And everything is easy. A wife with a damp cloth cleans it, a turn of a handle increases or lessens the heat, it burns all fuels, the thermometer tells you just what is going on in the oven, your pie crusts come out golden brown, crisp and melting, your roasts team with flavor and goodness.

See the Enterprise dealer or a friend who has a Monarch in her kitchen, and write us for our FREE illustrated booklet.

MAGIC BAKING POWDER

To reach the highest point of perfection in the manufacture of baking powder, many years of scientific experimental work by expert chemists are required to determine the exact proportions of the ingredients and the proper method of blending same to produce a baking powder of the maximum leavening quality and at the same time obviate the possibility of deterioration without the use of ingredients so frequently used as preservatives. This is the reason that MAGIC BAKING POWDER has become so universally used from coast to coast and has earned by demonstration the reputation of being Canada's perfect baking powder.

FRIGHTENED!

"Every morning I woke up, I felt that something terrible was going to happen."

Writes Mrs. M. and she goes on to say: "I wonder if any other woman ever had such fits of depression as I had for over a year. I was so utterly dependent that if it had not been for my children, I believe I would have put an end to my life. Every day and every night was a nightmare. I dreaded going to bed because I lay awake most of the night. When I did sleep, I had the most terrible dreams. I couldn't eat. I was completely run down—nothing interested me, nothing appealed to me. I consulted several doctors. They prescribed different remedies to build me up but these preparations didn't do me any good. Doctors told me I had a nervous breakdown. I was tired all the time. I felt every day that my strength was gradually leaving me. The least little cautions left me thoroughly tired out. I knew I was gradually wasting away. I felt I was going to die and I was so thoroughly miserable that I did not care whether I lived or not. And then I heard about Carmel and what a fine tonic it was. At first I refused to take it as I was sure it wouldn't do me any good. Finally I did try it with the most wonderful results. I am well and happy every minute of the day now. My friends don't believe that Carmel alone has done this for me. I am never depressed now and every day is a day of joy. What Carmel has done for me it will do for you."

Carmel is sold by your druggist and if you can conscientiously say, after you have tried it that it has done you good, return the empty bottle and we will refund your money.
