TRAIN CHANGES EFFECT MANY TRAIN HANDS.

Conductors and Drivers Particularly are Affected—Cancellation of Trains Causes a Good Deal of Shaking Up.

There is a good deal of shaking-up and many changes among the I. C. R. train crews as the result of the recent cancellation of the I. C. R. summer trains and many crews are affected.

Among the conductors and drivers who will be affected by the cancellation are the following: Con. John Berry, who ran on the Ocean Limited, goes back on the Martime between Moncton and Halifax. Con. Edward Thompson, of the Maritime, transferred to night express Nos. 9 and 10, between St. John and Halifax. Conductor Coles, who ran on the Boston train, is placed on the night freight between Point du Chene and St. John. Conductor Williams, who had charge of the train opposite Conductor Coles, will now run on the suburban train between St. John and Hampton, in place of Conductor Broad, who is sick.

Conductor J. Daly, who is now running on the night express between St. John and Halifax, will go on the Maritime express between St. John and Pt. du Chene in place of Conductor Hunter, who takes Welling's place on the freight and Conductor Welling takes the Springhill train running out of Moncton.

Among the drivers the changes are: Locomotive Engineers Charles P. Atkinson and J. R. Moore who have been running on Nos. 199 and 200 trains, north, are now running on the same division on Nos. 75 and 76.

Geo. B. Storey, who has been living in St. John and running on Nos. 199 and 200 trains, east, has been placed on Nos. 133 and 134 to St. John.

R. Lightbody, who has been running opposite Mr. Storey on Nos. 199 and 200, is running on Nos. 33 and 34 trains, between Moncton and Truro.

Engineer John Donald, formerly running on Nos. 199 and 200, with Sunday lay off in Campbellton, has taken Nos. 25 and 26, east, with lay off Sunday in Truro.

W. J. Coffey, locomotive engineer, who has been running on Nos. 3 and 4, with lay off Sunday in St. John, is now running on the way freight, Nos. 5 and 6 trains with Sunday lay off in St. John.

Engineer W. E. Hunter, on Nos. 3 and 4, laying off at Point du Chene for the past summer, has taken a two weeks' leave of absence.—Moncton Transcript.

POLICE COURT.

Prisoner Violently Resisted Policeman Semple and Suffered Considerably in the Process—Remanded.

Acting Magistrate Henderson at the police court this morning fined three drunks four dollars each and remanded Wm. Kilpatrick on the charge of using profane language, assaulting Officer Semple and resisting arrest.

Both the policeman and the prisoner showed signs of the conflict when they appeared in court this morning. Policeman Semple's face is considerably scratched and bruised, while Kilpatrick is pretty badly used up. He limped about the court room and continually held his hands to his bandaged head, which had come in contact with the policeman's baton, and not without the usual results in bruises and cuts.

Kilpatrick is a large, strong man, and when the policeman placed him under arrest yesterday afternoon in Maher's blacksmith shop, on the Marsh Road, for using profane language, he resisted and assaulted the policeman quite badly before he was subdued with the baton. Dr. D. E. Berryman went to the police station last evening and dressed the wound on the prisoner's head. The case will probably be tried tomorrow morning.

CHEAP FARES FOR CARNIVAL.

The chairman of the autumn carnival executive committee has received a despatch today from John M. Lyons, General Passenger Agent of the I. C. R., acceding to the committee's request for reduced railway fares during the carnival week. From October 16-19 inclusive, return tickets to St. John at one first class fare will be granted at all stations in New Brunswick and Nova Scotia, good to return until October 23, and on special days, to be designated by the committee, excursion tickets for one day, good for that day only, will be granted at still cheaper rates.

The C. P. R. passenger department has agreed to allow similar rates and arrangements equally favorable are being made with the D. A. R.

NO CHANCE-WORK.

There is not one obstacle in the way of success at the Currie Business University, Ltd., under its new agreement. The prospective pupil is guaranteed a position worth from $300 to $800 per year, if, after taking one week's trial free, said pupil is accepted by the board of examiners.

One-half the tuition fee can be withheld until agreement is carried out. The pupil takes no chances, neither will the school take any chances.

FORTUNATE ST. JOHN.

T. H. Anson, general superintendent of the Ogilvie Flour Mills Company, arrived in the city today on a general inspection trip. Mr. Anson looks for a big season's business as the reports from the west are most satisfactory. St. John is luckily situated as hard wheat flour is being sold here at five cents a barrel less than in Boston and other American cities on the Atlantic seaboard.

A very pretty wedding took place this afternoon, when Miss Adelaide Isaacs, daughter of A. Isaacs, was united in marriage by Rev. Dr. S. Rabinowitz to Harry H. Lewis of Hamilton, Bermuda.

The bride, who was given away by her father, was becomingly gowned in white crepe de chene over white taffeta, and carried a white ivory prayer book. The bridesmaid was Miss Mildred Isaacs, who was gowned in white crepe voile over taffeta and carried a bouquet of pink and white carnations. S. Hart Green supported the groom.

After the ceremony a family reception was held at 84 Sydney street, after which the young couple left on a wedding trip to the States. From New York Mr. and Mrs. Lewis take the steamer for Bermuda, their future home.

SMITH-HOLDER.

A quiet wedding took place at the residence of the bride's father, C. Albert Holder, Long Reach, on the 20th inst., when his daughter, Frances Brown, was united in marriage to Frederick Edwin Smith of Elmsdale.

The ceremony was performed by the Rev. H. A. Pierce in the presence of the immediate relatives of the contracting parties. The bride was charmingly gowned in cream sun's veiling and carried a bouquet of white sweet peas; her travelling suit was of blue with hat to match.

After dinner was served the happy couple came to St. John and left on the "Prince Rupert" this morning on a trip through Nova Scotia. On their return they will reside at Long Reach. Many useful and beautiful gifts testified to the esteem in which the young people are held.
