the test of all the calumny and obloquy which had been heaped upon him. Like gold tried in the fire, he had come out pure and unalloyed. He [Mr. G.] was for the whole balance.

Mr. RANKIN, however, stated, that he had withdrawn his motion for the full sum, on the understanding that £70 : 8 : 0 would be allowed.

Mr. PARTELOW protested against all the resolutions.

Mr. Hayward moved that the blank be filled with the sum of £70; on which the Committee divided, (16 to 10) and it was carried by a majority of 6.

SHERIFF OF NORTHUMBERLAND.

In Committee on the Report of the Committee of Public and Private Accounts, brought in yesterday; the petition of R. S. Clarke, Esq., High Sheriff of the County of Northumberland, was taken up. The petition, in effect, prayed relief from various pecuniary liabilities, incurred in consequence of laches in the execution of the office of Sheriff; the petitioner alleging various causes in extenuation, and pleading his inability to satisfy the demands.

Mr. PARTELOW contended that it would be a very dangerous precedent to comply with any such petition; although the petitioner was wholly unable to satisfy the demands against him; and the Province, whether legal proceedings were stayed or completed, would unavoidably lose a large sum.

Mr. KINNEAR expressed similar opinions.

Mr. CUNARD could not advocate the petition, or extenuate the conduct of the petitioner, as a Sheriff. But he was a man of excellent principles—had a large family to provide for, and had no means whatever of satisfying the demands against him, which, indeed, if pressed, would cause the loss of his office, and his total ruin. The hon. member contended that if the late Attorney General and the Treasurer had done their duty in strictly following up the extents to which the petition had reference, the petitioner would never have become so situated; but that their neglect had caused him to be indulgent and negligent, and brought him to his present state. The hon. member, therefore, though he could not advocate the Sheriff's conduct, yet, under all the circumstances, pleaded for a merciful consideration of his case.

Mr. PARTELOW insisted on the danger and impropriety of proceeding on the petition at all; but recommended the appointment of a Committee, to investigate the whole affair, and to report thereon to the House next session.

Mr. RANKIN suggested that in the mean time legal proceedings be stayed; which suggestion, however, was not seconded.

Mr. SPEAKER observed, that the House could know nothing of how far it would be safe or proper to relieve the petitioner, till full investigation had been made, because certain sums, on account of the extents in question, had been from time to time paid over by the Sheriff to the late Attorney General, Mr. Wetmore; of the application of which sums the House knew nothing, as that officer's accounts had not yet been completely rendered to the House. Those accounts should, therefore, be required.

Mr. PARTELOW said, that about £4000 also appeared to have been paid over in three years to, (we believe) the present Attorney General; and coincided in the necessity of obtaining the late Attorney General's accounts during the recess.

Mr. KINNEAR perfectly coincided in the views of Mr. Partelow; and said, that it was a well known fact, that the manner in which the office of Sheriff had been executed in the County of Northumberland had been a crying evil for many years; and that that officer had long been continued in his situation only on account of his family and his misfortunes; which the hon. member deprecated as highly improper.

Mr. END bore testimony to the humanity, goodness of heart and amiable disposition of the Sheriff, but contended that he was, by so much, unfit for his office, as he was indeed to shew such indulgence and to commit such negligence, as were highly inexcusable and mischievous. The hon. member exclaimed Mr. Kinnear's observations, but observed that the Province had some security, as the Sheriff had given bonds, and indemnified them by a transfer of land. The hon. member solemnly disclaimed all private feeling and motive, and testified to the excellence of the private character of the petitioner, but designated him as one of the worst of all bad Sheriffs; asserting, that he had got to such a pitch, in the negligent discharge of his office, that he actually allowed other persons to sign his name to writs; and contended for the total rejection of the petition.

Mr. CUNARD made a few additional observations; after which, Mr. PARTELOW's motion was adopted by the Committee.

Tuesday March 6.

