MILEAGE SUIT APPEALED.

Street Ry. Co. Goes to Court of Last Resort.

The Toronto Railway Company yesterday filed a bond to cover the costs of appealing the mileage suit to the privy council. The city obtained a judgment for $230,210 under the agreement, which was confirmed by the Court of Appeal, but the interest on the amount was reduced from six to four per cent. The company paid $206,340, but disputed the right of the city to collect on turnouts and curves. The amount at issue was due from Sept. 30, 1893 to Dec. 31, 1896.

The Hamilton Street Railway Company asked leave to appeal from a decision of the Divisional Court awarding $600 damages to William Van Cleaf for injuries received.

A change of venue from Guelph to Brampton was refused in the suit of Robert and Johanna Houston against their son, Gilbert, to set aside an annuity deed made in December, 1899.

John Badgerow, builder, left an estate worth $13,550. Charlotte Miller of Kenora, Assa., and her infant son, William G., receive $500 each and the widow the residue.

Won't See Toronto.

A party of 200 delegates to the International Railway Congress, recently held at Washington, will pass thru Toronto on Victoria Day, en route for Montreal, where they will be entertained by Sir Wilfrid Laurier to a banquet. They are now in Chicago, and yesterday afternoon Passenger Traffic Manager W. E. Davis of the Grand Trunk, with a party of officials of the road, passed thru Toronto on the way west to join the touring delegates. Three special trains of nine cars each will be required to accommodate them. They will not have time to remain over in Toronto, but will go directly thru. At Lachine a special steamer will convey them down the rapids.

A Defender of the Bible.

Rev. Dr. John Urquhart of Scotland, who visits this city the end of June, to attend the annual convention of the Christian and Missionary Alliance, is a well-known and trenchant writer on the side of the Bible in its integrity and authority. Torontonians will have the opportunity of hearing this distinguished preacher and writer in a series of addresses during the convention, which will be held in Zion Congregational Church, corner College and Elizabeth-streets, from June 23 to July 2.

Trethewey Wins.

The commission of the crown lands and mining department appointed to deal with the rival claims for mining location J. B. 6, in the township of Coleman, near Cobalt, has reported that it has been awarded to W. G. Trethewey of Toronto, the Nipissing Mining Company, a New York concern, having withdrawn its claim. There is a narrow vein of silver-cobalt ore in the location, which has not been worked, and of course the property may turn out to be much richer than is now supposed. Mr. Trethewey is the owner of the famous silver-cobalt mine bearing his name, near Cobalt.

FOUND DEAD AFTER TWO DAYS.

Miss Thorne, Resident of Todmorden for 57 Years, Dies Suddenly.

The little suburban village of Todmorden was alarmed yesterday afternoon by the news of the sudden death of Miss Mary Thorne, a resident here for fifty-seven years. Miss Thorne, who was in her sixtieth year, and born in Toronto, came here from Trinity-street, Toronto, in 1848, with her father's family. She was a daughter of the late Thomas Thorne, a much respected resident of this part of York Township until his death. The deceased lady was a member of the Church of England, and a regular attendant at St. Barnabas Church. Two brothers, George and Thomas Thorne, and one sister, Mrs. Entwistle, all of Toronto, survive her. Miss Thorne had been ailing for a week past, and is supposed to have been dead for two days when found by neighbors in a room upstairs in her home.

Can Eat Anything Now.

How many Dyspeptics can say that?

Or perhaps you are dyspeptic and don't know it.

Have you any of these symptoms?

Variable appetite, a faint gnawing feeling at the pit of the stomach, unsatisfied hunger, a loathing of food, rising and souring of food, a painful load at the pit of the stomach, constipation, or are you gloomy and miserable? Then you are a dyspeptic. The cure is careful diet; avoid stimulants and narcotics, do not drink at meals, keep regular habits, and regulate the stomach and bowels with

BURDOCK BLOOD BITTERS

Nature's specific for Dyspepsia.

Miss Laura Chicoine, Belle Anse, Que., says of its wonderful curative powers:—"Last winter I was very thin, and was fast losing flesh owing to the run-down state of my system. I suffered from Dyspepsia, loss of appetite and bad blood. I tried everything I could get, but to no purpose; then finally started to use Burdock Blood Bitters. From the first day I felt the good effect of the medicine, and am now feeling strong and well again. I can eat anything now without any ill after-effects. It gives me great pleasure to recommend Burdock Blood Bitters, for I feel it saved my life."

EXCURSIONS TO O. A. C.

There Will Be 48 Detachments to Visit During June.

Guelph, May 19.—(Special.)—The list of farmers' excursions to the Ontario Agricultural College during the month of June has been handed out by President Creelman. There are in all forty-eight, which shows an increase over last year. Paine's Celery Compound Defeats Disease And Death

Paine's Celery Compound has a record of life saving that no other medicine can ever equal. It has rescued rich and poor from the grasp of death when physicians and their most carefully prepared prescriptions failed in the work. If the suffering men and women of to-day could but see the happy faces and hear the kind words spoken by the tens of thousands who have been made well and strong by Paine's Celery Compound, it would soon dispel their existing doubts and fears.

