A Well-Furnished Club House.

The Liederkranz Society have taken possession of their new club house in Richmond-street west, and the members may well congratulate themselves on their new home, for they certainly have a splendid building nicely furnished. There are none know better than our German friends how to fit up a club house. Their idea of a club is that everything supplied for the use of members should be of the best, and this rule has been strictly adhered to in the gymnasium, in the bowling alleys, billiard room and in all departments of the club.

The billiard tables and furnishings were manufactured expressly for the Leiderkranz by Samuel May & Co. and are magnificent specimens of billiard manufacturing. The tables are of carved oak, highly polished and nicely trimmed with handsome burnished brass mountings and have fine Vermont slate beds, brass-dowelled and fitted with the celebrated quick "Club" cushions, best "Simoni" cloth, ivory balls, polished cues and complete outfit of the highest class.

The bowling hall has been furnished and fitted up in first-class style by Samuel May & Co., the bowling beds, return alleys, balls, pins, swing cushions, etc., being all of the very latest design and best workmanship.

The gymnasium adjoins the bowling hall and will be completed shortly.

Rowing Ripples.

Manager Crotty is particularly anxious to have Hanlan participate in the Austin Regatta and it is likely the ex-champion will go down.

P. J. Mulqueen, late of the Dons, has joined the Toronto Rowing Club and with P. J. Smith will represent the veteran organization in the junior doubles the coming season.

The Passaic River Amateur Rowing Association of Newark has decided to levy an assessment of $50 on each of the clubs comprising the association to defray the expenses of the regatta to be held on May 30, and to award gold watches as prizes in all senior shell events. The association wants the next national regatta to be held at Philadelphia.

GRAND'S ROYALLY BRED HORSES.

His Consignment of Thoroughbreds Arrive in the City and Pass Muster Before Local Critics.

Crowds of lovers of the thoroughbred visited Grand's Repository all day yesterday and inspected the magnificent animals sent over to Messrs. Silver & Smith by Mr. W. D. Grand. Twelve of the finest bred stallions in the world were unblanketed in the Adelaide-street stables for inspection. They showed up superbly and evidently stood their long journey by train very well. The 12 are as follows:

Admiral, by St. Blaise, Dauntless.
Gettysburg, by Gleneig, M.A.B.
Imp. Verge, by Cathedral, Marie Louise.
Trinity, by Forrester, British Beauty.
Fred Lee, by Rossington, Mamie O.
Two Lips, by Darebin, Kiss Me Quick.
Raveloe, by Joe Hooker, Illusion.
Centaur, by Rayon d' Or, Luella.
Idaho, by Miser, Acquittal.
Jay Im. El., by Vocalic, Frances F.
Locust, by Virgil, Gummidge.
Chevy Chase, by Cheviot, Runaway.

Besides, there are six thoroughbred mares by imp. King Ernest, imp. Macaroon, King Alphonso, Romney and Rayon d' Or, and all will be put under the hammer on Friday of this week.

Mr. Grand, the Tattersall king of Gotham, will arrive here to-day and will remain over for the sale. Mr. Grand, in the catalog, "has great pleasure in appending a short note from Mr. T. C. Patteson, postmaster of Toronto, who has made the thoroughbred horse and his history the study of a lifetime and has for 40 years past seconded every effort made to improve the breed of horses in Canada, either through the institution of prizes only won by the best on the race course or by constant writing and speaking on the theme of breeding and raising the type of horse whose production my present experience proves he has been right in advocating." Mr. Patteson writes: "There can't be too many. I know several of those mentioned in your list. They are of the right type and will do immense service here. Whether our farmers are yet alive to the opportunity afforded them of raising a set-off to wheat at 1 cent per lb and cattle at 3 cents per lb I don't know, but if you give them the chance the blood will be on their own heads. There is no limit to the number of halfbred horses that can be profitably sent to England or the States, but the trouble is that they are not yet produced here in sufficient numbers to afford buyers a paying chance of selection. It is the thoroughbred blood that hunting and riding men are all on the lookout for. But nobody knows this better than you do, and I am delighted that in your zeal to see Canada in the forefront you are giving our breeders here a chance to better their own condition bys upplying your wants down South."

FOR CANADIAN EXPERTS.

Valuable Prizes and $700 in Cash Hung Up for Billiardists.

Mr. George Sutton will give a billiard tournament for the 14-inch balk-line championship of Canada in Toronto next November. About $700 will be given, divided in three prizes. The entry fee will be $50. The tournament will be limited to six of the best Canadian experts. The enterprising firm of Samuel May & Co. will furnish a new 4½x9 table, attached with the celebrated steel combination cushions, and also donates $100 to the purse, as well as a championship gold medal, value $100, to go to the winner of the first prize. This medal must be defended against all comers, naturalized residents of Canada for one year. If won three times it becomes his property.