The bill for establishing a Light due, payable by all vessels entering the Gulf of St. Lawrence was committed.

Mr. BARLOW stated the object of the bill, which was to lay a small tonnage duty on vessels as above, on account of the heavy expense already incurred in erections on St. Paul's Island, and which has yet to be incurred in erecting the contemplated Light-House there. The duty intended to be proposed was only 1½ per ton.

Mr. CUNARD and Mr. S. HUMBERT opposed the bill, on the ground that the light-house was not yet erected, that it was unfair to tax vessels entering the Gulf before they could have any benefit of the light, and that as the expenses mentioned were to be divided among the three provinces, it was not proper for this province to establish a premature tax on shipping.

Messrs. PARTELOW, SIMONDS, and WYER, supported the bill; Mr. SIMONDS, however, thinking that ½d. per ton would be sufficient.

Mr. CUNARD moved that the further consideration of the bill be postponed for 3 months; which was seconded by Mr. CHANDLER, and carried.

CASUAL REVENUE, &c.

The Address to his Majesty, praying for the surrender of the Crown revenues, and offering to provide for the civil list of the province was committed.—The remarks of hon. members in committee were, however, almost entirely, mere repetitions of what had been before advanced by them on the same subject. We shall therefore, briefly notice only the suggestions which arose from the consideration of the Address itself.

Mr. SIMONDS at some length, dwelt on the abuses of the Crown Land system, and particularly pointed out the fact, that nearly half of the crown revenues were now swallowed up in the expense of collecting them. He also deprecated the enormous salaries of the various officers, especially that of the Commissioner himself, which is no less than 1750*l.* sterling, per annum, exclusive of an allowance of premium on bills; and earnestly contended for the necessity of the address, in the hope of obtaining the control of those revenues, and rendering them far more beneficial to the country.

Mr. S. HUMBERT objected to the use of the words '*abuse*' and '*abuses*' in the address, in reference to the Crown Land Office; on the ground that the House knew nothing of any abuses there, without official information, and that even if it did, it would be more politic not to mention them.

Mr. CUNARD fully concurred with Mr. S. HUMBERT; and stated that during the administration of the late Executive, he had had frequent occasion to present complaints for his constituents respecting occurrences in the crown land office; and had invariably obtained from the Executive every redress that was in his power; such as the remission of his own fees, &c.

Mr. END objected *in toto* to the language of the address, and unanimously defended the Commissioner of Crown Lands against every imputation of blame. The hon. member represented that officer to stand as high as any man in the Province with respect to courtesy, attention to duties, rectitude of conduct and general character, and defied any person to prove the contrary.

Mr. SIMONDS, in reply, stated that he by no means intended to impute misconduct to the Commissioner, but to determine the system under which the whole affairs of the office are now managed, as injurious to the country and to the interests of his Majesty.

Mr. SPEAKER approved the address on the whole, but objected to the word 'abuse.' He admitted that there were defects in the system under which the land office is managed, but exculpated the Commissioner himself. The hon. Speaker also thought it would be better not to include any scale of salaries in the address at present, but to leave that to be agreed upon, whenever the government should signify its willingness to accede generally to the proposals of the province.

Mr. CHANDLER concurred in the views of the hon. Speaker.

Mr. KINNEAR contended that the Province wished and ought to shew that abuses did exist, as a reason for applying to the government for the control of the crown revenues, &c.; and therefore urged the necessity of using the terms objected to. The hon. member dwelt at some length on the enormous expences of collecting the crown revenues, and the exorbitant salaries, and contended that the whole might be dotrayed at one third of the present expenditure. He also thought the scale of salaries should remain in the address.

Mr. TAYLOR also thought the scale of salaries ought to remain, because, if the government should accede to the proposal, the want of that scale would cause at least the year's delay in the negotiation.

Mr. SPEAKER moved an amendment to the 4th paragraph of the address, by which the word '*abuses*' would be erased, and the term '*complaints*' substituted, with the proper context.

