ARE THERE TOO MANY?

Are there too many stores in town? This question is asked by many visitors who can only look on the surface of things, and who come to the conclusion that Campbellton is no good, when they hear of this one closing, that one going down and the other one going West, etc. To those who have the interests of the town at heart, this is an erroneous impression and does not mean that Campbellton is going down, but the fact remains that the number of assignments and absconding debtors during the past summer is a clear indication that too many people go into the business of store-keeping. After the fire any one who had a little money started a small store when the supply exceeded the demand with the usual result. If instead of opening stores, those same people had put their money into small manufacturing businesses, they would have created certain markets for their products and made some money for themselves, as well as giving employment to others and benefiting the town.

There is plenty money in Campbellton and if expended in proper channels, would make large increases, but these channels are in manufacturing and production, not in store-keeping. There is not a market garden around Campbellton, where such a place could be easily established and have a large market for vegetables. Our water powers are not used as they should be and there is plenty of room now that the settlements along the International Railway are being developed for mills of all kinds. We may look now for two or three lean years after the rush and bustle of our rebuilding, but the future of Campbellton is assured. No one can take from us our natural resources and if these would be exploited early our success would come all the sooner.

EARLY SESSION EXPECTED

It is expected from present indications that the next session of the Quebec Provincial Legislature is not far off.

It is strongly rumored that the Legislature will be called this autumn as early as the month of November, and will rise for a couple of weeks during the Christmas and New Year holidays, to be resumed after and close about the end of January or the beginning of February.

INTERESTING EVENT AT NEW SETTLEMENT

Continued from page one

grounds for the ceremony of blessing the bell. The weather at this time looked threatening and a slight shower of rain drove the ladies to shelter, but the sun was soon shining brightly and Father Ferdinand opened the ceremony with a brief address in French. He gave a small resume of the work which had led up to this time, thanking all who had done so much to establish a church at Anderson. He especially thanked Mr. Thomas Malcolm and Mr. Anderson for the good work they had done in getting the siding put in which would be of great assistance in the development of the new settlement. He counselled the people to attend to the services of their church and to remember as they heard the sound of the bell that they were just at the beginning of a new district their future development would depend a great deal on the love they had for their church. Assisted by the other clergy, Father Ferdinand then blessed the bell with full ceremony, after which it was rung by the guests and parishioners. The service was then concluded in the church. The bell, which is toned in P and dated 1871, was then hoisted to its place and the ceremony was over. Two excursion trains were run by the I. N. R. to accommodate the visitors and everything passed off without a hitch.

This settlement, which is only a year old now has about 130 families settled there, and the spirit of the people shows that in a few years time Anderson will be a place of considerable importance. Lands are being cleared and good frame houses being erected, and as the soil is rich and good, there are splendid chances for the farmers who can have both the American and New Brunswick markets within easy reach.

DISTRICT MEETING AT NEWCASTLE

Newcastle, Sept. 10.—The Chatham District Meetings of the Methodist church convened here yesterday afternoon and continues today. There are in attendance: Revs. Dr. Harrison, Newcastle, chairman; Jabez B. Rice, Bathurst, secretary; K. C. Fulton, Chatham; Thos. Pierce, Richibucto; John A. Ives, Millerton; J. B. Young, Buctouche; C. W. Squires, Campbellton; W. B. Thompson, Gaspé; Thomas Marshall, Sackville; S. M. Aikens of the Temperance Moral Reform and Evangelistic department; and F. H. Holmes, Harcourt. The only lay delegates attending yesterday were Samuel Irving, Chatham, and Frank Curran, Richibucto. The afternoon was spent in the discussion of a forward Evangelistic Campaign, on a memorial of Revs. Fulton, Rice and Harrison. It was agreed that revivals should be attempted in every congregation, and as far as possible, in co-operation with Presbyterians and other Christians. Rev. Mr. Squires told how he and Mr. Purdy, Anglican frequently assisted by Rev. Mr. Drunon (Presbyterian) held evangelistic services on Campbellton wharf every Sunday afternoon at which as many as 300 have attended. Rev. J. M. Aikens told how he had spoken to large numbers in the open air in Amherst, Shelburne, Windsor and elsewhere in Nova Scotia, many being present who had not been in church for years.

