FAREWELL ADDRESSES TO HIS EXCELLENCY SIR EDMUND WALKER HEAD.

We copy below the several Addresses presented to His Excellency Sir Edmund Head, by the official gentlemen and citizens of Fredericton and St. John, on the eve of his departure for Canada, with His Excellency's reply thereto.

Fredericton, Saturday, 23rd Sept., 1854.

This day at four o'clock His Excellency the Lieutenant Governor came down to the Legislative Council Chamber, to meet a large number of the principal inhabitants of Fredericton and the vicinity comprising Members of the Executive and of both Branches of the Legislature, Clergy, and others, and to receive the numerously and respectably signed Address which was presented to him by the Honorable Mr. Black, and read by the Honorable Mr. Saunders.

THE ADDRESS.

OF THE MEMBERS OF THE LEGISLATIVE COUNCIL, HOUSE OF ASSEMBLY, CLERGY, JUDGES, MAGISTRATES, AND OTHER RESIDENT IN THE CITY OF FREDERICTON AND ITS VICINITY.

To His Excellency Sir Edmund Walker Head, Baronet, Lieutenant Governor and Commander in Chief of the Province of New Brunswick, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

We cannot suffer you to retire from the Government of this Colony without attempting to express the regret which we feel at parting with Your Excellency and Lady Head; and we assure Your Excellency that we shall long retain a grateful remembrance of the value of your public services during your administration of the Government of the Colony for all but seven years, a period marked by a rapid progress in the advancement of our social and political condition—in which the Agriculture of the Province has been elevated by scientific investigation and practical instruction of a superior order, imparted for our improvement—our whole Legislative code remodelled, amended, simplified, and abbreviated—our Educational system revised—the Staple Trade and other Commercial relations of the Province advanced beyond all former precedent, and our Provincial Revenues and Resources nearly doubled.

Your Excellency's rapid comprehension and quick despatch of public business, and your strict regard to justice, have been distinguishing features in Your Excellency's conduct of the Government, which we cannot omit to mention.

We trust we may be excused for giving expressions to our deep sentiments of regard and esteem for Lady Head. Her influence in her high position give life and refinement to our social intercourse, and her extensive charity has taught the Daughters of our Province that the personal alleviation of sickness and distress adds lustre to the most gifted and accomplished.

We assure You Excellency that you take with our cordial good wishes for your success in the discharge of the high functions of Governor General of British North America, and our confident trust that those superior administrative talents which have enabled you so prosperously to conduct the affairs of this Colony, will be attended with no less happy results in directing the destinies of your new Government, whilst we feel confident that the interests of New Brunswick will not be neglected.

To which His Excellency made the following

REPLY:—

GENTLEMEN,

A man may be conscious that the words addressed to him are far more flattering than he deserves, and yet in listening to them he may feel deeply gratified. Such is my case at the present moment.

If it has pleased God to bless this Province whilst I have resided among you, I desire no credit on that account. I know that your Address sets far too high a value on that I or Lady Head have attempted, but in spite of such exaggeration, I receive it with sincere pleasure, because it conveys to us the kindly feelings and the good wishes of those in the midst of whom we have dwelt for the last seven years. In the course of that time I have had a Child born among you; and you may rely upon it that we shall none of us forget the friends and neighbours whom we leave on the banks of the River Saint John.

On Lady Head's behalf, and on my own, I thank you for the warmth with which you now bid us farewell. May God Bless you all, and prosper the City of Fredericton!

EDMUND HEAD.

Fredericton, September 23, 1854.

MAY IT PLEASE YOUR EXCELLENCY,—

We, the Mayor, Aldermen, and Commonalty of the City of St. John, beg leave to approach Your Excellency on your departure from this Province for the purpose of assuming the Governor Generalship of Her Majesty's North American Colonies.

We naturally recall the state of general depression and commercial embarrassment under which the Province at large and this emporium of trade, laboured when Your Excellency arrived among us as her Majesty's representative; and while contemplating with pride the altered aspect of our affairs, we refer with gratitude to the many rising occasions during Your Excellency's prolonged administration on which the wisdom, the talent, the firmness and the strict impartiality which have characterized that administration, were displayed by Your Excellency with unceasing energy for the public good.

While we do not hesitate to declare the sincere regret we feel at Your Excellency's removal, we cannot refrain from tendering our warm congratulations on Your Excellency's advancement to the highest office in the gift of the Crown on this Continent. And in assuring Your Excellency that we shall ever feel the deepest interest in the personal welfare of yourself, Lady Head and family, we are satisfied that we express not only the sentiments entertained by the community which we represent, but also those of the inhabitants of every section of the Province.

In testimony whereof we have caused the Common Seal of the City to be hereunto affixed this 20th day of September, 1854.

