# LOCAL NEWS.

VISITORS FROM WOODSTOCK.—The steamer Florenceville brought about seventy-five excursionists from Woodstock to Fredericton on the 24th.

LOOKS WELL.—Lieutenant Hawthorn has the improvements in his store on Queen street nearly completed, and the place looks remarkably well. The interior decorating is being done by W. H. Sutherland.

BUSINESS RUSH.—Alex. Gibson is arranging for the erection of twenty double brick houses at Marysville. The brick yards are running at full blast and the town is all alive with manufacturing bustle and enterprise.

LOST HER SIGHT.—The many friends of Miss Lottie Cliff, of the York street school department, will hear with very great regreat that she has been totally deprived of her eyesight since going to Boston, for treatment.

SLIGHT BLAZE.—A slight blaze in the yard of John Edgecombe & Sons, to the rear of the W. C. T. U. coffee rooms, called out the fire department Wednesday night, but the fire was extinguished before any damage was done.

TENNIS AGAIN.—The tennis courts in the officers square were laid for the coming season, and the nets erected on Thursday afternoon, when a number of young men and ladies, lovers of this pleasant sport, enjoyed an afternoon's play.

PROMENADE CONCERT.—About 200 people attended the promenade concert in the curler's rink, on the evening of the 24th, held by the Y. M. C. A. excursion party from St. John. Music was furnished by the Y. M. C. A. orchestra. There was no dancing.

FISHING TRIP.—N. W. Brown returned Thursday night from a fishing trip of three days on the head waters of the Kennebecasis, in company with Dr. Flemming and Inspector Smith, of Petticodiac. They had splendid sport, hooking about ten dozen large trout.

NARROW ESCAPE.—Miss Fleming, a young lady from St. John, while driving alone in a buggy Wednesday afternoon, had a narrow escape. She lost control of the horse, which dashed in York street, but in turning into Queen street was luckily stopped by a Marysville buss.

CUT OFF HIS TAIL.—On the night of the 24th some parties unknown entered the barn at the rear of Lee's opera house, where Blanche Dunphy's blind pony was stabled, and cooly and deliberately cut off the creature's tail. Such a barbarous act deserves the severest punishment.

FOR HIMSELF.—Albert E. Massie, late of J. D. Fowler's jewellry establishment, has bought out the stock in trade, and business of M. A. Kelly, boots and shoes, and is to manage the business himself. Mr. Kelly goes to Doaktown to work in the establishment of the Messrs. Swim.

AT LONDON.—Among the Canadians registered at the high commissioner's office London, in the fortnight ending 9th of May were; Mr. and Mrs. A. F. Randolph, Misses H. F. and M. F. Randolph, and Mr. C. F. Randolph, Capt. L. Wadmore and family, and sergt. instructor Fowlie, Fredericton.

BADLY HURT.—A woman named Mrs. Foster, who was a passenger by the C. P. R. train Monday night at 8 o'clock, was run over by the mail wagon near the depot here, shortly after leaving the train, and was pretty badly hurt. Dr. Currie was called and dressed the wounds, and she is now doing well.

MUCH NEEDED REPAIRS.—The old plank sidewalk on the lower side of York street, between Brunswick and George, has been taken up and the ground levelled. The city council will probably lay an asphalt walk from King street to George this summer. There should be an asphalt sidewalk the whole distance out to the C. P. R. depot.

DOLL'S CARNIVAL.—Don't forget the doll's carnival in the curler's rink on the 13th of June in aid of the blind of the province of N. B. All the children should go to see the one hundred dolls from Halifax, dressed in fancy costumes. Contributions of fancy work solicited by the committee: Mrs. John Black, Mrs. Byron Coulthard, Mrs. James S. Neill, Mrs. P. Dever, Mrs. Havelock Coy.

EYE INJURED.—Tuesday night Miss Mabel Smyth, residing at F. B. Cooper's on King street, while lighting a cracker for Cooper's little boy, was injured by the explosion of the cracker, a portion of the contents entering one of her eyes. It was at first feared that the sight was entirely destroyed, but Dr. Vanwart, who was called, succeeded in restoring her vision, though he found the eye very badly hurt.

