PUBLIC AMUSEMENTS.

Novelty for the Toronto.

The attraction at the Toronto Opera House next week will be a novelty for that theatre. A new comedy-drama, by Joseph Le Brandt, entitled "On the Stroke of Twelve," will be produced by a company under the management of Whitaker & Lawrence. The piece tells a strong dramatic story, relieved by a generous comedy element, and its author is said to have, while keeping well within the lines of plays of its class, handled his subject vigorously and infused no small amount of original character drawing and situations into his work. "On the Stroke of Twelve" gets its title from an escape from prison that occurs at that hour. The hero is falsely accused of a crime, and he manages to make his escape from jail in a remarkably sensational manner. There are other strong scenes in the play, notably the counterfeiters at work in their den. The Blackwell's Island scene, the great prison and the counterfeiter's den offer an excellent opportunity for the scene painter's art, and they have been made the most of by the artist. Every act is carried complete, and the costuming is also a feature of the performance. This is the first time that a genuine "yiddish" character has been put into a drama.

Parish Priest.

"The Parish Priest" will have its first presentation in this city beginning Monday night next, at the Grand Opera House, coming direct from its successful Boston engagement at the Park Theatre. It is interesting to watch the audience during the progress of this play. At one moment the silence, owing to the strength of the scene being enacted, is so intense that the rustle of a program can be heard in all parts of the house; in an instant, laughter peals forth, loud, hearty laughter, of a good, honest sort. Then the moonlight creeps over the stone wall, and the little battle of life, fought in its mellow glow, brings tears to the eyes of the onlookers. But they are gentle tears, and leave no unpleasant memories, for they are as natural as the shadows of the night so truthfully pictured by the scenic artist's art, and before the tear has found its way to the cheek the face is wreathed in a smile, as the blending of smiles and tears is artfully done by the author. "The Parish Priest" is a dramatic novelty, refreshing in its new methods and fascinating in the picturesqueness of its characters.

Our Boys on Saturday.

There has already been a large sale of tickets for the two benefit performances of "Our Boys" at the Princess Theatre next Saturday afternoon and evening. The best actors of the defunct Cummings Stock Company will give this popular English comedy a careful presentation, staged with the original scenery and correct in every detail. The box office opens on Thursday morning at the Princess Theatre, where tickets may be exchanged for reserved seats and seats may be purchased for the matinee or evening performance. "Our Boys" is one of the most captivating comedies ever staged and it is numbered with the most enjoyable attractions ever seen in Toronto.

The Only One in Toronto.

"Sis Hopkins," the pretty little pastoral in which Miss Rose Melville is starring, is very refreshing, after a season of dramas and comedies, as it possesses a distinct individuality, tho partaking of the nature of both. As it is the only dramatic attraction in Toronto this week it should draw well.

A Refined Performance.

One of the most refined performances ever seen in Toronto is at Shea's Theatre this week. Every number is first class, and the audiences are not slow in their appreciation.

The Parish Priest.

Mr. Willis E. Bozer, manager for Daniel Kelly in the "Parish Priest," which will appear at the Grand next week, has arrived in the city.

AT OSGOODE HALL.

An appeal has been entered in the big telegraph suit in which Brokers Morrow and Clarke of Boston sought unsuccessfully some weeks ago to have cancelled the agreement under which the G.N.W. Telegraph Company nearly twenty years ago took over the operation and control of the Montreal Telegraph Company's lines.

To-Day's List.

Peremptory list for to-day's sittings of the Divisional Court: Sexton v. Cole, Varty v. Seine River, Parsons v. Palmer, Shipe v. Houghton, Palmer v. Jones, Parker v. Musical Protective Association.

An Injunction Granted.

Mr. Justice MacMahon yesterday granted an injunction restraining Romeyn Laujer from acting upon an alleged permit issued by the License Commissioners allowing him to transfer his liquor shop licence from 95 York-street to 432 Spadina-avenue. The application was made on behalf of A. A. Bannerman of 380 Spadina-avenue, on the ground that a majority of the ratepayers are opposed to the transfer to the proposed place.

