Large as a Dollar

Were the scrofula sores on my poor little boy, sickening and disgusting. They were especially severe on his legs, back of his ears and on his head. His hair was so matted that combing was sometimes impossible. His legs were so bad that sometimes he could not sit down, and when he tried to walk his legs would crack open and the blood start. Physicians did not effect a cure. I decided to give him Hood's Sarsaparilla. In two weeks the sores commenced to heal up; the scales came off and all over his body new and healthy flesh and skin formed. When he had taken two bottles of

CANOE ASSOCIATION CAMP.

A Kingston telegram says: Friday was the opening of the American Canoe Association camp at Long Island Park. The prospects are brilliant for a grand time. A customs officer is located there, who has authority to allow steamers from American points to land their passengers, canoes, camp outfits, etc., without having to report at Kingston.

NIP AND TUCK.

DETROIT, Aug. 11.—The four-oared crews of the Minnesotas and the Argonauts, of Toronto, were called out at 11 o'clock this morning to settle the question of supremacy in the senior four-oared battle of the National Regatta, which was not finished yesterday owing to the fouls of the Wyandottes and New Yorks. The Minnesotas were first to catch the water and got a lead of half a length at the start. On nearing the turning-stake the Minnesotas had increased their lead to a length, and were the first to turn the stake in 4:45. The Argonauts did some poor steering, but made a very quick turn, and both straightened away for home head and head. It was a nip and tuck race all the way home. The boats were on even terms until 100 feet of the finish, and were pulling 38 strokes to the minute. The pace was too hot for the Argonauts, who quit 30 yards from the line, and the Minnesotas went across easy winners. Time, 9:25. The Minnesotas, of St. Paul, are therefore the champions of the National Association in their class.

Junior single sculls, final heat—Dagwell, Detroit, 1; Romhr, Toronto, 2; Russell, Toronto, 3. Time, 10:03½.

Junior fours—Minnesotas, of St. Paul, 1; Tecumsehs, of Walkerville, 2; Mutuals, of Detroit, 3; Torontos, 4; Wyandottes, 5. Time, 9:30¼.

Four-oared gig—Delawares, of Chicago, 1; Wolverines, of Detroit, 2. Time, 10:23.

Junior double sculls—Torontos, 1; Minnesotas, of St. Paul, 2; Mutuals, of Detroit, 3. Time, 10:02¾.

Singles, canoes—R. C. Muntz, of Toronto 1, E. S. Reynolds, C. S. Isham, J. A. Rathbone and C. H. Gould, all of Detroit, finished in the order named. Time, 4:12½.

Junior pair, oared shells—Torontos had a walk-over.

THE TRIGGER.

ST. THOMAS WON.

ST. THOMAS, Aug. 11.—The return match between the St. Thomas and London gun clubs was shot here yesterday; nine men a team; 21 birds each. The score was: St. Thomas, 125; London, 105. The first match in London was won by St. Thomas by 45.

THE TURF.

RACES STOPPED BY RAIN.

NEW HAMBURG, Ont., Aug. 11.—The races which were to have taken place this afternoon were postponed until to-morrow on account of the heavy rain, which lasted nearly the whole afternoon, and which, although it was to be regretted on account of the disappointment it caused to the crowd, was of great benefit to the surrounding country.

ZIM. PASSED JOHNSON.

CHICAGO, Aug. 11.—A. A. Zimmerman won the first of the international championship races run during the L. A. W. meeting. In addition to capturing that event, a ten-kilometer dash, he reduced in the same race the six-mile American competiton record, 18:40 2-5, made by Seeley, in New York last year, to 15:33 3-5. He made the last quarter in 27 seconds.

G. T. Knisely, of Chicago, who broke the four-mile record on Wednesday to 10:13, further chopped that mark to-day to 10:12 1-5 in the same international race. In this race the jockeying against Zimmerman did not work. He remained well to the rear to the final lap and then followed Johnson in the latter's spurt down the stretch. Not until he reached the turn, however, did he lean over his machine and exert himself. He was then a length behind the Minneapolis man. He passed Johnson half way down and won easily. Johnson was tired, and lost second place to Bliss. The fractional time was 2:27 2-5; two miles, 5:03 2-5; three miles, 7:40 2-5; four miles, 10:12 1-5; five miles, 12:52; six miles 15:33 3-5. Ten kilometres, 15:56 1-5. Willie Windle has left for the east on account of illness. Summaries:

One mile novice—P. Von Boeckmann, Chicago, 1. Time 2:54 2-5.