These experts will likely be the contestants: Joseph W. Capron, Galt; D. Thomis, Montreal; William Jakes, Cobourg; William McKay, Woodstock; James Phelan, Hamilton; George Sutton, Toronto.

Applications for entry forms will be received by George Sutton, 130 King-street west, Toronto, up to Sept. 1.

THE A. C. A CAMP.

A Magnificent Location for the Canoe Contests of '94.

NEW YORK, March 26.—The indications point to a very good attendance and a pleasant camp at the next annual meet of the American Canoe Association.

The '94 camp is located near the extreme western end of Croton Point. Approaching the camp from Sing Sing by water one passes the large bay south of the Point, into which the Croton River empties.

The water in this bay is comparatively shallow and well protected from the northwest and northeasterly wind, forming a splendid sailing ground in case the water should be rough north of the Point. Following the west shore line, which is a bluff ranging from 20 to 50 feet high and quite rocky, one comes to a charming stretch of sand beach, hard and clean, free from large stone and debris and with very few pebbles; in fact the beach is one of those charming little stretches of sand found on the northerly side of most of the points along the Hudson. This beach extends in almost a half circle for several hundred yards. The camp site lies back of and south of this cove. The ladies' camp will be located on the extreme northwestern point. The ground is high, sloping gently back from the beach, and the outlook in all directions is very fine.

At the November meeting Com. Dorland was empowered to appoint a committee to report at the July meet on the question of a continuance of the present plan of a different site each year, or of various proposed plans for a permanent or semi-permanent site. The names of this committee have been announced as follows: Eastern Division: G. H. Parmele, Howard Gray. Atlantic Division: R. H. Peebles, L. W. Seavey. Central Division: R. S. Oliver, W. R. Huntington. Northern Division: E. B. Edwards, J. N. Mackendrick; chairman, W. P. Stephens.

Football Kicks.

Bolton Wanderers and Notts County will contest the final in the great Association Football competition for the English cup. The semi-final competition resulted: Bolton Wanderers 2, Sheffield Wednesday 1, Notts County 1, Blackburn Rovers 0.

New Yorkers and Philadelphians take great interest in Association football. Representative teams from each city have played three matches already this season. New York won the first, the second was a tie and on Saturday the Quakers won by 4 to 0.

Lacrosse Points.

The Elm Lacrosse Club will hold a meeting at Scholes' hotel on to-morrow evening at 8 o'clock.

George Tite and A. Belfry of the Victoria Lacrosse team, who have been spending the winter here, have gone home to get in readiness for the opening of the lacrosse season. Ketchum, who played goal for Victoria last season, will probably play with Toronto.

Sporting Miscellany.

Everett C. McClelland of Wheeling, W.Va., intends to go to England this summer and run against the best professionals in that country.

E. W. Johnson of Winnipeg and John Allen of Brandon met in a wrestling match last week for the championship of Manitoba. Allen succeeded after a hard tussle in throwing Johnson three out of the five. The stakes were $200.

The Osgoode Hall hockey team has abandoned all intention of going east this fall, and thus the Stanley Cup will remain in Montreal.

EASTER VESTRY MEETINGS.

THE YEAR A PROSPEROUS ONE WITH ANGLICANS.

Owing to the Number of Interments in St. James' Cemetery It is Found Necessary to Secure New Cemetery Grounds—A Proposal to Purchase a New Lot on the Belt Line.

St. James' Cathedral—With a total indebtedness of $81,570, in the form of debentures, with assets of probably half a million in land and buildings, with lands under lease that last year yielded, including arrears of ground rent, some $8242, with the rector's salary of $5000 met from the cathedral's portion of the rectory endowment, the congregation of St. James' is in a peculiarly fortunate position.