IT'S THE OLD STORY

A Well-known Toronto Gentleman Tried all the Catarrh Cures Heard of for Years; at Last Japanese Catarrh Cure Removed Every Symptom of the Disease. It Cures Permanently.

Mr. W. B. Williams, 254 Church-street, Toronto, writes: "I have used Japanese Catarrh Cure for Catarrh, and believe it to be an article of superior merit. It has given me immediate relief, and cured me completely of acute catarrh, which had troubled me for years. I believe I have tried every known remedy for catarrh, but in each instance my catarrh returned. It is now some time since being cured with Japanese Catarrh Cure, and I have since been free from every symptom of the disease. I can highly recommend this remedy." Price 50 cents, by all druggists.

LAND FOR ALGOMA CENTRAL

Premier Ross Introduced the Bill in the Legislature—a Total of 1,280,000 Acres.

OTHER SUBSIDIES ON FRIDAY.

Liberals Still Stick to the Numbered Ballot in the New Election Bill.

In the Legislature yesterday, upon the presentation of the report of the Public Accounts Committee, Col. Matheson commented on the fact that it was often very hard to get a quorum. He admitted the pressing business before other committees, but he pointed out when half a quorum of Conservatives put in an appearance, Government members could not be got to attend. Then he summed up the evidence relating to the purchase of the fishery boat Gilphie. That purchase had been made from the brother of a member of the House, who was the member's business partner. The price paid was $3250; and Captain Simpson's evidence was that the boat was not worth more than $1200 at the outside. The Dominion boat Dolphin had been sold for $700, and Capt. Simpson had sworn that an expenditure of $500 would have made her a better boat than the Gilphie.

A Political Game.

The evidence before the Public Accounts Committee, Col. Matheson also showed, had established the fact that in the expenditure upon colonization roads, $10 was spent in the Liberal ridings to $1 in the Conservative ridings. Mr. Stratton's constituency got more money than any three of the adjoining ridings.

Criticised Noxon.

Col. Matheson reflected upon the style of giving evidence before the committee of Inspector Noxon. Mr. Noxon didn't seem to be able to remember anything. But the information about the Central Prison in one particular was most interesting. The theory of the binder twine industry in the Central Prison was that it was to benefit the farmers. The facts were that binder twine was being imported at the prison from the United States, because it came in free of duty, and it was twisted into rope at the Central Prison, because rope was subject to a duty. Such was the state of affairs in the Central Prison.

Mr. Latchford defended the Government, both in regard to the purchase of the Gilphie and the expenditure on colonization roads.

The Scott Estate.

Mr. German moved that the following be a special committee to investigate the alleged frauds in connection with the Scott estate resolution, adopted in the House last week: Foy, Cuarlton, Pardee, Miscampbell, Auld.

Mr. Gibson remarked that the resolution in question was carried to his regret and he hoped it would not form a precedent in the House.

No Compulsory Examination.

Dr. Bridgland moved a clause for the compulsory examination of school children's teeth to Mr. Harcourt's Public School bill. It was declared lost.

Mr. Gibson moved that bill 213 respecting industrial schools be referred back to committee for amendment. This is the Kelso-Atkinson Act. It was amended by striking out the clause that children may be committed to industrial schools and farmed out to the age of 18 years. The bill was reported as amended and put on the third reading list.

The Game Bill.

The House again in committee considered the game bill.

Attorney-General Gibson, in a sad voice, told how he had worked year after year to get the game laws into perfect shape. Altho not a sportsman himself, he had a great sympathy for sportsmen. He was cast down on account of the opposition which the bill met with, especially the opposition to the clause making game dealers take out a license. He said he would not have charge of this department of legislation in the future.

A number of bills were read a third time.

Mr. Gibson's election bill was again considered in committee. Mr. Whitney urged a number of improvements in detail.

The Government Election Bill.

On resuming after 6 o'clock the Legislature spent the evening in committee on the Government election bill. Messrs. Whitney, Marter and Foy put up a strong fight for amendment on the lines of the Whitney bill, especially with regard to the numbered ballot, but without result.