Half-mile handicap, final—G. H. Ellithorpe, Chicago, 85 yards, 1. Time 1:01 3-5.

One mile, 2:30 class, final—W. A. Rhodes, 1. Time 2:43 3-5.

In the national championship, 10 kilometers (6 miles, 1,130 feet), A. A. Zimmerman won, time 15:56 1-5; J. P. Bliss 2, J. S. Johnson 3, H. Smith 4, W. Hyslop 5, T. Meintjes 6.

Half mile, open, final—Zimmerman 1, time 1:06 4-5; Rhodes 2, Lumsden 3, Tyler 4.

Three-mile handicap, final—A. D. Kennedy (245 yards) won. Time, 7:08¼.

Third of a mile, open, final—H. C. Tyler 1, time, 45; H. A. Githens 2, P. Grosch 3, A. E. Lumsden 4.

Two-mile team, invitation—New York, A. A. Zimmerman and H. Smith, walkover.

SPOKES.

E. S. Dance, the English rider who broke the 100-mile record at Herne Hill recently, says that he felt no effects from the vibration alleged to be caused by long-distance work on a board track.

A strong interest in bicycle riding has been awakened in the South, and tracks are now building in Charleston and Columbia, S.C.; Savanna and Macon, Ga.; St. Augustine, Fla., and Birmingham, Ala.

A party of wheelmen from Reading, Pa., will start on Sept. 7 on a bicycle trip to the World's Fair and return. They will go by way of Harrisburg, Erie, Cleveland and Toledo, returning through Detroit, Canada, Niagara Falls and Rochester.

CHESS.

NEW YORK, Aug. 11.—The tournament for the cup presented by the New York Staats-Zeitung to the New York State Chess Association, was won to-day by A. B. Hodges, of Staten Island; Hodges 7, Hanham and Olly 3½ each, Halpern and Pollock 2½ each.

ATHLETICS.

Dick Burge, the English 140-pound fighter, has deposited £500 with the Sporting Life to bind the match with Jack Dempsey. The fight will be for $10,000 aside and the championship of the world, and will take place in the United States early in December.

CONTENTS OF CARLING'S CREEK.

The Citizens Strongly Object to the Present Use of the Stream.

No More Objectionable Sewage Must Be Emptied Into the Channel—Complaints Dealt With.

The emptying of sewage into Carling's Creek is just now occasioning an unwonted nuisance to citizens living near its banks, and the grievance came up for discussion at last evening's meeting of the Board of Health. A largely-signed petition was received from residents in wards 4 and 5 relative to the matter. The creek, it was stated, had become so badly polluted that some action should be taken at once to abate the nuisance, which was a menace to the health of the community. The odor from the discharge into the creek of drains connected with the Military School and private residences was extremely objectionable, and prompt measures should be taken to end a state of things that might produce an epidemic of disease. There was no just reason why such a nuisance should be permitted to remain as a matter of convenience to those who were living at a safe distance from the creek. The names appended to the petition were: George Taylor, James Treneman, George Heard, Thos. Greene, G. P. Medhurst, T. M. Vining, Mrs. L. Hunt, W. M. Atkinson, Thos. Duff, Alex. Duff, Alex. Anderson, Joshua Garratt, Arthur Dowell, Robert Sloan, J. C. Sloan, Wm. J. Smith, B. R. Sloan, Thos. Bayley, W. Hayes, Wm. Taylor, H. W. Healey, W. G. Hiscott, H. Warner, Jas. Taylor, Geo. O'Dell and F. Wilkey.

Mr. Vining, ex-Mayor Taylor and Mr. Arthur Dowell were heard in support of the petition.

Dr. Gardiner moved that the medical health officer be instructed to see that no drainage was emptied into any creek or river in the city for the present.

Several members present thought that this resolution could never be properly enforced.

It was then moved by Ald. Scarrow, seconded by Mr. William Skinner, that the medical health officer be instructed to immediately notify all parties who were polluting Carling's Creek with sewage of an objectionable nature that such action was to be discontinued at once. If this ultimatum were not heeded legal action would be taken. A time limit was placed at ten days.

The resolution passed and the deputation retired, thanking the board for their prompt action.

