To the Editor of the Signal.

SIR. I notice in last Goderich *Star* a letter from Charley Rykert in which he says, that he fears that his speech delivered on 12th July here, was misunderstood, and goes on to say, "that Orangemen have always been more liberal to their fellow Roman Catholic countrymen than Reformers, and that the Catholics had less to fear from Orangemen than from Reformers." Well I should not be surprised if Mr. Rykert has been misunderstood, for so unmannerly were the Drummers and fifers, that they kept up a constant din, and their followers heads were as empty as the drums, for in spite of the commanding eloquence of the many speakers the Orangemen flocked round and listened to the tap of the Drum in preference to the burning words of wisdom flowing from the eloquent lips of Mr. Rykert; and even the orator of the day Mr. Watson said, that if he had lungs of brass and the eloquence of a Demosthenes it would be impossible to be heard for the clatter of drums. But with regard to the liberality of orangemen history tells us that orangeism for nearly a century has served to create and keep alive religious and political divisions of the worst character throughout the British empire, but especially in Ireland. About the year 1795 we find that the rude and illiterate mob of "Peep of day Boys" made way for the richer and more influential organisation of the Orange Society, which having its first origin in the obscure district which had so long been the scene of agrarian violence. Immediately after this a series of outrages commenced by which Catholics were forcibly ejected from their houses and farms, twelve or fourteen houses being sometimes wrecked or destroyed in a single night, terminating Sept 1795 in an engagement called the battle of the Diamond. "The worst result of orangeism is the constant incentive which it supplies to party animosities and deeds of violence. In the north of Ireland, the party displays and processions were a perpetually recuring source of disorder, and even of bloodshed; and the spirit of fraternity which pervaded its members was a standing obstacle to the administration of the law. It was known or believed that an orange culprit was perfectly safe in the hands of an orange jury; and all confidence in the local administration of justice by magistrates was destroyed. So great was the popular distrust of the administration of justice in party questions, that for a long time the Lord Chancellor laid down "a rule," by which no member of the orange association was admitted to the commission of the peace." The Irish emigrants to Canada have imported and are trying to keep alive all the old bitterness and domestic feuds with Roman Catholics. The outrageous attempt of the orangemen on the occasion of the prince of Wales visit to Canada to compel him to recognize the society, and the insults heaped upon him for wisely declining to do so, have not been forgotten. I quite agree with your late correspondent Protestant that Orangeism is at variance with the true spirit of Christianity, and is no aid to protestantism.

I remain Sir yours respectfully

A SPECTATOR.

Captain Carey is accused before a court martial of "having misbehaved before the enemy on the 1st of June when in command of an escort in attendance on the Prince Imperial, in having, when the said Prince's escort were attacked by the enemy, galloped away; in not having attempted to rally the said escort or in other ways defend the said Prince." The London *News* remarks:—"One would think from this language that the Prince was the sole object of the reconnoissance, that a party of pleasure had been organized for him, and that the aim of the escort and the first duty of Lieutenant Carey were to protect him in the pursuit of his amusement."

"THE BEAUTY" of having a bottle of Perry Davis' Pain Killer in the house is, that you are prepared for the "worst," Croup or Cholera, the Pain-Killer is a sovereign remedy.

A THING OF BEAUTY IS A JOY FOR EVER.—And such is a rich flowing head of hair. Reader, if you have this great gift of nature and it is not fading out use the Bearine; it is the only safe and reliable dressing you can get. Every Druggist sells it.

THE VERDICT OF HALF THE WORLD. The entire western Lemisphere pronounce Murray & Lanman's Florida Water the most delicious perfume for the boudoir, the ballroom, and the bath, that chemistry has yet succeeded in extracting from living flowers.

POSITIVE VIRTUES!—The most of the so-called great remedies possess only that sort of negative virtue which, while it may not often cure disease, will seldom endanger life. Bristol's Sarsaparilla is equally safe, but it is possessed of that positive or aggressive virtue which will not tolerate the presence of disease or impure blood, or humors in the human system where it is used, and thus it is that it always effects complete and lasting cures.

INCIPIENT CONSUMPTION.—In bronchial and other chest affections, in arresting incipient consumption, and in lessening the distressing symptoms of this disease in its hopeless stages, as well as in cases of nervous debility in giving tone to the system, it is undoubtedly a valuable remedy.

That Silver Dollar.

An Honest Medicine Free of Charge.

Of all medicines advertised to cure any affection of the Throat, Chest or Lungs, we know of none we can recommend so highly as Dr. King's New Discovery for Consumption, Coughs, Colds, Asthma, Bronchitis, Hay Fever, Hoarseness, Tickling in the Throat, loss of voice, etc. This medicine does positively cure, and that where everything else has failed. No medicine can show one-half so many positive and permanent cures as have already been effected by this truly wonderful remedy. For Asthma and Bronchitis it is a perfect specific, curing the very worst cases in the shortest time possible. We say by all means give it a trial. Trial bottles free. Regular size $1.00. For sale by F. Jordan, Goderich.

