CASES AT OSGOODE HALL.

Suits and Appeals Heard and to be Heard in the High Courts.

In Single Court yesterday was heard the appeal in the matter of the T., H. & B. R. Co. v. Hendrie. It was some time ago decided by arbitration that the railway should pay Hendrie the sum of $8800 as the value of land expropriated for a station site in the City of Hamilton. Yesterday's motion was over this award. Judgment was reserved.

The Macdonald Appeal.

As predicted in The World yesterday morning the notice of motion to revoke the order unseating E. A. Macdonald was served yesterday afternoon. A. B. Aylesworth, Q.C., and Mr. Wallbridge will appear for the aqueductor, and Mr. D. E. Thomson, Q.C., for Relator Long.

Mr. and Mrs. James H. Bell of 133 Ontario-street are suing the city for $1000 damages for injuries sustained by Mrs. Bell in a fall on an icy sidewalk last month.

From St. Catharines.

Hy Barber, assignee of the estate of Robert Stanley of St. Catharines, is applying to have set aside as fraudulent a chattel mortgage on Stanley's goods held by D. McCall & Co. of this city.

In the Court of Appeal yesterday judgment was reserved in the cases of Jameson v. the London & Canadian Loan and Savings Co. and Grant v. West.

In the non-jury court Alex. Elliott, jeweler, is suing Elias Rogers for $200 over a coal contract.

To-day's Peremptory List.

Court of Appeal—Sombra v. Chatham (continued), Ottawa v. Clark, Ottawa v. Keefer.

Non-jury sittings—Elliott v. Rogers (unfinished), Harding v. O'Sullivan.

Divisional Court—Fox v. Fox, Webb v. Barron, Housden v. Onderdonk, re O'Flynn, Brown v. Longstaff, Thompson v. Beatty.

EAST OF THE CITY LIMITS.

Scarboro Village Street Railway Traffic—Proposal to Remove Norway School.

The Toronto Street Railway Co. is keeping a daily register of the number of passengers carried by the village branch of the Scarboro line, with the view of ascertaining whether it is sufficient to replace the "bob-tail" service by a larger car, with conductor.

The village fire brigade meets tonight to choose its officers.

G.T.R. Conductor P. Murray is confined to his house with three broken ribs, caused by falling into the van of his train from the slippery observatory above.

The value of a good will was practically illustrated in the village this week. The landlord of a local butcher turned out his tenant on Monday, and refusing to purchase the good will, started as a butcher with the stock found in the store. The tenant in the meantime opened up again a few doors further down. Yesterday morning the landlord's sign was removed. The villagers had bought some 25 cents worth of meat and the ejected tenant the store.

New Site for the School.

A petition is going the rounds asking that the Norway school building be removed from its present site to one at the corner of Gerrard-street and Woodbine-avenue. The ground given by the request is that the school would then be nearer the centre of the school section. The opposition to the removal points out that a change in the site would necessitate the purchase of an acre of property at a not much less cost than $1000.

The school attendance of this month so far averages as high as 66 pupils, which is the highest recorded for any previous winter term. The present seating accommodation needs to be doubled.

Rev. G.L. Starr, curate of St. John's, Norway, is erecting a house at the corner of Berkeley-avenue and the Kingston-road.

Rev. W. Carter, M.A., of Barbadoes, Bermuda, preaches at the Norway church this evening.

The preacher for Sunday evening at St. John's, Norway, will be Rev. E. A. Welch, M.A., D.C.L., the new provost of Trinity University.

POINTERS FROM PARKDALE.

Paragraphed News From Old St. Alban's Ward—An Orange Dinner.

It is expected that a large number of West End Orangemen, as well as prominent brethren from other sections, will attend the banquet of Parkdale Orange Lodge No. 207, at the Gladstone House to-night. Many are anxious to hear N. Clarke Wallace on the burning question of the day. Addresses will also be delivered by Messrs. E. F. Clarke, Thomas Crawford, M.L.A., A. T. Gurd, M.L.A., W. D. McPherson, John McMillan, Alex Muir, E. E. Sheppard and others.

C.P.R. Constable Ross was at No. 6 Station yesterday with Lawrence Doyle, a young fellow arrested in Parry Sound on a charge of burglarizing the C.P.R. office at Orangeville. He was taken to the latter point for trial.

The railway snow plows were busy all day and little trouble was experienced in getting trains through on time.

The street car service in Queen-street was even worse than usual yesterday, owing to the snow.