Algoma Central Railway Land Grant.

Before adjournment Premier Ross introduced his bill to aid the Algoma Central Railway with a land grant. He said the bill would be explained at the second reading, and would be in print to-day.

It is understood that the grant is of 6400 acres to the mile of 200 miles, or a total area of some 1,280,000 acres.

The Railway Subsidies.

Mr. Whitney asked when would the other railway subsidies be down.

Premier Ross replied that they would be very light, and would all be down on Friday.

The House will meet at 11 o'clock this morning.

Little York Must Vote.

The Private Bills Committee yesterday wasted an hour on the bill to incorporate the town of East Toronto, altho it was pointed out that the Municipal Act at the present time covered all the objects aimed at by the promoters. There was a clause relating to an $800 site for the Heinz Pickle Company, and it was declared that the pickle firm would not locate in East Toronto unless they got this bonus.

A vote was taken as to whether the preamble should be considered, and the ayes had it. Some members of the committee, who blew in with the morning zephyrs and did not know anything about the bill, voted for it. It was then decided that the Little York electors, by a two-thirds majority, must vote on the matter, as Little York is to be annexed to the new town.

ASSEMBLY NOTES.

Rev. Septimus Jones, Rev. John Gillespie and Rev. J. Pitt Lewis yesterday saw the Government with reference to the St. James' Cathedral bill. The deputation contended that the surplus income should be divided among the rectors of the city, instead of being allowed to accumulate for the benefit of some presumptive cathedral rector.

"Cap" Sullivan did not turn up at the final meeting of the Public Accounts Committee yesterday.

Mrs. Mary Mandible Dead.

Mrs. Mary Mandible, widow of the late Michael Mandible, who for 35 years was a resident of Toronto, died Monday morning at the residence of her son-in-law, Mr. James Smith, 19 Mutual-street, after an illness of about four weeks' duration. Deceased was born in Ireland 65 years ago, and came to this country and settled in Quebec when 10 years of age. She was a member of St. Michael's Cathedral. She leaves two sons—M. J. Mandible of Quebec, and J. McGovern, the well-known lacrosse player—and two daughters—Mrs. Smith and Mrs. William Perry. The funeral to-day at 9 a.m. will take place to St. Michael's Cathedral, and thence to St. Michael's Cemetery.

Another Large Residence Changes Hands.

That beautiful large residence, with extensive grounds, No. 162 Crescent-road, Rosedale, owned and occupied by Mr. D. W. Alexander for a number of years, which was sold a little over a year ago to Mr. McBride of the Massey-Harris Company, but was never occupied by him, as shortly after purchasing it he moved to Australia to take charge of the company's business there, has been re-sold by Mr. Harton Walker, real estate broker, to Mr. James E. Junkin, managing director of the Manufacturers' Life Insurance Company.

Funeral of Mrs. Richard Slater.

The funeral of the late Mrs. Rrchald Slater took place yesterday morning from 19 Jordan-avenue to Humbervale Cemetery, and was attended by a large number of friends. Among the numerous floral offerings was a wreath from Mr. W. G. Wilson, foreman of the R. G. McLean printing house, where deceased's husband is employed. Representatives were present from the Maple Leaf, Toronto, Amusement Club and other mute organizations.

Art League Entertainment.

The fifth entertainment under the auspices of the Dufferin School Art League will be held in the school room of Sherbourne-street Methodist Church, to-morrow evening, and will consist of readings, songs and stories, by T. M. Bell-Smith, R.C.A., elocutionist, and Mr. Mariett Bell-Smith, baritone.

YORK COUNTY AND SUBURBS

Two Junction Boys Who Ran Away From Home---They Wanted to See the World

HORSE SHOW AT THISTLETON.

Mr. James Ball, an Oak Ridge Farmer, Dies From Injuries From the Kick of a Horse.

