EAST OF THE CITY LIMITS.

Death of Well-Known Resident—Access to the Race Track.

Alex. Moffatt, a well-known resident of York and Scarboro Township, died yesterday owing to an attack of pleurisy, after an illness of a week. Deceased, who was in his 65th year, was a native of New Brunswick, but was brought to Scarboro as a child, and resided there ever since. Educated in Toronto, he afterwards entered into the hotel business on the town line, but left it to take up active farming about 16 years ago. Mr. Moffatt was a prominent Conservative, a member of the Church of England and a Black Knight of the Orange Order, in whose 12th of July demonstrations he had walked 42 times. Of high intelligence and sterling integrity, he exercised great influence in the community. Deceased leaves a widow, four sons and four daughters. Of the former three are farming and the other is in the employ of the G.T.R. The funeral, which is under the auspices of the Orange Order, will be held on Sunday afternoon to St. Jude's Church.

Access to the Newmarket Track.

It is stated on good authority that the principals interested in the Newmarket race track are in favor of it being reached from the city by the extension of the Broadview-avenue car line. It is thought that this could be more easily effected than by obtaining the right of way across the G. T. R. bridge. The residents of Danforth will, it is said, petition for this.

St. John's Cricket Club turn out for practice to-morrow afternoon.

The members of the I.O.F. of East Toronto and Little York march to St. John's, Norway, on Sunday morning next.

School Inspector Fotheringham has called a meeting of Norway ratepayers to discuss school matters at 9.30 Saturday morning.

The Rector and Mrs. Ruttan left East Toronto yesterday. They will reside at 77 Bleecker-street.

A bad piece of road on the town line which has been flooded every spring for years has been reclaimed by draining.

Pastor Brown Leaves for San Francisco.

San Francisco, April 30.—At the regular prayer meeting of the Congregational Church last night the resignation of Charles O. Brown, who has been adjudged guilty of unministerial conduct and suspended from the fellowship of the churches, was presented and adopted. Dr. Brown has received a call from Dubuque, Ia., which he will accept, provided he is restored to good standing.

Dyspepsia and Indigestion—C.W. Snow & Co., Syracuse, N. Y., writes: "Please send us ten gross of pills. We are selling more of Parmalee's Pills than any other pill we keep. They have a great reputation for the cure of Dyspepsia and Liver Complaint." Mr. Chas. A. Smith, Lindsay, writes: "Parmalee's Pills are an excellent medicine. My sister has been troubled with severe headache, but these pills have cured her."

Dr. Playfair Settles With Mrs. Kitson.

London, April 30.—The appeal made by Dr. W. Playfair against the judgment of £12,000 ($60,000) damages granted to Mrs. Kitson for slander and defamation of character has been withdrawn. The terms of the settlement arrived at are not stated.

AN AWFUL MINE DISASTER.

The Lives of Seventy-Five Men are in Doubt—Some Rescued.

London, April 30.—An explosion occurred in the Micklefield colliery in Yorkshire to-day, cutting off the escape of 100 men, who are now entombed in the mine. Searching parties are endeavoring to find and rescue them. The explosion is ascribed to the use of naked lights.

Twenty-five men have been rescued from the Micklefield pit, all of them terribly burned. It is feared the others have perished.

Blackmailers Remanded.

The two men, James Mills and C. H. Rogers, who blackmailed Edward Crossin out of $2 on Winchester-street a few nights ago, were before Magistrate Denison yesterday and were remanded for a week. The man who gave his name as Rogers is known to the police as Robert R. Rose. He was sentenced to seven years at Woodstock for burglary. He is the same man who issued a bogus writ against E. B. Walker last June, and was given three months for contempt of court.

INFLAMMATORY RHEUMATISM—Mr. S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for inflammatory rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others, as it did so much for me."

TRADE IN ONTARIO.

R. G. Dun & Co. say: There is practically no change in the trade situation at Toronto. Wholesale business is quiet as a rule, but in dry goods and millinery there is a fair sorting-up demand for seasonable fabrics. In groceries there is no particular movement and prices are steady. Sugars still continue at old prices, while cables report some weakness in London, and raws are a fraction lower at New York. Dried fruits are firm. The hardware and metal trades cannot be called active, but there is the usual volume doing at this season of the year. Farmers are busy seeding and the receipts of country produce are in consequence curtailed. There is a decline in butter, and the unusually low prices of cheese has had the effect of limiting the production. The season is about opening for the export trade in cattle, but prospects are not encouraging owing to low prices in Britain brought about by heavy receipts there of meats. Prices of Ontario wheat have not suffered much by the declining markets elsewhere. Supplies are small, and it is thought that all the white wheat in this vicinity will be required for home consumption. There has been a limited trade in flour, but at reduced prices.

According to Bradstreet's fine weather has had a beneficial effect on retail trade in Ontario and spring goods of all kinds are moving more briskly. Navigation is now open from Port Arthur to Kingston, and the St. Lawrence canals will be open in a few days. This has, as usual on the opening of navigation, brought more activity to lake ports. Mining interests are favorably affected by the decision of the Ontario Government to grant $1 per ton of pig iron in all ore mined in Ontario. The action of the Government is favorably received by miners and mining districts expect improved trade.
