A sure cure for headache.—Bilious headache, to which women are more subject than men, becomes so acute in some subjects that they are utterly prostrated. The stomach refuses food, and there is a constant and distressing effort to free the stomach from bile which has become unduly secreted there. Parmelee's Vegetable Pills are a speedy alterative, and in neutralizing the effects of the intruding bile relieve the pressure on the nerves which causes the headache. Try them.

From Cashmere.

A cashmere table cover, wrought in gold, and two pillow shams, wrought in silver, adorn the neat office of the secretary of Presbyterian missions. These goods are exquisite in design and finish in workmanship and form excellent samples of Eastern art.

MARKED DECLINE IN WHEAT

Futures Sagged Yesterday from One to Two Clear Points.

Chicago and Liverpool in Sympathy—Small Demands and Large Visible Supply the Leading Influences—American and English Markets—Chicago Gossip.

Tuesday Evening, March 29.

Wheat sagged heavily in Chicago to-day. May scored a loss of an even cent for the day, July 2 cents, September 1⅝c and December ½c. Lack of demand from all quarters, good weather reports, and the so-called artificially high prices at which all contract wheat is held, are alleged as the chief causes for the decline. In Liverpool wheat futures closed from ¼d to 1d below Monday's final figures. Corn weakened on both sides of the Atlantic.

The sailing of the Chicago grain fleet for the east on Friday will be the earliest in 63 years. The total amount of grain in vessels ready to start is: 12,100,000 bushels, including 1,693,000 bushels wheat, 8,254,000 bushels of corn, and 2,232,000 bushels oats.

Total clearances to-day were 398,000 bushels of wheat and flour, and 727,339 bushels of corn.

Bradstreet's estimates that within the past week the visible supply of wheat, east of the Rockies, has decreased 1,743,000 bushels, and that the quantity afloat has decreased 700,000 bushels. This makes a total decrease of 2,443,000 bushels, as compared with a decrease of 1,951,000 bushels for the corresponding week last year.

Primary receipts of wheat and corn at chief centres to-day were 312,000 bushels of wheat, and 371,000 bushels of corn.

A Broomhall cable says that India's shipments of wheat will not be large until June.

Receipts of wheat at Minneapolis to-day totalled 273 cars.

The total supplies of grain at Chicago in public and private elevators and afloat, are: Wheat, 4,683,000 bushels; corn, 31,101,000; oats, 4,890,000 bushels.

The Italian consumption of foreign wheat continues unusually large. For February it was 1,760,000 bushels, as against 744,000 bushels in February, 1897.

Chicago July wheat puts 80¾c, calls 82⅞c.

Chicago May corn puts 28¾c, calls 28⅝c.

To-day's receipts at Toronto cattle market were: Cattle, 1335; sheep and lambs, 450; hogs, 2665, and calves, 40.

Short bacon is 1s lower in Liverpool at 28s.

Lard is 3d higher in Liverpool.

Port Arthur and Fort William stocks of wheat are 674,323 bushels, as against 664,134 bushels a week ago, and 2,900,522 bushels a year ago.

It is estimated that between now and August 1, European requirements of wheat will be 100,000,000 bushels. Of this 38,000,000 bushels is now afloat, and there is in sight from America, Argentine, India, Russia and elsewhere, 62,000,000 bushels. Besides this the French, English and South Russian crops promise to be unusually early.

Russia last week shipped 1,304,000 bushels of wheat.

Exports at New York to-day were: Flour 3468 bbls, and 16,499 sacks, wheat 24,083 bushels.

Live stock receipts at Chicago to-day were: Cattle 2500, sheep 15,000, hogs 17,000.

Prime's Crop Report.

Prime's report on crop says: From lakes to Gulf of Mexico rainfall brought country to standstill, and nothing done or prospect of doing anything for some days in spring seeding. Winter wheat crop had quite set back the preceding week from extremely low temperature and tremendous rains which have flooded low lands in winter wheat along Ohio and Mississippi Rivers. Crop still continues very backward. Oat seeding brought to standstill and what were in ground were in States south and west of Mississippi, Illinois and Ohio, practically seeded no oats yet, and look for very little oat seeding the coming week.

LOCAL LIVE STOCK.

The run of live stock at the western cattle market was large, 70 car loads, composed of 1335 cattle, 450 sheep, 40 calves, and 2665 hogs.

The fat cattle were the best that have been offered at any time this year, selling at fairly good prices, but not high enough to suit the country dealers, many of whom complain of losing money, and are evidently paying too much for their cattle.

Export cattle sold at $3.80 to $4.40, export bulls, heavy, at $3.30 to $3.65, export bulls, light, $2.90 to $3.25 per cwt.

Butchers' cattle—Choice, picked lots weighing 1075 to 1175 lbs., sold at $4 to $4.25, loads of good $3.65 to $3.80, medium $3.50 to $3.70, common $3.25 to $3.40, inferior cows and bulls at $2.75 to $3.00 per cwt.

William Levack bought 135 cattle, mixed exporters and butchers', at 3.15 to $3.80, and a few bulls at $2.80 to $3.50 per cwt., also 71 yearling lambs at $5.75 per cwt., and 22 calves $5 to $8 each.

George Tucker of Wellington County sold 13 exporters, 1230 lbs. each, at $4.35. These were choice steers.

William McClure bought 24 butchers' cattle, 1050 lbs. each, at $3.60.

S. Halligan bought three car loads of butchers' cattle, ranging from $3.75 to $4.25, some of which were extra choice quality.

F. Montreuil of Montreal bought 15 cattle, 1055 lbs. each, cows, heifers and steers, for export and unfed, at $3.65.

A. W. Maybee bought 2 car loads of good butchers' cattle at $3.87½, for St. John, N. B.

Alex. Levack bought 21 cattle, cows, heifers and steers, 980 lbs. each, at $3.50, also 3 extra choice heifers, 1460 lbs. each, at $4, and $1 over on the lot.

J. L. Rouse has bought 25 stockers, 950 lbs. each, at $3.50 to $3.65 per cwt.

The milk cows offered were of poor quality, generally speaking, and would not average in price more than $30 each. One extra good cow sold at $40.

Calves sold at $3 to $8 each.

Sheep—Prices firm at $3.75 per cwt. for ewes, $3.25 for bucks, and $5.50 to $5.85 per cwt. for yearling lambs.

Spring lambs—Prices easier, at $3.50 to $5 each.

Deliveries of hogs were heavy, markets weak, with a downward tendency. Prices were $4.80 to $4.90 for best selections, $4.62½ for light fats, and $4.50 for heavy.

Too many thick fat hogs are coming forward, and drovers are kicking, as Mr. Harris will not pay more than $4.50 for this kind of hog.

Farmers, to obtain the best results in raising hogs, must not feed too much grain to their young pigs, but give them time to grow by feeding some roots and soft food, and let them have plenty of room for exercise, thereby obtaining more muscle and less fat.