GENERAL.

Sir A. T. Galt has been appointed Dominion Ambassador, from Canada, to reside in England.

An unknown disease has broken out in portions of the State of Iowa and the people have become panic stricken and are fleeing. It is thought to be Cholera.

THE FLOODS in the eastern counties of England have proved to be more disastrous than at first reported. Many districts are entirely under water, and the destruction of growing crops has been immense.

Deplorable as the announcement is, it is nevertheless made, that the yellow fever in Memphis has actually assumed an epidemic form.—Those who can get away are making every effort to reach the North, and are fearful that the quarantine imposed at other points may cut off their attempts to escape from the destroying disease. The refugees are in a sad plight, the people at other points turn out with shot guns and forbid them to come to uninfected localities.

Seaforth.

A BROKEN THIGH BONE.—A son of James Ritchie Miller aged 7 years fell from the top of his fathers house and broke one of his thigh bones near the upper part on the 3rd ult. The little fellow fell on some rubbish and was badly injured otherwise. Dr. Campbell was called in and has the case in charge.

THE WEEIL.—This little pest does not seem to have the fear of John A. and his National Policy before its eyes but is pursuing the even tenor of its way carrying devastation amongst the spring wheat in this neighborhood.

Hamilton.

At No. 36 James St., in the Ambitious City of Hamilton, the attention of the traveller will be attracted by the splendid large Drug Store of Messrs. Archdale, Wilson & Co., the manufacturers and sole proprietors of Wilson's Compound Syrup of Wild Cherry. This most popular cure for Coughs, Colds, Bronchitis, Croup, Whooping Cough, Loss of Voice, &c., is having a most astonishing run. Even at this season, when diseases of the respiratory organs are comparatively rare, orders are coming in for half gross and gross lots from druggists who have sold out of last year's stocks; and the proprietors have found it necessary to purchase new and improved apparatus to enable them to turn out the Compound Syrup of Wild Cherry in sufficient quantity to meet the demand. 1694 1m

Centralia.

TAN BARK.—Mr. Jno Parsons of Crediton is shipping large quantities of bark from this station to Buffalo.

WOOD.—1500 cords of wood have already been bought here which will be delivered as soon as the harvest is over. Its destination is Buffalo.

HARVEST.—The fall wheat in this neighborhood is housed, some of it is threshed and the barley is nearly all cut; wet weather has interfered somewhat with the harvest.

BERRYING.—The youth of the village employ their spare time berrying. Frequent encounters with those industrious toilers the bees, together with an occasional shower render the pastime anything but monotonous.

BURGLARY.—On Sunday night the 27th ult an attempt was made to burglarize the store of Mr. Thos Abbott but owing to the late hours of one of our citizens the parties were surprised just as they had commenced operations and made good their escape. As the burglars neglected to leave their cards they are unknown Mr. Abbott feels confident that should they again favor him with a call, he will tender them a warm reception.

THE GREATEST WONDER OF MODERN TIMES!

The Pills Purify the Blood, correct all disorders of the Liver, Stomach, Kidneys and Bowels and are invaluable in all complaints incidental to Females.

The Ointment is the only reliable remedy for Bad Legs, Old Wounds, Sores and Ulcers, of however long standing. For Bronchitis Diphtheria, Coughs, Colds, Gout, Rheumatism, and all Skin Diseases it has no equal.

BEWARE OF AMERICAN COUNTERFEITS.

I most respectfully take leave to call the attention of the Public generally to the fact, that certain Houses in New York are sending to many parts of the Globe SPURIOUS IMITATIONS of my Pills and Ointment. These frauds bear on their labels some address in New York.

I do not allow my Medicines to be sold in any part of the United States. I have no Agents there. My Medicines are only made by me, at 533, Oxford street, London.

In the Books of directions affixed to the spurious make is a caution warning the Public against being deceived by counterfeits. Do not be misled by this audacious trick, *as they are the counterfeits they pretend to denounce.*

These counterfeits are purchased by unprincipled Vendors at one-half the price of my Pills and Ointment and are sold to you as my genuine Medicines.

I most earnestly appeal to that sense of justice which I feel sure I may venture upon asking from all honorable persons, to assist me, and the Public, as far as may lie in their power, in denouncing this shameful Fraud.

Each Pot and Box of the Genuine Medicine, bears the British Government Stamp, with the words "HOLLOWAY'S PILLS AND OINTMENT, LONDON," engraved thereon. On the labels the address, 533 Oxford street London, where alone they are Manufactured. *Holloway's Pills and Ointment bearing any other address are counterfeit.*

The Trade Marks of these Medicines are registered in Ottawa. Hence, any one throughout the British Possessions, who may keep the American Counterfeits for sale, will be prosecuted.

THOMAS HOLLOWAY.
