Dun's Weekly Trade Review.

Business in wholesale circles at Toronto is in a satisfactory shape. Dry goods dealers report the movement ahead of last year, which was an improvement on the year before. The feature is the great strength in prices, and further advances all spoken of. The big rise in raw cottons within a week, with heavy exports to Europe, seems to foreshadow another advance in manufactured goods. Linens are also firm, as are all imported goods, and there is no indication of a recession in prices. Some jobbers are buying cautiously, just taking enough for present requirements, but it would seem that those who have lately bought freely are in a much better position to make money. The millinery houses have very attractive displays of goods, and the buyers for that department are not likely to leave the city without placing a good many orders for dry goods generally. The hardware trade is moderately active, and the movement of metals is earlier than usual, owing to lower freight rates on March 1. In groceries the demand is fair with coffees and teas firm and sugars and canned goods rather easier. Hides are lower this week, and the leather trade fairly active. Dairy produce continues very firm with both butter and cheese higher than for a long period. Hogs are scarce and firm, with packing operations somewhat restricted in the city this season. At outside points, however, hog-packing is said to have increased. Merchants generally expect remittances to be about the average this month. Money is unchanged, with prime commercial paper discounted at 6 per cent., and call loans on choice collateral at 5½ per cent.

The business situation at Montreal is little changed from a week ago. Collections are not as good as they might be from sections of the country, where the paucity of snow during the winter has affected trade, but business conditions as a whole are of a healthful and promising character. Dry goods show a steady movement, and a considerable influx of buyers is looked for next week to attend the spring millinery openings. All values in this line are firmly held, and a strong advance is reported this week in lawns, Indian linens, muslins and all goods of a similar class. The Dominion Oilcloth Company advise that all their makes of floor, table and shelf oilcloths are put up 10 per cent. In groceries the movement is reported as somewhat easier than the easiness in sugars, noted last week, has developed into a decline of 5 cents a central on all grades. A little better enquiry is reported for leather, and dealers in this line are looking for better business in March than has characterized January and February. Dairy products rule high, with marked scarcity of butter. The money market is well supplied with funds, and the call rate unchanged at 5½ per cent. Only five failures are reported in this district for the week.

The lady managers of the Boys' Home extend a very cordial invitation to all friends of the institution to be present at their fortieth annual meeting on Tuesday next (6th inst.), at 3.30 p.m.

Look at the Fun You Had the Night Before.

Sometimes you get up in the morning feeling as if you are not expected to live. You know the cause. If you are at home the first thing you do is to square yourself. Some experts on squaring say it is best to deny everything, others advise a partial acknowledgment of the facts, together with a solemn promise that it will never occur again. We would respectfully suggest that you try the first; if unsuccessful, spring the second, and, if both fail, be a thoroughbred and take it like a man. You probably deserve it, but look at the fun you had the night before, singing bass. Remember one thing: don't say you missed the 12 o'clock car, and, rather than wait, you walked home. You may have arrived in a cab. Wonderful what a noise one small cab can make in the middle of the night. Well, the next thing is your physical condition. Your liver must be got going. Would you rather take a pleasant-tasting chocolate-coated Hutch Tablet that will produce instant action upon your liver, or would you prefer to take a nasty, disagreeable, sickening effervescent, that tastes like an Italian tenement looks, and half the time won't stay down? Many a good fellow has his own troubles in the morning trying to find something that will stick. Hutch will stick, and, what is more, it will give relief in six minutes. It cools the blood, which naturally relieves the pressure upon the head. For constipation, stomach and liver troubles Hutch has no equal. Why subject yourself to probable salivation from poisonous calomel when Hutch, which is a strictly vegetable compound, is absolutely harmless and will give you instant relief? Keep our goods at your home, and when you are away from home you can get them at any first-class drug store, or by mail from The Woodward Medicine Company, Limited, Toronto, Ont., or Buffalo, N.Y.

BRITISH BUDGET ON MONDAY

Mr. Balfour Made an Announcement Yesterday Which Was a Surprise.

THE GOVERNMENT NEEDS MONEY.

And the Budget Is to Come Early to Give the Chancellor an Opportunity to "Collect."

London, March 2.—In the House of Commons to-day Mr. A. J. Balfour, the First Lord of the Treasury, announced that the House would meet at 2 p.m. Monday for the budget statement.

The announcement surprised the House, and started considerable speculation as to the reasons, as it is unusual for the Chancellor of the Exchequer to introduce the budget until after the close of the financial year, March 31.

The early budget statement of course indicates that the Government needs money, and probably purposes obtaining part of the necessary amount from the duty on bonded articles. The early statement gives the Chancellor of the Exchequer three weeks extra taxation of such articles, while the suddenness with which the matter was spring allows the owners only half a day, Saturday, to take goods out of bond.

THE POPE CONGRATULATED.

Members of the Sacred College and Roman Prelates Mark His Birthday Anniversary.

Rome, March 2.—The Pope received this afternoon in the Throne Room the members of the Sacred College and the Roman prelates, who presented his Holiness with congratulations upon the occasion of his birthday. The Pontiff's reply was read by Mgr. Misciatelli. After thanking the prelates for their wishes as to his health the Pope dwelt on the divine mercy "which sometimes makes use of the weakest to guide during many years Peter's bark."

