General Intelligence.

Colonial.

The Dominion Parliament will meet on the 6th November.

His Excellency Gen. Williams, leaves our Province for England, on 24th inst., and will carry with him the best wishes of a large portion of the people of this Province. We still esteem it a privilege to honour his name, and to be proud of him as a Nova Scotian. As a worthy representative of Her Majesty, and for the manner in which he has discharged the difficult duties of his Administration, he is worthy of all respect.

It is expected that Gen. Doyle will be appointed Governor of Nova Scotia. The rumour of appointments for Ontario and New Brunswick will be known in a few days.

The Employes on the Railway whose negligence had anything to do with the fatal accident which occurred a fortnight since, have been dismissed.

The Civic Elections for Halifax which took place last week, resulted in the choice of Stephen Tobin, Esq. as Mayor, and the following as Aldermen :—Ward 1, James Pryor, Esq ; 2—re-elected W. Dunbar, Esq ; 3—James Butler, Esq; 4—re-elected S Trenaman, Esq ; 5—W. Barron, Esq ; 6—W. Hawley, Esq In Wards 2, 3, 4, and 5, there was no contest. On Wednesday P. Mahoney, Esq. was elected without opposition to fill the vacancy in Ward 2 caused by the resignation of Alderman Symons ; and Thomas Walsh, Esq, by the electors of Ward 3 to fill the seat vacated by Alderman Chipman. Messrs Pryor, Dunbar, Hawley, Trenaman, and Butler, took the customary oaths and their seats at a special meeting of the Council Wednesday afternoon.

The following complimentary resolution was passed by the Council with respect to the retiring Mayor, M. H. Richey, Esq :—

"*Resolved*, That the City Council cannot allow the esteemed Mayor, Mathew H. Richey, Esq., who for the past three years has discharged the duties of chief Magistrate of the city with so much credit to himself, without expressing their sincere regret on parting with him. During that period the members of the Council have, both in their official and private intercourse with His Worship, experienced the utmost kindness and courtesy ; and while the public service has largely benefited by the judgment and ability displayed by him during his term of office, in discharge of his important public duties the members of this Council will retain a lively recollection of the kindness and urbanity which has marked his personal intercourse with them."

SHIPWRECK AND LOSS OF LIFE —The gale of the 30th resulted in loss of property to a considerable extent on the coast, especially in the Gulf of St. Lawrence. A severe gale occurred on this coast on Saturday night last, which, it is to be feared, has proved terribly destructive, not only of property but also of life. The *Recorder* furnishes the melancholy tidings of the drowning of six men and three women, near the entrance of our harbour, from the schr. *Venus*, Capt. Muggah, of Sydney, the Captain being one of those who perished :—

The schr. *Venus*, of Sydney, C. B., Capt. Muggah, was driven ashore about 11 o'clock at *Dark Cove*, near the mouth of Ketch Harbor, and sad to relate the captain and crew of six, (with the exception of one man,) two women and a young girl were drowned. One man named McLeod saved himself by jumping from the jib-boom to the cliff, whence he was enabled to reach a house about a quarter of a mile off. He came to the city yesterday and gave the first information of the affair. One of the women was named Armstrong, another Mrs. King, both belonged to Newfoundland.

Another schooner was lost at Duncan's Reef, but fortunately all hands were saved. It is to be feared that these are not the only casulties which will have to be reported.

The *Royal Gazette* publishes correspondence between the late Government and His Excellency the Lieut. Governor. The letter from the members of that Government to His Excellency, dated Sept. 30th, states the fact that the late elections resulted adversely to the Administration, which therefore respectfully tenders the resignation of its members.

His Excellency acknowledges the receipt of the letter of resignation, and informs the Administration that he would, under the circumstances in which he is placed,—be only awaiting the nomination of his successor before embarking for England, and therefore acting but as provisional Governor,—deem the acceptance of that resignation and the appointment of a permanent Government an act unconstitutional in itself and discourteous to his successor.—*Rep.*

DEAF AND DUMB INSTITUTION.—The Principal writes to Rev. J. C. Cochran, Secretary, as follows :—

Sussex, N. B., Oct. 1st, 1867.

As I anticipated in my last, our meeting in SACKVILLE was quite successful. All the necessary arrangements were made through the kindness of Rev. Dr. Pickard, President of the Wesleyan College and Academy, through whose courtesy we were also permitted to visit the various educational buildings which form the ornament and pride of this beautiful district. Lingley Hall was filled with an attentive audience, and the collection amounted to $24. Hospitable attentions were shown by Revds. Dr. Pickard, C. Jost, J. R. Inch, Esq, Mr. Silas Black, and Mr. Amos Ogden ; and conveyance provided to our next stage by Mr. Black and other friends.

THE DOMINION PRIVY COUNCIL.—The Montreal *Gazette* of the 27th ult. has the following :

"The first full meeting of the Privy Council, which commences to-day, at Ottawa, will have, probably, brought before it many important topics. The exact date of the meeting of the Local and General Parliaments, for "despatch of business," will be decided. The nature of the business to be first despatched will, no doubt, be also determined. Among the principal business matters, there must be :—

I. A bill of indemnity to cover the public expenditures from the 30th of June last, the close of the financial year for Ontario and Quebec.

