GODERICH TOWNSHIP.

TEMPERANCE TEA-MEETING.—A gleaning under the auspices of the Blue Ribbon Club, took place at the Gore on Friday June 30th which proved to be a grand success. After all had been duly refreshed with choice teas of the good things the committee provided, some speeching by the young men followed, and music by the young ladies, which was very good, and taken as a treat. After the speeching was over the music commenced in which the young men and boys of the neighborhood lost the opportunity of showing off their agility. When the dance was over the company returned to their hall and concert until the town hours to disperse long enough. The people dispersed to their homes apparently well pleased with the evening's enjoyment.

SEAFORTH.

ACCIDENT.—A child of Mr. Francis Sperling's met with an accident on Monday of last week, falling from some height on a heap of broken bricks, but, with the exception of getting two teeth knocked out and some injury to the jaw and lips, there was nothing serious.

FIRE.—The roof of Thomson's oatmeal mill caught fire on the night of the 26th ult., but the flames were put out before being much damaged. The fire engine turned out, but the nearest water tank was dry, and the engine could do nothing.

SUDDEN DEATH.—A young man of the name of Frank Ryan, nephew of Mr. Thos. Ryan, merchant, died rather unexpectedly on the 24th ult., He had been under medical treatment for eight or ten days for intermittent fever, when latterly some bad symptoms came on and he died suddenly. His brain having been examined an abscess was found in it, opposite one of his ears. This it appears was the result of an injury received some time ago, he having been thrown from a light waggon on the hard street. He was very much respected.—COM.

(From our own Correspondent).

TWO MEN NEARLY KILLED.—On Friday of last week a rather dangerous accident took place at a barn raising on the farm of Mr. Wm. Pollard, of the 14th con. of McKillop, which nearly resulted in the death of two men. It seems that a bent was being raised, and it happened to fall, crushing Alex. Gardner and Albert Humerston beneath it. Drs. Campbell and Burgess, of Seaforth, were telegraphed for, and when they arrived found that Gardner had escaped with a pretty severe bruising, but that Humerston had received severe injuries about the face, the lips and chin being badly cut up, and the teeth being knocked out. The wounds were sewed up, and at last accounts he was doing well.

A DANGEROUS CUT.—Mr. Wm. Cline, salesman in Robertson & Co.'s hardware store, while cutting a bar of iron accidentally cut the large artery of the arm at the wrist which spurted freely, and no doubt would have been serious and probably fatal if neglected. Drs. Campbell and Burgess attended to the case, and stopped the bleeding, and Mr. Cline is now doing well.

DUNGANNON.

PRESENTATION.—Rev. J. Broley was entertained at a very successful social on Monday evening of last week previous to his departure for another field of labor, and was presented with a well filled purse accompanied by a touching address. Mr. Broley responded in fitting terms to the address.

ACCIDENT.—Messrs. B. J. Crawford and G. Genwall while exercising a colt on Monday of last week were thrown from the buggy by the wheel colliding with a log. No serious injury inflicted.

COLBORNE.

SAWMILL BURNED.—On Friday evening last about ten o'clock, Mr. John Morrish's steam sawmill at Lesburn, was discovered to be on fire and before anything could be done the flames spread over the entire building. The fire originated about the boiler-pipe or furnace. Loss about $1700. Insurance $850 in the Gore District.

Lumber Market.

Shidments—Second, Cozzens & Co., 18 cars, one of which went to Lowell. W. Seymour & Co. 10 cars.

This season's lumber is not sufficiently seasoned for the American market, and sales therefore are few so far.

Receipts—Second, Cozzens & Co., 220 M by schr. Tecumseh and 187 M by schr. Gladstone.

A decided improvement has taken place in prices and large sales have been made in Ottawa at an advance of 50 per M. The demand has greatly increased, and the prospect is much improved.

Freights continue low.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—There are but few preparations of vegetables which have withstood the impartial judgment of the people for any great length of time. One of them is Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thos. Robins, Purdham Centre, P. Q., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Eclectric Oil, and since then have had no attack of it. I would recommend it to all."—J. H. Earl, Hazel Keepsy, West Shefford, writes, "I have been troubled with a bad cough for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Eclectric oil, which gave me immediate relief, and I have used it since with the best effect. No one should be without it. I have tried it on my horses in cases of cuts, wounds, etc., and think it is equally as good for horses as for man."—A. Hughes, Hawchurch, Wyth'ch-on, writes, "I have sold some hundreds of bottles of Eclectric Oil, and it is pronounced by the public, one of the best medicines they have ever used; it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—Jos. Keane, Toronto, Percy, writes, "I was persuaded to try Thomas' Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."—A. H. Hamilton, Wentworth, writes, "For weeks I was troubled with a painful ankle, which caused me very much. Mr. Mayhew of this place induced me to try Eclectric Oil, and before one bottle was used I was cured. It is a most remarkable medicine.

This Company, which has now been in successful operation for three years, has still on hand a large amount of money to invest upon the security of Real Estate in Ontario, and offers the following unrivalled advantages to the borrower.

1. Interest upon loans is paid yearly, not in advance, and is calculated from the time the amount of the loan is advanced, not from the date of application.

2. Interest may be made payable upon any day in the year the borrower may select.

3. The principal is payable at the end of the term for which the loan is made.

4. The borrower may repay the whole or any portion of his loan at any time without prior notice to the company and without payment of any interest in advance, and if a part of the loan be so repaid, interest on such part at once ceases.

5. The company imposes no fines upon non-payment of interest.

6. The principal may at the election of the borrower be made payable in yearly or half yearly instalments and in such case the interest upon each instalment ceases when the instalment is paid.