By Order of the Common Council,
R. L. HAZEN,
Recorder and Deputy Mayor.
JAMES R. RUEL, Deputy Common Clerk.

REPLY.

Mr. Mayor, Gentlemen of the Corporation and of the City of St. John,—

It is no doubt true that during the time of my administration of this Government, the energy of your own people, under the blessing of Providence, has worked a favourable change in the circumstances of New Brunswick. If I have been an instrument in effecting this change, I thank God for it; but I cannot hope that qualities such as those for which you give me credit, have exercised much influence.

Attaching as I do, however, some value to the good opinion of every lumberer in your forests and every Farmer in your fields, it would be strange if I were not deeply affected by the language now addressed to me in this growing and intelligent City.

That I do not merit the compliments which such assurance conveys I know too well; but the feelings which it expresses touch me most sensibly. It almost seems as if at the close of my residence among you, the voice of the great community were raised to justify the fresh confidence which our Gracious Queen has been pleased to repose in me.

My belief is that St. John is destined to take its place among the first cities of North America. I shall watch its progress with deep anxiety, and I shall ever pray that its prosperity may increase as rapidly as it now promises to do.

With this wish on the part of myself and all belonging to me, I bid you heartily farewell.

EDMUND HEAD.

To the Mayor, Alderman, and Commonalty of the City of St. John.

An Address from the St. George's Society was then presented, as follows:—

To His Excellency Sir Edmund Walker Head, Baronet, Lieutenant Governor and Commander-in-Chief of the Province of New Brunswick, &c.

We, the Saint George's Society of St. John, beg leave to address Your Excellency on the eve of your departure from New-Brunswick.

We offer on this occasion to Your Excellency our congratulations upon your elevation to the distinguished position of Governor General of the British North American Provinces, thus affording to Your Excellency a boundless sphere of action and at the same time evincing Her Most Gracious Majesty's appreciation of your services in this Province.

As Members of Saint George's Society, we regret the departure of our Patron, and, as citizens, we cannot but feel, on your removal, the loss of an able Administrator of the Government.

In taking our leave, we offer the best wishes for the future welfare of Your Excellency, Lady Head, and family.

J. W. GRAY, President.
(L.S.) HENRY P. STUDDER, Vice President.
HENRY W. PETTS, Secretary.

REPLY.

Gentlemen of the Saint George's Society:

I thank you for the congratulations and compliments conveyed in your address.

Whatever confidence it has pleased Her Majesty's Government to place in me, might no doubt have been more worthily bestowed, but it is encouraging to me thus to receive the approval of a body whose loyalty and patriotism are so well known, and whose efforts have always been directed to the maintenance of sincere affection between Great Britain and her Colonies.

I have felt and I now feel deeply the marks of good will and friendship with which I part from the people of New-Brunswick.

EDMUND HEAD.

September 27th, 1854.

The following Address was afterwards presented:—

To His Excellency, Sir Edmund Walker Head, Baronet, Lieutenant Governor and Commander-in-Chief of the Province of New-Brunswick:—

We the undersigned Magistrates, Merchants, and other Inhabitants of the City and County of Saint John, beg leave to approach Your Excellency on the eve of your departure from this Province, to assume the more important and responsible duties of Governor General of Her Majesty's British North American Colonies.

In assuring Your Excellency, that while we rejoice in this mark of confidence conferred upon you by Her Most Gracious Majesty, we so common with the other Inhabitants of this Province feel deeply the separation from one with whose administration so many important events are associated.

The disinterested and impartial manner in which measures of the utmost importance to this Province were considered and matured by Your Excellency, are well understood and duly appreciated.

In taking leave of Your Excellency, we beg you to accept our best wishes for the health and happiness of yourself, Lady Head and Family, while we remain, very respectfully, Your Excellency's most obedient servants.

City of Saint John, N. B.,
27th September, A. D., 1854.

To this address His Excellency returned an extemporaneous answer.

CHURCH.

On Wednesday last week the Presbytery of St. John met at Carleton, to induct the Rev. James Baird into the charge vacated some time ago by the Rev. John Irvine. The Rev. James Bennet delivered the sermon, and the Rev. Mr. Ferrie gave the charge to minister and people. Notwithstanding the state of the weather the Church was largely attended, and several Presbyterians were present from this side of the water. On closing his address to Mr. Baird Mr. Ferrie presented him, in name of the Ladies of the Congregation, with a very handsome silk gound sapock which they had prepared for him, as an expression of their respect and affection; and we only regret to state that the extreme illness of the Rev. Gentleman (who had to be conveyed to and from Church in a wagon, and could only remain for a little while) prevented him from making a formal reply. His sermon is one of the purest harmonious that has been found in the Province; the place of worship is filled to overflowing, and there can be no doubt but (D.V.) in a short time Presbyterianism will have that footing in Carleton which its fondest supporters desire. We rejoice to add that Mr. Baird, whose illness has been long and painful, is now rallying so fast that hopes are entertained he may be able again to enter his pulpit on Sabbath se'nnight. Com.—

