ALLIES CUT SUGAR CONSUMPTION DOWN HALF NORMAL USE

U. S. People Have Made a Great Sacrifice to Supply Brothers in Arms.

WASHINGTON, Dec. 27.—Sir Joseph W. White Todd and J. Ramsay Drake, Allied representatives on the international sugar committee, which has just worked out a plan for dividing new year's Cuban crop among the Allies and the United States, discussed the sugar situation here today with Food Administrator Hoover. They were en route from New York to Cuba.

The Allies, they said, must again depend upon the western hemisphere next year for their sugar supplies, as lack of shipping makes it impossible to obtain sugar from the east. Plans are for the Allies to go through the year on half their normal consumption, as they realize that they have had supplies in the last few months only through the sacrifice of the American people.

Control of available supplies by the international committee, the Englishmen said, will keep down prices to the consumers everywhere, and will guarantee an equitable distribution among the nations fighting Germany. Sugar exports from the United States last October showed an increase of nearly ten million pounds over the same month last year. France and England received the bulk of the shipments of 113,241,000 pounds, the former getting 73,000,000 pounds to relieve a virtual famine there, and the latter 22,000,000 pounds. Six million pounds went to the Netherlands, 5,000,000 to Argentina and almost as large a quantity to Mexico.
