"Not a Chance" of Babe Ruth Getting Back In Series.

NEW YORK, Oct. 11.—Babe Ruth reconciled himself tonight to watching the rest of the world's series from a seat in the grandstand.

Manager Huggins still clings to a forlorn hope that Babe's arm will heal sufficiently to allow him to make another appearance, but Mrs. Ruth and his physician have said: "Not a chance."

WOMEN WITH HOMES PREFERRED AS BRIDES

Men of "Gay Paree" Show Practical Bent in Matrimony.

PARIS, Oct. 12.—The woman with an apartment, preferably a furnished one, is most in demand as a fiancee, says the Excelsior in its account of an interview with the manageress of a Paris matrimonial agency characterized as one of the better sort. The war widow, if young and agreeable, remarries much more easily than a young girl making her first venture on matrimonial seas.

A physician between the ages of 30 and 40, well educated and of good physique, was called the first prize among men. Parents demanded engineers, architects, professors or lawyers for their daughters' husbands, while the girls themselves wished above all for an artist, but the cupid broker reported this home genius as extremely rare.

The fortunes offered with the French women varied from 50,000 to 250,000 francs. The directress proudly stated that she had arranged a marriage between an engineer and a country girl where the bride brought 400,000 francs to her husband. Daughters of rich peasants who have retired and wished to live in town formed the largest clientele of the bureau, in which the women applicants outnumbered the men two or three to one.

ANGLICAN SYNOD TO SIFT CHILD WELFARE

Effect of United States Movies Discussed At Conference.

HAMILTON, Oct. 11.—The presentation and discussion of the report of the social service council was the chief business of the general synod at the morning session. For this occasion the house of bishops united with the lower house. His grace the primate is president of this council and the bishop of Toronto is chairman of the executive.

Important questions being taken up, have to do with the discharge of social service obligations by the council, which is by far the youngest of the great departments of the church.

Much work was reported done in the triennium, stress being laid on the formation of the department of welcome and welfare to look after newcomers. The council has now under consideration the question of requiring health certificates before marriage.

Marriage and divorce and the remarriage of divorced people, also mixed marriages are matters which come within the purview of its work. The care and welfare of illegitimate children will also be discussed.

Unemployment and complications of capital and labor will furnish topics for discussion. Several notices of motion, received this morning, urged among other matters, the promotion of purity in the home and individual life and the urging of the Dominion Government to introduce reindeer for food purposes into the east coast.

Presents Social Report.

Rev. G. C. Pidgeon, D.D., pastor of Bloor Street Presbyterian Church, Toronto, presented the report of the Social Service Council of Canada, prior to the presentation of the report of the Council of the Church of England, which church is a unit of the Social Service Council of Canada.

Dr. Pidgeon pointed out that the work of the future was positive rather than negative. The council is examining vital statistics of all the provinces to ascertain birth and infant death rates. It had been found that the infant rate was 42 per cent of the entire death rate. In one province it was as high as 47 per cent.

In five provinces it had been found that the percentage death rate of children under one year was greater than that of deaths in the war, big battles included. In this way, the council of Canada was bringing to the attention of the authorities the need and value of public health work.

Divorce statistics were being compiled, and moving pictures scrutinized. The effect on children, gorged with 17,000,000 feet of United States films brought into the country last year, as opposed to 55,000 feet of British films, was held up for the consideration of the synod.

With regards to women's courts, statistics were also being collected, the work of the council of Canada along these lines being stated to be more helpful to governments in getting a proper perspective and lining up a policy.

Bishop Sweeny of Toronto submitted the preamble of the report of the Anglican committee, and Canon Vernon, Archdeacon Ingles and others presented other portions.

Emphasizes Rescue Work.

Canon F. G. Scott of Quebec declared that rescue work of poor women was one of the noblest works the church could do. He considered that two rescue homes in Toronto were entirely inadequate as the only church homes operated by the Church of England in Canada. He urged more of such work, as beneficial in instilling chivalry in the minds of young men.

Archbishop Worrell of Nova Scotia indorsed the desirability of establishing such institutions.

Dr. Lansing Lewis told the synod that the work had been started in Montreal by Church of England people for unmarried mothers. They were being looked after, and with their children were being placed in individual homes.

W. R. Cockshutt of Brantford voiced the opinion that a vast amount of work was being rushed through the synod without due consideration. Regarding marriage laws, he thought there had been too much "railroading," and he begged that anything sent on to the legislatures of the country should be very carefully considered.

APPEALS AGAINST SENTENCE.

GUELPH, Oct. 11.—Convicted before Magistrate Watt today of selling liquor, Fred Leader, an aged resident of this city, was sentenced to one year in the Ontario Reformatory. As accused had served twelve months in the county jail in 1919, the penalty was imposed without the option of a fine. Leader pleaded "not guilty" to the offence. R. L. McKinnon, counsel for defendant, gave notice of appeal, and pending the hearing before His Honor Judge Spotton, Leader was allowed out on $1,000 cash bail. Leader is over 70 years of age.

DONALD SUTHERLAND IS AGAIN NOMINATED

Unanimous Choice of South Oxford Liberal-Conservatives.

INGERSOLL, Oct. 11.—Donald Sutherland, M.P., at a well-attended meeting at Mount Elgin this afternoon, was again unanimously chosen by the Liberal-Conservatives as their candidate for the coming federal election. In the course of his address Mr. Sutherland expressed keen appreciation of the fact that it was the seventh time in twenty that he had been unanimously chosen as a candidate for South Oxford. He discussed the present political situation, and reviewed events of the past, he stating that while he had allied himself with the Liberal-Conservatives, he had relied upon his own judgment, and on several occasions had differed with his colleagues.

Hon Hugh Guthrie, minister of militia, discussed the tariff, and urged that its removal would be detrimental to the manufacturing interests of Canada. Many branches of American concerns, he claimed, would doubtless be closed. Miss Clayton of Listowel, in the course of her address, spoke to the ladies mainly on the importance of organization.

In transacting the affairs of the association, George Hollier, Tillsonburg, was elected president, and R. J. Kelly, secretary-treasurer.

SERIOUS CRIME INCREASE NOTED

WOODSTOCK, Oct. 11.—An alarming increase in the number of criminal and minor cases for the past twelve months, is shown in the report of Chief of Police Moore. During the year, 666 cases were dealt with in the police court, and of these 112 were criminal cases, which is a very large increase over last year, the O. T. A. and the new motor vehicle and traffic regulations were largely responsible for the increase. During the year over 100 cases concerning infractions of the O. T. A. were dealt with. Of the 665 cases dealt with in court 501 convictions were registered.

LABOR MINISTER TO SAIL FOR GENEVA CONFERENCE

TORONTO, Oct. 11.—Hon. Walter Rollo, minister of labor in the Ontario cabinet, having been appointed by the Provincial Government to attend in an advisory capacity the Geneva conference on labor questions, will sail for Europe next Monday.

Mr. Rollo will not attend as a delegate, as those are named by the Federal Government.

The Geneva meeting opens on Oct. 25.

KITCHENER HAS LOST 310 PEOPLE IN YEAR

KITCHENER, Oct. 11.—Contrary to expectations the population of the City of Kitchener is not 23,000, but 22,717, according to the figures announced by Assessment Commissioner Martin Huenergard today. It was expected that the west ward would show an increase to partially offset the decrease in the other four wards of the city, but release of the figures shows that the west ward has a decrease in population of 76. All wards thus show a decrease, making a total loss of 310 from last year. Even at that the figure is over 1,000 greater than the Dominion census of 21,651.
