LOCAL NEWS.

CONFIRMATION. — Bishop Kingdon will conduct confirmation service in St. John's church, Oromocto, to-morrow morning.

HIS HONOR'S GUESTS.— Ex-mayor Howland and wife, of Toronto, arrived here on Tuesday, guests of his honor, the governor, and Lady Tilley.

WOMAN'S SUFFRAGE.—The woman's suffrage petition is being industriously circulated in the vicinity of the city and being extensively signed.

CONCERT.—There will be a concert at Harvey Station, under the auspices of the R. T. of T., on the 29th inst. Particulars will appear in next issue.

BAPTISM.— Rev. F. D. Crawley, of the Baptist church, administered the rite of baptism to four persons at the close of last Sunday evening's service.

AT HOME.— Lady Tilley's "at home" to be given on Thursday evening, the 24th inst., will be held at government house, and not at the governor's private residence.

ORDERED OUT.— Three very bad looking specimens of veal were ordered to be taken out of the market by the health inspector, on Wednesday morning, and destroyed. The order was obeyed.

RESUMED WORK. — Edgecombe & Sons carriage factory resumed operations on Tuesday after a suspension of seven weeks. The matters in dispute between the heirs have been amicably arranged.

A NEW ONE.— John H. Reed, the veteran horseman, beside the four fine equines in his stable, is to secure another in a short time. He has a record of 2:15, and is a good one so John says, and he knows.

TEMPERANCE. — The Gospel temperance meeting last Sunday evening was addressed by hon. Messrs. Hanington, Burchill and Powell. There was a large attendance and the addresses were highly appreciated.

NEW BOAT.— A tug boat is being built at Oromocto for Emery Sewell. It will be forty feet long with ten feet beam. She will be completed at Indiantown where her machinery will be put in by Warren Bros.

ORANGE MEETINGS.—The orangemen of the city held public meetings, on Monday evening at Burtt's corner, Keswick, and on Wednesday evening at Kingsclear. A meeting is announced at Marysville on the 23rd inst.

GONE TO BLACKVILLE.—Richard Staples went to Blackville Friday to superintend the work of putting a refuse carrrier in Mr. Gibson's sawmill at that place. It will do the work of five men and will be a saving to that amount.

VISITORS.— David McLellan, registrar of deeds, St. John, hon. Peter Mitchell, Robert Cruikshank, St. John, and W. C. Milner, of Sackville, arrived here during the week. John Stewart, of the Tobique Valley railway, was also in town.

CONSUMED.— William Clements, of Douglas, three miles from this ciiy, had his residence burned to the ground last Saturday afternoon. Nearly all his household effects were likewise consumed. Origin of the fire a defective flue. Insured.

LECTURE.— Rev. Robert Wilson, D. D., will deliver a lecture at Gibson on the 29th inst. The many friends of the doctor in this city and vicinity remembering his former lectures will be glad of an opportunity such as this to hear him again.

WITH EMERY SEWELL.— Walter Wetmore, clerk at W. T. Fenety's, has accepted a position with Emery Sewell at Maugerville, and begins work on Monday next. Walter is a capable and painstaking clerk and will be successful in his new appointment.

STRICKEN WITH PARALYSIS.— Chas. McGibbon, of Douglas, was stricken with paralysis on Tuesday afternoon while walking up Queen street, in the vicinity of Estey's mill. He was taken to Victoria hospital, where recovering he was taken home.

CURLING.— Several of the celestial curlers attended at the Marysville rink on Monday night. A very enjoyable game was played, Alex. Gibson, sr., enjoying himself with the stane and besom as well as any of the others. The Marysville boys feel elated because they won a game over MacNutt's rink.

FAILED.— The secretary of the Ohio one year beneficiary society here has received notice that the society has failed with liabilities of $60,000. The Fredericton members had but two more calls to pay when their terms were up and their certificates matured. There is mourping.

STRICTLY RELIABLE.— The Mutual Life Insurance company of New York, a full statement of whose affairs appeared in last week's issue, is deserving of the patronage of the public. They have proved themselves reliable, their assets at present being $159,507,-138.68. Those wishing insurance should deal with this company.