SMALL HOUSE.—The Taylors appeared at the city hall last night and were greeted with a very small house. Their performances certainly deserved much better patronage from Frederictonians. Miss Taylor gave a private exhibition of her wonderful powers of mind in the parlor of the Barker house yesterday afternoon, and astonished everyone who witnessed the strange and wierd proceedings.

SET AT LIBERTY.—On the queen's birthday Major-general Herbert cabled his congratulations to all the royal Canadian regiments, including that at Fredericton, and ordered a remission of all unexpired military punishments. As a consequence, privates McMurray and McElroy, of the R. R. C. I., who were serving a term in the county gaol, under sentence of a district court martial, were set at liberty Thursday afternoon.

THE FIRST SALMON.—John Lyons caught the first salmon, Tuesday morning of this week, that has been taken in the Miramichi this season, so far as we have heard. It was a nine pounder. Senator Snowball got the fish for $2. Salmon are said to be coming up river in great numbers. The easterly storm prevented the setting of nets at the mouth of the river, and the fish got in safely. This will be all the better for the anglers.—Chatham World.

RUNAWAY.—Considerable amusement was caused on York street Thursday night by the running away of Percy Eegecombe's Shetland pony and cart, which dashed all the way out the street to the C. P. R. depot, resisting all attempts at capture, turning in the depot yard, and coming back at a rattling pace to King street, where a crowd collected caused it to slow up, and the capture was effected. Fortunately the street was clear, and no damage was done to cart or harness.

EXTRA GOOD ONE.—Among the many fine York county horses is the three-year-old stallion, King, owned by W. H. Morgan, New Maryland. He is by B. D. Sewell's Suffulk punch; dam a Percheron mare by the old York county horse. King now weighs 1350, his dam weighed 1673, so he will likely be well up to the 2000 pounds mark when five years old. He has fine action for a large horse, is a dark bay, kind and tractible. He will stand for service at Horace Pugh's, Marysville, being at Hugh Edgar's, St. Marys, on Saturday afternoon and New Maryland on Saturday evening. Terms will be made known on application. He is a valuable horse and his services will be limited. Those requiring his services may notify the owner, W. H. Morgan at Marysville, who will meet parties if necessary at St. Marys, Fredericton or New Maryland as desired. He is the best bred stallion in the county.

### The Conspiracy Case.

The second trial of C. B. Welton on the well known charges of conspiracy to defraud the Golden Rule Alliance and Mutual Reserve Fund Life Association Insurance companies, was concluded at the St. John county court on Tuesday last. The evidence was all read over to the jury and the judge finished his charge about four o'clock in the afternoon. The jury retired and after remaining out all night reported at the opening of the court on Wednesday morning that they could not agree on their verdict. Their finding, however, was favorable to the prisoner, for on the charge of forgery they acquitted him, and on the charge of knowingly uttering forged papers, they stood ten to two for acquittal.

Mr. Currey moved for the discharge of the jury, and the prisoner was ordered back to jail. Thursday morning, on the opening of the court, the attorney general, for the crown, said that the crown would join with the prisoner's counsel in an agreement not to take any further proceedings against Welton and Randall on the remaining charges of conspiracy until the next session of the court on the fourth Tuesday of July. The prisoners were allowed their liberty on their own recognizances of $10,000 for each of the charges. There are six against Dr. Randall and seven against C. B. Welton. The former entered into his own recognizance for $60,000 and the latter for $70,000. It is the general feeling in St. John that this will end the Welton-Randall business for all time. Rev. Sydney Welton's name was called by the court crier, but he failed to appear; he is in Boston.

