CARRIED ALL BUT SEVEN!

Great Sweep Made by Liberals in Quebec Provincial Elections.

Conservatives Get Only Seven Seats---Two Montreal Men Lose Their Deposits---37 Liberals Elected by Acclamation---Newfoundland Cabinet Enlarged.

Montreal, Dec. 7.—The provincial elections were held in the Province of Quebec today, and as foreshadowed, the opposition candidates were literally snowed under, only seven of the number being returned.

The event in the election, as far as Montreal is concerned, was the defeat of Hon. A. W. Atwater, ex-provincial treasurer, in St. Lawrence division of Montreal, by Mr. James Cochrane. There was very little interest taken by the general public in the elections, and a very light vote was polled. The Conservatives ascribe Mr. Atwater's defeat to the fact that the voters did not go to the polls. The vote stood: Cochrane, 1,541; Atwater, 799; majority for Cochrane, 742. Mr. Cochrane had a majority in all the polls except two, and Mr. Atwater will lose his deposit. Dr. Lacomb, the Liberal candidate in St. Mary's division, defeated Dr. Laviolette, Conservative, by 1,176 majority, Dr. Laviolette losing his deposit. The returns from all over the province shows that the Conservatives carried only seven constituencies.

Nicolet — Flynn's (Con.) majority, 49.

Every county in which a contest was held has now been heard from, with the result that 29 Liberals and 7 Conservatives hav been returned.

ONLY SEVEN.

The Toronto Globe's Montreal special says: There are only seven Conservatives left in the Quebec Legislative Assembly of 74 members. This was the result of the elections. But even before the election began the Parent government had a majority, for 35 Liberals were elected by acclamation, and in five more constituencies there were no Conservative candidates. The Conservatives faced election day with a feeling of dejection which was strangely at variance with the spirit of the Liberals, on other occasions when their outlook was black, for however much the chances were against them the Liberals have never failed to put up a good fight. Three elections will take place later, namely, those in Chicoutimi, Gaspe and Magdalen Islands. As already pointed out, the premier and every member of his cabinet were elected by acclamation. Hon. E. J. Flynn and Hon. L. P. Pelletier were the only members of the preceding government elected. Feeling insecure in Gaspe, Mr. Flynn left that county and ran in Nicolet, a Conservative stronghold. He was elected by only 49, although his predecessor there had 359.

The result is that when all the elections take place the house will probably consist of 66 Liberals and 8 Conservatives. It was one of the most extraordinary elections on record. Hon. Mr. Parent had the house dissolved, but issued no manifesto, nor did he or any of his ministers address any meetings. He relied upon the record of economy and wise administration made by the Marchand Government, of which he was a member, and that swept the province.

CANDIDATE AND LEADER SICK.

Welland, Ont., Dec. 8.—The Conservatives had made great preparations for the meeting in Welland opera house last night to be addressed by J. P. Whitney, the leader of the opposition, and Mr. McCleary, the Conservative candidate. Unfortunately, Mr. McCleary, who has been ill, was in such a condition that it was impossible for him to attend, and early in the evening a telegram was received announcing the illness of Mr. Whitney, and that it would be impossible for him to be present. Owing to the late hour of receiving notice it was thought advisable to postpone the meeting, which will be held at a later date.

THAT VACANT CHAIR.

Ottawa, Dec. 8.—James McMullen, ex-M.P., was here yesterday. It is said Mr. McMullen's friends are booming him for the vacant senatorship. The name of Dr. Landerkin has also been mentioned. Although A. T. Wood, ex-M.P., Hamilton, is not an applicant, it is said that his claims on the party are such that they are being carefully considered. The matter will be decided at an early date.

Mayor Teetzel, of Hamilton, was also here and had a long interview with the minister of justice.

St. John's Nfld., Dec. 8.—Mr. Bond, the premier, having secured the consent of Mr. Joseph Chamberlain, imperial secretary of state for the colonies, to an enlargement of the Newfoundland cabinet, owing to the importance of the problems associated with the Reid contract, announces the following as the personnel of the reconstructed ministry: Premier and colonial secretary, Robert Bond; minister of justice, William Horwood; minister of finance, Edward Jackman; leader of the legislative council, Geo. Knowling; members of the cabinet without portfolios, Edward Morris, August Harvey, James Pitts, Henry Woods and James S. Ryan; minister of agriculture, Eli Dawe; minister of fisheries, Thomas Murphy; minister of public works, George Gushue. Messrs. Dawe, Murphy and Gushue are not in the cabinet.