Messrs. S. HUMBERT and CUNARD decidedly objected both to the original and the amendment, and contended that the address ought to be altogether a matter of supplication and not of complaint.

Mr. CLINCH and others supported the amendment, which was carried.

After a few other minor emendations, and the addition of another clause, proposed by Mr. SIMONDS, urging a speedy attention to the prayer of the address, the address was agreed to and reported. In considering the scale of salaries, the proposed allowance for the Commissioner of Crown Lands was raised from £750 to £900, lest the great disproportion between the new and the old salary should alarm the government.

Mr. WYER said the *Archdeacon* was left out of the scale, which ought to include all the civil list.

Mr. SIMONDS replied, that that was of no consequence, because when the Archdeacon came to be a *Bishop*, the House would, doubtless, be called on for a larger provision.

Mr. CUNARD said that that dignitary ought to be included; but Mr. SPEAKER hoped that there would be no danger in the omission: the scale was not yet adopted, and before finally arranging the business, the government would take care to provide for all interests and claims.

Mr. TAYLOR proposed increasing the contemplated allowance for the Province Secretary, so as to make it equal with that of the Commissioner of Crown Lands; which was opposed by Mr. SIMONDS, on the ground that the duties of the two offices were by no means equally important or responsible.

Mr. TAYLOR's suggestion was not adopted by the Committee.

The House went into Committee of the whole, on a Bill for raising a revenue in the Province.

The Chairman reported, that they had gone into consideration of the Bill referred to them, and that in the Committee it was moved, that the blank in the first section of the said bill, imposing a duty on foreign Oxen, be filled up with the sum of forty shillings, whereupon the Committee divided as follows:—YEAS—Messrs. Slason, Allen, Ward, S. Humbert, Barlow, Partelow, Cunard, Taylor, Hayward, Simonds, Kinnear, Wyer, Brown, Clinch, Rankin.

NAYS, Messrs. Speaker, Chandler, J. Humbert, Miles, Harrison, Gilbert, Daw, Smith, Weldon.

And it was carried in the affirmative.

The question was then taken upon filling up another blank in the same section, imposing a duty on Wine not in bottles, with the sum of *one shilling* and *sixpence*, when the Committee again divided as follows:—YEAS, Messrs. Weldon, Slason, Vail, Ward, Chandler, Barlow, Cunard, Allen, Partelow, Simonds Kinnear, Wyer, Rankin.

NAYS, Messrs. Speaker, Smith, Taylor, Miles, Harrison, Gilbert, Brown, Daw, J. Humbert, S. Humbert.—And it was carried in the affirmative.

A Message from His Excellency the Lieutenant Governor.—The Gentleman Usher of the Black Rod delivered a Message from His Excellency, requiring the immediate attendance of the House in the Council Chamber. The House, in obedience to His Excellency's commands, attended, and being returned—Mr. Speaker reported, that His Excellency had been pleased to give his assent to the following bills:—

A bill to regulate vessels arriving from the United Kingdom, with Passengers and Emigrants, (with a suspending clause.): A bill to amend an Act, intitled "An Act to repeal all the Laws now in force relating to the establishment, regulation and improvement of the Great Roads of communication through the Province, and to make more effectual provision for the same: A bill to authorize a further extension of the Gaol Limits in the town of Fredericton: A bill to continue the Acts relative to the Herring Fishery in the County of Charlotte: A bill to amend an Act, intitled, "An Act to repeal the Acts now in force regulating the exportation of Lumber, and to make other provisions in lieu thereof:" A bill to empower the owners of the saw mill at the Rolling Dam, on the river Digdeguash, in the County of Charlotte, to erect a boom for the securing of Saw Logs on the said river: A bill to repeal an Act, intitled, "An Act in addition to an Act, intitled 'An Act for the appointment of town and parish Officers in the several counties in this Province:' A bill to alter the Great Road of communication from Fredericton to Saint Andrews. On motion of Mr. Vail,

Resolved, That the report and other documents accompanying it, of John Cunningham, Esquire, Commissioner for building Hammond River Bridge, communicated to the House by Message from His Excellency the Lieutenant Governor, on the 31st January last, be referred to a select Committee, to report thereon. *Ordered*, That Mr. Weldon, Mr. Vail, and Mr. S. Humbert, do compose the said Committee.