Ald. Scarrow said that an iron sewer trap had been removed from the corner of Dundas and Colborne streets. The city engineer will be asked to report where it is.

John Pegler, 529 Hill street, complained of a nuisance in that vicinity. Referred to the medical health officer.

G. Talbot, Walker street, complained of the gathering of refuse and stagnant water in abandoned oil tanks near his residence. He wants them filled in. His letter will be forwarded to the council.

Dr. Hutchinson spoke of a drain running from the Tecumseh House in the rear of lots parallel with York street to the river which was badly dilapidated. A sewer in this connection is wanted on Talbot street from York to the G. T. R. track. The residents in that thoroughfare will be asked to petition for such a convenience.

Dr. Hutchinson reported that the and Inspector Bell had had a conference with the London Township Council in regard to the dumping of night soil, and a satisfactory agreement was reached. Report referred to a committee composed of Ald. Heaman, Ald. Scarrow, Dr. English and Dr. Hutchinson.

The members present were: Ald. Heaman (chairman), Ald. Stevely, Ald. Scarrow, Dr. English, Dr. Gardiner, Ald. Parnell, Mayor Essery, Dr. Hutchinson, Wm. Skinner.

Hard Work to Save Her.

NEW YORK, Aug. 11.—Seven thousand excited persons gathered on the beach at Asbury Park Wednesday and saw Miss Maggie Manning, a summer guest, rescued from drowning. Miss Manning had been in bathing only a few minutes when she was knocked senseless by a huge breaker. As she fell into the undertow her long, heavy hair became unfastened and was wound tightly about her face. Charles Truax, bathing master, started out into the water with a life-line. The undertow was rapidly taking the young woman out to sea, and it was with great difficulty that he succeeded in getting to the spot where she had sank. He caught a glimpse of one of her feet, and dived and brought her to the surface. He fought his way safely to the beach with his burden. The young woman was unconscious, and it took a physician over an hour to restore respiration.

Ledyard's Orphans.

The Buffalo Express says: "There are a few railroad men with hearts as big as a mountain. The yearly excursions of two deserving charities which have received railroad favor are now being taken. The pupils of the Deaf-Mute Institute on Edward street, filling a coach, went to Niagara over the Michigan Central on Wednesday, and on Wednesday of next week the orphans of St. Vincent's Asylum will spend the day at the same place. Both of these excursions are planned yearly by President Ledyard, of the Michigan Central. Similar action on the part of other roads toward the little people ought to bring blessings to them.

"The New York Central has extended similar courtesies this summer."

PRONOUNCED A FAKE!

A Hoax in the Stuart Estate Case Exploded.

WINDSOR, Aug. 11.—Yesterday a Windsor paper contained an account of the finding of valuable papers that would prove the claim of a large number of Essex county people to the Stuart estate, which is supposed to be worth several millions of dollars. It is stated that some of the claimants, when they found the lawyers could do nothing for them, consulted a Detroit fortune teller, who informed them that the grave of Mrs. Stuart was located on the farm of W. Baltzer, near Kingsville, and that valuable papers would be found there that would establish their claim to the estate.

The readers of the paper are not informed how much the brilliant-minded clairvoyant was to receive if the information was correct; nor have the people of Windsor and vicinity any recollection of seeing several male and female residents of the noted gas town rushing homewards armed with picks and shovels with which to dig up a 40 acre farm in searching for the remains of the late and lamented Mrs. Stuart.

Permission, so the story runs, was procured from the honest farmer, who, although not a claimant, was anxious to have the wonderful grave located, especially as he wanted the farm plowed and had a shrewd idea that he would get it done for nothing.

Just how much time was consumed in doing the work, or if it was done in the cool night air or the blazing heat of the day, the other anxious heirs are not informed, but they are given the startling information that the papers were found and that the overjoyed finders fell down on their knees and offered fervent thanks to the—fortune-teller.

Although the report was also published in the Detroit morning papers, the whole thing is pronounced a "fake" both by the lawyers who have investigated it and the heirs who have heretofore lost several thousand dollars of their substance in trying to grasp at the shadow, otherwise known in Essex county as the Stuart estate.

Sunday School Excursion For Two.

