Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure, not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 31 one-cent stamps, to cover cost of mailing *only*. Cloth-bound, 50 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

AMUSEMENTS FOR OURSELVES AND OTHERS

ANOTHER SUCCESSFUL NIGHT AT THE LYRIC

Nothwithstanding the rain of last evening the Lyric was again crowded and many were the compliments handed the management upon the handsome appearance of the new house and the excellence of the opening entertainment. It will be several days yet before everything is in readiness, and the proper conclusion reached as to just how nice and atractive an amusement house the former Berryman's Hall corner has become. Monday night is expected to see the finishing touches placed, and the mangement are looking for a very large patronage on that occasion.

Doubtles hundreds of amusement lovers will be delighted to learn that Jere McAuliffe has been engaged for the second week at the Lyric. Probably very few entertainers are beter known and more popular in St. John that Jere, who has been regularly visiting the city for more than twenty-five years. Mr. McAuliffe has entered the field of vaudeville ,and this will be his first apearance in St. John in this capacity.

THE GEM

An excellent programme was given at the Gem last evening. The leading film "The Closed Door," proved a story with a moral. The plot is founded on the temptations of the Great White Way. A wife becomes unhappy in her home, on account of domestic duty and leaves her home and child for the pleasures and vanity of a gayer life. The story is pathetic and cleverly acted. The second feature is by the Kalem Co. "The Love Romance of the Girl Spy," being the last of a series of the girl spy who played an active and important part in the civil war of the United States. Many scenes of the pictures are worth seeing, one in particular which depicts the final struggle between Grant and Lee. An excellent comedy feature, and others of a pleasing nature, were also shown.

Charles Winchester the new baritone singer at the Gem, delighted his audiences Tonight. Mr. Winchester will be heard in "Mona" This selection is well suited for him and a treat is promised those who attend the Gem tonight. Saturday afternoon will be, as usual, children's day. Handsome souvenir button pictures of King George V. will be given to all who attend. These souvenirs were ordered for last Saturday, but were delayed. The button has a splendid picture of the king with red white and blue ribon attached.

SPORT NEWS OF A DAY; HOME AND ABROAD

Three months ago a prominent sporting man in New York city wagered $1,500 against $6,000 with another follower of pugilism that the Jeffries-Johnson fight would not take place on July 4. The other night, also in New York, these men doubled the wager and after the money had been posted in the hands of a stakeholder a long discussion of the proposed battle on the coast ensued. The man who will take down $12,000 if there is no fight on July 4, said he was banking on several obstacles that might be thrown in the way.

"In the first place," he explained, "it may rain cats, dogs and pitchforks on the day fixed for the mill. A postponement would be necessary, perhaps, because of the unfavorable conditions for the taking of moving pictures, which mean probably half a million dollars for the promoters and fighters.

"In the second place the reformers may get so busy that the promoters at the last minute may have to take the fight ont of California to Nevada and the building of an arena at Goldfield or Reno would require a week or ten days. Then again there may be a falling out over the referee question and either Jeffries or Johnson may declare everything off. It's also possible that one of the fighters may be taken seriously ill or die. An earthquake, too, may upset the plans. I've got al these chances to win my bet, which seems like a good investment when I can get 4 to 1."

Meanwhile the selection of Tex Rickard as referee, even if only temporary, is causing renewed criticism. At long range many sporting men say they do not relish the idea of the leading promoter acting as the third man in the ring and will not feel positive that everything is above board until a substitute for Rickard has been named.

If it is true that Rickard will finally appoint Eddie Graney to referee, New York sporting men believe there will be no fight, inasmuch as Jeffries is unalterably opposed to Graney.

James J. Corbett, former heavyweight champion, while in Chicago,on his way to California to help condition James J. Jeffries for his fight with Jack Johnson was asked concerning his old-time feud with Joe Choynski. Corbett laughed and said:—

"No, I don't s'pose we could be called friends, for we've been enemies practically since we were boys, but it should prove no obstacle to our mutual efforts to help Jeffries. I've forgotten any hard feelings I ever had and I hope Joe has. This is too big a thing for petty bickering to enter into the plans. I will greet Joe just as cordially as I would if we never had had any differences.

"When I told Jeffries some months ago that I would do all in my power to help him beat Johnson, I meant every word of it," continued Corbett, "and I began light training at once and increased it until for the last few weeks I have been doing what might be called hard training."

Al Kaufman gets $7,500 for his end against Langford, regardless of the decision.

The complete card for next Tuesday night at the Armory A. A., Boston, is Pal Moore; vs. Jimmy Walsh. 12 rounds George Perry of the West End and William Blair of Fort Waren, six rounds; Young Stickney of the navy vs. Johnny Glover of South Boston, eight rounds; Young Reardon of Brockton vs. Frankie Moore, a brother of Pal.

Says the Boston Herald sporting man:—"Ketchel and Jack (Twin) Sullivan here in Boston June 7. Guess the rafters will creak when that comes off. In passing, Jack, you want to keep that toupee on good and tight before you start anything."

The Turf

Realizing that the fate of high class harness racing in the east is at stake, and apparently apprehensive of the outcome, Senator Joseph W. Bailey, president of the American Association of Trotting Horse Breeders, and H. N. Devereaux, president of the Grand Circuit, have sent out a stirring appeal to horsemen to support the big trotting meetings at New York, Boston and Hartford by entering their horses in the stakes races.

When Crescus finally was retired he held the following champion records:

Sport Briefs

In one of the greatest exhibitions of pace following ever seen on a bicycle track in the states, Elmer Collins of Lynn, the American champion, paced by Charles Turville of Philadelphia, in Passaic, N. J., last Sunday, Clifton Stadium clipped five and one-fifth seconds from the one mile world's record behind small motorcycles. Collins' time was 1.13 2-5, and the previous figures, made by Hugh McLean, at the Charles river track at Boston when he was champion, are 1.18 3-5.

White's Cove Notes

White's Cove, Queens Co., May 25—The weather in the past week has been very dry, giving the farmers a good chance to get in their crop, but while writing we are getting a nice rain, which will do the grass much good. It looks well for so early in the season.

The fruit trees promise an abundant crop, especially the plum trees are loaded with blossoms.

Mr. and Mrs. H. E. White, who spent Sunday here, at their old home, returned to St. John by the steamer May Queen on Monday.

Mr. and Mrs. L. E. Wright, who spent last week in St. John, came home on Saturday on the May Queen.

Mrs. Frank Fairweather, of Cumberland Bay, is spending a few days here at her old home, visiting her father, Wm. McKinley.

The semi-annual examination of the school in this district, taught by Miss Bessie Kelly, was held yesterday afternoon and was well attended.

The royal mail boxes for the route from Young's Cove to Jemseg have arrived, and will be up this week and they will ve very much appreciated by the people, as many have had to walk three miles and more for their mail.
