By Electric Telegraph,

SPECIAL TO THE DAILY BRITISH COLONIST.

LONDON, March 17—Robert Chambers, the well known publisher of Edinburgh, died to-day.

PARIS, March 17—The Journal *Official*, commenting on the treaty concluded by the London Conference on the Eastern Question, says that all powers displayed willingness to solve the Euxine question, and all must rejoice at this act of diplomacy which has violated no rights and sacrificed none, but has restored rights and removed distrust and increased good relations. The act is one of peace and right.

LONDON, March 17—In the House of Commons to-day, the resolution to inquire into monastic institutions was rejected.

Disraeli opened the debate on the reorganization. He insisted that the abolition of the purchase system was a paltry measure to propose when a great remedy for inefficiency was demanded. The proper course to prusue would be to let the bill, before being brought into the House, go to the Working Committee for improvement. The question of purchase also had a financial phase. He feared that eight million sterling would be insufficient to indemnify the loss by the abolition. Gladstone expressed his belief that the bill was satisfactory to these branches of the service, and he opposed its reference to a committee. A second reading of the Bill was carried.

In the House of the Lords to-night, Earl Carnavon explained that of the three hundred thousand barrels of gunpowder stored in Government arsenals all but 800 barrels were useless, and that the Government had been paying for powder twice its cost in its own shops. He deplored the apathy of the Government at a time when the state of Europe made war more than possible.

Napoleon has not arrived. The Empress was disappointed.

ST PETERSBURG, March 16—The Government organ says that notwithstanding newspaper inventions, the Powers interpreted Gortzchakoff's demand as reasonable and upright. The result of the conference involves no unjust sacrifice of rights, removes distrust and pledges peace.

The National Guard have removed fifty-six cannon from the Place de la Veegos to Bellville to prevent their seizure.

The Montmartre malcontents have of late greatly increased their vigilance and preparations for defensive measures.

PARIS, March 18—Evening—General Furon with 3000 men has blockaded Montmatre. Several officers have been taken prisoners. A large force of National Guards hold the hill. Many soldiers of the line fraternize with them, and the people, who are out in great numbers, shout 'Vive la Republique.'

The Democrats carried other districts. The councilors for districts 3 and 4 are Republicans and in the other 3 Democrats. In the House the Republicans have a majority of about 20. The election of 8 Democrats as Congressmen is conceded. Hibbard is first, Bills second and Parker third.

RICHMOND, Virginia March 15 — The Legislature elected J. W. Johnson, Conservative, U S Senator.

PORT-AU-PRINCE, March 15—The Commissioners reached here on the 2nd of March and are all in excellent health. The Haytians are bitterly opposed to annexation. The Commissioners were however received civilly. Cabrals strength consists almost wholly of Haytians.

NEW YORK, March 16—Sessions of the Joint High Commission are held daily. It is said in some quarters that recent discussions have developed differences of opinion which may prevent a peaceful settlement. In reply to a question, yesterday, one of the American Commissioners said in a significant manner that if the Commission was able to reach a satisfactory conclusion at all, it would terminate its labors by the middle of April. It is believed the difficulty lies in the inability of the English Commissioners to meet the preliminary requirements of the Americans as to the Alabama liabilities.

The contract for the ocean mail service between San Francisco and San Diego and way ports has been awarded to Henry Norton of the former place.

CONCORD, N H, March 18—The results of the late election, as at first reported, remain unchanged.

These are to be discharged and provided for. Directions are also given for the transfer of men from one county to another so that on 1st July next the aggregate force of the army shall not exceed the 30,000 required by the Act of last session. How soon this will be done is not yet determined, but it is no secret that preliminary arrangements are now in course of preparation. No doubt the promptness with which the new loan is going off has instigated this move.

WASHINGTON, March 18 — The Southern Democratic leaders of the House, in caucus, to-day, resolved to advise their constituents to afford every facility to the Joint Commission for learning the truth concerning the violation of the law in their section of country.

NEW YORK, March 17—The Tribune's correspondent says Gen Prim some time ago made a proposition to Gen Sickles offering the Spanish West Indian colonies to the United States for 200 million dollars, which was declined.

Mexico.

CITY OF MEXICO, March 9—The journals in opposition to Juarez are severe in their stricture on the Secretary of Legation of the United States. They charge him with interfering with the elections, and intimate that the United States Government favors the election of Juarez, and entertains designs on Mexican territory. His friends vindicate him and deny any interference by him.

Much excitement prevails in the district of Tehauntepee in consequence of a conspiracy against the lives and property of foreigners. Many have fled with their families in order to save their lives. Posters have been affixed to houses of foreigners threatening the inhabitants with assassination. Letters from persons who were present confirm the facts. One says they must abandon themselves to God and the Mexicans. Another says that foreigners are flying for their lives and among the persons threatened are Wolfe U S Consul, Ruben a citizen of the US, Degieres a Frenchman, and two priests who were charged with appropriating the statue of St Vincent, their patron Saint. Minister Nelson is investigating the matter and will address Secretary Fish on the subject.

West Indies.

KINGSTON, Jamaica, March 17—Since the visit of the San Domingo Commissioners popular feeling runs high in favor of the United States. There is an idea here that Jamaica will soon follow San Domingo. The feeling of Haytien refugees is quietly expressed in favor of annexation. They say the value of property in Hayti would increase, and that the Haytiens, seeing railroads, telegraphs, steamers, roads, and a thriving country in San Domingo, will soon desire annexation themselves.

Before leaving Jamaica, the Commissioners called upon ex-President Geffard of Hayti.

NEW YORK, March 18—The report of a letter from Capt Temple published yesterday states that President Grant had ordered the navy to protect Governor Baez against any demonstrations by Hayti, is confirmed by official correspondence which is also published this morning. This correspondent further shows that the Admiral of the port and Minister Bassett had also notified the Haytien government of the order of execution.

Canada.

NEW YORK, March 18—An Ottawa correspondent writes that facts and figures introduced in the debate on the financial and commercial condition and prospects of Canada are, to say the least, not flattering. Sir Francis Hincks, Dominion Finance Minister, will be remembered as having increased its debt while he held that position before, a course which plunged the whole country into bankruptcy from which it has hardly recovered yet. Under his management again the debt daily increases. By tabulating receipts and expenditures it appears that there is an average annual deficit since 1841 of $3,500,000, or more than 3 per cent of the average annual revenue of the country for that period. The increase of debt since 1861, when the present Government began, amounts to nearly $24,000,000.

India.

TO PREVENT INFRINGEMENTS, NOTICE IS HEREBY GIVEN, that BETT'S NAME is ON EVERY CAPSULE he makes for the principle merchants in England and France, thus enabling vendor, purchaser and consumer not only to identify the genuineness of the Capsule, but likewise the contents of the vessel to which it is applied. The Lord Chancellor, in his judgment, on the 8th of February, 1868, said that the capsules are not used merely for the purpose of ornamenting, but that they are serviceable in protecting the wine from injury and insuring its genuineness.
