Spark Plugs & Automobile Accessories

Depend on us for

Acccessories

and you will have a better car

Yes-sir, a spark plug is of bigger importance than the man who drives or the car it goes in, for without it, there just simply "ain't" no trip. That is why we attach the highest importance to best in the little things that go into a car.

CHATHAM WINS FROM HILLSBORO

Preliminary to the Provincial Amateur Title Play ---Score 2 to 1

Chatham took the first game in the Northern Section of the Provincial play-off series by defeating Hillsboro, champions of the Westmorland-Albert League, 2 to 1, on Thursday. The game was witnessed by a large crowd and was one of the most interesting played here this season.

Chatham was without the services of Emerson Archibald, their star short stop. P. Johnston filled the gap and his place was later taken by the veteran Joe Currie. Briggs was on the mound for Chatham and he was in excellent form. He struck out nine opposing batters and allowed four hits, one in the eighth and three in the ninth inning. The visitors used Blight in the box. Only two hits were secured off his delivery and four men fanned.

Chatham notched their two runs in the fifth frame when Blight made two bad throws. The visitors got their lone tally in the eighth when Condron came in on Larson's two bagger. The teams lined up as follows.

Chatham—Watling, c; Veno 3b; Hanley, cf; P Johnston, ss; D.A. Johnston, rf; Mills, lf; Ross 2b; Briggs, p; Dalton, 1b;. Currie replaced Johnston in sixth.

Hillsboro—Evans, ss; Irving, rf; Wright lf; Condron, c; Blight p; Dawson, 2b; Steeves, lf; Larsen 3b; Sherwood cf.

Umpires—S. Jones, B Green

Score by innings — R.H.E

Chatham ..0 0 0 0 2 0 0 0 0—2 2 2
Hillsboro ..0 0 0 0 0 0 0 1 0—1 4 3

The second game in the series will be pleyed at Hillsboro this week. If Chatham should win no other game will be necessary but if they should lose, a third game will be played on neutral diamond. The winner of the series will meet the Portlands of St. John in the finals for the provincial championship.

LOCAL BASEBALL IN YEARS GONE BY

Many local baseball enthusiasts will remember when it was customary for the catcher to don his protector and mask only after two strikes had been put on the batter. Until this was accomplished he played well back from the home plate ready to try for a put-out on a pop-fly. Often a catcher would not don mask or protector during an entire inning, fouls or flys accounting for put-outs. When men on bases of course it was different. It was also in those good old days that a batter could knock all the fouls he had a mind to, there being no foul strike rule. As may be imagined the games were considerably more long drawn out than they are at the present time. In spite of all such seemingly drawbacks, baseball in Newcastle drew well in those days and a good brand of clean baseball was played.

The players were entirely local and they were obliged to put their hands in their own pockets to buy their outfit and pay their own expenses. The games were always afternoon contests, "twilight" ball being only for youngsters and picked up nines. Conditions now are much different in every way and it is very questionable if it is for the better.

MONCTON MAN DROWNS NEAR CHATHAM

Attempting to rescue his sister-in law, Miss Winona Shields, from drowning Robert Roberts of Moncton lost his life while bathing at Sandy Bottom near Chatham, shortly after 7 o'clock Wednesday evening. Miss Shields was saved by Miss Frances Ullock, who witnessed the tragedy from the shore and plunged in wholly dressed to go to the aid of the drowning woman. Mr. and Mrs. Roberts had come to Chatham from Moncton on a holiday trip and were visiting Mrs. Roberts' parents, Mr. and Mrs. James Shields. With Mrs. Roberts' two sisters they had gone to Sandy Bottom, which is a fairly quiet spot for swimmers but has a fairly strong current. Miss Winona Shields had gone beyond her depth and was in danger of drowning. She called out to her companions and Mr. Roberts swam to her aid. He was caught in the current and when not far from Miss Shields he suddenly sank. It is thought that he was seized with a cramp and was unable to brace himself against the strong sweep of water. He did not come up again and the horror stricken members of the bathing party summoned aid. Grappling irons were secured and at 8:30 the body was recovered at the same spot that Mr. Roberts had been seen to go down.

Coroner Marvin was notified and he viewed the body but announced that there would be no inquest.

Mr. Roberts' parents came to Chatham from Moncton and took the body home for burial

The sympathy of the community has gone out to the family so suddenly and tragically bereaved. Mr. Roberts' had been married only about two years and leaves a child about one year old.

LABOR DAY BALL GAMES SPLIT EVEN

The Moncton "Ramblers" played two games of baseball here on the Farrell Field on Labor Day, with the locals. The afternoon game was one of the loosest games witnessed here for some time and was won by the visitors by a score of 14—7. Graham and Lindon was the battery for the locals. W. Ashford umpired balls and strikes and Vincent Bayle refereed bases. There was a large attendance of fans who were not at all pleased with the brand of ball played. The evening game started at 5:45 p.m. and resulted in a win for the locals by a score of 11—0. Craik pitched for the locals in the "twilight" game and was given excellent support. Three of the regular players who were unable to play in the afternoon game, strengthened the team at night, thus making a much better showing than they did in the afternoon.

MANY APPLY FOR BEAVERBROOK SCHOLARSHIPS

Some twenty applications for Beaverbrook scholarships have been received by S.D. Simmons Secretary to the Governors of the Lord Beaverbrook Trust, in view of the opening of the various universities in the next few weeks. The Board of Governors is expected to meet in St John this week for the purpose of making awards. Several of the applicants were graduated from Fredericton High School in June last and passed the matriculation examintions in July.

The Board of Governors is composed of F.B. Ellis and Hon Wm. Pugsley of St John and Hon. O S Pugsley of Fredericton. Judge Crocket has not yet returned from England having been there to attend the sessions of the Bar Association. If he is not represented the other Governors will deal with the applications.

This is the fifth year in which the scholarships have been awarded. The first recipients of them were graduated last spring. Several were attending the University of New Brunswick and received their degrees at the last encaenia. The terms on which the Trust was established by Lord Beaverbrook were that the scholarships be of $325 per year. A scholar may attend any university in Canada with the exception that no sectarian institution may be attended except by a theological student. Five in each year are awarded. The majority of the scholarships have attended the University of New Brunswick and a few Dalhousie University at Halifax. Others are distributed in other institutions

The Trust has proved of great assistance to students whose financial position has been such that assistance was necessary for a University course. Lord Beaverbrook it is understood before coming to Canada conferred with Judge Crocket in England relative to scholarships.

ST. JOHN EXHIBITION

The St. John Exhibition opened Saturday and continues all this week. A number of local people are in attendance.

The second largest industry

Moirs Limited now occupy this position in the Maritime Provinces. And they have only started to grow. As this industry develops, so does its home district.

It uses eggs by the million, butter by the ton, besides providing a huge outlet for a score of other Maritime Products.

When the candy craving comes over you, slip into the nearest store and ask for a few cents worth of Moirs' Cream Caramels. They're wholesome, richly flavored and lasting.