CHURCH OF SCOTLAND.—The Rev. William Donald has received by last Mail, from Wm. Young, Esq., W. S. Secretary to the Church of Scotland's Colonial Committee, Edinburgh, and Treasurer of the Funds contributed by the Church in aid of the wives and families of Soldiers and Sailors engaged in the Eastern War, the following acknowledgement of the collection made for this purpose in St. Andrew's Church of this City:

"*Edinburgh, 13th Sept.* 1854.—Received from the Rev. Wm. Donald £65 2s. 2d. Stg. (£79 11s. 7d. cur'cy.) being a collection in St. Andrew's Church, St. John, N. B., in aid of the wives and children of the Soldiers and Sailors engaged in the Eastern War." W. YOUNG, *Treasurer.*"

In the Letter to Mr. Donald, Mr. Young says:—"It will be gratifying to you to know that the St. Andrew's Church collection is the largest I have yet received."

It will also be gratifying to the friends of the Church of Scotland in this Province to know that Mr. Young intimates to Mr. Donald, that the Colonial Committee have made two appointments of Missionaries to New-Brunswick, namely, the Rev. Robert Stephenson, and the Rev. Peter Keay; and that Mr. Stephenson is now on his way out by the Europa, which was to leave Liverpool on Saturday last.

☞ M. H. Perley, Esq., telegraphed on from Washington, on the 4th instant, that there was a great desire there to put the Reciprocity Treaty in force instantly, but the Colonies must act first." The question of admitting Colonial produce in bond, to be duty-free when the Treaty goes into operation, was then under consideration.

ELECTIVE LEGISLATIVE COUNCILS.—The Canadian Administration have introduced into the Legislature their scheme for electing the Legislative Council. They propose 60 members, 30 for Lower, and 30 for Upper Canada. They propose, however, that the present Councillors shall hold their seats for life, and that the elective principle be introduced gradually. The *Reporter* and the *New Brunswicker*, have come out in decided opposition to an elective Legislative Council in this Province.

☞ Pritchard, one of the soldiers who robbed the Treasury at Cape Breton and then deserted, has been tried before the Municipal Court, Boston, for larceny, and found guilty. The Counsel argued that the Court was not competent to try the case, as the crime was committed in another country. This law point is referred to the Supreme Court.

STOP MY PAPER!—Mr. A. P. E—— of Woodstock, who sends back the Chronicle marked "refused," has better read our published terms, when he will find that it is optional on the part of the Publisher whether he stops sending the paper or not *until all arrearages are paid.*

INQUEST.—Two inquests have recently been held in or near Halifax, N. S.; one on the body of a man named Thomas White, recently in the employ of the Lieutenant Governor—*found drowned.* The other on the body of Hugh Fraser, a native of Picton, who was killed while blasting a rock on the new line of railway.

LAND SLIDE.—This nothwanding is not going to the East Indies, as the Marquis of Dalhousie has consented to remain there another year. It seems more than probable that he will succeed the Earl of St. Germans as Lord Lieutenant of Ireland, as it has transpired that the said noble Earl is about to leave Dublin *not* to return.

☞ The *Head Quarters* states that "The Prince of Wales is about to join the War Steamer *Royal Albert*, as a Lieutenant." We should like to know where our contemporary got his information.

FIRE NEAR ST. ANDREWS.—The *Standard* announces that the house owned and occupied by Mr. Rice, about two miles from St. Andrews, was destroyed by fire on Tuesday last. House insured, and furniture saved.

☞ No later English News. Arctic not arrived.

☞ The fine new ship of 2,600 tons (the largest ever built in New Brunswick) built at Courtenay Bay by the Messrs. Wright, was to have been launched yesterday, but on trial it was found necessary to strengthen her "ways." She was launched this morning in fine style, and towed into harbour, the ships of the Black Ball line firing a salute and the assembled multitude welcomed her with cheers.

The receipts of the Police Office for fines and costs for the month of September were £210 2s. 6d.—*Courier.*

☞ A Company of Ethiopian Singers called "Yankee Hill's Opera Troupe," have been giving Concerts this week, in the Mechanic's Institute.—We understand that they sing well, and draw good houses.

ARCHDEACON WEDDERBURNE has resigned all his Church preferments, because he cannot recognize the Queen as the head of the English Church.

☞ On Saturday night last 150 railway "navvies" arrived in the Steamer *Adelaide*, from Boston. They proceeded to the Bend, and will work on the line betwixt the Bend and Shediac.