The annual financial statement, as presented by Mr. R. N. Gooch, showed a total revenue of $17,054. The chief expenditures were: For poor fund, $278; salaries, clergy, $1516.62; choirmaster, $916.63; organist, $412.50; choir boys, $63.20; ordinary, $1208.83; total $4117.78; expense account, including fuel, gas, electric light, printing, etc., $557; of local improvement taxes, $3265; debenture account in repayment of debt and interest, $4262; church and school improvements, $2890; special collection, disbursements to various missionary and other funds, $1643; Sunday school charges, $361; minor repairs, $57; balance, $177. The abstract of expenditure of St. James' Cemetery showed an income of $10,217, with a balance in the bank of $2,822. Attention was directed to the fact that there are only a few vacant lots remaining in St. James' Cemetery and that the church must speedily determine whether or not it shall continue its cemetery work or close up the trust. In view of the revenue from this source Mr. Gooch considers it unwise to surrender the franchise. It is proper also, he believes, that the parent church of Toronto should continue to take charge of the cemetery. This report gave rise to some discussion. Col. Grassett, in answer to a question by Mr. Barwick, said that the wardens could not, under the law, acquire a new burial ground within the limits, nor add to the present St. James' Cemetery. Several sites outside had been offered, and the wardens had investigated a proposal to acquire new grounds on the belt line, to which, after the funeral services in St. James' Cemetery, burial trains could be run, as in most large cities. Mr. J. K. Kerr and Mr. S.H. Janes pointed out that there was a rather serious financial side to the question, the latter stating that at a moderate estimate $100,000 would be required to purchase a new cemetery. It was finally decided, on motion of Mr. Barwick, to request the wardens and Finance Committee to ascertain whether any scheme for acquiring more land for cemetery purposes can be advantageously carried out. These officers were chosen, most of them, including the wardens, being re-elected: Churchwardens, Col. Grassett, rector's; R. N. Gooch, people's. Representatives to Synod—J. C. Hodgins, LL.D., W. T. Boyd, O.A. Howland. Sidesmen—Centre aisle, W. Hamilton, A. S. Irving, F. Wyld, J.R. Mills; west aisle, Dr. Chafee, Walter Barwick, J. Scott, A. C. Gooch; east aisle, W. G. Gooderham, G. W. Yarker, Thomas Woodhouse, R. A. Brock, Dr. Temple. Consulting and Finance Committee—J. K. Kerr, W. H. Beatty, W. T. Boyd, W. Grindlay, S. H. Janes, O. A. Howland, W. Laidlaw, J. W. G. Whitney, H. Cawthra, A. Nordheimer, W. C. Goderham, F. Wyld, F. W. Kingstone, W. Barwick. Music Committee—A. W. Grassett, G. W. Beardmore, P. Ridout, A. Nordheimer, J. G. Hodgins, LL.D., S. H. Janes, Dr. Scadding. Tribunal—O. A. Howland, J. K. Kerr. Ladies' Committee—Mrs. Colonel Grassett, Mrs. W. Laidlaw, Miss Beatty, Mrs. Janes, Miss Gooderham, Miss Yarker, Miss Clara Hagarty, Mrs. Arthur Grassett, Mrs. Barwick. Auditors—William Hamilton, A. S. Irving.

Smith were appointed auditors to report at a special meeting next Monday evening. Mr. L. J. Bland was reappointed lay-clergyman's warden, and Mr. F. J. Goodman was elected people's churchwarden. The other elections resulted as follows: Vestry clerk, Mr. H. Hancock; lay delegates, Messrs. Prince, Harniman and W. Smith; sidesmen, J. Burt, Prince, Orr, Rostell, Harniman and H. Hancock.

St. Augustine's—In consequence of the absence of Bishop Campbell, the annual vestry meeting in connection with St. Augustine's Reformed Episcopal Church was not held last night, but will take place next Monday evening, when the financial and other reports of the officers of the church will be presented.

St. John's—The Rev. A. Williams, rector, presented the report of the churchwardens, which was adopted. The churchwardens, Messrs. James Wilson and C. W. Postlethwaite, were re-elected. These gentlemen were chosen sidesmen: S. M. Harman, W. Tyghe, A. R. Boswell, J. M. Maughan, jr., H. Maughan, R. E. Stanley, E. Predham, B. Hills, A. A. Allerdyce, J. R. Young, R. A. Wier, J. F. On the adjournment of the vestry Messrs. A. R. Boswell, James Wilson and D. M. Harman were elected lay delegates to the Diocesan Synod.

St. Clement's—The financial report was presented by the people's warden, Dr. Passmore, showing receipts for the year to be $839.30, and disbursements $836.12, leaving a balance on hand of $3.18. Wootten, Niblett, Beatty and Lennox, jr; tribunal, Messrs. Donaldson and Wootten. Four sides men are yet to be appointed by the rector. The warden's report stated that the receipts for the past year were $1397.06, an advance of $200 over the previous year. The expenses were $1412.81.

St. Ann's, Dufferin and Dundas-streets—These officers were elected: Rector's warden, William Williams; people's warden, A. H. Richardson; rector's sidesmen, Messrs. Barlow, Simmons, Winton, Thompson and Dr. McConnell; people's sidesmen, Messrs. Cross, Bifford, Irwin, Fryer and Harford; lay representatives, Messrs. A. Shaw and Major E. Lee. The report of the churchwardens showed that the expenses for the year just ended were $2552.89 and the receipts were $2561.02, an increase of $379.87 over the previous year. The expenditure for this year amounted to $2579.69.

St. Alban's being a cathedral—as is the case with all bona-fide cathedrals—is governed by a chapter, consequently at this church there was no vestry meeting.

Lay Delegates to Synod—T. D. Delamere, Q.C., R. C. Bickerstaff and Dr. Baldwin.