NOTES.

West York Liberals will meet at Weston on Dec. 19 to nominate a candidate for the Legislative Assembly.

A protest has been filed against the election of Mr. LaRiviere in Provencher on account of irregularities in connection with the polling.

DOMINION PARLIAMENT.

The Government Have 45 or 50 Majority in the House of Commons.

Ottawa, Dec. 8.—The election in Burrard and Yale-Cariboo completes the members of the House of Commons. The principal standing of the 213 members of the House of Commons is as follows:

Ontario—Liberals, 36; Conservatives, 56. McEwen (South Huron) and McCarthy (North Simcoe) are classed as Liberals. Robinson (West Elgin) and Thornton (West Durham) as Conservatives.

Quebec—Liberals, 57; Conservatives, 7; Independent, 1 (Girouard, of Chicoutimi).

Nova Scotia—Liberals, 15; Conservatives, 5.

Prince Edward Island—Liberals, 3; Conservatives, 2.

New Brunswick—Liberals, 9; Conservatives, 5.

Mantoba—Liberals, 2; Conservatives, 3; Independents, 2 (Puttee and Richardson).

Northwest Territories—Liberals, 4; Conservatives, 0.

British Columbia—Liberals, 3; Conservatives, 2; Independent, 1 (Ralph Smith).

The total showing is, therefore, as follows: Liberals, 129; Conservatives, 80; Independents, 4; total, 213. The Liberals have majorities in six of the eight provinces, the exceptions being Ontario and Manitoba. In Manitoba the case is doubtful, as the Conservatives have but one majority over the Liberals, while the two Independents are thought more likely to vote Liberal than otherwise.

Middlesex.

In the obituary notice of the late Mrs. Sarah McVicar, of Caradoc, published in these columns Oct. 27, a correspondent at Westaskiwin, Alberta, observes two mistakes in dates which he desires to have corrected. It appears that the lady came to this country from Knapdale, Argyleshire, Scotland, in 1850 instead of 1852, and was married about Christmas, 1851. Her death occurred on Oct. 14, 1900.

London, Dec. 7. — A dispatch from Gen. Kitchener, dated Bloemfontein, Dec. 7, confirming the news from Aliwal North that Gen. Dewet's main force was hard pressed, adds that Gen. Knox captured the Krupp gun which Dewet abandoned near the Caledon River, and continued in pursuit of Dewet.

The dispatch also says that while the British were handing over women at the request of the Boers under a flag of truce at Belfast, Wednesday, Dec. 5, a force of one hundred Boers unsuccessfully attacked a neighboring infantry post.

A dispatch, dated Heidelberg, Transvaal Colony, Tuesday, Dec. 4, says: The Boers are driving the Boer women from their homes because their kinsmen refuse to fight any longer. Forty women and children, ill-clad and hungry, were brought in by the British today.

They spent many hours in rambling about the place. They leave London on Monday for Liverpool, and on Tuesday they sail for Canada on the steamer Lake Champlain.

Another cable dispatch says: Col. Buchan and eight officers and 100 Canadian soldiers were guests of the war office at Woolwich today, and were shown through the war factories. The gun carriage factory was handsomely decorated with flags and maple leaves carved in wood, and mottoes, such as "Welcome, Canadian Cousins." The Canadians were entertained at luncheon at the Royal Artillery Barracks, and especially honored in their march through the decorated streets by the presence of the band of the Tenth Hussars.

BUSINESS BEFORE SENTIMENT.

Berlin, Dec. 8.—In the Reichstag, answering Herr Rossicke's interpellation, regretting that Mr. Kruger had not been received, but had been turned away from the gates of Germany out of regard for another power, contrary to the feeling of the nation. The minister for the interior replied that it was comparatively easy for irresponsible deputies to give expression to certain popular currents of opinion. But a man occupying the responsible position of Chancellor of the German Empire, who was answerable not only for the peace of Germany, but also, under certain circumstances, for the peace of the whole world, could not allow himself to be influenced by such popular and continental waves of opinion. For him there was but one course—to preserve the peace, safety, welfare and interests of the fatherland.

