PLOWING MATCH.—A Plowing Match for the benefit of all plowers who did not take prizes this year, at the County or Township plowing matches, was held on the 4th inst, on the farm of Donald McDiarmid, Esq., Con. 3, Lot 8, Stanley. The match was a complete success, in as much as the day was one of the finest of the season, the number of entries large, and the work done, excellent. The plowers and all visitors were very kindly treated by Mr. McDiarmid, who made them all welcome to a free dinner and supper. After supper the judges awarded the following prizes:—1st, D. Grassinch; 2d H Reid; 3d, H. McDiarmid; 4th, H Reed; 5th H Ross; 6th W McBeath. G Williamson, of Seaforth, was the maker of the plows which took the 1st 3d and 4th prizes, D McTavish of the one which took 5th and 6th, and Biarman, of Scotland, the 2nd. Before closing it was agreed that the Society would continue in existence, and that in future they would be better known. G Williamson has given a $25 plow for a prize next year.—*Expositor.*]

What Breaks Down Young Men.

It is the commonly received notion that hard study is the unhealthy element of a college life. But from the tables of Harvard University, collected by Professor Pierce from the last triennial catalogue, it is clearly demonstrated that the excess of deaths for the first ten years after graduation is found in that portion of each class of inferior scholarship. Everyone who has seen the curriculum knows that where Æschylus and political economy injure one, late hours and rum punches use up a dozen, and that their two little fingers are heavier than the loins of Euclid. Dissipation is a sure destroyer, and every young man who follows it is as the early flower exposed to untimely frost. Those who have been inveigled in the path of vice are named Legion. A few hours' sleep each night, high living, and plenty of "smashes," make war upon every function of the body. The brain, the heart, the lungs, the liver, the spine, the limbs, the bones, the flesh, every part and faculty overtasked and weakened by the terrific energy of passion loosened from restraint, until, like a dilapidated mansion, the "earthly house of this tabernacle" falls into ruinous decay.—*From the Scientific American.*

Curls may be false, even though they are 'in the papers.'

Why is a lamplighter like a cowardly soldier?—Because he runs away from his posts.

A young lady at a Western temperance meeting said, 'Brethren and sisters, cider is a necessity to me and I must have it. If it is decided that we are not to drink cider, I shall eat apples and get some young man to squeeze me, for I can't live without the juice of the apple.'

The Saving of Life.

Among all the maladies incident to the varied change of climates, there is nothing so much affected as the Liver. This fact has been highly indorsed for ages. To overcome the many impurities which weigh upon it in divers ways, and particularly upon divers occasions so as to produce no disastrous ulterior consequences, has been the one great study of Dr. Radway, for the last half-century. Years ago he triumphantly vanquished, and made the good the secret to the Public, by introducing (by private medication) *Radway's Regulating Pills.* For a disordered body, with its diseased functions in effecting a cure and speedy cure, these Pills known world-wide as "The Great Purgative," differ essentially from all other cathartics. They save life from being sacrificed by delay, relieve so soothingly a feeble system, overcome Indigestion, by regulating the Liver, and make matter inoperative, operative; the organs of Digestion are made right; the various kinds of Fevers are prevented to absorb life, and, in their purgations, are mild while acting upon the secretive organs. They make themselves the patient's favorite. No pain or prostration, for, as an alterative, a general laxative ensues. Their exterior beauty consists in being tasteless (covered with sweet gum), therefore, never sicken or gripe; a vegetable compound free from salivating and corrosive properties. For Biliousness, Loss of Appetite, Cutaneous and Ulcerous Diseases, Nervous Debility, General Prostration Headache, Typhoid and other malignant Fevers, Bilious Colic, Diarrhœa, Dysentery, Fever and Ague, with other ailments, these Pills, by uniform experience, are generally regarded as the only medicinal preparation worthy of that serious attention which they have uniformly received.

Sarsaparillian Resolvent $1 per bottle, 6 bottles for $5. Ready Relief 25 cts per bottle. Pills 25 cts per box.

Dr Radway's Remedies are sold by all Druggists and Country Merchants and at Dr Radway's Medical Warehouses, 87 Maiden Lane N Y and 439 St Paul St Montreal.

Ayer's Cherry Pectoral

For the prompt relief and speedy cure of Coughs, Colds, Whooping Cough, Croup, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of the world has any thing been so universally adopted into the confidence of mankind, as this article. Wherever it has been known, it has been esteemed the best of its class. Though it is not yet generally known that it is the best, it has become better known, the more it has been known. Its marvellous power to cure the various affections of the pulmonary organs, have made it known as a public benefactor. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dreadful ravages of this fatal disease are daily witnessed, which might have been prevented by timely use of this preventive. Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold by all Druggists everywhere.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As the name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it is in no sense injurious to the patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the testimony we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through intermittent localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from derangement of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

PRICE, $1.00 PER BOTTLE.

The Theory Department is thoroughly adapted to those who wish to lay the foundation of a sound business Education.

The practical department is a miniature business world, where each Student performs all the routine duty of office work, such as buying, selling, shipping commission, and drawing notes, drafts and checks. A regular Bank of issue is in connection with this department, with beautifully engraved bank notes, which is as perfect in its details as the best organized institutions in the County.
