LOCAL AND OTHER ITEMS

The election in St. Rick, Man., takes place on Nov. 10th.

The corner stone of St. Joseph's Catholic church at Kentville, N. S., will be laid today by Archbishop O'Brien, who will also deliver the sermon.

The wife of Professor Weldon, M. P. died at Halifax, last week, after suffering great agony. She was in her 37th year.

Henry McEwan, alias Jackson, was, on Thursday, taken to Dorchester Penitentiary, by Sheriff Hazen and Deputy Kiggins, where he will serve a two years sentence for larceny.

Five train hands on the Canada Eastern railway, connecting Miramichi and Fredericton were discharged Thursday night. A consignment of liquor was forwarded to Fredericton by that line recently, and the men helped themselves out of it.

Gideon Ross, who is charged, with the Weldon brothers, with fraud in the St. John graveyard insurance case, cannot be found. The search has been abandoned, and the trial of the others will take place at the next sitting of the County Court.

The large iron, containing the boiler and machinery of the wrecked steamer Abraham Sutton, arrived here in tow of the tug William Aitken, Friday. Capt. McMillan, who had been superintending the work of removal, came from Canso in the tug.

Charles Goodhue, was killed at Salmon station, near Fredericton, N. B., by Saturday evening's train from St. John. Goodhue had been attending the election and had been drinking. On his way home he must have fallen on the track and gone to sleep. He was 28 years old, and leaves a wife.

Mr. Farquharson, J. P., who resides on the Preston road, when in Stipendiary Griffin's court this morning, stated that a wolf is prowling about near his place. A number of men have endeavored to hunt the animal down but without success. Squire Farquharson says the wolf's nightly howling is hideous. Another hunting party start will after his wolship.—Halifax Herald.

The Worcester sailed for Boston, Thursday, with a general cargo of potatoes, eggs and mackerel and the following passengers:—Thos Brenan, John Kirkham, Miss F Reynald, A Campbell, J W Douglas, B F McDonald, J McPhee, L M Stevens, Mr Daile, Miss Daile, Maggie Jennings, Miss Cullen, Miss Farquharson, Susie McKinnon.

True Merit.—All persons who have used Everybody's Pills, prepared by A. S. Johnson, find they make "the best family medicine," as they are mild, safe and certain. They are sold by all druggists throughout the Island at twenty five cents, or will be sent by mail on receipt of price. June 11

We regret very much to learn of the unexpected death of Mr. James M. McLeod, which occurred at Foxboro, Mass., yesterday morning. Mr. McLeod was the eldest son of Mr. James McLeod, of the firm of McLeod & McKenna, this city, who has our hearty sympathy in his bereavement. The deceased was aged 33 years.

The Leicestershire regiment, which has garrisoned Halifax for the past two years, is to be replaced in February by the 26th Scottish Rifles, who are now at Aldershot. The Leicesters go from Halifax to Barbadoes. Hereafter the military authorities will not bring troops from the West Indies to Halifax, owing to the coldness of the climate. The troops will be sent from the West Indies to England.

Owing to the very disagreeable state of the weather yesterday very little activity was occasioned in the produce markets. The wholesale prices for the following articles were as follows: Potatoes—Prince Rose, Hebron and Garnets 25; all other kinds 20c. The demand for Dakota Reds is falling, they being very undesirable for the American market. Oats both white and black, brought 34c, the latter being dull. Eggs sell at 14c, and the choicest pork brought 5½.

Shortly before noon, Monday, the stable of Patrick Kelly, situated in the rear of his residence, on Edward St., was discovered on fire. The firemen were quickly on the scene, but so great was the headway of the blaze that their efforts to save the building were fruitless. A fine horse, valued at over $100, a valuable pig and the other contents of the building were destroyed. How the fire originated is unknown. Mr. Kelly and another man had been in the stable fifteen minutes previous, but no sign of fire were then visible. The building was insured for $50. The loss is a severe one on Mr Kelly.

Two young men, named Connors and Hyland, were in a small fishing craft at Port Mulgrave. Hyland stayed on board and Connors went on shore. At three o'clock in the morning two men from the shore put Connors aboard the craft Hyland was asleep but Connors awoke him and asked for some liquor, but there none was aboard. Hyland says he then went to sleep again and never woke till morning, when he missed his comrade and afterwards found that the boat was also gone. One of the oars and the overturned boat were afterwards found in a dock to windward of where the craft was moored. Connors leaves a wife and three children.

The Two Dans.—At the opera house last night these who were present enjoyed themselves highly. The panorama, representing localities of historic interest in Ireland, were remarkably fine, and were instructive as well as entertaining. The two "Dans" brothers who had been separated since childhood, created a most uninterrupted scene of confusion in which was incomparably ludicrous and laughter provoking. The twins loved twinsters, but when one Dan would leave and the other one appear almost in an instant there was confusion worse confounded. The poor girls didn't know "t'other from which," nor did either of the Dans know the other was near for a long time, and these facts were the occasion of some of the most ludicrous mistakes imaginable. The dancing was excellent throughout, one of the most laughable—without one's sides—we have seen this season.—Daily Review, Wilmington, N. C. The above alludes to the great show which will open at the Lyceum on Friday evening next. The plan of reserved seats is now at the Richmond Book Store, and we strongly advise everyone to secure a seat. This is a pure, moral and elevating performance, and has been spoken of in the highest terms wherever exhibited. A matinee for the school children will be given on Saturday afternoon at half past two o'clock. All should take in this very popular and elevating show.

If the hair of the hair were made a part of a lady's education, we should not see so many gray heads, and the use of Hall's Hair Renewer. It is unnecessary.

Friday, Prince St. and West Kent St. Schools celebrated Columbus day in a very appropriate manner. The exercises at both schools consisted of the rendition of a musical and literary programme by the pupils and addresses by prominent citizens. A pleasing feature of West Kent Street school's celebration was the raising of the Canadian flag above the building. In the evening, in the Lyceum, the pupils of Prince Street School, gave an excellent entertainment.

CATARRH

Is a most loathsome, dangerous, and prevalent malady. It is a blood disease, usually of scrofulous origin, and for which local treatment is useless. Before health is possible, the poison must be eradicated from the system, and to do this

SUCCESSFULLY

the disease must be treated through the blood. For this purpose no remedy is so effective as Ayer's Sarsaparilla.

"For the past eight years, I have been severely afflicted with Catarrh, none of the many remedies I tried affording me any relief. My digestion was considerably impaired, and my sleep disturbed by phlegm dropping into my throat. In September last I resolved to try Ayer's Sarsaparilla, began to use it at once, and am glad to testify to great improvement in my health."—Frank Teece, Jr., engineer, 371 West Fourth street, New York City.

"My daughter, 16 years old, was afflicted with Catarrh for her fifth year. Last August she was

TREATED WITH

Ayer's Sarsaparilla, and after three months of this treatment she was completely cured. It was a most extraordinary case, as any druggist here can testify."—Mrs. D. W. Barnes, Valparaiso, Neb.

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*
