FIREMEN THREATEN

By Courier Leased Wire

London, Sept. 4.—Following the settlement of the police strike last week, London yesterday was threatened with a strike of the fire brigade. The secretary of the Fire Brigade branch of the National Union of Corporation Workers addressed an ultimatum to the ministry of labor, demanding a reply to previous requests for recognition of the union.

In asking for a reply by Sept. 8, the secretary expressed a hope that it would be satisfactory, because the men in the present frame of mind will require such assurance to prevent them from taking drastic action.

TAXES TO RAISE EIGHT BILLION

People of U. S. Pay Large Share of Estimated War Expenditure.

By Courier Leased Wire

Washington, Aug. 4.—Under the new war revenue bill, favorably reported to the House yesterday by the ways and means committee, the American people will pay in taxes approximately $8,012,792,000 of this year's estimated war expenditure of $24,000,000. The remainder of nearly $16,000,000,000 will be left to posterity in the form of bonds.

Most taxes provided in present revenue measures were substantially increased and new items were added including many luxuries and a war profits tax recommended by President Wilson. Nearly $5,500,000,000 of the taxes will come from excess and war profits and individual and corporation incomes.

The committee left no stone unturned in its effort to seek out all incomes for taxation, and even persons below the legal age of 21 years whose income this year exceeds the exemptions of $1,000 for single persons and $2,000 for married persons must make returns.

SOCIAL CHANGES MUST FOLLOW WAR

Says President of Canadian Bar Association at Annual Convention.

By Courier Leased Wire

Montreal, Sept. 4.—As a result of the war, changes will have to be made in the laws regarding the right of asylum and socialism, Sir James Aikins, K.C., president of the Canadian Bar Association, told this body at its annual convention, which opened here to-day.

At the outset, Sir James Aikins discussed the progress made in securing the uniformity of provincial laws, and referred to the fact that commissioners appointed by the various governments were meeting in Montreal to-day. He expressed the hope that the representatives of the Bar Association in the provinces will co-operate locally with the commissioners and work heartily together to advance and effect a common purpose that was, the unification of those laws which, while they may be essentially within provincial jurisdiction, affect business dealings between people in different provinces.

A few politicians had expressed the view that the unification of law may be an invasion of provincial jurisdiction. On the contrary, it is acknowledged local autonomy. Business law was conventional, and the convention agreed upon was supposed to contain the fairest and easiest rules for conduct in trade of all people, wherever living.

If the nations between which there is a large trade were to agree upon some uniform domestic business laws to facilitate such dealings, that would not affect their several state sovereignty or autonomy. The nations of the British commonwealth, the United States and France, which have fought side by side, naturally will co-operate for mutual protection and will probably have more constant trade relations. That flow of trade will seek the freest facilities, among other things easily understood, common and constant rules of business conduct, in other words, uniformity of laws.

TORONTO CUSTOMS.

By Courier Leased Wire

Toronto, Sept. 3.—Customs receipts for the month ending August 13 totalled $2,837,951. In the same month last year the figures were $3,175,099, a decrease of $337,148. This is explained chiefly by the restriction on certain imports.