Toronto Junction, April 24.—Two boys in Form III. at the High School here took advantage of the Easter holidays to skip out and leave their parents. One was a son of Dr. McFayden, the other was Boyd Blackmore, the 17-year-old son of Mr. George Blackmore, 55 Afton-avenue. Both lads booked as cattlemen aboard the Amaryntha, which was to leave St. John, N.B., to-day, and were to do chores in consideration of their passage across the Atlantic. The boys had an idea that they would like to see something of the world, and took this method both as an inexpensive and easy way. Dr. McFayden, however, happened to get wind of his son's escapade, and last Tuesday turned up in Halifax, from which place he thought the boys would sail. By wiring to the police of St. John a description of his lad, Sergt. Ross of that city located him at Sand Point. On Sunday father and son met, and the youth was escorted home. Blackmore, however, is bound to see the world, and will see it, even tho he sees it alone.

Miss Jessie Alexander this evening took part in the concert under the auspices of Annette-street Methodist Church W.A.

M. A. Chrysler, B. A., senior master at the High School, will on Thursday evening lecture before the Historical Society on "What Plants Live On."

Miss Jane Burgess of Law-street, who suspects that the house is surrounded by electric wires, was arrested by Chief of Police Royce this morning on a charge of insanity, and sent to jail.

Thistletown Horse Show.

Thistletown, April 24.—The annual spring show of the Etobicoke Agricultural Society was held here this afternoon, but, in view of the fact that farmers are taking advantage of the lovely weather and are now in the midst of seeding, there was not so large an attendance as usual. Nevertheless there was a good show, and the stock exhibited was sufficient to show that there is no deterioration among the breeders of the township. The following prizes were awarded:

Heavydraught Horses—King of Clydes, owned by J M Gardhouse, 1; Lewie Gordon, owned by Farr Addison, Moody & Thompon, 2; A Agar's 2-year-old, 3. Heavydraught team—J Gardhouse, Highfield, 1. Agricultural team—M Ramsey, Edgeley, 1; J B Stephens, Weston, 2. Agricultural colt of 1899—Robert Selkirk.

Thorobred Blood Horse—James Jackson's Muscovite, 1; George Robinson's Monotony 2. Best colt—J Jackson 1. Carriage stallion—Amos Agar 1, Albert Hewson 2. Roadster stallion—William Soper's Ansonia 1, James Jackson's Eighteen Carat 2. Roadster colt—Milton Stong 1. Carriage colt—Albert Hewson 1. Best roadster in harness—M A Ramsey 1. Best carriage horse in harness—F Griffith 1, Albert Hewson 2.

Shorthorn Bull, under 2 years—James Robinson 1, T A Farr 2.

Holstein Bull, over 2 years—W E Duncan 1, Harry Welsh 2.

Holstein Bull, under 2 years—W H Rountree 1, George Rountree 2.

Jersey Bull, over 2 years—J H Smith & Son 1 and 2.

Jersey Bull, under 2 years—J H Smith & Son.

Judges in heavydraught class were: Walter Watson, Coleraine; Colin Cameron, Thistletown, and William Thomas, Maple. Judges in light horses: J Patterson, Burnhamthorpe; William Pears, Toronto Junction, and Dr. McLean, Woodbridge.

Following the show supper was served to exhibitors and friends of the society at the Albion Hotel.

East Toronto.

East Toronto, April 24.—Thomas Stibbard, G.T.R. conductor, will be confined to the house for two or three weeks as the result of a fall from the top of a box car, resulting in an injured back.

Mr. J. E. Zleman has purchased the vacant lot between Mr. Hitch's butcher shop and Pierce's barber shop. He will erect upon it a two-storey building, 16x28 feet.

The contract for the new Methodist Church has been let to McMillan & Costain. It will be erected on the northwest corner of Main-street and Danforth-avenue.

Mr. W. G. Brown, manager of the Equity Fire Insurance Company, with his family, is rusticating in the village until his house at the beach is finished.

Aurora.

Mr. James Ball, a respected farmer of Oak Ridges, died on Sunday night as a result of a kick from a horse. Yesterday week deceased followed his horses into the stable, and one of them kicked him in the stomach. This accident was not at first considered serious, but complications showed after two or three days. A widow and six children are left by the deceased.