CLANFIELD VS HENDERSON.— The application for a new trial in the Clanfield vs Henderson suit was disposed of at the county court on Wednesday. Application was made by Wm. Wilson, M. P. P., and opposed by plaintiff's solicitor, C. E. Duffey. The application was dismissed with costs, after which the court adjourned.

MEDICAL SOCIETY.—The N. B. medical society council held its annual meeting at the Queen hotel on Wednesday. The following were elected for the ensuing term: Dr. M. F. Bruce, president; Dr. J. W. Daniel, treasurer; Dr. J. Z. Currie, registrar and secretary. The council were dined at the officers mess by Drs. Brown and Currie.

WILL READ.— Geo. A. Hughes read the will of the late James E. Mitchell at the record office, Oromocto, on the 13th inst. All the personal property, including the farm at Lincoln goes to his son, H. B. Mitchell. James Mitchell, his grandson, gets a lot of land on Oromocto island; Dufferen Mitchell, also a grandson, a lot of land on the same island.

CHEAP WALL PAPERS.—McMurray & Co. advertise in this issue a cheap sale of wall papers, commencing on Monday next. Among the papers offered is Mr. Nixon's entire stock — some very handsome designs in gilts, bronzes and plain. Bargains may be expected as the whole stock must be cleared out to make room for new goods to arrive in a few days.

SERIOUSLY ILL.—Mrs. Moses White, of Gibson, although for a time apparently recovering from her affliction is again, her many friends will be sorry to hear, seriously ill. The cancer which had been removed is again developing and Mrs. White suffers a great deal of pain. It is a sad case. Everything that can be done for her is being done but little relief is afforded.

ON A TIME.— There was a little stir on Monday in police court circles, occasioned by two non commissioned officers of the I. S. C. They hired a horse from G. I. Gunter. and, it is said, used it pretty badly. The horse in return upset the sleigh and in running away smashed it to pieces. Coming in contact with a loaded team at St. Marys the horse was badly injured. The soldiers paid for the damages after prosecution was threatened.

AT THE HOUSE.

On the Floors, in the Galleries and Through the Lobbies.

Of course, the all absorbing topic of interest is the legislature. Those who do not attend are eager to hear what has transpired and equally eager to disseminate the news to their friends. This session, like all, under the present administration, is marked by the rapid despatch of business consistent with the careful study of the people's interests. Members are in their places on time and during all sessions. It is plain to all that each member of the government is a worker. There is none of this letting others do the business, which is a characteristic of most assemblies, each member has a duty to perform and he does it. Several very important measures have been passed, new laws have been enacted and changes made in old ones, all of which will be for the benefit of the province.

The opposition have shown that while ready to take advantage of any mistake that may have been made by the government, they are totally without a platform; their schemes are only for the sake of gaining power with nothing in them to commend them to the people. Having no leader, but directed or misdirected by Messrs. Hanington, Stockton, Atkinson, Alward and Phinney, their efforts are unavailing, no two pointing in the same direction. Until they choose a leader whom they respect and one upon whom they can depend their position instead of improving must have a retrograde tendency.

The galleries are crowded at all sessions when anything specially important is up for debate, the ladies particularly attending in force. No doubt the many good looking members on both sides of the house has something to do with this as well as a consideration of the country's prospects.

By the number of farmers present the session is one in which they are much interested. They here get a better understanding of how the country's interests are dealt with and go home with the feeling that it will be a bad day for the province when the present opposition hold the reins of office. One sturdy old farmer when coming out after hearing Hon. Mr. Ryan's address, said that the "almanac had not been built yet that shows the day on which this opposition will come into power."

York feels especially proud of her representatives, having in the leader of the government a man, acknowledged even by his adversaries, as the most capable New Brunswick affords for the position, one who is able to command the respect of an audience at home or abroad and one honored not only here but throughout the dominion. In William Wilson, T. H. Colter and John Anderson, the people feel that the interests of York are safe and this feeling they will be prompt to show whenever the occasion offers.

Principal Topics.