Forty-four Atrocious Murders have been detected as committed within the city of New York within the space of four months last past. Within the same brief period, the number of cases of assault with intent to kill, numbered 1,509! Robbery in the 2nd degree, (burglary,) 96. Disorderly conduct, including Sunday riots—attacks upon the Police, in numerous instances, attended with great bodily harm to the assailed, and in several resulting in the death of the assailant—2,405. The modern Babylon—London, cannot touch this.

ATTACK AT A CAMP MEETING.—A serious affray occurred at a camp meeting in Corinth, Me., on Friday evening last, between a number of young men belonging to Exeter, Me. In the melee one of the combatants named John Bussell was dangerously stabbed in the region of the heart by a man named Benjamin Herrin, and at last accounts his recovery was uncertain. Benjamin Herrin and his brother David G. Herrin, who had also assaulted Bussell, were arrested and held for examination, which was to take place at Exeter yesterday.

Mr. Green, one of the wealthiest men in Chicago, worth some three or four hundred thousand dollars, is charged with the murder of his wife. He resisted the arrest with knife and rifle.

NOTICE TO SUBSCRIBERS.

The Proprietor of the *Chronicle* takes the present opportunity of tendering his sincere thanks for the liberal and rapidly increasing patronage extended to him, and assures his patrons that no pains or expense will be spared to make his Journal equal to any other published in the Lower Provinces. When he became sole Proprietor he gave notice that no new subscriber from and after that date, would be credited with more than two years subscription. He regrets that this announcement appears to have been overlooked, and that he will be obliged to place many of these accounts in the hands of his Attorney for collection, unless settled immediately. "A word to the wise is sufficient." To the staunch old patrons of the *Chronicle*, who have stood by it through evil and good report, he knows it is only necessary to say *money just now would be very acceptable*, and they will at once respond.

This Notice has no reference to parties with whom the Publisher is doing business, and with whom he has centre and debit accounts.

THE KNOW NOTHINGS.—An excellent article on the Know Nothings has been handed us for publication. It will appear next week.

Holloway's Pills for the Cure of Headache, Bile, and Indigestion.—Extract of a letter from Mr. W. Folkes, chemist, Hyde, near Manchester, dated September 10, 1853. "To Professor Holloway.—Sir,—I am happy to inform you that your Pills and Ointment have been of the greatest service to many persons in this neighbourhood; one in particular, who speaks of your Pills in the most flattering terms: for a long time he was subject to violent pains in his head arising from bile and indigestion, from which he could obtain no relief, until he took some of your invaluable Pills, by these means he was completely restored to health."

☞ *Fifty Thousand Cures without Medicine, by Du Barry's Revalenta Arabica Food, of indigestion (dyspepsia), constipation, nervous, bilious, and liver complaints, paralysis, &c.*

Cure No. 71, of dyspepsia from the Right Hon. the Lord Stuart de Decies:—"I have derived considerable benefit from Du Barry's Revalenta Arabica Food, and consider it due to ourselves and the public to authorise the publication of these lines. STUART DE DECIES."

Cure No. 49,832—"Fifty years' indescribable agony from dyspepsia, nervousness, asthma, cough, constipation, flatulency, spasms, sickness at the stomach and vomiting, have been removed by Du Barry's excellent food.—MARIA JOLLY, Wortham Ling, near Diss, Norfolk."

Cure No. 5461—Sixty years' partial paralysis, affecting one half of my frame, and which had resisted all other remedies, has yielded to Du Barry's Health-restoring Food, and now consider myself a stranger to all complaints excepting a hearty old age. WM. HURST, Barrister-at-law, King's College, Cambridge.

Many more important Testimonials will be seen in Messrs. Du Barry's advertisement.

From the Boston Cronotype.

Consumption prevails as matters are, and picks off the best and prettiest of us, in our prime. In this state of things we must do the best we can, piece and patch up the web of life, with journeys, voyages, and medicines. *Of all the medicines we know of, Dr. Wister's "BALSAM OF WILD CHERRY" is what we first recommended.* We have in our office a living proof of its efficacy, who but for it, would have been beneath the sod long ago. The inventor of this medicine, Dr. WISTAR, was a man of science, of humanity, and undoubtedly prepared the remedy in its best form, and the public may rely upon Mr. Fowle for the genuine article.

TO FAMILIES.

From the great usefulness of the medicine the proprietor "would especially recommend it as a general FAMILY MEDICINE, and advise every family to keep it constantly by them, as it will not only be found much superior to the Cough Mixtures in common use, but likewise much more safe for either children or adults.

It not only emanates from a regular physician, but has also been well tested in all the complaints for which it is recommended. It is not my intention, therefore, either to cloak it in mystery, or in any way deceive the public by overrating its virtues; on the contrary, I shall simply endeavor to give a brief statement of its usefulness, and flatter myself that its surprising efficacy will enable me to furnish proofs of its virtues, as will satisfy the most incredulous, that consumption may and "CAN BE CURED," if this medicine be resorted to in time.