### Complimentary.

The following respecting Alfred Garden, son of James Garden, postmaster of Gibson, is clipped from the Toronto Mail:

"A. Garden, who for some time past has assisted rev. W. Gillespie in the Church of the Messiah, and is about to enter on parish duties, was highly complimented at a recent meeting of the congregation, when the following resolution was passed:—Moved by Mr. Grant Helliwell, seconded by Mr. Walter A. Strowger, "That the congregation of the Church of the Messiah take this opportunity of expressing their appreciation of the services of Mr. Alfred Garden, who during his connection with the parish has by deep interest and zeal in all matters pertaining to the welfare of the church, gained the high esteem and affectionate regard of all who have come in contact with him. It is with much regret that the members of this congregation contemplate the removal of Mr. Garden from their midst, although rejoicing in the fact that the cause of his doing so, is ordination to the sacred ministry of the gospel, and they earnestly trust and pray that his future labours may be abundantly blessed in the salvation of souls and to the glory of God." Mr. Garden replied in a very neat and touching speech, expressing his regret on leaving so warm friends, and asking their prayers on his behalf in the important work upon which he was about to enter."

### The Lumber Drives.

News from the lumber drives from all sections of the province is most encouraging. At present the prospects are good for all the lumber to get out. As yet no drives are reported hung up. Michael Welch, who was in town to-day, has just returned from the Miramichi. His cut of three and a half millions on the Burnt Hill stream is out in the main Miramichi in the corporation limit. He is now on his way to look after his logs on the south branch of the Miramichi. William Richards and Timothy Lynch are also getting well along with their lumber on these waters. On the Keswick stream reports come in equally encouraging. Richardson's drive, including two years' cut of nearly nine millions, is safe. The same may be said of W. H. Lawrence. R. A. Estey received a despatch Tuesday night that his cut of one and a half millions on the upper Tobique was in the main river. Beveridge's drive of about three millions, and Hale's of three or four millions, on the same waters, are also reported in the main river and perfectly safe to come. Randolph & Sons received a letter today from D. H. Keswick stating that his drive of three millions on the Grand river got out on Saturday. The water is still too high to permit of rafting operations. Small rafts are, however, arriving at Springhill daily, and are being bracketed and despatched to St. John as soon as a raft is made up.

### The Trade in Blueberries.

The blueberry season has not opened as yet, but Mr. Wilmot, M. P., of Sunbury county, who was in St. John to see the cabinet ministers in relation to the trade a few days ago, is preparing for it. He seeks to have the duty removed from the crates. It appears that the berries are sent in boxes to the states, sixteen boxes being contained in each crate. Duty is charged on the crates the first time of entering, and each time they enter afterwards they are admitted free. Mr. Wilmot seeks to have the whole of the duty taken off as few of the crates ever return.

As an indication of the size of the blueberry business, which is growing rapidly, it is only necessary to state that last year between the stations of Welsford and McAdam, on the C. P. R., $14,000 were paid to the pickers. Charlotte, Westmorland, Kent and other counties also do a large business.

### Drowned at the Narrows.

The community of Stanley was shocked on Saturday last by the sad intelligence that Albert Kelley, son of John Kelley, of that place had been drowned. The unfortunate man was working on the Nashwaak drive and was engaged with a companion named Sullivan in breaking a jam in the Narrows. When the jam started Sullivan rushed for the shore. Looking back he saw no signs of Kelley and at once gave the alarm. The accident happened just as the men were quitting work. The body was recovered and buried at Stanley. Deceased was a young man, a son-in-law of Robert Scott. A large attendance at the funeral attested the respect that was felt for him in the village.

### The University.

The degree examinations at the U. N. B. are now going on, and will be completed by the 30th inst. Encoenia will be held at 8 o'clock on the evening of June 1st. Inspector H. V. B. Bridges, M. A., is to deliver the alumni oration, professor W. F. Stockley, the oration in praise of the founders of the university, and H. H. Hagerman the valedictory for the graduating class of 1893. Six of the undergraduates, of whom four are candidates for the degree of B. A., will take special diplomas in engineering, viz: H. H. Hagerman, Wm. Harrison, T. L. Simmons, T. E. Falconer, A. S. Dickison and Frank Green.

### Coming Attractions.

W. T. H. Fenety has a large and attractive list of amusements booked for the city hall during the coming month. Among these are:

June 7th and 8th—Gilbert's English opera in "The Bohemian Girl" and "Maritanna."

MORE HORSES.—Three horses arrived by boat Thursday afternoon for the livery stables of J. R. Golding. They are from P. E. Island.

