged.

Alexander Chisholm, who stole a valise containing $2000 worth of jewelry and pawned it for $2, was sent to jail for 30 days.

James Hance pleaded not guilty to breaking into the house of William Hodgson, 558 King-street west, on May 19, and stealing therefrom three gold watches, one silver watch, a ring, revolver, necklace and other articles. The defendant was discharged, the pawnbroker not being able to identify Hance as the man who had pawned the goods.

Wa Lee, a Chinaman, charged with stealing $164 from Chung Huir, was remanded till Monday.

Richard Lewis, Ida Hawkins and Minnie Lewis, charged with the theft of a pawn ticket, and the fraudulent procurement of a watch, which belonged to Mrs. Falconbridge, were remanded till Monday.

A BETTER ISLAND SERVICE.

The Victoria Park Co. Will Run Hourly to Ward's and Centre Island.

The Parks and Gardens Committee yesterday granted the use of the Pavilion to Zetland Lodge, A.F. & A.M., for Sept. 22. The lodge will pay the cost of lighting.

An application from Mr. G. S. Kleiser for the use of the Pavilion for six entertainments during the coming winter at $40 a night was accepted.

The Victoria Park Steamboat Company wrote offering to run a line of boats from Yonge to Sherbourne-street, thence to Ward's and Centre Island for a fare of 10 cents for the round trip, and half-fare for children, providing they are given free use of the city's wharves. This will be accepted if the company will give an hourly service.

Ald. Bailey moved that the chairman of the School Board be requested to lend some seats to the Park Commissioner for the parks during the summer months.

The committee afterwards visited Island Park for the purpose of locating the new swimming baths.

The H. P. Davies Company.

Mr. Harvey du Cros, president of the American Tire Co. of New York, and Mr. Stephen Golder of The New Howe Machine Co. of Glasgow, have both joined The H. P. Davies Co., Ltd., of this city. Mr. Golder has been elected vice-president of this enterprising concern.

Mr. Golder, Mr. Davies and Miss Davies leave to-day for New York, where they will be joined by Mr. du Cros and his mother. The party will sail for England on Wednesday on the Majestic.

Catholic Order Foresters.

Sacred Heart Court No. 201 held its regular meeting on Thursday evening in Temperance Hall. One candidate was initiated and there were two applications for membership. Committees were appointed for the excursion to Wilson, N.Y., Aug. 12. There was a large delegation of visiting brothers from St. Joseph's Court present. After the regular meeting an enjoyable hour was spent in music and song.

TOTALLY DEAF.—Mr. S. E. Crandell, Port Perry, writes: "I contracted a severe cold last winter, which resulted in my becoming totally deaf in one ear and partially so in the other. After trying various remedies and consulting several doctors without obtaing any relief I was advised to try DR. THOMAS' ECLECTRIC OIL. I warmed the Oil and poured a little of it into my ear, and before one-half the bottle was used my hearing was completely restored. I have heard of other cases of deafness being cured by the use of this medicine."

Ontario's Pharmacists.

The new members on the Council of the Ontario College of Pharmacy are: D. H. McLaren, Barrie; Mr. Schoff, London; Henry Waters, Ottawa; C. D. Daniel, Toronto; and A. B. Petrie, Guelph. The president and vice-president will be elected at the next meeting of the council.

Dr. Fowler's Extract of Wild Strawberry cures cholera, cholera morbus, diarrhœa, dysentery, and all forms of summer complaint, looseness of the bowels, etc. Price 35 cents.

HOW DO YOU DO

when you buy shoes or clothing? Don't you go to the place (if you can find it) where they tell you that you may wear the articles out, and then, if you're not satisfied, they'll refund the money? Why not do the same when you buy medicine?

Dr. Pierce's Golden Medical Discovery is sold on that plan. It's the only blood-purifier so certain and effective that it can be *guaranteed* to benefit or cure, in every case, or you have your money back.

It's not like the ordinary spring medicines or sarsaparillas. All the year round, it clenses, builds up, and invigorates the system. If you're bilious, run-down, or dyspeptic, or have any blood-taint, nothing can equal it as a remedy.

TIPS FROM WALL-STREET.

Monroe, Miller & Co. of New York send the following despatch over their private wire to their Toronto office, No. 26 King-street east:

NEW YORK, July 7.—The Claflin resolution made yesterday at the Chamber of Commerce meeting urging the speedy and unconditional repeal of the Sherman silver law was adopted with but three dissenting votes, thus demonstrating that the majority of banks and private bankers are unanimously in favor of such action. A committee will be appointed to represent the chamber before Congress. In direct contra distinction to the much-discussed silver question we are in receipt of correspondence to-day from an extensive manufacturing establishment in Arkansas, which says in substance: "The silver bill is not a circumstance to three successive years of cotton crop failures, which, in addition to floods which have submerged the whole lower country, has brought bankruptcy and ruin in the south. That we are as prosperous is the wonder."

