The land cannot be surpassed in quality. PROOFS OF THE SUPERIOR QUALITY OF THE AMERICAN WATCH MADE AT WALTHAM, MASS.

Referring to their advertisement in a previous issue of this paper, the American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market.

They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches. They are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts.

How they run under the hardest trial watches can have, is shown by the following letters:

PENN. RAILROAD COMPANY.
Office of the General Superintendent, Altoona, Pa., 15th Dec., 1866.

GENTLEMEN,—The watches manufactured by you have been in use on this railroad for several years by our enginemen, to whom we furnish watches as part of our equipment. There are now some 300 of them carried on our line, and we consider them good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn an i do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly, nor have they done as good service as yours. In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

Respectfully,
EDWARD H. WILLIAMS,
General Superintendent.

American Watch Co., Waltham.

NEW YORK CENTRAL RAILROAD.
Locomotive Department, West Division, Rochester, Dec. 24, 1866.

GENTLEMEN,—I have no hesitation in saying that I believe the great majority of Locomotive Engineers have found by experience that Waltham Watches are the most satisfactory of any for their uses. They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and as I have never known one to wear out, they must be durable. I hope to see the time when Railway Companies will generally adopt your watches, and furnish them to all engineers and conductors. In my opinion it would greatly tend to promote regularity and safety.

Yours respectfully,
CHAS. WILSON, G. Chief Engineer,
Brotherhood of Locomotive Engineers.

American Watch Co., Waltham, Mass.

We now make five different grades of watches, named respectively as follows:

Appleton, Tracy & Co.,	*Waltham, Mass.*
Waltham Watch Co.,	*Waltham, Mass.*
P. S. Bartlett,	*Waltham, Mass.*
Wm. Ellery,	*Boston Mass.*
Home Watch Company,	*Boston, Mass*

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved improved principle, and to possess every requisite for a reliable time-keeper. Every dealer selling these watches is provided with the Company's printed card of guarantee, which should accompany each watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeits and imitations of our watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchased of watch dealers.

Testimonials can be obtained on application from many persons in Canada who have worn the watches with the greatest satisfaction.

Great Cure of Liver Complaint and Dyspepsia in Canada.

Consecon, Prince Edward Co., C.W. March, 1867.

Messrs. Young & Chamberlain.—Sirs—Having proved within my own person that there is at last a medicine that will indeed cure Liver Complaint and Dyspepsia, I am induced to make this statement, under oath, which is to certify that I have been sorely afflicted for the last three years, according to the Doctors' statements, with Liver Complaint and Dyspepsia. I had a feeling of sinking and vague uneasiness about the stomach, worse than pain, eructations of wind, occasional pain, drowsiness, constipation, uneasiness in the right side, headache, a poor appetite, &c. and was greatly reduced in strength. Hearing your new Indian medicine, the Great Shoshonees Remedy, spoken of so highly, I tried a bottle with your Pills, from these I must say I found but little change, but I took another and then found my health improving. I continued it until I have taken about ten bottles, using the Pills, and I find that I have quite recovered. I eat hearty without pain or uneasiness. I am well and have pleasure in attending to my business. The doctor remarked to me I was looking much better. I told him that the Great Shoshonees Remedy was doing it. I have recommended the Remedy in several cases, and it has invariably given good satisfaction, and would strongly recommend it to all afflicted as I was.
