BANK OF LONDON IN CANADA

...third annual meeting of the shareholders of the Bank of London in Canada was held on Wednesday, the 21st of July, 1886.

The president, having been appointed chairman of the meeting, called upon the manager, who acted as secretary, to read the following report:

REPORT.

To the Shareholders.—The directors beg to present the third annual report of the bank, accompanied by the usual statement of liabilities and assets.

PROFIT AND LOSS ACCOUNT.

The net profits for the year, after deducting all expenses, interest on deposits to date, paying all bad and making provision for doubtful debts, amount to	$19,451 20
Balance at credit of profit and loss account last year	658 13
	$20,109 33
From which have been paid two half-yearly dividends at the rate of seven per cent. per annum	14,016 30
Leaving a balance at credit of profit and loss account	$6,093 03

The directors are pleased to be again able to meet the shareholders with so favorable a statement as the above, and this notwithstanding the lower rates obtainable upon loans.

The amount remaining at the credit of profit and loss account, at the end of the year, after paying two half-yearly dividends to the shareholders at the rate of seven per cent. per annum, writing off all bad debts and making provision for all considered doubtful, is $6,093.03, which sum has been carried forward.

A branch has been opened at Brantford under favorable circumstances, and we expect to transact a fair amount of business there. All expenses in connection with opening this office have been paid in full.

The branches of the bank have been inspected during the year as usual, and the directors are pleased to state that the various officers continue to discharge their duties satisfactorily. HENRY TAYLOR, President.

A Radical Change.

—The best eradicator of foul humors of the blood is Burdock Blood Bitters. A few bottles produce a radical change for the better in health and beauty. It removes the blood taint of scrofula, that terrible disease so common in this country. 246

—Pleasant as syrup; nothing equals it as a worm medicine; the name is Mother Graves' Worm Exterminator. The greatest worm destroyer of the age.

—West's Liver Pills remove that sallowness from the complexion by restoring the digestive organs to a healthy action. All druggists.

—Give Holloway's Corn Cure a trial. It removed ten corns from one pair of feet without any pain. What it has done once it will do again.

—No one need fear cholera or summer complaint if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready for use. It corrects all looseness of the bowels promptly and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market.

—Scientists inform us that we may expect a visit this summer from the terrible scourge, cholera. West's Pain King is the remedy to keep. Always ready for a sudden attack. 25c. All druggists.

—Cholera morbus, cramps and kindred complaints annually make their appearance at the same time as the hot weather, green fruit, cucumbers, melons, cucumbers, melons, etc., and many persons are debarred from eating these tempting fruits, but they need not abstain if they have Dr. J. D. Kellogg's Dysentery Cordial, and take a few drops in water. It cures the cramps and cholera in a remarkable manner, and is sure to check every disturbance of the bowels.

—Life saved at midnight by the timely use of West's Pain King. Do not fail to always keep it in the house for attacks of colic, cholera, cholera morbus, cramps, flux, dysentery and all kindred diseases, always very sudden. Be prepared, 25c. All druggists.

—H. F. MacCarthy, wholesale and retail druggist, Ottawa, writes: "I was afflicted with chronic bronchitis for some years, but have been completely cured by the use of Dr. Thomas' Eclectric Oil in doses of five drops on sugar. I have also pleasure in recommending it as an embrocation for external use."

—West's World's Wonder, for external use, excels any other liniment for rheumatism, neuralgia, cuts, wounds, burns and bruises. Always useful. All druggists.

—Among the warmest advocates of the use of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure are ladies formerly in delicate health, whose vigor and bodily regularity have been restored by it. Cases of debility of long standing, chronic biliousness, weakness of the back and kidneys, feminine ailments, and obstinate types of nervous indigestion, are overcome by it.

Unknown.

—There is no remedy known to medical science that can excel Dr. Fowler's Extract of Wild Strawberry as a cure for cholera morbus, diarrhœa, dysentery, or any form of summer complaint affecting children or adults. 246