A Windsor dispatch says: A few minutes before the steamer Promise left Windsor with the Sunday school excurson a young man called upon A. Minty and procured a marriage license in which the names of the contracting parties were a W. Underhill and Bessie Cogden, both of Windsor. The young couple took the boat, and shortly afterwards the Rev. Mr. Vining, pastor of Bruce Avenue Baptist Church, who was on the boat, was taken by the young man into a secluded corner and nervously asked if he would perform the ceremony. The boat by this time was in Lake St. Clair, and as the minister did not know whether or not they were in Canadian waters, he persuaded the young man to wait until Walpole Island was reached. After traveling nearly half a mile the minister called a halt and under the spreading branches of a stately elm he pronounced the couple man and wife.

STRUCK BY A TRAIN!

A Farmer's Wagon Smashed and the Horses Killed.

His Little Boy Loses a Foot and is Otherwise Hurt—Narrow Escape of the Father.

ST. THOMAS, Aug. 11.—A serious accident occurred at a crossing near Kingsmill, eight miles from this city, to-day. Mr. Riley Wilson, a farmer, was drawing water, and his little boy Frank, aged about 7 years, was on the wagon with him when the team and wagon were struck by M. C. R. express train No. 5 going west. It would seem that the man did not notice the train although, it is stated, the whistle was blown, and people who were working in a field close by saw the train and shouted to warn him. The engine struck the horses and wagon with such force as to kill both horses, one being thrown on each side of the track, while the wagon was smashed to pieces. Mr. Wilson himself was comparatively unhurt, but the little boy had one foot crushed, his shoulder injured and face badly bruised. He was brought to the Amasa Wood Hospital here, where Dr. Fulton amputated the foot. The boy's other foot is badly bruised, also his hand, arm and head, but at latest reports he is doing well and will probably recover.

Mr. Riley Wilson, the father, who formerly lived on Flora street, this city, says the team had reached the west-bound track before he noticed the train. He then tried to turn the horses between the track, but only succeeded partially when the train struck them, the wagon being then between the tracks. The train passed over the boy's foot. Mr. Wilson received several bruises, though they are not serious.

DID YOU LOSE YOUR TRUNK?

A Bad Gang Captured in Chicago—They Stole Baggage and Sold What They Could.

CHICAGO, Aug. 11.—The police have unearthed a gigantic plot, which involves many thousand dollars' worth of stolen property. For some months past various railroads entering Chicago have repeatedly complained that satchels and trunks were being stolen from their stations.

Yesterday the police arrested four men and three more are spotted. The gang had carried on its manipulations very smoothly.

For months no trace could be found of the stolen property. Not long ago, however, it was discovered that at No. 471 Clark street two men had sold for $100 nearly $1,800 worth of women's garments. A description of the fellows was obtained and suspicion lighted on the four thieves in question. They were staying at the Lindell Hotel, where they represented themselves to be traveling salesmen.

Wednesday two female detectives in the employ of the police made overtures to the thieves, and after a good deal of fencing they succeeded in purchasing a large quantity of clothing. This they immediately took to the officers, who at once made a raid upon the room occupied by the men. The four were found there and placed under arrest. In the room were found four trunks and fifteen satchels shown by the labels on them to have been taken from the Grand Trunk, Rock Island and Union depots. Other property consisting of jewelry and wearing apparel was also found. The total value of seizure made by the police is about $12,000. Chief Brennan intimated that the events of yesterday were but the beginning of a series of highly sensational developments.

CO-OPERATIVE CONGRESS.

From the report of the Co-operative Storekeepers' Congress recently held in Bristol, England, we gather the following statistics: The co-operative societies of Great Britain have a membership of 1,750,000, representing a sixth of the population of that country. They own £12,000,000 in stock, and in business have an annual turnover of something like £50,000,000. And they claim to be putting between £4,000,000 and £5,000,000 of profits every year into the pockets of the members. Wholesale business is now becoming quite a feature of the system, and last year, it is said, business was done, in a wholesale way, to the amount of £13,000,000 in value.

A paper was read at the Congress by Mr. Tutt, of Plymouth, in which the author discussed the position which co-operators ought to take with regard to the social and industrial problem of the present time. He asked what position co-operators should take with regard to communism, collectivism, and socialism. "The realization of the communistic ideal seemed to be immeasurably distant if not impossible; collectivism and socialism were very much akin. In the abstract the aims of the co operators and socialists were alike, but a soon as co-operators and socialists set ou on the journey they must make to reach their goal, it became apparent that there were different roads for reaching the same place, and the paths taken by co-operators and socialists began to diverge. Experience had taught them it was by self-help and self-culture advance was to be made. The position co-operators should take with regard to trade-unionism should be one of close relationship. The feeling of mistrust was passing away, and a better understanding was growing between the two bodies. (Hear, hear.) Trade-unionists would do well to reciprocate the action and spirit of co-operators by identifying themselves with co-operative societies. With regard to the provision for infirm workers co-operators as employers of labor should assume some responsibilities for the lives of their employes, and set an example to other employers as to what the true relation between master and servant should be."