Hon. E. J. Davis does not seem to be in the closest touch with the moving spirits of his party in this riding, and the opinion is freely ventured that he will have some difficulty in again securing the nomination.

A special meeting of King Township Council was held on Saturday last. Petitions respecting the Schomberg-Aurora Railway were considered. The Council decided to ask that a time limit of one year to begin construction be placed in the charter, now being sought at Ottawa.

A team belonging to Mr. James Monkman were scared at a car yesterday morning, and after doing some damage to the rig broke away and ran over a mile before being held up.

A charge of disorderly conduct has been preferred against Mrs. Mick and Mrs. O'Neale, and a hearing in the case will take place before Magistrate Love on Friday next.

The Rev. Mr. Kirby, the new rector of the English Church, preached here on Sunday. Rev. E. H. Mussen is expected to leave here for Collingwood in about three weeks.

North Toronto.

The funeral of the late James Thompson of Lansing took place yesterday afternoon to St. John's Cemetery at Oak Ridges, the following being a very large one. Deceased was one of the best-known hotelkeepers on Yonge-street, and had conducted the Golden Lion at Lansing for the past 17 years. Prior to that time he had resided and farmed at Oak Ridges. A widow and a family of six children are left by deceased.

Mr. J. J. Davis of the Davisville Post-office is erecting a feed warehouse, and intends installing a grist and chopping plant.

During the Easter vacation Davisville School was entered and ransacked. Numbers of the children's books and other articles are missing, as well as school property. The entrance was effected thru the basement window, and Chief Lawrence has been requested to look into the matter.

The officers and members of York Lodge, A.F. & A.M., paid a fraternal visit last night to Ashlar Lodge, at Yorkville.

LEFT THEIR BABY BEHIND.

Young Couple at Dayton, Ohio, Suicided, Clasped in Each Other's Arms.

Dayton, Ohio, April 24.—Albert J. Deady and his 16-year-old wife last night jumped from a bridge into the canal and were drowned, clasped in each other's arms. Albert Deady was employed as inspector by the National Cash Register Company. They leave a young baby.

The Rumor All Rot.

London, April 24.—Investigation of the rumor circulated here and cabled to the United States, that Mrs. James Brown Potter, having been divorced from her husband by mutual consent, was shortly to be married to Lord Kitchener of Khartoum, shows the story to be entirely without foundation.

A Watch on Scroggie.

Mr. George E. Scroggie, the advertising man, has severed his connection with The News, to take a position with the Dodd's Medicine Company, with headquarters in Buffalo. The News employes gave him a gold watch.

Kincardine Pioneer Dead.

Kincardine, April 24.—One of the first settlers of Kincardine passed away last night in the person of Mr. Alexander McAskill, who came here from Sutherlandshire, Scotland, in the year 1848, taking up the farm upon which he has lived for upwards of 52 years. Mr. McAskill was a member of the Presbyterian church, and was held in the highest estimation by all. He was in his 73rd year.

Toronto City Council, No. 2, Royal Templars of Temperance, will hold their annual at-home in the Temple Building on Thursday evening, April 26.

Directors: H. H. FUDGER, J. W. FLAVELLE, A. E. AMES.

Funeral of the Late E. Hooper.

The remains of the late Edward Hooper were interred yesterday afternoon in St. James' Cemetery. At his late residence, 46 East Gerrard-street, an impressive service was conducted by Rev. Prof. Cody, rector of St. Paul's Church, who also officiated at the grave. The casket was carried by Messrs. J. K. Macdonald, J. Herbert Mason, F. D. Benjamin, Sir W. P. Howland, T. Shortiss, Col. Bruce and Rev. W. Patterson. The directors of the Confederation Life Association and the Canada Permanent Loan Company were present. A pillow, bearing the words, "Our Colleague," from the members of the Confederation Life Board, and a pillar from the Canada Permanent Company were among the floral offerings.