# THE TWENTY-FOURTH.

### University Sports and Other Features of the Day.

Wednesday, the 24th, was real Queen's weather, bright with a very pleasant breeze. Quite a number of citizens took the early train, some for St. John but the larger number went to St. Stephen to witness the celebration at that place.

At eleven o'clock, capt. F. H. Risteen with the Fredericton bicycle club went out to Marysville for a run. After returning they took in the principal streets. The club was about fifteen strong and looked very well in uniform. The parade will be the means of inducing many others to apply for membership.

The Royal school of Infantry turned out just before noon and performed sundry evolutions in the officers square. A feu de joie was fired and hearty cheers given for Her Majesty the Queen. The men looked well in their bright red uniforms and white helmets, and executed the manœuvres with admirable precision and regularity, to the music of their own excellent band. At parade in the barracks square previous to marching to the scene of the morning's operations, lieut.-col. Maunsell read to the troops a telegram which he had received from Ottawa announcing that Her Majesty had been pleased to confer upon the regiment the title of "Royal," and that henceforth it would be designated the Royal Regiment of Canadian Infantry.

The principal feature of the holiday attractions was the annual sports of the university A. A. club, which were held on the terrace in front of the college building in the afternoon, commencing at 1.30 p. m. As usual the old college building and the beautiful university grounds were appropriately and handsomely decarated with bunting and other ornaments, and the great majority of holiday makers, both celestials and their visitors, were present in their very best summer attire. The C. R. I. band was in attendance, and rendered a very acceptable musical program in their usual inimitable manner. The program of sports comprised fourteen events, all of which were well contested, and some records broken during the afternoon. Following is the list with the prize-winners, their time and distance, and the former record for comparison:

Standing broad jump—1st, A T Hoben, 12 ft 6 in; 2d, C H Elliott, 10 ft 9½ in; 3rd, Malone, 10 ft 4 in; 4th, F T Chesley, 10 ft 3 in; former record 12 ft 4½ in.

100 yards dash—1st, Veazey, time 11 sec; 2nd, S H McKee; 3rd, Armstrong; former record 10 4-5 sec.

Putting 16 lb shot—1st, Malone, 30 ft 9½ in; 2nd, C H Elliott, 30 ft; 3rd, F. T. Chesley, 29 ft 5 in; former record 35 ft 3 in.

220 yards dash—1st, Veazey, time 28¼ sec; 2nd, S H McKee; 3rd, A T. Hoben; former record 28¾ sec.

Running broad jump—1st, Veazey, 17 ft 3½ in; 2nd, A T Hoben, 17 ft 2½ in; 3rd, F T Chesley, 16 ft 5½ in.

C E McCullough, of '92, also entered in this event to try for the record, and succeeded in breaking it by 1 foot, doing 18 ft 10; former record 17 ft 10 in.

Running high jump—1st A T Hoben, 5 ft 1½ in; 2nd, Burpee, 5 ft 1¼ in; 3rd, C H Elliott, 5 ft; former record 5 ft 1¾ in. Hoben and Burpee tied for first in this competition and the former won on a toss.

McCullough, '92, also entered against his old record of 5 ft 1¾ in, made in 1892, and succeeded in adding 1¾ inches to the height then attained by him, thus making his own record 5 ft 3½ in.

Half mile walk—1st, R W McLellan, 4 min, 29¼ sec; 2nd, F T Chesley; former record 3 min, 50¼ sec.

Hop, step and jump—1st, Veazey, 36 ft, 11 in; 2nd, C H Elliott, 36 ft, 5½ in; 3rd, A T Hoben, 36 ft, 1 in; former record 40 ft, 5½ in.

Quarter mile race—1st, Veasey, 1 min, 2 sec; 2nd, C R Mitchell; former record 1 min, 1 1-5 sec.

Pole vault—1st, R T Aiken, 8 ft, 11 in; 2nd, C H Elliott; 3rd, T E Powers; 4th, B Wiley; former record 9 ft, 1 in.

Hurdle race—1st, Veazey, time 16¼ sec; 2nd, Armstrong; 3rd, S H McKee; former record 2 min, 22½ sec.

