FLYS.

Three Rochester players, Shafer, Griffin and Fitzgerald, have already been disabled in sliding to bases.

The Hams received an offer of $600 for Eddie Sales yesterday morning. It would take $1,000 or over to purchase his release.—[Hamilton Spectator.

Umpire Chub Collins will go to Buffalo. He and the other umpires will report to Secretary White on April 29 and get their instructions from him.

Chub Collins was in the city yesterday ordering a suit of steel mail, which he will wear under his uniform while umpiring this season. Chub says it will be bullet-proof.—[Hamilton Herald.

The Hams did not get rich on their trip. The receipts at Brooklyn were $5 50, $3 50 at Jersey City, and $28 at Newark. The Newark game was played on Saturday.

Tom Esterbrook would like to play in Jersey City, while the club is also thinking of Tommy. This may mean something, and then again there may be nothing in it.—[New York Sun.

Other International League cities have their eyes on Buffalo just now, but in spite of the fact that the Players' League club continues to show up well, the lack of attendance causes many to think that 25-cent ball such as that which the International club will supply will be quite good enough to spoil the Brotherhood's chances in that city.

THE RING.

LONDON HUST.

The London Hunt had a run yesterday afternoon. Only a small number of members turned out, but these enjoyed the sport, the ground and weather both being perfect for hunting.

THE SULLIVAN-JACKSON FIGHT.

SAN FRANCISCO, April 23.—The California Athletic Club has reached an informal decision to match Sullivan and Jackson for a purse of $20,000. No agreement when the fight will take place was reached, but five or six months hence seemed to be the prevailing opinion.

A PUGILIST BUTTS AN OX TO DEATH.

"Big Six," a colored pugilist of Birmingham, Ala., recently butted a well-grown 3-year-old ox to death to win a wager of $5. The negro caught the animal by the horns with his hands and butted it between the eyes. When their heads came together the noise could be heard a block away. Four times in succession the colored giant's head struck the ox squarely in the forehead with terrific force. Then the animal began to reel and stagger, and, gathering himself for a final plunge, "Big Six" drew back a full arm's length and ran his head against that of the ox with the force of a battering-ram. The animal fell to the ground and in five minutes was dead. There was a small lump on "Big Six's" head, but he said he felt no pain whatever. "Big Six" is about five feet ten inches, and weighs 240 pounds. On his arms, shoulders and chest the muscles stand out in great black knots. He is a giant in strength, but knows nothing of the science of pugilism. His strong point in a fight is his toughness. It seems almost impossible to hurt him. For a glass of beer he will break a piece of scantling over his head, and for 50 cents will butt the head out of an empty beer keg. For five years "Big Six" has met and defeated all pugilists who cared to try their powers on him. No negro can be found who will face him.

THE KENNEL.

A pack of hounds one recognized as among the finest in England has been sold for 3,000 guineas.

THE WHEEL.

An English bicyclist met with fatal injuries while decending a hill near Liverpool a few weeks ago. He lost control of his machine, and it ran for a distance of over half a mile, dashing him against a stone wall at the foot.

FOREST CITY CLUB.

A special general meeting of the Forest City Bicycle Club was held last night in the Tecumseh House, there being present Jas. Lamb (chairman), Messrs. Tune, Lawrason, Webster, Brown, Morphy, Evans, Mann, Owens, Williams, Fewings, Irvine, Robinson, Edwards, Luttrell and Burns. The following new members were admitted: Messrs. Saunders, Charlton, Consul, Dromgole, Mullen, Thorne, Fish, Tanton, Jewell and Mackay. Tuesday evenings and Saturday afternoons were fixed as days for regular club runs. Messrs. Evans, Burns and Lawrason were appointed a committee to wait on Mr. A. E. Irvine with regard to a road race, for which he proposed giving a gold medal, and also to get prices for a silver medal and badges for a regular monthly road race. It was decided that the club go to Hamilton for May 24. Civic holiday was fixed as the day for the club's run to Goderich.

BILLIARDS.

Maurice Daly, in the Sporting Review, throws out these hints to amateur billiard players:

The most important point in billiards is to hit your cue ball when you aim. All beginners cannot draw a ball because they do not strike where they aim.

It is always better to play with an opponent of superior skill.

In making a miscue, do not rest the blame on the cue. It is mostly faulty aim.

Always make a carom with a view to leaving the balls in position. The majority of new beginners are indifferent to the second shot.

Don't forget that at least 60 per cent. of a player's success is due to his execution, which means that it is necessary to practice a great deal.

The best way to improve is to study position playing.

Do not forget to obtain a thorough knowledge of the twists given a ball, for without that it is impossible to play well. It would be wise to consult professionals on this point.

