THIS ORIGINAL DOCUMENT IS IN VERY POOR CONDITION

the improvements, and depreciate the value of the debentures now issued by the county, to the amount of £12,000 or £13,000, for the construction of roads.

That this Council consider that the contemplated division would be a great injury to this and the other townships of the proposed county of Wellington, and if a due proportion of the debt be not assumed by the townships intended to be struck off, will result in entailing a debt equal to nearly one pound on every man, woman and child in said proposed county, of which this township forms a part.

That small townships, or divisions of townships, for municipal purposes, they highly approve of, now that the affairs of the different townships are conducted within their own boundaries; but small counties, such as the proposed county of Wellington, must result in a large increase of taxation upon the inhabitants, without conferring any corresponding benefits.

That, for the foregoing and other reasons, this Council request the Reeve to attend the meeting to be held in the Court House in Guelph on the 22nd inst., for the purpose of opposing the division of the county in the way proposed, and to join in any scheme which may there be adopted for carrying into effect the spirit of the above resolutions.

PETITION OF THE MUNICIPALITY OF GUELPH.

To the Honorable the Legislative Assembly of the Province of Canada, in Parliament assembled.

The Petition of the Municipal Council of the Township of Guelph,

Humbly sheweth,

That your Petitioners believe that the bill introduced by the Hon. L. H. Lafontaine, for the Division of the counties, will be highly injurious and unjust to the people intended to compose the new county of Wellington; inasmuch as the inhabitants of the county of Waterloo, numbering 21 townships at present, will be left with a debt of upwards of £14,000, to be paid, interest and principal in full, by five Townships, some of which are the smallest in the county of Waterloo; and that the proposed division, if carried into effect, will be outrageous to the views and feelings, and ruinous to the interests of the few left to bear such a burden.

Your Petitioners believe your Honorable Body have not been made fully acquainted with all the facts bearing upon the question; and that the interests of the neighborhood of Galt have been advocated perjudicially to the locality of Guelph, as was the case by a proposed measure laid before the last sessions, which measure your Honorable Body was pleased to throw out; and hoping a more definite and mature consideration of the disastrous size of the proposed county of Wellington will result in some measure of the Townships, so as to make it at least equal in population to the proposed county of Waterloo.

Your Petitioners beg leave to state that such a disproportional division, leaving only 13,000 in Waterloo and leaving 26,000 for the proposed county of Waterloo, will be entirely ruinous to the principal officers of the present county, and would necessarily diminish their salaries, so as to render it impossible for them to attend office hours, and thereby obstruct the efficient performance of their several duties, and prove disastrous to the interests of the whole county.

Your Petitioners having submitted the above considerations to your Hon. Body, hope that your decisions will be in accordance with the principles of equality and justice.

And your Petitioners, as in duty bound, will ever pray.

(*Signed*) BENJAMIN THORTELL, *Town Reeve.*
JAMES HOUGH, *Township Clerk.*

RESOLUTIONS
ADOPTED AT A GENERAL MEETING OF THE COUNTY OF WATERLOO.

Moved by Thomas Sandilands, Esq., seconded by John Inglis, Esq., and

Resolved—That this meeting has learned with pain and regret of the plan proposed by the Administration in the Representation Bill, recently introduced into the House of Assembly, to cut up this county into four counties, and especially of the particular divisions therein introduced.

Moved by Robert Boyd, Esq., seconded by William Leske, Esq., and

Resolved—That this meeting is of the opinion that, with the exception of the Owen Sound Tract, no division of the County of Waterloo ought to take place, except for electoral purposes, and that the plan submitted to the Government by the Member for the County for dividing the County into three Ridings fully meets our views, and would accomplish all that is professed to be obtained by the measure referred to.

Moved by A. D. Fordyce, Esq., seconded by James Wright, Esq., and

Resolved—That the divison proposed by the Government is most unjust and partial, in opposition to the sentiments of a previous County Meeting, in opposition to the resolutions of several Quarter Sessions, contrary to the repeatedly expressed opinion of the District and County Councils, and, if carried out, will result in stopping all improvements, lead to the depression in value of the county Debentures, and eventually saddle the proposed County of Wellington with a debt of £13,000, being £1 a head to the whole population.