He referred to the holy year celebrations, and the demonstrations in honor of Giordano Bruno, the Italian philosopher, attributing them to the work of Satan, and concluded with expressing his keen desire that blood would cease to flow in South Africa, "where two peoples, alike brothers, are slaughtering one another," and hoped they would soon meet and embrace in the kiss of peace.

The Pope was born March 2, 1810.

FIRE AT KINGSTON.

Harrison's Furniture Store and Other Property Destroyed.

Kingston, Ont., March 2.—At an early hour this morning fire broke out in the warerooms of T. F. Harrison, furniture dealer, and a new stock of furniture valued at $1800, hearse $850, and a team of horses $200, were destroyed. The total insurance is $1500. Mrs. Taylor had $500 worth of goods stored in the building, and lost them. She did not have any insurance. M. W. Robinson, bicycle dealer, had his place of business damaged to the extent of $600, on which there is insurance of $500. Miss Gildersleeve, owner of the building, had $1500 insurance. Her loss will total $2000.

Military Institute Lectures.

The Committee of the Canadian Military Institute have arranged for an interesting series of lectures during the coming month. On Monday, March 12, Col. Kitson, commandant of the Royal Military College at Kingston, will deliver a lecture, pointing out the lessons in strategy and tactics to be gained from the present campaign, and will invite discussion of the same.

On March 19 Lt.-Col. Smith, late district officer commanding at London, will give a lecture entitled, "In Aid of Civil Power."

On March 26 Surgeon-Major Nattress of the Royal Regiment, Canadian Infantry, will lecture on "The Sick and Wounded in War and How They Are Cared For."

As these lectures will be of particular interest the committee have arranged to hold them in the mess room at the Armouries in order to accommodate the members of the Institute.

Imports and Exports.

The total receipts at the Custom House for the port of Toronto for February amounted to $519,555, against $442,708 for February, 1899.

Imports of goods free of duty at the port of Toronto during February, as shown by the local Custom House returns, were $108,337 larger than the corresponding month of 1899, while exports during February show a falling off of $58,561. During February, 1899, goods imported free of duty were valued at $737,859, as compared with $846,187 during the past month, made up of the following items: Produce of the mines $65,071, forest $33,531, animals $303,050, agricultural produce $47,899, manufactures $206,859, miscellaneous $189,777.

Elm-Street Methodist Church.

The choir of the Elm-street Methodist Church will give a grand concert on Friday, 9th inst., in which Miss Jessie Alexander, the popular reader, will assist. The program will consist of solos, duets, quartets, choruses and readings, and the principal parts will be taken by Miss Mawhinney, Miss Florenz Macpherson, Mr. F. T. Verrall and Mr. W. J. A. Carnahan. Under the able leadership of Mr. Carnahan, this choir has attained a position of prominence and importance that has rarely been excelled in our city. Miss Jessie C. Perry is the organist.

At St. Paul's, Bloor-street.

At St. Paul's Church, East Bloor-street, the rector, Rev. H. J. Cody, will preach during Lent at the Sunday morning services a course of sermons on "Christ's Temptation and Ours," and in the evening on "The Men Who Crucified Christ," Judas, Caiaphas, Pilate, Herod, the People, the Fateful Choice. There will also be in the church on every Wednesday evening a short service, with a series of addresses by the rector, on "Missionary Work and the Progress of Man," the Missionary as Pioneer, Translator, Educator, Martyr, Civilizer and Soul-Winner.

Taxation in New Districts.

The Amalgamated Carpenters and Joiners at their last meeting passed a resolution hoping that the Assessment Act would be so amended that the settlers who pioneer the new districts will not find themselves crushed with increased taxes as soon as they improve their property. According to the present law the speculator escapes with a single land tax, but the settler, besides a land tax, has to pay a clearing tax, a house tax, a barn tax, a fence tax, a drain tax and an orchard tax.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others, as it did so much for me. ed

Letter Was a Forgery.

Mr. Thomas Patterson, 119 Victor-avenue, says the letter alleged to have been signed by him, which was sent to the Mayor protesting against proposed increases in the pay of men who drive the scavenger carts, is a forgery, pure and simple. He never wrote any such letter.

University Saturday Lectures.

The Hamilton Cash Register is the National Cash Register with all the latest improvements up to date.

Many reasons why you should buy the Hamilton Cash Register, it is made in Canada, and there are now over four thousand in use.

If you purchase a Hamilton Cash Register the money remains in Canada and the Canadian merchants receive the benefit of same.

If you purchase a National Cash Register the money goes to the United States and the American merchants receive the benefit of same.

The Hamilton Cash Register Company reduced the price of Cash Registers to meet the demands of a large number of storekeepers who would not pay the exorbitant prices charged by the National Cash Register Co.

For the above and many other reasons you should buy the Hamilton Cash Register and patronize home industry.

We guarantee to save you from $5.00 to $100.00 on the price of a Cash Register.