The draw shot is the most important shot, as the best results are obtained with it.

The follow shot is also very important for position playing.

Do not bother about nursing until you learn to gather the balls.

Do not turn to the sandpaper every time you miss. A great many good tips are ruined in that way.

Chalk is good, but accurate aim is better.

Do not strive for too much at once.

In driving balls, try to drive only one, as it is easier to do one thing than two.

SCHAEFER BREAKS THE RECORD.

CINCINNATI, April 23.—Jacob Schaefer, champion billiardist of the world, played an exhibition game at the Elm Street Club with Frank Ives, and much to the surprise of every one broke the record. It was a fourteen-inch balk line, 300 points. Schaefer's first run was 66, his second 30, his third 166, and his last 38, making an average of 75. This is the highest average on record at this style of game. The best record was 50, and was made by Schaefer. Ive's score was 73. Although the record was broken, it will not go on record, as it was not made in a regular match. After the game Schaefer and Ives gave an exhibition of fancy shots, and in an ordinary three-ball game made a run of 1,931.

LAWN TENNIS.

Hamilton Lawn Tennis Club officers for this year are: R. J. Lucas, president; E. Martin, Q.C., J. N. Travers and A. Bruce, Q.C., vice-presidents; Geo. Hope, secretary-treasurer; committee, T. H. Stinson, W. B. Ferrie, C. Ricketts and F. Moore.

A Terrible Eczema

One of the worst cases on record. Seventeen years of fearful suffering. Head, face and ears one solid scab. Body a mass of disease. Hair matted, lifeless or gone. Limbs contracted and helpless. Unable to walk. Got about on hands and knees. Physicians and all medicines useless. No hope of relief or cure. At the end of seventeen years hears of the Cuticura Remedies, used them eight weeks, and is cured. N. B.—This miraculous cure was made in January, 1879, and has continued complete and permanent to present date, Jan. 26, 1890.

Cured by Cuticura

At the age of three months a rash (which afterwards proved to be eczema or salt rheum) made its appearance on my face. A physician was called. He said teething was the cause; he prescribed some cooling medicine, but the sores spread to my ears and head. Another M. D. was called. He professed to know all about the case; called it "King's Evil," and prescribed gunpowder, brimstone and lard mixed into a salve; but the disease continued. They could not do anything with it. Another prescribed borax water and flour; another, linseed poultices. None of them did me any good at all, but made me worse. The disease continued unabated; it spread to my arms and legs, till I was laid up entirely, and from continually sitting on the floor on a pillow, my limbs contracted so that I lost all control of them, and was utterly helpless. My mother would have to lift me out and into bed. I could get around the house on my hands and feet, but I could not get my clothes on at all, and had to wear a sort of dressing-gown. My hair had all matted down or fallen off, and my head, face, and ears were one scab, and I had to have a towel on my head all the time in the summer to keep the flies off. My parents consulted a prominent physician and surgeon here in Chicago (the other physicians before mentioned were of Dundas and Hamilton, Canada). He said he could do nothing for me. He wanted to cut the sinews of my legs, so that I could walk; but I would not let him, for if I did get better I would have no control of them.

W. J. McDonald

The disease continued in this manner until I was seventeen years old, and one day in January, 1879, I read an account in the Tribune of your CUTICURA REMEDIES. It described my case so exactly that I thought, as a last resort, to give them a trial.

When I first applied them I was all raw and bleeding, from scratching myself, but I went asleep almost immediately, something I had not done for years, the effect was so soothing.

The first morning after using it my flesh (I had no skin only on the end of my nose) was a pink color. Next day it was kind of white, and I could place my hands on the sores without it being painful. In about two weeks I could stand straight, but not walk. I was so weak; but my sores were nearly well.

As near as I can judge, I was cured in about six to eight weeks, and up to this date (i. e., from January, 1879, to January, 1887) I have not been sick in any way, or have had the least signs of the disease reappearing on me. I have an excellent appetite, have the very best of health. My limbs are straight, supply and strong. I have been exposed to all sorts of weather without the least signs of the disease yet. The only difference I find in myself is that my skin is finer, softer, and not so liable to get chapped as is other persons'.

No doubt many persons will not believe this almost improbable story, many will think it grossly exaggerated. I don't blame them a bit if they do, but to satisfy themselves they can call or write to me and find out if what I have written above is true or not. There are many persons who can testify to the wonderful cure I have received by your CUTICURA REMEDIES.

3732 Dearborn St., W. J. McDONALD.
CHICAGO, ILL., Jan. 30, 1887.

Since writing you Jan. 30, 1887, in regard to my cure of eczema in January 1879, I have had no reapperance of the disease in any form, and am as strong and healthy as though I had never had any such disease. W. J. McDONALD.
CHICAGO, Ill., Jan. 26, 1890.

