LISTOWEL STANDARD.

FRIDAY, NOVEMBER 15, 1878.

TOWN AND COUNTRY.

MR. S. BRICKER will open his new hardware store in the Osborne block next week.

The great horse fattener, Thorley's food; J. A. Hacking, sole agent for Listowel.

REV. MR. RENWICK, of Elma Centre, conducted the services on Sabbath last at Knox Church.

CHRIST Church pulpit was vacant last Sunday, the rev. gentleman who was expected to officiate having failed to reach here.

WE understand that Messrs. Hess Bros. intend giving their employes a grand ball previous to or during the Christmas holidays.

MR. JOHN OSBORNE treated the workmen in his employ to a dance in his new hall last Friday night. The town band was present, and a pleasant time was spent.

THE Caledonian Society of this town have leased the commodious room in the first flat of the McLagan block, which they propose utilizing for the convenience of the Society.

THE job printing turned out at the STANDARD office is conceded to be unsurpassed for neatness and style. If you want good printing of any description, give us your orders and you may rely on being satisfied with our work.

SPARROWS.—These little feathered visitors are again to be heard and seen in town. They appear to have multiplied considerably during the past summer. May they find comfortable quarters wherein to spend the winter months.

GOLD AND SILVER WARE.—Mr. Woltz, of the firm of Woltz Bros., wholesale dealers in Gold and Silver ware, Toronto, will remain one day longer at the Grand Central Hotel. Drop in and see his display of fine gold watches and jewellery.

MR. C. G. KOCH, from Floradale, Waterloo Co., has recently opened a grocery and provision store on Wallace street, a few doors north of the STANDARD office. His stock is new, and he trusts by liberal dealing to secure a share of public favor. We wish him success.

SALE OF FARM AND STOCK.—Mr. John Gilchrist purposes selling his farm and stock by auction on Tuesday, 26th inst. The farm is situated in the 10th con. of Elma, east half lot 33. As Mr. Gilchrist intends leaving this section the property will be disposed of without reserve. T. E. Hay, auctioneer.

GONE TO OREGON.—Mrs. Ryder and family, also two members of Mr. Thos. Walker's family, left Listowel by G. W. R. last Tuesday, for Portland, Oregan, to join some of their relatives who had preceded them to the "far distant west." John Livingstone, jr., down town agent G. W. R., ticketed the party to their destination.

GREAT BARGAINS IN PARK LOTS.—Survey and plan of 5 acre park lots on Elma Gravel Road just completed. Plan can be seen at my office. Price from $100 to $125 per acre. 5 acre lot, with house and orchard, for $750. Possession given at once. Terms easy. Rare bargains. Apply early. W. G. HAY.

A man can always tell exactly how tall he is by walking through a low door in the dark. Next morning he can measure the height of the door, and then measure from where it struck to the top of his head, add the two together, subtract the swearing and multiply by what time it was when he got home and the result will be his net height.

THREE Young gentlemen of this town, namely, Archie Sangster, Geo. Headley, and Jas. Beaton, took their departure on Monday for Saginaw, Mich. We believe it is their intention to remain in Uncle Sam's domains during the winter. Sangster's presence this season has added not a little the fame of the Red Stockings, and the boys will be pleased to see him back again in the spring.

AUCTION SALES.—Persons wishing the services of an auctioneer, will do well too bear in mind that R. L. Alexander of Newry has taken out an auctioneer's license, and is prepared to attend sales in any part of the county, at moderate rates. Complete arrangements can be made at the STANDARD office. Sale bills printed on the shortest notice and in good style.

AND STILL THEY COME.—We are this week enabled to chronicle the advent of another merchant to our town in the person of Mr. J. S. Mills, who has opened out in the new brick block erected by Jacob Large on Main St., a stock of all such commodities as appertain to the grocery trade. Mr. Mills has had considerable experience in the mercantile business in Toronto, and as he has brought with him an entirely new stock of goods to meet the wants of the public he trusts to win a share of attention. In another column Mr. Mills speaks for himself. Read and be governed accordingly.

CANADIAN MONTHLY.—We have received from the Rose-Belford Publishing Company the November number of this popular magazine. Its contents are varied, interesting and instructive, including an illustrated description of "Chester and the Dee," instalments of serial tales by Wilkie Collins and other famous authors; literary criticisms, papers on a variety of topics, and sufficient poetic and editorial spice to make it acceptable to the literary palate of all. As a home magazine the *Canadian Monthly* is deserving of a liberal support. It can be procured at the bookstores or by addressing the publishers.

