CROFTS & JOHNSTON.

Ontario Legislature.

TORONTO, Nov. 16.

Moved by Mr. Pardee that this House will in future appoint the Committee of Supply and Ways and Means at the commencement of every session, on soon as an address has been agreed to in answer to His Honour's Speech, and that the resolution be a standing order of this House. Carried.

A message was read from His Honour asking for the usual supplies to Her Majesty.

Hon. Mr. Mowat introduced the following bills, which were read a first time: An act respecting the boundary between Ontario and Quebec; an act to amend and consolidate the law as to apprentices and minors; an act to amend the law respecting the limitation of the time for contesting titles to real property; an act to amend the act respecting the Municipal Loan Fund debts and certain payments to municipalities.

Nov. 17.

After the presenting of several petitions and applications for the passage of private bills, the report of the committee on Standing Committee was read, and a motion by Hon. Mr. Mowat for its adoption was after some discussion, carried.

It was resolved that the public accounts of 1874, as well as those of 1873, be referred to the Standing Committee on Public Accounts.

Nov. 18.

Hon. Mr. Mowat presented a message from His Honour the Lieut. Governor thanking the House for the reply to the Speech from the Throne.

The Orders of the Day being called, the bill for the further limitation of actions and suits relating to real property was read a second time.

Handsome tributes were paid to late Mr. Craig, representative for Glengarry in speeches by Messrs. Mowat and Lander

Nov. 19.

Mr. Sinclair moved for an address for a statement showing the amount of money expended in drainage by the several Municipalities which have performed drainage work under the provisions of the Municipal Law, and the increase in the value of the land caused by the expenditure. He asked the information in order that other municipalities might be induced to follow the example set by townships which had already derived benefits from these works.

A lengthy discussion followed upon the voting of supplies, which ended in an adjournment.

Nov. 20.

Several petitions were presented, among which was one from the County Council of Elgin, that the ballot be applied to municipal elections.

The debate on the motion to go into committee of Supply was resumed by Mr. Hodgins in support of the government, and after some discussion the motion was carried, Mr. Hodgins in the chair.

The following items were passed—government House, $5,412; $1,700 for the Lieutenant-Governor's office, $12,236 for the Executive Council and Attorney-General's office, $16,509 for the Treasurer's office, $11,350 for the Secretary and Registrar's office, $11,070 for the Registrar-General's Branch, $18,572 for the Department of Public Works, $1,100 for the Department of Agriculture, $2,194 for the Department of Immigration, $5,700 for Public Institutions and $51,130 for the Crown Land Department. Committee then reported.

Mr. McGowan moved for a return of all reports and papers connected with the School of Agriculture and Model Farm not confidential with the Public Works Department. Carried.

Mr. Rykert moved that a committee consisting of Messrs. Currie, Cameron, Wood, Meredith and Deroche, be appointed by the House to enquire into the truthfulness or falsity of the charges made against him by Mr. McKellar.

Mr. McKellar moved in amendment "That the words in the original motion after 'loop line' be expunged, and the following substituted:—"That the Hon. Archibald McKellar having stated in his place that he has been credibly informed that John Charles Rykert, then and now being a member of this House, and being the Mr. Rykert hereinbefore mentioned, did, during the session of 1870-71, 1871-72, and 1873 accept and receive from certain persons interested in opposing the incorporation of the Ontario Street Railway Company certain moneys, amounting to $150 or thereabouts, in order to induce him in his place and otherwise to oppose, and that he was thereby induced to oppose, the progress through this House of a Bill or Bills then before the House for the incorporation of the Street Railway Company known as the Ontario Street Railway Company, and that the said John Charles Rykert, then and now being a member as aforesaid, subsequently received from the same or other persons interested in opposing the incorporation of the said Company, various sums of money in payment for opposition made by him as aforesaid to the incorporation at the said session; and the Hon. Archibald McKellar having further stated in his place as aforesaid that he was credibly informed that the said John Charles Rykert, then and now being a member of this House, did during the session of 1872 accept and receive certain moneys amounting to the sum of $100, or thereabouts, from the persons interested in procuring certain amendments to a certain other Bill respecting Mutual Insurance Companies, then before this House, in order to induce him in his place and otherwise as a member of this House to support the insertion of said amendments, or other amendments of a similar character to this Bill, and that he was then as a member aforesaid induced to support the insertion of said or other similar amendments in the said above mentioned Bill; and the Hon. Archibald McKellar having further stated, in his place as aforesaid, that he the said John Charles Rykert, then and now being a member of this House did, during the session of this House of 1871-72, accept and receive the sum of $150 or thereabouts from certain other members during the passing of a certain other Bill then before this House for the incorporation of the town of Tilsonburg in order to induce him, and that he was induced, to support the passage of the said last mentioned Bill through this House; be it therefore resolved that a Select Committee, composed of Messrs. Currie, Cameron, Deroche, Meredith and Hardy, be appointed by this House to inquire into and report upon the charges aforesaid, with power to send for persons, papers, and records; to report the evidence from time to time."

House adjourned.

The Friend of India states that a new religious movement has arisen in the Goorjats. The leader is called Dhulee Babajee, literally, "Father of Dust," probably because he always sleeps on the bare ground. Babajee eats but one meal a day, drinks only milk and water and never uses narcotics. His dress consists of a strip of bark. He denounces idolatry, caste, the Brahmins, and the use of spirituous liquors. He teaches the worship of the Creator and Preserver of the world, the practice of prayer to God, truth, charity, and chastity. He has thousands of disciples who have come from nearly every caste. Whole villages have given up their idols and have adopted his precepts. His followers have a number of hymns in praise of the indescribable God, which contain some ideas that must have been derived from Christian books. While this new faith appears so successful, a Parsee, writing to *The Bombay Guardian*, says that the only way by which the 80,000 Parsees of India can escape extinction is by the adoption of Christianity. He anticipates the time when very many of them will turn Christians.

THE MARKETS

There is nothing to note in particular as the prices generally average about the same as last week, although the tendency is downward in the matter of breadstuffs. The American markets for barley have declined from 5 to ten cents per bushel. In our market butter, eggs, poultry and potatoes find a ready sale at highest quotations, and the supply for the past week has not been equal to the demand. Beef, hay and wood are about equal to the demand.