Cuticura Remedies

It is one thing to claim to cure these great skin diseases, but quite another thing to do it. No remedies ever compounded in the history of medicine have performed the wonderful cures daily made by the CUTICURA REMEDIES, which are in truth the greatest skin cures, blood purifiers, and humor remedies of modern times.

CUTICURA, the great skin cure, instantly allays the most agonizing, itching, burning and inflammation, clears the skin and scalp of crusts and scales, heals ulcers and sores, and restores the hair. CUTICURA SOAP, the greatest of skin purifiers and beautifiers, is indispensable in treating skin diseases and baby humors. It produces the whitest, clearest skin and softest hands, free from pimple, spot or blemish. CUTICURA RESOLVENT, the new blood purifier and greatest of humor cures, cleanses the blood of impurities and poisonous elements, and thus removes the CAUSE. Hence the CUTICURA REMEDIES cure every species of torturing, humiliating, itching, burning, scaly and pimply diseases of the skin, scalp and blood, with loss of hair, and all humors, blotches, eruptions, sores, scales and crusts, whether simple, scrofulous or contagious, when physicians and all other remedies fail.

SOON SETTLED.

The Water Commissioners Do Their Business With Dispatch.

The meeting of the Water Commissioners last evening was a brief and bustling one, not a minute being wasted from its commencement till the close. Chairman Davis presided, and around the table sat Mayor Taylor, Commissioner Essery, Engineer Tracy, Inspector Platt and Secretary Ellwood. The communications received were:

From Johnston Harper and others, asking for larger water mains on Arthur and Alfred streets. Referred to Inspector.

From James Nicholson and others, asking for water mains on Victoria street between Colborne and Maitland streets, and on Maitland street between Victoria and Regent streets. Action deferred.

From Stevens & Burns, calling attention to a mistake in the rendering of their account. Filed.

From E. Adams & Co., complaining of the water rates as shown by their own meter on the elevator. The Secretary was instructed to notify the firm that the rate would be sustained and if they wished it the meter would be changed.

From Mr. Nichol asking that his lawn rate be thrown off. Referred to the Inspector.

A petition signed by all the liverymen in the city was read praying that the old system of rates be adopted or if the Commissioners did not see fit to give up the meter to reduce the rate per foot about half what it was at present. Laid over.

Martin O'Mara's protest against having the water of his hotel gauged by the same meter as that used in the livery stable adjoining, and which had been referred to the Engineer, came up again. The Engineer suggested that Mr. O'Mara be charged the schedule rate instead of the meter rate. Laid over till next meeting.

Commissioner Essery moved, seconded by Mayor Taylor, that the Engineer be instructed to inform the contractors that they will be required to obtain all necessary piping at once, so that there will be no delay when the Commissioners begin laying down the water mains. Carried.

It was also decided that the Secretary be instructed to procure copies of the charges made by the different Canadian and the United States cities for water privileges.

A petition was received from Bushnell & Co., calling attention to the inadequate fire protection in the vicinity of London East refineries. Referred to Engineer.

Commissioner Essery announced that he had been approached by parties in the Hutchinson vs. Water Commissioners suit, wanting to have the case dismissed without costs. The case falls through on the result of the vote in London South.

Incendiary Blaze at Essex Center.

ESSEX CENTER, Ont., April 22.—The dwelling of George Thornton, jun., was totally destroyed by fire Monday night. None of the contents were saved, the family escaping only with their lives. Loss $1,000; no insurance. Cause of the fire is supposed to be the work of an incendiary.

Struck an Express Train.

ESSEX CENTER, April 23.—As the midday Atlantic fast express on the Michigan Central Railway was passing round the curve at Essex Center at the rate of about 45 miles an hour, it collided with a one-horse wagon driven by J. C. Anderson, a farmer living one mile out of town. Mr. Anderson and the horse marvelously escaped with a few injuries. The wagon was a total wreck.

Six Dollars.—Handsome sideboard, $6; combined writing desk, $10, at Trafford's, 97 King street.

POLITICAL POINTS.

Treasurer Ross Retires from the Field—Conventions in Various Sections.

GODERICH, April 23.—Hon. A. M. Ross arrived in town Saturday evening and at once communicated the fact to his friends that he would not be a candidate at the forthcoming elections. A convention has been called for May 5 to nominate his successor in the representation of the riding. The names of J. T. Ganon, D. McGillicuddy, M. G. Cameron, A. W. Manning and A. McMurchy are freely mentioned. The two latter gentlemen are residents of Clinton, the two former belong two Goderich, and Mr. Cameron now resides in Toronto.

