Where prospects are poor, they are in soft winter wheat regions. The outlook for hard winter wheat is excellent.

Chicago Gossip.

J. P. Bickell & Co. say at the close of the market:

Wheat—Higher; comparatively firm cables with an array of bullish statistics, opened market higher, and, altho trade was light, market acted well and closed with strong undertone. Long interest has been greatly reduced, and short interest increased. We are bullish, and advise purchases on all breaks.

Beaty & Glassco received the following at the close:

Long wheat sold so heavily yesterday was wanted back again to-day, there being nothing in the situation to indicate a reason for weakness in the immediate future. Longs had May for sale when wanted, but demand at times was in excess of what they cared to supply. July was strong on the generally discouraging accounts of the appearance of the growing plant, altho there were some instances of improvement cited by crop reporters. The demand for cash wheat, with constantly advancing premiums, continues, with scarcity so great in some sections that mills are closing down. With such unprecedented situation and new supplies nearly three months away, to our mind it matters little what individual trading may represent, high prices for wheat, with usual natural reactions, are to prevail for some time to come.

J. R. Heintz & Co. wired R. B. Holden: Wheat—The opening was higher, but offerings were large and market became heavy, notwithstanding the immense amount of wheat which has been liquidated; the market technically is in a very strong position.

Corn—Very strong, with May the favorite option. This market has paid no attention to break in wheat, and unless receipts show considerable improvement very soon we will see much higher prices for corn.

Chicago Wheat Market.

CHICAGO, April 16.—Following yesterday's sensational market, wheat on the board of trade was nervous at the opening to-day. Patten was sold to be a buyer. July opened ¼c to ⅜c lower to ⅜c to ⅞c higher, at $1.16 to $1.16½; May unchanged to ⅜c lower, at $1.27¼ to $1.27⅝, and Sept. ¼c to ½c higher, at $1.06½ to $1.06¾.

The story that Mr. Patten has employed a bodyguard has no proper foundation. The colored man alleged to occupy this position has been at the same door receiving visitors' cards for a generation. He was there before the name of Patten had become one to conjure with.

While the wheat market was active today it lacked the sensational features of yesterday. Prices were depressed early, July touching $1.15⅝ and May $1.25⅝, but the close was strong, with July the bone of contention, 1¼c over the previous close, at $1.17. May closed ½c lower, at $1.27½.

Liverpool Grain and Produce.

LIVERPOOL, April 16.—Closing—Wheat—Spot strong; No. 2 red western winter, 9s 2½d. Futures quiet; May 9s 1½d, July 9s 2¾d, Sept. 8s 3½d.

Corn—Spot strong; new American mixed, via Galveston, 6s 2d. Futures firm; May 6s, July 5s 9¾d.

Hams—Short cut strong, 51s 6d.

Bacon—Strong; short rib, 53s; short clear backs, 51s 6d; clear bellies, 54s 6d; shoulders, square, strong, 44s 6d.

Linseed oil—Firm, 23s 6d.

New York Grain and Produce.

NEW YORK, April 16.—Flour—Receipts, 8799 barrels; exports, 5434 barrels; sales, 4000 barrels; quiet but firmly held. Rye flour firm. Cornmeal—Firm. Rye—Steady. Barley—Quiet.

Wheat—Spot firm; No. 2 red, $1.41, elevator, and $1.42, f.o.b., afloat; No. 1 northern, Duluth, $1.37, f.o.b., afloat; No. 2 hard winter, $1.37, f.o.b., afloat. After yesterday's wild closing, the wheat market to-day was a tame affair, showing considerable steadiness, but no excitement. The surprising firmness of cables, with bull support, prospects for small world's shipments, and continued strength in cash circles, all tended to reassure those who were frightened by yesterday's late collapse. Final prices to-day were ¼c to ⅞c net higher. May $1.31⅝ to $1.32¼, closed $1.32¼; July $1.21⅞ to $1.23 3-16, closed $1.23; Sept. $1.13⅝ to $1.14⅝, closed $1.14⅝.

Corn—Receipts, 52,887 bushels; exports, 68,957 bushels. Spot strong; No. 2, 79c, elevator, and 77½c, f.o.b., afloat; No. 2 white, 78½c, nominal, and No. 2 yellow, 77½c, f.o.b., afloat. Option market was without transactions, closing ⅝c to ½c net higher. May closed 76½c; July closed 74⅞c; Sept. closed 74½c.

Oats—Receipts, 32,025 bushels. Spot steady; mixed, 26 to 32 lbs., 57c to 58c; natural white, 26 to 32 lbs., 58c to 60c; clipped white, 32 to 40 lbs., 58c to 63c.

A BOOK FULL OF FACTS ABOUT

Dr. McLaughlin's Electric Belt

FOR WEAK MEN.

It is the grandest remedy in the world for building up wrecked humanity. It fills the exhausted nerves and organs with the fire of life while you sleep. To you who have been reading my advertisements for months, and who need the help of my appliances, why do you hesitate? Is it not because, tiring of spending money trying to seek relief through other treatments, you are doubtful whether there is any help for you? Now, to enable you to satisfy yourself whether or not I have the confidence which I tell you I have in my treatment, I make this offer: If you will secure me for the price of my Belt, I will take your ease and cure you before you pay me. Is this not fair? This is my offer:

PAY WHEN CURED.

I know that no one remains a weakling because he wants to; I am sure that you want to overcome every indication of lost health that has shown itself on you. I don't think the man lives who would not like to feel as big and strong as Sandow, and I know that if you have a reasonable foundation to build upon I can make you a bigger man than you ever hoped to be. I want you to know that, you who can't believe it, and I want you to have my book, in which I describe how I learned that strength was only electricity, and how I learned to restore it; also, I want to tell you the names of some men who will tell you that when they came to me they were physical wrecks, and are now among the finest specimens of physical vitality. For example:

Mr. Albert Ralph, Kelso, Ont., Tells His Experience in His Own Words.

Dr. McLaughlin:

Dear Sir,—A short time ago I purchased one of your Belts. I am very pleased to say that I have received great benefit from it in every way. My varicocele is almost gone, and my back is much better. Before using your Belt my nerves were in pretty bad shape—so bad that it interfered with my work. Any man can easily know what this means to me, as my health is greatly improved also, and I feel better than I have for the last five years, and only wish I had had one of your Belts before. I have spent a considerable sum of money one way or another for different drugs, and, to tell the truth, I never thought there was a cure in the world for varicocele except an operation, as that is what a doctor told me in a London, England, hospital. I thank you for your kindness and all you have done for me. You are at liberty to make any use of this you like in any of the papers, as I know it is all true, as I have proved it for myself. I intend to recommend your Belt whenever I get a chance, as I think it is a Godsend to any person to be in good health.

The Dr. McLaughlin Electric Belt is a cure for all signs of Breakdown in Men and Women. The Vitality of the body is Electricity—the force in the Nerve Cells. My Electric Belt will give you back this power and enable you to fight on in the Battle of Life!