Thursday, March 1.

On motion of Mr. Simonds—*Resolved*, That an humble address be presented to his Excellency the Lieutenant-Governor, praying that his Excellency will be pleased to appoint a sufficient number of Officers, to be under the direction of the principal Officers of the Customs, to attend to the collection of duties imposed by Acts of the Imperial Parliament upon Goods, Wares and Merchandise, imported by inland navigation and by land, and that such officers may be allowed the same commission for duties collected, as Deputy Treasurers are allowed to retain for duties collected under the provisions of the Act for raising a Revenue. *Ordered*, That Mr. Simonds, Mr. Taylor, and Mr. S. Humbert, be a Committee to wait upon His Excellency with the address.

The Master in Chancery informed the House that he was desired to communicate the following:—

"*Council Chamber, 29th Feb.* 1832.

"Read a second time, the Bill to enable the Province Treasurer to borrow the sum of ten thousand pounds for the public service of the Province.

"On motion of Mr. Justice Chipman—*Resolved*, That under the particular circumstances of the present case, the Council will not object to concurring in this Bill; upon condition nevertheless, that this proceeding shall not be a precedent for any future occasion, as the Council are clearly of opinion that if a public debt is to be created, it should be open to public competition to invest monies upon the Provincial security: and further Resolved, That this resolution be communicated to the House of Assembly.'

Mr. Chandler, from the Committee of Privileges, to whom was referred the petition of Peter Stubs, John Wilson and Charles R. Hatheway, praying remuneration for their time and expenses in attending at the Bar of the House, pursuant to the Speaker's Warrant, as witnesses touching a question of the Breach of the Privileges of the House, submitted the following Report, which he read:—"That the Committee, on searching the Journals of the House of Commons, find it is the practice to order remuneration to be made to Witnesses who have attended at the bar of the House, pursuant to the Speaker's warrant, to be paid by the party or individual at whose instance such witnesses may be called: that in the present instance the witnesses having attended pursuant to the directions of the House, touching a matter relating to the privileges thereof, your Committee are of opinion, that the petitioners should be allowed their reasonable expenses to be ascertained by Mr. Speaker, and to be included in the Bill for the contingent expenses of the present Session.

E. B. CHANDLER, CHAS. SIMONDS,
WILLIAM END, J. W. WELDON,
THOS. BARLOW."

Resolved, That there be granted to the Commissioners for Light Houses in the Bay of Fundy, the sum of £48 2s. 6d. to pay the Keeper and Assistant of the Light House on Gannet Rock, from the 16th September, 1831, to 31st December following, being at and after the rate of £165 per annum; and the further sum of £165 for the like purpose, from 31st December, 1831, to 31st December, 1832: and the further sum of £26 12s. 4d. to pay the Keeper of the Light House at Point Lepreau, from the 1st September, 1831, to the 31st December following, being at and after the rate of £80 per annum; and the further sum of £80 for the like purpose, from the 31st December, 1831, to the 31st December, 1832. And also, a sum not exceeding £200 to enable the said Commissioners to pay to the Commissioners for Light Houses in Nova Scotia the proportion which this Province is to pay towards the support of the Light House on the Southern Seal Island.

Friday, March 2.

Mr. Simonds from the Committee appointed to present the address to His Excellency the Lieut. Governor, praying that he would appoint Custom-House Officers upon the Western Borders, for the protection of the Revenue, reported, that they had presented the Address, and His Excellency was pleased to say that he would cheerfully comply with the wishes of the House.