Three standing jumps—1st, A T Hoben, 33 ft, 6 in; 2nd, C H Elliott, 31 ft, 5½ in; 3rd, Malone, 29 ft, 10 in; former record 34 ft, 10 in.

Mile race—1st, C R Mitchell, time 6 min, 10 sec; 2nd, F T Chesley; 3rd, R T Aitken; former record 5 min, 10½ sec.

Among the undergraduates, who alone competed for prizes, one record was broken, that of the standing broad jump, which has stood at 12 feet, 4½ inches, since 1883. Hoben has the honour of adding another one and a half inches to this record, thus placing it at a very respectable figure for amateur athletics,

W. M. Veazey carries off six first prizes out of a possible fourteen. He is the winner of the belt presented by the class of '80, to be awarded to the best general athlete, and also of the gold medal presented by E. H. Wilmot, esq., for the best general athlete of the sophomore class. He will thus have seven gold medals and a fine belt as trophies of his athletic prowess in the Olmpia of New Brunswick.

C. R. Mitchell gets possession for the present year of the gold medal presented by J. D. Fowler, to be competed for in the half mile race, and carried off by the athlete making the best time in three years.

F. T. Chesley wins Mr. Wilmot's gold medal for the best general athlete of the freshman class.

The first prizes were in each case gold medals, of very handsome and appropriate designs, and the second or third prizes included a number of beautiful and useful articles.

Mrs. Bridges, wife of the Classical professor, made the presentation of the prizes to the successful competitors. Altogether, it was a very enjoyable and successful day, and the university students are to be congratulated on their wisdom in again making the change from the fall to the spring.

The Y. M. C. A. excursion from St. John to Fredericton on the 24th, met with so many delays that it did not arrive in the city till about seven o'clock p. m. It started from St. John in the Olivette, but before they were very far from St. John it was discovered that her machinery would not work altogether satisfactorily, and at John O. Vanwart's landing a stop was made on account of the air pump refusing to work, and the excursionists were transferred to the David Weston which was then on her regular trip to St. John. She brought the party back and started to return to St. John at 11 o'clock p. m. The excursionists did not get out to the curling rink, where they were to hold a promenade concert to the music of their orchestra, till about 9 o'clock, and the concert was not the success that it might otherwise have been.

### Builders Look at This.

At this season of the year there are always more or less houses, barns and other buildings being erected. It is often difficult to get the right dimensions of lumber and the various kinds necessary, and a word in this connection may not come amiss. The connection may not come amiss. The steam saw mill of T. E. Babbitt & Son, at Gibson, is fully prepared to manufacture all kinds of building lumber, scantling, shingles, boards, clapboards, laths, etc. Besides keeping a full stock of these on hand, the proprietors are ever ready to saw out frames of any length and size either from their own logs or from logs which may be brought to their mill. They have good facilities for shipping also; being on the river a raft may be readily brought or taken from the mill while, if preferred, the cars of the C. P. R. run through their yard and a car load may be sent to any point. They have always in stock dry flooring, dry pine, for finishing purposes, ash for wainscotting, in fact anything in the house building line that is usually required. Before purchasing elsewhere what may not be just what you want, visit Babbitt's mill and be satisfied. Sawing of any kind done at short notice.

At her home in Somerville, St. George, on May 10th, Mrs. Oliver Purdy died of consumption after a short illness in the 48th year of her age. Deceased was a native of that place and a daughter of Wm. ### Dominion Exchequer Court.

Judge Burbidge was engaged until 10.30 Wednesday evening hearing the case of the Queen vs. the St. John gas light company. The case is based on the action of the defendants dumping refuse matter from their works through a sewer into the harbor to the detriment of fishing and navigation. The case raises the whole question of dominion supremacy in the harbor of St. John for the purposes of the general regulation of navigation, marine and fisheries. A number of pilots were called who gave evidence that the matter discharged is a sort of tar; that it sticks to the bottom of their boats and destroys the paint, and also causes stones and rubbish to adhere to them, necessitating frequent cleaning of the bottoms. John B. Wilmot and others were called to give evidence as to the injurious effect which the discharge has upon fishing in the harbor. The defendants allege that ever since 1882, the year when they put the sewer down, the catch of fish has increased.