Antwerp, Dec. 8.—A special dispatch from The Hague says Holland has no intention to intervene or to arbitrate in the Transvaal troubles.

Belleville, Ont., Dec. 8.—A fatal accident occurred on the farm of Mr. Jas. England, of Madoc. Millard Hulin and George Williams were pulling down an old building, when the roof collapsed, burying them in debris. When taken out, Hulin expired in a few minutes. Williams is not likely to recover. Both men are married and highly respected. Hulin was a resident of the village of Marmora, and aged 35 years.

A WONDERFUL ESCAPE.

Miss Laura Sheehan, of 83 Armstrong avenue, Toronto, is a truly thankful girl. Sent home from St. Michael's Hospital as an incurable case, attended afterwards by skillful physicians she failed to get relief. Paralyzed, unable to speak, wasted to a skeleton, the anxious parents had nothing to do but patiently await her death. Dr. Arnold's Toxin Pills cured this case and restored her to her former health. A newspaper reporter visited Mrs. Ward, 581 Dundas street, George Roberts, 32 Armstrong avenue, and several of the nighbors on the same street, and fully corroborated every detail of this case. Where doctors and hospitals fail be sure to get DR. ARNOLD'S PILLS.

TO LADIES

The Queen Quality Shoe—The Growth of a Remarkable Business.

People like to read about things they buy. Our advertiser, Mr. H. Ashplant, has said a good deal about the Queen Quality Shoe, the picture of the famous beauty is familiar, and we have asked him for something more in detail about this shoe and the now famous company that makes it. Their growth and success have been along the highest lines known to business. Honesty, thoroughness, keen application, have won. The Thomas G. Plant Company started twelve or fifteen years ago, and nobody knew much about them at the time. They at once adopted a specialty, women's shoe,—no other, not even children's. The project was long considered and they started right. First, the very best workmen the land possessed; then the best tools brains could devise. The motto was: "The Tools to Him Who Can Use Them," and that was and is the test of fitness. Beginning at the bottom round, they placed the price at $3 75 for boots, and $3 00 for Oxfords—no higher, no lower, an ironclad requirement, and make the best shoes that can be produced at that price.

To carry one pair of each style, size and width made in Queen Quality Shoes would require 420 pairs, an almost incredible statement.

Nearly two thousand hands man their immense shops. From office to draymen, they work single-eye for the success of the company. Seven-forty-five o'clock sees office man at his desk, and 7:30 shoeman at his bench. They pull together with one unbroken stroke, manufacturing 7,000 pairs per day.

People see Queen Quality Shoes advertised in a dozen of the leading magazines, but not until they see a catalogue, or see the long line, do they appreciate the extent of the business that can produce such results.

A golden opportunity to see and examine each and every Queen Quality Shoe is to be given the ladies of London during the coming week. On the afternoon of Friday, Dec. 14, from 2 o'clock until 6, Mr. Murdoff, the Canadian representative of Queen Quality Shoes, will exhibit his complete set of samples for 1901 at the store of Hubert Ashplant, 127 Dundas street. All ladies are cordially welcome to come and subject these goods to any examination. Admission free. Remember the date—Friday, Dec. 14.

THERE ARE SO MANY cough medicines in the market, that it is sometimes difficult to tell which to buy; but if we had a cough, a cold or any affliction of the throat or lungs, we would try Bickle's Anti-Consumptive Syrup. Read the following letter received by the principal of the

and learn how highly the graduates of this school are thought of by the business public.

"Oct. 18, 1900.

"Gentlemen,—We have openings now for two or three good male stenographers who have had experience, and it occurred to us that a large number of stenographers and other office men, who have graduated from your school from time to time and are now holding positions, might desire to better themselves. If you can put us into communication with some of your old graduates, who have had two or three years' experience, we should be under obligations to you."

We might mention that the concern represented in the above letter has a capital stock of five million dollars.

When you read such evidence as the above, need you be surprised that during the period of thirteen and a half months ending in October, 342 positions were filled by our pupils.

It pays to attend Canada's Greatest School of Business or Shorthand, if you wish to thoroughly qualify yourself for office work and be assisted to a position when graduated.