The vacant judgship is the principal topic of discussion at present, especially among Conservatives. The candidates mentioned are Dr. Barker, Mr. Hanington, Mr. Skinner and R. A. Lawlor. Some suggest L. A. Curry and back up his appointment by saying that he has worked very hard for the party. Judge Landry is also spoken of, but it appears he has a strong opponent in Mr. Burns. Another arrangement is that the Chief Justice shall assume the governorship, Dr. Barker and Judge Landry be appointed the new judges, while Judge King will be Chief Justice.

Another topic that is exciting considerable talk, is as to the outcome of the resolution made at the City Council's last session respecting the Scott Act. All think that the act should be either enforced or repealed. There will probably be a heated discussion of the matter at next session and several new points will be introduced respecting the collection of fines. In connection it may be mentioned that during the week the sergeant of police prosecuted a Scott Act charge which was acknowledged. A peculiar feature of the affair is that a bill has been presented by a local "limb" asking a fee as prosecutor. The Council will deal with the matter. They believe that if this lawyer is paid, another has the same right and that in a short time the police court will have to be enlarged to afford accommodations for the lawyers when a case is up for trial.

All Souls.

The Episcopal church to be built at Marysville will be a very handsome one. The building plot has been donated by Mr. Gibson and is at the entrance of the village, near the residence of Ernest Tapley. It has not as yet been decided whether to build of wood or brick. Rev. Mr. Parkinson has had the matter in hand and under his direction Dunn and McKean architects, St. John, have drawn the plans. It is modeled after the parish church of St. Helens, Little Cawlthorpe, Lincolnshire, England, designed by the celebrated architect, R. I. Withers, and built by the Rev. Edward Huff. This reverend gentleman who died some months ago, was an esteemed friend of the Rev. Mr. Parkinson, and the Marysville church is intended to commemorate in some measure that esteem. It will contain a chancel 20 ft. 6 inches by 15 ft. 3 inches, nave 29 ft. 3 inches by 17 ft. 6 inches and a southwest porch and vestry extending like an aisle on the north side of the chancel. The design is very pleasing and the church will be commodious and beautiful. It will be known as All Souls.

Bathurst Schools.

TO THE EDITOR OF THE HERALD:

DEAR SIR,— Rev. A. F. Thompson, of Bathurst appears to be very poorly versed in the school law. He imagines that the government can discharge a teacher, legally hired by the trustees, or failing that, can withhold the government grant. Teachers sign an agreement with the trustees equally binding on both parties, and do not know the government in the matter at all. If the teacher complies with the agreement, there is no power that can withold his provincial grant. Teachers imagine that they have hard enough work to please the trustees, as it is, without having to be criticised by the government as well. Surely Mr. Thompson is led away by partizan feeling, or he would not be so blind in this matter.

A TEACHER.

New Maryland, March 16th.

His Old Job.

The Bangor News says, Mr. James Lowe the new blacksmith at South Brewer, who has lately come from Fredericton, N. B., is getting in his spare time between horse shoeing and jobbing at making bear traps, at which he is an expert. Last spring he made a dozen or more for the New Brunswick trappers, and found a ready sale for all his work. His traps are constructed upon a novel principle. The jaws of the trap, instead of running down to the bed piece in two hoops, are elevated upon spindles over which the two heavy steel springs move. This makes the upright portions of the jaws very short, and causes them to fly together instantly, so no animal can spring the trap and escape. Sharp steel teeth about an inch long are riveted to both jaws on the under side, giving it a savage and formidable look.

Give His Name!

TO THE EDITOR OF THE HERALD;

SIR,—I notice in the issue of a local paper of the 7th inst. a communication signed "One Who Knows," from Prince William, in which the old charges are made against me in strangely familiar language and which charges have been answered.

I dare the editor of the local paper in which the communication appears, to give the name of the correspondent from Prince William, who signs himself "One Who Knows."

When that is done I will pay some attention to the individual. A man who will make such charges not over his own signature is hardly worthy of attention.

Yours,

W. WILSON.

ST. PATRICK'S.

Dr. Moore's Very Interesting Lecture—The Program.