Paine's Celery Compound is the only medicine that reaches the root of suffering; it is the only agency that can remove your terrible load of disease. Unsolicited testimonials of cures pour in every day. Young and old constantly hear witness that rheumatism, neuralgia, kidney disease, liver complaint, dyspepsia and blood diseases are banished permanently when Paine's Celery Compound is faithfully used for a time. Begin its use to-day, poor sufferer; delays are dangerous.

BRILLIANT SOCIAL EVENT UNDER AUSPICIOUS SKIES

Upper Canada's Annual Athletic Meet Favored By Weather and Society.

Under a smiling sun, the annual sports at Upper Canada College were pulled off yesterday in the presence of a very large and fashionable crowd. The various racing and jumping events were well filled and none were devoid of interest. The day closed with the presentation of prizes in the convocation hall.

The scene around Upper Canada's model athletic course was a gay one. All afternoon fashionable equipages were coming and going, and soon the whole of one side of the oval was a brilliant mass of varied color. The ladies in their most fashionable spring attire and pretty bonnets formed an agreeable background to the slope below, upon which reclined a couple of hundred wee chaps, the preparatory boys, all dressed in their college costumes of white duck, blue coats and blue caps. The little chaps enjoyed the affair to the limit, sitting with their glistening eyes glued upon the sinewy competitors. Between times they formed a rollicking, tumbling and playful wrestling mass of abbreviated manhood, boisterous, tho well behaved. The result of their afternoon's fun will be many a swelled laundry bill. The mothers and fathers were all there from many points in the province, and they enjoyed the sight immensely. The day was an ideal one for the sports, tho the wind was somewhat strong at times.

Among the Competitors.

Among the many competitors, it was the day of their lives to some. The athletes were of all sizes, from the little chap of ten, who was cheered as he came in far in the rear with a "Well, I'd be first going backward" confidence in his face to the "old boy" who competed in the mile dashes. From five to ten numbered the competitors in each event, and it pleased the audience to see the vim they put into their work, and the grand-stand agonies some of them went into at the close of their trial of endurance. The audience thought they were cute, too, in their little sweaters and dressing gowns, which were dropped just before the pistol went off and clapped feverishly on again as they dropped to earth after the strain of the contest.

The pleasure of the occasion was enhanced by a good program of music given by the Grenadiers' Band.

The Presentations.

The prizes, consisting of silver cups of all sizes, rings, etc., were presented by Miss Mortimer Clark, representing her mother, who customarily performs this pleasant duty. At the close she was presented with a beautiful bouquet by Alice, the little daughter of Principal Auden. The boys made it the occasion for a rousing rehearsal of astonishing "rah, rahs," as each successful athlete carried off his hard-earned silver plate. The convocation hall was completely filled with ladies, students and other visitors. Among the directors of the college present were Col. Denison and Mr. Willison.

UNNATURAL TIREDNESS ALWAYS DANGEROUS

INDICATES FAULTY BLOOD AND WORN OUT NERVES

Correct It Now or Total Collapse Will Surely Follow.

When you seem tired all day, bothered by trifles, exhausted with nervousness, be sure there is something wrong.

You need bracing up, need more nourishment in the blood, need a powerful medicine to vitalize the nerves and distribute force and staying power to all overworked organs.

The most marvelous success is Ferrozone, a nourishing tonic so simple and scientific as to be the admiration of every practicing physician. Ferrozone performs wonders for people in poor health; it acts directly on the blood, enriching it with strength and new life that is at once distributed to all parts of the body. Ferrozone feeds the nerves and vital energies, supplies force and determination, joyous, buoyant spirits, that fill life with abundant pleasure and enjoyment.

A case where there was lassitude and lack of strength is told by Mr. David Brown of postoffice box 30, Beeton, Ont.: "About a year ago my health commenced to fail. My hands and feet seemed always cold. I felt worn out and exhausted, weak as a little child. My face twitched. My limbs and arms commenced to lose their sense of feeling and finally my left side was perfectly numb. All my color left. My appetite ran down. Ferrozone was the first to give me any help. I improved with it quickly. It toned up the blood and started circulation, so that numbness gradually disappeared. My condition was perfectly cured by Ferrozone, and I have been well ever since." (Signed) David Brown.

Special notice.—To get satisfactory results be sure to get Ferrozone only. Fifty cents per box, or six boxes for $2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U.S.A. and Kingston, Ont.

Another Railway Bill Killed.

The Strathroy and Western Counties Railway bill was bowled out by the railway committee yesterday morning. Allan Royce appeared in support of the bill, and J. W. Nesbitt of Hamilton, and H. H. Dewart, of Toronto, opposed it. They represented the Hamilton, Ancaster and Brantford line, which, they declared, was prepared to begin construction, and which would be interfered with by the proposed charter. If they did not begin work within six months they would be willing to see the charter granted to the Strathroy and Western.

Hon. Adam Beck was opposed to the bill, holding that the committee could not pass the bill in face of the action last year in refusing to grant a charter to a road from London to Hamilton, because it interfered with a charter held by the Western Traction Co. Companies should be compelled to go on or make some sacrifice.

Mr. Downey thought there were too many charters and too little work. T. H. Preston and Dr. Beattie Nesbitt favored competitive charters.

Hon. Adam Beck and A. Hislop moved that the bill be laid over until next year, and there was no dissenting voice.