Moved by William Logan, Esq., seconded by Mr. George Sunley, and

Resolved—That the inconsistency of the proposed measure is more fully seen and felt, when it is taken into consideration that the population of the Senior County will be reduced to 13,000, with only one representative, while one of the junior Counties will possess double that population, with two members: That, according to the Counties Division Act, no County can make application to be set apart until the census shows a population of 15,000 within its bounds; yet in this arrangement it is proposed to place the Senior County in a position to be left alone, although, as a junior County, the wise provision of the Legislature would prevent such an unfortunate result.

Moved by James Webster, Esq., seconded by William Phin, Esq., and

Resolved—That although the divisions are professedly only intended for Electoral purposes, it is well known that the arrangement has been made to suit the views of parties who for some time past have agitated a division for judicial and municipal purposes rather than an electoral one, and which proposition, when submitted to the Legislature on its own merits, was not even allowed a reading.

Moved by T. R. Brock, Esq., seconded by Alfred A. Baker, Esq.,

That a petition to the different Branches of the Legislature be drawn up, embodying the foregoing facts, and a Deputation appointed to lay the same forthwith before the Government; and that such Deputation consist of the Warden of the County, and Messrs. C. J. Mickle, T. Sandilands, C. Allan, A. L'Argo, Geo. Sunley, and the Reeves of the various townships.

Messrs. Mickle and Allan declined to act.

John McCrea, Esq., moved, in amendment of this resolution, seconded by Mr. Wm. Day, That the deputation consist of two gentlemen only, to be chosen by the meeting.

A. D. Ferrier, Esq., moved, in amendment, seconded by T. Armstrong, Esq., That Messrs. B. Thurtell, and J. Wright, (the present and late wardens,) James Webster, Thos. Sandilands, and J. Smith, Esqs., compose the deputation.

Mr. Smith declined to act.

The amendments were both lost, and the original resolution carried.

Moved by James Webster, Esq., seconded by C. J. Mickle, Esq., and

Resolved—That this meeting tender their thanks to A. J. Fergusson, Esq., the member for this County, for the determined stand he has made in opposition to the Representation Bill as far as the dismemberment of this County is concerned, and hope that he will continue his exertions to prevent this iniquitous measure being carried into effect.

REBELLION LOSSES BILL.

The following extract from "Carlile's Latter Day Pamplets," refers to this subject in strong but just terms. The sting of that insult yet remains, and will continue to rankle for a long time to come:—

"I have known things done, in this or the other colony, in the most parliamentary way before now, which carried written on the brow of them sad symptoms of eternal reprobation; not to be mistaken had you painted an inch thick. In Montreal, for example, at this moment, standing amid the ruins of the *Elgin Marbles*, (as they call the burned walls of the Parliament House there,) what rational British soul but is forced to institue the most mournful constitutional reflections? Some years ago the Canadas, probably not without the materials for discontent, and blown upon by skillful artists, blazed up into a crackling of musketry, an open flame of rebellion—a thing smacking of the gallows in all countries that pretend to have Government; which flame of rebellion, had there been no loyal population to fling themselves upon it at the peril of their lives, might have ended we know not how. It ended speedily in by the good way:—Canada got a Godfrey's Cordial Constitution, and for the moment all was varnished into some kind of feasibility again. A most poor feasibility; momentary, not lasting, nor like to be of profit to Canada! For this year, the Canadian most constitutional Parliament, such a congeries of persons as no one can imagine, decides that the aforesaid flame of rebellion shall not only be *forgotten*, as per bargain, but that—the loyal population, who flung their lives upon it, and quenched it in the nick of time, shall pay the rebels their damages! Of this, I believe, on sadly conclusive evidence, there is no doubt whatever, I can only say, if all the Parliaments in the world were to vote that such a thing was just, I should feel painfully constrained to answer, at my peril, 'No, by the Eternal, never!' and I would recommend any British Governor who might come across that business, there or here, to overhaul it again. What is the meaning of a Governor, if he is not to overhaul and control such things? A Canadian lumber-log may as well be made Governor. He might have some cast-metal hand or shoulder-crank (a thing easily contrivable in Birmingham,) for signing his name to Acts of the Colonial Parliament; he would be 'a native of the country,' too, with popularity on that score, if on no other—he is your man, if you really want a Log Governor."

CALL OF THE HOUSE.—It will be observed that a call of the House will be moved for by Mr. Baldwin, for Friday, the 28th inst., on which day the important Representation Bill comes up.

ARRIVAL OF THE

The *Cambria* arrived at Halifax on Friday morning, having left Liverpool on the 8th inst.