St. Dunstan's hall was packed on the eve of St. Patrick's day, Thursday, and the entertainment provided was fully all that could be desired. The music was furnished by Hanlon's orchestra. The program included: A solo, Shamrock and Rose, by Miss Mary McGarrigle; a guitar solo by Miss Mary Purdie; an Irish jig by Alfred Cooney and Mat Humphrey; a quartette by Jas. McGrath. Albert Massie, Wm. Walker and G. P. McGrath; violin solo by Miss McManus of the normal school; solo, Exile's Lament, by Miss Jennie Donahoe; club swinging by Thomas C. Doherty; and reading, A Lament for Erin, by May Dolen and a trombone solo by E. A. O'Brien.

The principal event however was the address by Dr. Moore, of Stanley, on the Life and Times of St. Patrick. He dealt with monastic institutions, under the primitive christian church and of the influence of these institutions on the education of the middle ages. He said the birth place of St. Patrick was either Scotland or the north of France, the date A. D. 373. His early life was obscure. At the age of sixteen he was carried by pirates from Scotland to Ireland, where being set at liberty he devoted his time and talents as a missionary to that island. He regarded the recorded visit of St. Patrick to Rome to be made a bishop as confounded with Palladius, known as Patrick, who had gone on a mission of that nature. The lecture dwelt on the Druidic life at that time existent in Ireland and of the labors of the saint to introduce christianity. The history of Ireland from that time to the present was detailed, and the lecturer said in conclusion that Ireland though borne down by oppression, to a state of abjective, servility, exhausted and decemated by repeated wars and famines, and reduced to a pitiable degree of ignorance, the memory of Irish virtues, religion and honor had never forsaken them, but ever burned brightly as a beacon light, encouraging and keeping alive the flickering gleam of hope that in coming time from high civilization, she may receive that dower of self rule that all intellectual nations enjoy. Down the dim vistas of the mournful past yet faintly secho the eloquent appeals of Curran, Grattan, O'Connell and Parnell, whose immortal fire, like the words of the holy man perish not with the prophet but survive them. From the tribunal of the enlightened present shall go forth the decree that although confirmed she shall be consecrated with freedom, that though galled with oppression she shall yet enjoy the inspiration of liberty, and in the horizon of the future we already behold the return of Erin's time honored rights and affections, when he who sows shall reap and the sting of hunger and want shall be unknown, and when history shall record in her shrine that even the sternness of monarchies cannot forever resist the scornful reproach of injustice.

It was allowed to have been the best platform effort made here for many years and the Doctor has made many friends in consequence.

HORSE SHOES FLYING.

Records Smashed All To Pieces—Lots of Fun.

A prominent local horseman happened to stray down to the river on Wednesday afternoon and finding the ice in such a perfect state for speeding, he took several turns between the bridges before he came up to town and spread the glad tidings. When Thursday bloomed out into a glorious afternoon, the fleet footed steeds had their blankets pulled off, an extra amount of alcohol and other stimulats rubbed on to limber up the joints and then away to the river.

D. McCatherin threw away the bobbin and shuttle and behind Permissive Bill led the van. Geo. I. Gunter lengthened out the traces of Whistler, his new acquisition, and set out for vengeance. Hugh, tired of the records of the city council, found a more pleasing seat behind Sporter. W. P. Flewelling with Dred was out after tenderfeet. D. F. George, with the horse that all swear by, joined in the picnic. Geo. Cooper, thought his horse as good as the best and concluded to show some going. Geo. Gayley, of Marysville with Chas. Hatt's Chestnut took a hand also. Johnny Orr brought out Island Chief, and several other horsemen had their speedy youngsters.

It would not be fair to say which horse showed up the best, but Galey downed Island Chief all right. Sporter and Whistler had high jinks for a time, till both concluded to go bare tooted, when their drivers decided to haul them up. Sporter is able for the best of them yet, though George says that Whistler did not get properly levelled away.

Of course Dred was only spurted occasionally, but these spins showed that the best of them would have to shed their coats to pass him.