MASONIC HALL.—The Masonic fraternity of Listowel will ere long be in possession of a very fine hall. The entire upper flat of the McLagan block is being fitted up for their use. Hess Bros. have been engaged to supply the furniture for the assembly room, which will be both elaborate and costly. A Masonic carpet, expensive drapery, and other luxuriant furnishings are also being negotiated for. The dedication is expected to take place about the 27th of December. A public demonstration in connection with the opening has been talked of, but we understand that this has not been decided upon as yet.

CALEDONIANS' ADDRESS.—A meeting of delegates from a large number of the Caledonian Societies of Ontario was held in Hamilton on Tuesday last, to prepare an address of welcome to the Marquis and Marchioness of Lorne on their arrival in this country. Our townsman, Mr. John McKenzie, attended the meeting as representative of the Caledonians of Listowel. Preliminary steps for the presentation of the address were taken, and a delegation of seven gentlemen were appointed to wait upon their Excellencies. The names of the several Societies, with their Presidents and Chiefs, are to be engrossed upon the address. The presentation will take place at Ottawa.

THE OSBORNE HALL.—Mr. Osborne has shown a commendable spirit of enterprise in erecting several of the largest brick blocks in Listowel. His latest effort, now nearly completed, is a credit to the town. The handsome brick block, which is three stories in height, includes two large stores on the ground floor and a capacious public hall above. The dimensions of the hall are 85x40 feet, with ceiling 25 feet from the floor. It is now being fitted with reception room, commodious galleries and a stage 23x40 feet. The hall is to be seated with chairs, for which Messrs. Hess Bros. have obtained the contract. In order to have the acoustic and scenic arraignment of the hall as near perfect as possible, Mr. Osborne has secured the services of Mr. J W Carner, a gentleman thoroughly conversant with these matters. When all is complete Listowel will have a public hall second to few others in the Province, and no little credit will be due Mr. Osborne for supplying a much needed institution.

BIBLE SOCIETY.—The annual meeting of the Bible Society, Listowel branch, will be held this Friday evening in the Canada Methodist Church. Addresses are expected from the resident clergymen. A choir under the leadership of Mr. B.B. Sarvis will be in attendance. The meeting no doubt will be interesting, and as many as possible should endeavor to be present. Chair to be taken at 7.30 o'clock.

CARRYING FIREARMS.—Thos. Gibb was brought before his worship the Mayor on Monday by chief constable Woods, charged with being drunk and disorderly, also with unlawfully carrying firearms. Said firearm was a pistol, which Thomas had been handling rather carelessly during his "slightly tight" indulgences on Saturday last. His worship mulct Thomas in the sum of $20 and costs, in all about $24, for his transgression of the dangerous weapons Act. The pistol was also confiscated. This was considered sufficient punishment, the remaining charge was consequently withdrawn. Here's a warning lesson which many besides Thomas might profit by.

IN Listowel as in many other towns, obstreperous youths are not altogether unknown; but generally speaking mischievous pranks are not often indulged in. There is danger however, of their becoming more frequent unless some sort of influence is brought to bear upon the destructive spirit which seems to have lately got abroad among that class of the community. Complaints have been made of youthful depredations, such as knocking down fences, disfiguring buildings and injuring property in other ways. If this is not desisted in, sharp and rigorous punishment will have to be resorted to. For the good name of the town, it is to be hoped that the boys will take the hint and conduct themselves more circumspectly in future.

RUMOR hath it that our townsman, W. G. Hay, Esq., is to receive a large contract on the northern extension of the Stratford & Huron Railway, in consideration of his valuable services during the recent railway campaign in the Georgian Bay region. We haven't the least doubt but that Mr. Hay will make a very worthy and efficient contractor; and by-the-way, would it not be well were his brother, Mr. D. D. Hay, M. P. P., given a contract also, seeing that his present situation will terminate shortly, and there is not the vaguest chance of a renewal. Mr. D. D. has been a ready and always available "stumper" for the S. & H. road, and it would be the height of ingratitude were the Company not to remember him when apportioning the awards of faithful service.