Laborers' Grievances.

At the Western Division Court yesterday, Vincenzo Ottaviano, an Italian laborer, brought action against the Irondale, Bancroft & Ottawa Railway for alleged arrears of wages. The Judge transferred the case to Haliburton, the headquarters of the company.

Summer Freight Rates.

The freight agents of the G.T.R. and C.P.R. met in Mr. White's office yesterday for the purpose of discussing summer rates. There will be very little change from the rates of last year.

Child Rescue Work.

The Children's Aid Board meeting was held at Confederation Life building yesterday. The officers had under review during February 63 cases, covering 89 children; 32 of these were in the Police Court, and half of the children appearing there were remanded to the Shelter. One hundred and two enquiries for foster children were received, and 20 signed applications; 17 children were received at the Shelter, and an equal number discharged.

STATE OF TRADE.

Dun & Co. say: Business at Toronto this week has been quiet generally. Although merchants are hopeful, the indications are not very promising for an active trade. Values of the leading staples are steady, but stocks of merchandise are large, and it is necessary to cut prices to relieve the market. Collections are backward in the majority of lines, and the large list of failures is anything but cheering. Bankers are very conservative, and all paper offering for discount undergoes considerable scrutiny. The retail trade of the city is slightly better, owing to millinery openings. The leading houses report a fairly satisfactory trade, but the smaller concerns have uphill work. The large number of bankrupt stocks are affecting trade adversely, and probabilities are that there will be a lower level of prices in the near future. There is a further decline in wheat, with increased offerings. The demands from Britain for this cereal have been greatly curtailed of late. Flour, too, is lower and almost unsaleable. Western millers are offering straight rollers laid down in Montreal at $3.70.

Trade advices from Montreal do no indicate much notable gain in activity as yet. The weather up to a few days ago, has been too cold to favor the dry goods trade, and in groceries and heavy goods the demand is not brisk. Probably the coming into effect of spring freight rates in the beginning of April will induce a freer movement generally. Leather shows a good export movement in sole, splits and buff, but local purchases are small, and buyers of fair lots could command concessions. There is considerable enquiry from the West regarding spring importations of cement, but there is a difficulty in quoting laid-down cost, as spring railway freight rates have not yet been published. Prices at points of production are higher than last year, and are expected to remain firm. Belgian glass manufacturers have withdrawn quotations, and there is expectation of a combine and higher prices.

McIntyre & Wardwell send the following despatch to their branch office in Toronto: The stock market to-day was irregular, unsettled and narrow. The Commercial situation is the principally bearish influence, and has induced some liquidation, and then the discussion of the Cuban resolutions in the Senate had a disquieting influence. The weakness in Reading, attributed to approach of assessment time, and anthracite group generally is depressed by trade conditions. The decline in Tennessee Coal is partly due to unsatisfactory reports from the iron industry. There was little doing in Tobacco, without material change. Money market very firm, and it is thought will continue so for some time. Still considerable out of town demand for money. The feature in relation to commercial paper is the discrimination against particular concerns and lines of trade where unsoundness is suspected.

CHICAGO GOSSIP.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

Wheat opened weak this morning. Foreign cables quoted at ½d to ¾d lower. The offerings were light. Local sellers bought against "puts." Pardridge also bought a line at the bottom. This caused temporary strength. Reports from Kansas and Missouri on the winter wheat were favorable, owing to the fall of snow, and foreigners who bought here and in New York yesterday dumped their wheat on the market, causing a reaction to the lowest point of the day. Counselman and Weare were buyers near the close, and, taking the situation all in all, we think wheat is low enough and good purchase for a turn.

Northwest receipts were much larger to-day, 678 cars being reported, against 383 cars a year ago.

Corn and oats were dull and steady; not much business in either.

Provisions took a decided drop to-day. There was no cash demand, and the run of hogs was larger than expected. There was quite a number of "stop orders" caught in pork and ribs, which caused the break. The course of the market is entirely controlled by the receipts of hogs, and, while they continue so large, we cannot look for much improvement.

McIntyre & Wardwell (John J. Dixon) received the following despatch to-day from their branch office in Chicago:

There was no particular news in the wheat market to-day. Liquidation was rather urgent, and the favorable weather conditions and large receipts in the Northwest proved to be incentives to some aggressive selling by larger bearish traders. The market after its early spasm of weakness settled down into dulness, and, although shorts bought quite liberally, there seemed to be enough wheat for sale to fill all demands