Permissive Bill wanted to go, but his feet appeared to be too heavy to keep him up with the gang. Tommy Wheeler is going to down him with Peddler the first good opportunity.

One thing is pretty plain, however, and that is that Fredericton has some pretty fast horses and those who have brought in dark ones to down them, have had their labor for their pains.

Many wanted to see the Keswick Flyer on the ice, but her shoes were not in shape or they would have been frozen out.

The Event of the Season.

The Women's Aid of the Methodist church will give a concert on Monday, March 28th, under the distinguished patronage of Sir Leonard and Lady Tilley, Besides a choice programme by local talent, they have secured the services of Mrs. C. W. Harrison, of Sackville. The following speaks for itself:

(Amherst Record, Dec. 18so).

"But the event of the evening was the appearance here of Mrs. Harrison, a soprano enjoying a high reputation in the Upper Provinces. Prof. Sterne in a neat little speech had previously assured the audience that they would be delighted, she being one of the finest singers in Canada, and the result truly warranted the anticipation. Her song was "The meeting" by Ardite. After gliding through the trying intricacies of the composition with perfect ease and soaring up to the final E, which was given with the clearness of a bell, the pent up admiration of the audience burst forth in a grand tumult of applause. She possesses a voice of unusual sweetness and purity of tone which has been cultivated to a high degree. In articulation and expression, she leaves little to be desired. Added to all this Mrs. Harrison's appearance and manner are very taking.

Plan of hall at McMurray's book store. Popular prices — tickets 25 and 35 cents.

Gibson and St. Marys.

Rev. Mr. Parsons has held revival services at the F. C. Baptist hall on each evening of the week. On Tuesday evening the Rev. Mr. Carpenter of Stanley conducted the services. Much interest is being taken.

Mr. Wilson has opened a meat shop at St Marys and asks for a share of public patronage which he will try to deserve.

A daughter of Robert Johnson is under the doctor's hands. One knee is affected and the physician does not state just what the trouble is. It is apparently serious.

The Gibson Auxiliary of the Women's Missionairy Society of the Methodist church held a bread and butter social, Tuesday evening, at the residence of Mrs. Isaac Davidson. After a lengthy and interesting program was rendered, bread and butter, tea and coffee were served, when the party broke up. A collection of $5.70 was taken for the benefit of the society.

OUT OF DATE.— Those who have not purchased some of the new styles of jewelry at R. Blackmer's are behind the age. Call and see his stock.

S. S. ANNIVERSARY.— There was a full attendance of pupils at the Methodist Sabbath school room on Sunday morning when the Rev. Mr. Weddall made them a special address. In the afternoon the exercises were especially interesting. The reports noted progressive work during the past year, showing that the school has the largest roll call of any in the city. The evening address was especially for the parents and teachers, when the attendance was large. The choirs for the different services were composed of members of the school. The anniversary was altogether a pleasant one. J. J. Weddall is superintendent.

STAIRS-PALMER TROUBLE.— The Southampton hotwater case came up before the county court on Tuesday, his honor, judge Stevens presiding. H. McKenna, Edward Cox, Chesley Hawkins, Asa Tapley and G.W. Palmer appeared before the grand jury and gave evidence. John Tapley was summoned, but owing to illness could not attend. The grand jury spent several hours discussing the evidence and brought "no bill." His honor, in his address to the jury made a touching reference to the late judge Wetmore.

It has often been said that up town was the place for business. Lucy & Co's. store being daily crowded with cash customers during the dullest months in winter proves that there is yet some life in business down town. People soon learn where goods are sold low, and that is why the down town shoe store is leading all others, not only in prices but also in the quality of their goods. 1 in.

THE CREAMERY.— A meeting of the directors of the New Brunswick dairying association was held at Z. R. Estey's, Kingsclear, on Saturday evening last. Resolutions were passed respecting specifications and tenders for erection of buildings. There was a full attendance of the board. Everything in connection with the creamery is now in a progressive shape.

A HINT. — There are many weddings hinted at, at present. Those intending anything serious will find all kinds of wedding jewelry and presents at R. Blackmer's, opposite Randolph and Co's.