GLENGARRY.

ALEXANDRIA, April 23.—A rousing meeting of the Liberals of Glengarry was held yesterday in the Queen's Hall, all parts of the country being well represented. John Simpson was re-elected president of the County Reform Association, and Mr. Munro secretary-treasurer. James Rayside, M.P.P., delivered a capital address on the political issues of the day, and good speeches were also given by D. M. Macpherson, John H. Macdougald, John Simpson and others. Mr. Rayside was unanimously nominated as candidate for the Local Legislature, no other name being suggested. Motions were passed expressing unqualified approval of the Mowat Government and of Mr. Rayside as representative during the last two Legislatures. The party is well organized, and Mr. Reyside's return by a large majority may be considered beyond a doubt.

HALTON.

MILTON, April 23.—The Conservatives of Halton held their convention here yesterday to select a candidate for the approaching Ontario election and nominated Mr. Kerns, of Burlington, who has represented the county for the last two terms.

HAMILTON.

HAMILTON, April 23.—The city Conservatives are tailing along most painfully in their efforts to place a candidate for the Local House in the field that will make some kind of a run against Hon. J. M. Gibson. A number of names have been mentioned, but no one has been decided on. Mr. David Morton, soap manufacturer, and John W. Nesbitt, Q.C., are mentioned. Mr. Morton, it is said, has no objection to running. The leaders of the Tory party are not over encouraged in the big task they have in hand.

NOVA SCOTIA.

The writs have been issued for the general elections for the Nova Scotia Provincial Assembly. Nominations take place Wednesday, May 14; polling Wednesday, May 21.

MONTREAL EQUAL RIGHTERS.

The Montreal branch of the Equal Rights Association on Tuesday night passed a resolution of sympathy with the Equal Rights movement in Ottawa, and also discussed the advisability of putting a candidate in the field in Montreal at the approaching Provincial elections.

Fishing tackle, a large and fine assortment, at Brock's Gun Shop, 192 Dundas street. Lawn mowers sharpened and repaired.

The Question Settled.—Those eminent men Dr. James Clark, Physician to Queen Victoria, and Dr. Hughes Bennett, say that consumption can be cured. DR. WISTAR knew this when he discovered his widely-known BALSAM OF WILD CHERRY, and experience has proved the correctness of his opinion.

"Hair Magic"

Is a good name of Dr. Dorenwend's German preparation for the hair. It really works like magic. All who have used it pronounce it to be unequaled for remedying the lost vitality of the hair roots, restoring gray hair, removing dandruff, etc. Just try it. It is first-class. All druggists sell it.

GREAT KID GLOVE HOUSE,

When Powell, Allen & Brickenden will offer some extraordinary drives in Canadian and English goods which have just been received.

Customers, citizens and others will please observe that the goods that are offered are not only this season's productions, but fresh and new in pattern and design.

We make no apology for offering these goods so early in the season, but having purchased them at very close prices, we are determined to give our customers the benefits of close buying.

1st.—The first great drive is an extraordinary one, as it is seldom you find so early in the season wholesale houses prepared to sacrifice the prices of ladies' jackets. However, we have got them, and now offer them at the following extraordinary prices, which will be found on an inspection of the jackets a little over half value, viz., $2, $2 50, $3, $3 50, $3 75, $4 50 and $6 50. Fit perfect and mostly black.

2nd.—Tremendous drives in Black Royal Silk, which is the newest make of any silk in the market. Every yard will be sold for the extraordinary price of 93 cents. We challenge any silk like this line to be found at any other store under $1 25.

3rd.—One case of Fast Colored Ginghams in this big lot of goods, every yard of which will be sold for 5½ cents per yard.

4th.—Also contained in the piles of goods just received, Prints and Dress Goods, every yard of which will be sold at startling prices.

—Ninety-five feet of the St. Clair River tunnel were completed last week. On the Canadian side 1,710 feet have been completed and 1,785 feet have been tunneled at the United States side, making the total 3,495 feet. AN OLD GRIEVANCE

Discussed by Hot-Blooded Kentuckians—A Tragedy the Result.

CATTLESBURG, Ky., April 23.—Col. W. S. Smith, manager of a lumber company near Pineville, on Saturday, shot and killed Frank Phillips. Phillips charged Smith with having Phillips' father arrested during the war and sent to prison. This Smith denied and apparently satisfied Phillips. That same night, however, Phillips sought Smith's quarters and shot him while in bed, inflicting a painful wound.

When Smith recovered he got from Governor Fleming, of West Virginia, a requisition on Gov. Buckner for Phillips' arrest. Under authority of Gov. Buckner, Smith was attempting to arrest Phillips when the latter was killed.