Nothing impure or injurious contaminates the popular antidote to pain, throat and lung remedy and general corrective, Dr. Thomas' Eclectric Oil. It may be used without the slightest apprehension of any other than salutary consequences. Coughs, rheumatism, earache, bruises, cuts and sores succumb to its action.

ANDERSON.—What holidays can a farm hand take who is hired by the month? also, has he to work from date to date or 26 days each month? ANS.—He must work from date to date. He has no holidays absolutely unless by agreement. He must do necessary chores on Sundays and such holidays as may be observed by his employer.

WEST DULUTH.—Can I collect wages from the time I was of age until I left home, and if so how much per month or year? I was 27 years of age when I left home. ANS.—In the absence of an agreement for wages or compensation you have no legal claim. If no rate of wages is specified in agreement the law would allow what your services were worth.

MOSA.—I have had my goods seized for interest overdue on a mortgage made by me. How long can they hold them after the appraisement before selling? ANS.—Five clear days after seizure before appraisement, after which the sale can at any time be made. 2. Can they follow a part of my goods and chattels removed from the premises within the last 30 days? ANS.—If fraudulently or clandestinely removed to prevent distress the goods can be followed within 30 days thereafter, but otherwise they can be removed at any time before seizure. 3. What exemptions can I claim as a farmer, either tenant or freehold? ANS.—There are no exceptions unless you give up possession of the premises, in which case you can claim the exemptions allowed on execution for debt, a list of which is published. 4. I hold a note payable on demand; does it ever outlaw, and how long before it does? ANS.—Six years from the date of the note.

EXEMPTIONS.—What amount of wages and what goods and chattels are exempt from seizure for debt? ANS.—Twenty-five dollars of wages is exempt in the case of a married man, or other debtor having a family dependent on him for support, unless the debt contracted for board or lodging, and the exemption is in the opinion of the judge not necessary, and the following goods are exempt from seizure under execution, viz.: (1) Beds and bedding in ordinary use, and the necessary and ordinary wearing apparel of the debtor and his family; (2) one cooking-stove, pipes and furnishings, 1 other heating stove, 1 crane, 1 pair andirons, 1 set cooking utensils, 1 pair tongs and shovel, 1 coal scuttle, 1 lamp, 1 table, 6 chairs, 1 washstand with furnishings, 6 towels, 1 looking-glass, 1 hair brush 1 comb, 1 bureau, 1 clothes press, 1 clock 1 carpet, 1 cupboard, 1 broom, 12 knives, 12 forks, 12 teacups, 12 saucers, 1 sugar basin, 1 milk jug, 1 teapot, 12 spoons, 2 pails, 1 wash tub, 1 scrubbing brush, 1 blacking brush, 1 wash board, 3 smoothing irons, all spinning wheels and weaving looms in domestic use, 1 sewing machine and attachments in domestic use, 30 books, 1 axe, 1 saw, 1 gun, 6 traps and such fishing nets and seines as are in common use, the articles in this subdivision not exceeding in value $150; (3) all fuel and food provided for family use not more than sufficient for 30 days' consumption and not exceeding in value $40; (4) 1 cow, 6 sheep, 4 hogs and 12 hens, in all not exceeding in value $75, and food therefor for 30 days, and 1 dog; (5) tools and chattels ordinarily used in the debtor's occupation to the value of $100; (6) bees, 15 hives.

Hicks—"What would you do if you were a hunchback?" Wicks—"Do? Why, I'd learn to ride a bicycle. Nobody would notice when I was on the wheel that I was more deformed than the other bicyclists."

C. C. RICHARDS & Co.

Gentlemen,—For years I have been troubled with scrofulous sores upon my face. I have spent hundreds of dollars trying to effect a cure without any result. I am happy to say one bottle of MINARD'S LINIMENT entirely cured me and I can heartily recommend it to all as the best medicine in the world