ARE YOU ON TIME? — Call at R. Blackmer's and see his superb stock of watches and clocks. Everything in the jewelry line at low prices.

Free Farms in the Canadian Northwest!

Manitoba, Assiniboia, Alberta, Saskatchewan.

THE Government give one quarter section (160 acres) to every bona fide settler. A second free quarter section can be preempted by deferred payments.

The Canadian Pacific Railway Company has a large quantity of the best farming lands for sale at $3.00 PER ACRE, with easy terms of payment.

In Manitoba, 2,000,000 Acres; In Assiniboia, 4,000,000 Acres; In Alberta, 3,000,000 Acres.

Under the Ten Years' Credit Plan, the purchaser pays only one-tenth of the purchase money in cash; the balance is payable in nine annual instalments with interest at only 6 per cent per annum.

1892. SPECIAL TERMS FOR FARMERS. 1892.

To enable Farmers to meet their payments from the products of the land, they can have their instalments fall due in each year after harvest.

REDUCED PRICES.

The Company are making a special effort to secure the settlement of their lands, and are offering a REDUCTION in the price of those listed at $4 per acre and upwards; in most cases amounting to FROM 25 TO 33 PER CENT.

Do not purchase Lands until you know OUR PRICES AND TERMS. If you do not intend purchasing write for the NEW PUBLICATIONS just issued by the Company. These will show you how and where to

SECURE A FREE HOMESTEAD OF 160 ACRES;

And give you facts regarding successful Farmers that will surprise you.

The Canada Northwest has the most productive soil in the world. Its wheat fetches the highest price; its live cattle are admitted to the English markets, while United States cattle are not. There is a market for the farmer at every station; and there are schools and churches wherever there are settlers. It is not subject to drought nor floods, to grasshoppers or to cyclones or tornadoes. Ask any Canadian Pacific Railway agent for books and maps concerning it; ask for "Farming and Ranching in Western Canada," or the "Free Farms" map, or "Actual Experience," and read the testimony of men who have gone there from Eastern Canada. Young women are in great demand; they find occupation as domestics directly they arrive, and readily get married to prosperous young farmers. Young men or young women can start life there almost without money. They make the money there; an independence is gained in a very few years by the thrifty.

The old settlers of New Brunswick should use their influence with the young men who intend emigrating to keep them within the Dominion, where there are offered better advantages than in the United States and they do not lose their nationality.

Lose no time in getting to the West and choosing your location. First comé, first served.

Apply to any Ticket Agent, to C. E. MacPHERSON, A. G. P. Agent, St. John, N. B., or to J. HEBER HASLAM, Special Agent C. P. R., Moncton, N. B.

What is this "Melissa" we hear so much about?

Will it do what is claimed for it?

MELISSA proofed coats or other garments are just what the Inventor and Manufacturers claim them to be, neither more nor less. They are both rain-proof, porous and odorless, therefore perfectly healthful and comfortable. They are common sense garments and should be treated in a common sense manner. Although rainproof, they are not waterproof in the sense that a water cushion or bottle made of rubber is waterproof. Being porous, water can be forced through them, either by heavy pressure or by squeezing with the fingers. If they were absolutely waterproof they would be absolutely air-tight and therefore no better than rubber. *Herein lies the peculiar value of the invention.* Sensible people do not buy rainproof garments for the purpose of forcing water through them or for carrying water in them, neither do they take shelter under a water spout, nor sit in a pool for pleasure. They buy rainproof garments to wear for the purpose of protecting themselves from the weather, and a Melissa coat or mantle will effectually protect the wearer for many hours in a heavy rain or snow storm. Melissa has a peculiar water-repellent property which prevents water when falling in the form of rain or snow on a garment from penetrating the cloth, and the true way to test the utility of a Melissa garment is, not by pouring a stream of water on it from a watering can, but by wearing it in a heavy rainstorm. The result will be found eminently satisfactory. Continued exposure to the weather will not impair in the slightest degree the rain-proof quality of Melissa. It is fixed and permanent. These garments, thoroughly well made from fine materials, are now on the counters of the first-class dealers throughout the whole country.