The Colorado silver scare has subsided somewhat and the announcement is now made that two of the largest smelting plants in the world, the Omaha and Denver, will not be closed, as was threatened. It is certainly reasonable to suppose that nothing will be done at the extra session of Congress to damage the interests of silver. Fractional advances were developed at the opening, trading chiefly for room traders' account. Cordage was heavy owing to some liquidation by small holders. Chicago was in for gas on short interest. The strength of sugar was caused by the general advance for all grades of refining. Balance of the list dull. Mid-day stocks were dull. London was a factor to a small extent, and some of the more courageous bought small accounts. Prices were steady, with little support shown in Cordage on confidence in the reorganization. Manhattan also evinced some strength; some bought for inside account. Stocks sagged and were feverish during the last hour. Room trading took profits in G.E. and grangers. London's market for Americans was steady at the close. The rate at which the Government bought silver to-day was 10 1-8c lower than the Treasury ever before procured it. Money closed: Offered 6, highest 15, lowest 6, last 6.

GOSSIP FROM CHICAGO.

R. Cochran received the following despatch from Kennett, Hopkins & Co. to-day:

CHICAGO, July 7.—General rain in Northwest with cooler weather has brought more favorable crop news from that section. The opening was very strong, and for some time there was an active demand from shorts, causing 1⅛c advance over yesterday's closing. As soon as the short interest was satisfied the effect of heavy realizing by longs was apparent. Later Continent cables came in unexpectedly weak, and this quickly took the starch out of the market. The two serious obstacles to a bull market, tight money and large stocks at Chicago, are still very potent influences preventing outside buying, and a growth of confidence, without which we can have no sustained bull market. That much higher prices will be seen by and by we do not doubt, and traders who take advantage of soft spots to buy on and are satisfied with moderate profits can do some successful scalping. The export movement continues excellent.

Corn and oats are firm on the excellent shipping demand and strong foreign markets. While the current exports are moderate, it is probable that there is a good deal of buying for future delivery and that the export movement will be very active in the fall.

Provisions—Lard and ribs are active and strong on manipulation by a prominent local holder. Pork is dull; no speculative demand.

RICE LEWIS & SON
(Limited), TORONTO.

John J. Dixon & Co. received the following despatch over their private wire from Walker & Co. to-day:

CHICAGO, July 7.—Cables barely steady. Foreign markets continue to act independently of any fluctuations here. Our market opened strong and higher on continuation of yesterday's strength and very light receipts both here and in the Northwest. Owing to private and state reports the feeling is quite general that the Government report to be issued on Monday will be a bullish one. This induced some buying for long account, and also frightened shorts into covering. The clearances were large, 659,000 bushels wheat and flour from four ports. At the advance the house which were the largest buyers yesterday were the heaviest sellers to-day, and as the demand became less urgent the market reacted and declined about one cent on offerings by longs and scalpers. The close was steady, but at near the bottom prices. We incline to the long side of wheat on all little declines as took place to-day.

Corn opened strong with shippers again good buyers, and as the shipments were large—about 500,000 bushels—the shorts and local bulls bought quite freely, causing the advance. Receipts were light and the estimates for to-morrow only 215 cars. There will probably be some increase in receipts next week. The decline in wheat and selling of long corn by outsiders checked the advance and brought about the downward reaction. We favor purchases of corn on the weak places. Receipts of hogs were about as estimated, with prices 10 cents higher. There has been a more active provision market to-day and wider fluctuations, particularly in lard and ribs. The early strength was chiefly due to the large shipping demand for meats, 35 cars being sold yesterday and to-day, and there was a further demand that could not be filled owing to scarcity of cured stock. After the market was set going by Wright and other longs the shorts commenced to cover and stop orders did the rest. Look for higher-priced lard and ribs.

THE CATTLE MARKET.

The market was very dull to-day and if anything worse than on Tuesday. The receipts were light and the demand very poor. Only 40 loads were received on the market and all of these were not sold. There were 600 hogs, 750 sheep and lambs, and 70 calves.

Export cattle were the dullest part of the market, only a few loads selling at from 4¼c to 4½c. Butchers' cattle were slightly better, at from 3½c to 4¼c. One load butcher's cattle, average weight 1030, sold at 3¾c, and 1 load of export, average weight 1225, at 4½c. The rest of the market, hogs, sheep, etc., was also dull and practically unchanged.