The annual report of the churchwardens showed a deficiency of $400, but this was not looked upon as a bad showing. It is expected that 1895 will be much more prosperous.

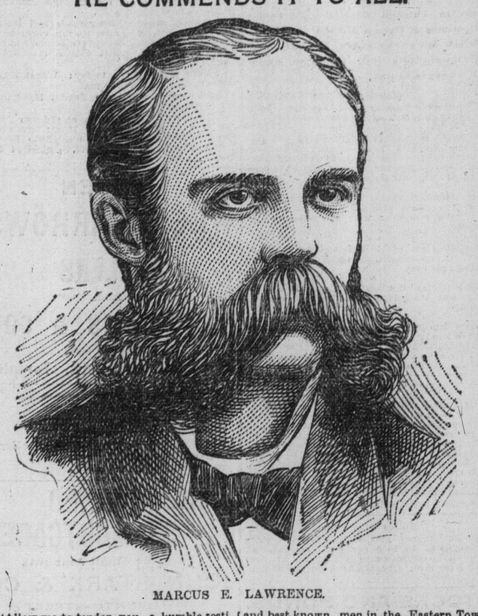
ANOTHER CANADIAN SPEAKER.

His Experience With Paine's Celery Compound

HE COMMENDS IT TO ALL.



MARCUS E. LAWRENCE.

"Allow me to tender you a humble testimony in the interests of your Paine's Celery Compound. I consider it an excellent preparation, invaluable as a nerve tonic, and decidedly helpful in cases of indigestion, giving tone and vigor to the stomach and system generally. I have suffered from that common trouble—indigestion—for a number of years, and to no inconsiderable extent. I have derived special benefit of late from the use of eight to ten bottles of the Compound, I can most heartily commend it therefore, as being a medicine of genuine merit. I wish you large and increased success in its sales."

This is the testimony of Mr. Marcus E. Lawrence of Waterloo, P.Q.

Mr. Lawrence is one of the most prominent and best known men in the Eastern Townships, and his statements are always reliable and to the point.

To-day there are thousands of men and women in our country who are vainly seeking relief and cure through the agency of common patent preparations. They are wasting money and time and filling up their cup of misery. Paine's Celery Compound has a record—a grand one—built up by honest cures. It is the only medicine that successfully copes with indigestion and dyspepsia; all others are failures. Medical men, clergymen, lawyers, bankers, business men and those in the ordinary walks of life have spoken about Paine's Celery Compound with wonder and admiration, and never fail to recommend it.

The Easter services at St. Helen's Church, Lansdowne-avenue, were unusually attractive. The main altar was beautifully decorated with natural flowers and colored lights. The choir, under the leadership of Mr. Dillon, sang Mozart's first mass in C in a very artistic manner. The offertory piece, Victimal Paschales, was beautifully rendered. Miss Teresa Memory presided at the organ with her accustomed skill. The Rev. Rev. Dean Cassidy celebrated solemn high mass, with Rev. Father Lynch, as deacon, and Rev. Mgr. McDonogh, as sub-deacon. Father Lynch delivered an effective and earnest sermon on the Resurrection, the fulfilment of prophecy, the indication of our faith and the inspiration of good resolves. The collection was somewhat larger than usual.

Tremont House Annual Dinner.

The fourth annual Easter Monday dinner of the Tremont House, Yonge-street, was given yesterday by the proprietor, Mr. James Mannell. About 500 guests took advantage of the fine spread, the tables being tastefully decorated for the occasion. Artistically printed menus were provided, the frontispiece representing an Easter egg. Mr. Manneil is to be congratulated on the success of this annual event, everything being of the best and in first-class style.

PALATABLE DIET.

Lactated Food Fills the Bill.

Mothers and nurses lose sight of the fact that "palatableness" has much to do with a baby's every-day food. It is well known that breast milk, cow's milk and the majority of prepared foods are often unpalatable to babes, and when continued and forced upon them do great injury.

All babes love and relish Lactated Food; they thrive upon it, and grow robust and strong. It should be remembered that Lactated Food possesses the most nourishing and strengthening elements that can enter a food for infants' use. Perfect digestive vigor is the great result when Lactated Food is used. Cross, whining, peevish and sickly babes are speedily made happy and well when mothers give them a regular diet of this life-sustaining food.

St. Helen's Fancy Fair.

An attraction that promises to be quite a feature in the West End this week is a fancy fair to be held in connection with St. Helen's Church. The fair begins on Wednesday, the 28th, and continues during Thursday and Friday following. There will be a concert each evening, with a different program on each occasion. In the hall useful and ornamental articles will be offered for sale by the young ladies of the church. At the table of chances one is liable to win "a valuable prize," the dimensions and value of which are at present shrouded with a little obscurity. On Friday evening there will be an entertainment by the school children and the drawing of prizes will take place on the same occasion.