The discussion took the form of a thorough investigation into conditions of church life, the need of revival being strongly emphasized. In the evening Rev. J. M. Aikens was the principal speaker. His theme was evangelistic.

TO BE WELCOME TO BATHURST

James H. Dunn, Wealthy Financier and Native of this Province.

James H. Dunn, native of Bathurst, but now of England, passed through St. John in a private car early Sunday morning from St. Andrews on his way to Bathurst. Mr. Dunn was accompanied by two British millionaires, who will look over the province with the idea of investment.

Mr. Dunn was born in Bathurst and his first investments were through the Montreal Stock exchange, after making a large amount of money there he invested in Argentine and is now a millionaire. His mother resides in Bathurst. He lately made generous donations to different institutions in the province, among others being \$12,000 to endow a hospital in Bathurst, and a large amount to the Cathedral at Fredericton.

Montreal, Sept. 10.—Sir Max Aitken left for England last night. Sir Max has done some strenuous work during his stay in Canada, and has completed several big deals.

Sir Max was accompanied to New York by Mr. V. M. Drury, of the Royal Securities Corporation, a brother-in-law of the Canadian Knight.

The baggage carried by Mr. Drury will not worry the customs officials very much. Just as the train was leaving Sir Max found it necessary to take Mr. Drury with him, and the latter departed with a tooth brush as his entire luggage. He waved the tooth-brush to Sir Max's friends on the platform as the train drew out.

BOTTLE OF GIN FOR A PARTY OF THREE

After a Night's Sleep Captain was Minus of \$475

Chatham, N. B., Sept. 9. — Some time Friday night Capt. Tremblay, of the schooner White Bird, which is well known on the Miramichi, was robbed of the sum of \$475 while his boat was at one of the shiretown wharves. The captain suspects two companions who were on the boat with him shortly before he noticed his loss, and the fact that they have disappeared would seem to be pretty good proof of their guilt. Captain Tremblay, who is in town to-day states that the men he suspects are Clarence Wright and Jas. Fallon of Newcastle. Wright shipped as a hand aboard the schooner and on Friday the captain got Fallon to help him in unloading some shingles. They were to sleep on board the boat that night and finish the work in the morning. The captain gave the men a dollar apiece for their work and he bought a bottle of gin. All three finished this and went to sleep. When the captain awoke in the morning the men were gone and also a roll of bills that he had placed in his trousers' pocket, amounting to \$475. The men cannot be found.

Bathurst Street

Eminently Correct.

You've noted, perhaps, that the well-dressed man wears to-day. We mean the well-dressed man—not the fop, not the dandy; but the man whose clothes look manly and up to the minute. He wears none of the freakish, under-sized coats. Nor do his trousers reach to the top of his shoes. Nevertheless, every tendency of good fashion is marked in his appearance. His coats are not so long as in seasons past. And their shoulders are of a more natural shapeliness, without being heavily padded, as formerly. Also with him trousers of graceful length and width find favor over the extremes either way.

Briefly, he demands that his clothes be eminently correct—and he gets becoming clothes always. Drop in and see what's correct for fall.

ANDREW'S CLOTHING STORE.

The Ware That
Lasts a Generation

You can cook the most easily scorched food in

"Wear-Ever"
Aluminum Utensils

with less fear of burning than in any other kind, because aluminum is a better distributor of heat and retains it longer. This means a saving in fuel. And it means a saving in wear-and-tear expense, too.

"Wear-Ever" utensils are light to handle and easy to clean. They cannot form poisonous compounds with fruit acids or foods.

"Wear-Ever" utensils are made from thick, hard sheet aluminum, 99% pure, without joint, seam or solder. You can let food burn dry without injuring them. Cannot rust—cannot chip or scale—are practically indestructible.