VOTERS' LISTS COURTS.—As will be seen by official announcement in another part of this paper, the Judge of the County of Perth will hold courts for the revision of the Voters' Lists for 1878 as follows:—For the township of Mornington, at Roe's hall, Milverton, on the 20th inst.; for the township of Elma, at the Grand Central Hall, Listowel, on the 21st, and for the township of Wallace, at the same place on the 22nd. All interested parties should be present in order to see that their names and the description of their property is correctly entered upon the voters' lists. Personal attention is the safest way to avoid the possibility of errors arising or remaining uncorrected; each ratepayer should therefore make it his duty to attend to this matter.

S. & H. RAILWAY BONUSES.—All the bonus by-laws lately voted upon in the northern municipalities in aid of the Stratford and Huron Ry. have been carried. On the 6th inst., Arran township voted $40,000; on the 8th the Amabel by-law, also for $40,000, was carried by a majority of 184; and on the 9th Elderslie voted $35,000, by a majority of 80. Voting takes place in Keppel, to-morrow, 16th, on a by-law for $30,000; and in Albemarle next Wednesday on a $10,000 bonus by-law. Should the latter by-laws be carried the financial scheme of the northern extention will be about complete so far as municipal aid is concerned. Work will likely be commenced at an early day, so that in twelve or eighteen months hence we may expect to have direct railway communication with the Georgian Bay.

SCAFFOLD ACCIDENT.—Last Saturday two men named Martin and Hamilton, in the employ of Mr. H. T. Thrift, contractor, met with a severe accident, the result of a scaffold giving way. They were engaged at the time completing the brick work on one of the gables of Mr. W. Tatham's house on Raglan street, when a portion of the scaffolding gave way, precipitating them to the ground, a distance of about twenty feet. In the concussion which followed their tumble, Martin had one of his ribs broken, while Hamilton was badly bruised about his legs and back. The men were at once rendered all the assistance that could be given them. We learn that they are now speedily recovering. This is the second accident of the kind that has taken place in town this season, and it surely should be all sufficient warning to mechanics to see that scaffoldings are perfectly secure before they venture upon them.

CHANGE OF FIRM.—A change has taken place in the *personnel* of the firm of Dunham & Robinson, proprietors of the planing mills on Elma St., lumber merchants, builders, contractors, etc. Mr. C. H. Robinson has withdrawn from the firm, and Mr. Dunham has taken in Messrs. Robt. Craig and Hugh Wilson as partners. The latter gentlemen are both well and favorably known in this vicinity and have also good practical knowledge, the new firm have therefore much to encourage them in assuming the responsibilities of an extensive business. The very large number of contracts which the late firm have had under way during the season now closing is a good criterion of their extensive operations. We trust that under the new management the business will go on increasing, and that their enterprise will prove a financial success to themselves and a benefit to the town.

PROPOSED NEW INDUSTRY.—At the request of Mr. Smith, a gentleman from Buffalo, N. Y., representing the Buffalo Metallic Ware manufactory of that city, a special meeting of members of the Listowel Council board was called on Saturday evening last, for the purpose of considering a proposition having for its object the removal of the above manufactory to Listowel. As explained by by Mr Smith at the meeting, the industry which it was proposed to establish in this town, should sufficient inducements be offered, would be for the manufacture of metallic ware such as tin and spun copper tea kettles, spun copper and brass bowls, oil cans, boilers, spice caddies, tea caddies, crystalised and Japanned ware, etc. Mr. Smith informed the Council that Messrs. D. M. Green & Co., who are at present engaged in this line of business at Paris, Ont., would also remove hither and form a connection with the manufactory which it is proposed to translate from Buffalo. To conduct the enterprise a considerable number of hands must necessarily be employed, and these would be augmented as business increased. Although the Council did not take any definite action in the matter, Mr. Smith was informed that the manufactory would be exempted from taxation for a term of years and that a small bonus might be granted. It is understood that W. G. Hay, Esq., with commendable liberality, has also offered the firm a plot of ground free of charge whereon to erect their buildings. We are confident that all who have the prosperity of our town at heart, will be glad to see such an industry established here, and if reasonable inducements will accomplish it they will be found ready to come forward with the required assistance. The superior advantages which Listowel offers as a manufacturing centre is attracting the attention of the outside world, and it does not require a very lively imagination to foresee a rapid development of this very important branch of our trade. Meanwhile it is the duty of the Council, and of every ratepayer as well, to promote the interests of the town in this direction to the best possible advantage.
