WISE FROG.

Foils Snake Which Tries to Swallow Him.

The following snake story was told some years ago by a reputable citizen of Anson county, says the Charlotteville Observer. Driving along a public road one day he saw a frog crossing the road at top speed—hitting only the high places, and few of them. As the frog disappeared in the bosky underbrush on one side a black snake in hot pursuit made its apearance on the other.

The story teller followed the two into the bushes to see what the result would be. He had proceeded only a short distance when he found the frog at bay, facing the snake and with the later circling about in the effort to make an attack from the rear. His frogship kept turning all the time, always facing the enemy.

The reason of this manoeuvre on the snake's part was that the frog had in its mouth, held crosswise, and about the middle, a stick about the size and length of a lead pencil. The frog knew the snake could not swallow him so long as he presented such a front. The man watched the performance for some time, and when he left the snake was still circling the frog, and the latter facing its enemy on every turn.

It is reported that $127,500 is the amount the Province will receive from insurance companies in connection with the Parliament buildings fire.

Synopsis of Canadian North-west Land Regulations.

ANY person who is the sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency of the district. Entry by proxy may be made at any agency on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain conditions a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted the homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

COBALT STOCKS.

The mining market in Toronto exhibited considerable activity yesterday, and a number of stocks made a substantial advance over the previous day's close. The brokers were highly gratified at the turn in the market, and expressed anticipations of a profitable fall business. The feeling that the Government would make a reduction in royalties was widespread, and probably was an active factor in enhancing the prices of a number of stocks that would be affected.