II. The transfer of Provincial control of local public works and buildings.

III. The legal organization of the Federal departments.

IV. The equalization of the Tariff for all the Provinces.

V. The admission of the North-West territory, British Columbia and Vancouver to the Union.

VI. The provision for securing the Intercolonial Railway guarantee.

VII. The Fisheries.

Some of these subjects, if there is to be an adjournment from November till early in '68, may stand over without detriment to the public service, but others are of immediate and pressing importance. We are sure the public will look with anxious expectation for the results of these most important deliberations."

At the election in St. John, N. B., on Friday last, the recently appointed Attorney General, A. R. Wetmore, Esq., was returned by an overwhelming majority.

NEWFOUNDLAND.—The bark *Jean Lithgow*, Power, master, arrived at St. John's on the 26th inst., from Halifax, bound to Queenstown, Ireland, with a cargo of deals and tobacco, leaky, and with loss of sails. She is now undergoing repairs. The American bark *Mora*, from New York to Great Britain, with timber, arrived at St. John's on the 30th ult. She had her decks swept, carrying away her bulwarks, and losing boats. One man was swept overboard, but succeeded in getting on board the vessel again.—Four of the crew were badly injured by being knocked about the deck by the violence of the storm. An American company has purchased a copper mine on Thrump Island, Notre Dame Bay, from Captain Taylor, of Carbonear.

United States.

Impeachment of President Johnson is again talked of with great earnestness, but will probably not be carried out, as there are grave difficulties probably in the way.

The Californians are considering seriously the enterprise for laying a submarine cable to China and Japan.

Jeff Davis will be put on trial at the November term of the U. S. Circuit Court, at which Judge Chase is expected to preside. There are no indications that the proceedings against Davis will be discontinued. The President, in conversation to-day with an old friend from Tennessee, reiterated his intention to resist any effort of Congress to remove him, pending the result of his trial on any articles of impeachment that may be preferred against him.

Henry Hart, who has been charged with complicity in frauds on the U. S. revenue amounting to $20,000, voluntarily surrendered himself in New York on Monday, and was held in $20,000 bail

General Beauregard has written a letter to the Baltimore *Gazette*, in which he says :—"Being still an 'outlaw' in my own country, I do not feel called upon to uphold its government, especially at this time, when the country is divided in opinion as to whether Congress or the executive constitutes 'the government.'—But I am free to state, that unless the conservative element of the nation soon awakens to the dangers which threaten the liberties of the country, I confidently believe that its form of government will ere long be changed to a military despotism, after a period of anarchy more or less prolonged."

European.

The Princess of Wales continues to make such progress towards recovery as may almost be said to exceed the anticipations of those who were most sanguine of a cure. She improves daily, and is constantly gaining more use of the limb. And if any one still hesitates to believe in news, which some may think too good to be true, we may possibly lessen their doubts by a few words more. So much better is his patient that the attendance of Mr. Paget is thought no longer necessary.

There is later news of the Abyssinian captives. On the 27th July they were all well, and well treated

It appears by intelligence from Stockholm that the state of the health of the King of Sweden is such as to give rise to the most serious apprehension.

No less than 33,687 passengers have crossed in August from England to France, from Dover to Calais alone. Between April 1, the opening day of the gigantic affair, until August 31, 110,146 passengers passed through the town of Calais Pariswards, and this month the flow has in no wise diminished.

THE HARVEST IN ENGLAND.—The majority of the wheat crops will be deficient in quantity ; though it is certain that during the ten days which preceded the unusually late harvest in the Midlands, the improvement in the character of the crops was unexpectedly great, and when cut they had a very bright and good color. And the harvest has been late, and the corn when cut has sustained whilst in the field some heavy and drenching storms ; there has been none of that perpetual rain which last year did so much injury. Where there has been ordinary judgment and activity, there has been no great portion of the grain seriously damaged. The quality, then, will be good, and all accounts agree that the new wheat have yielded badly.

ITALY.—The excitement in Italy is unabated. The Italian journals speak of a meeting of Garibaldian officers at Florence, at which an insurrectionary movement at Rome was spoken of as certain imme iately the Garibaldians reached the frontier, and say it was decided that the enterprise on their part should be entered upon as soon as possible, the exact date and means at present being kept a secret.

LONDON, Oct. 4.—While in prison at Alexandria Garibaldi persistently refused to give his parole not to engage in any hostile enterprise against the Papal States. Meanwhile the Italian Government, hoping to allay the popular excitement caused by his arrest, gave orders for the transfer of the prisoner to his home at Caprera, without insisting upon his parole. The General was accordingly taken to that island, where he was apparently set at liberty. Soon after his arrival he suddenly disappeared from the island, and succeeded in reaching the mainland ; but his movements had been carefully watched. He was again arrested and sent back to Caprera, where he now remains under guard, a prisoner in his own house.

VIENNA, Octr. 4th.—The Roman Catholic Bishops of the Austrian Empire have met in congress, and declare their opposition to any change in the concord as now established between Rome and Austria.

LONDON, Oct. 4.—It is reported that a policeman has been shot and killed in Rochedale by some Fenians. A policeman was attacked and nearly killed in this city by a gang of Irishmen last night. These events, in connection with the recent occurrences in Manchester and Ireland, have given rise to rumors of a new and widespread Fenian conspiracy.

LONDON, Oct. 3, (midnight).—The following despatch from Italy has just been received here : "*Florence, Oct. 3rd, (even.)*—The rebels hold many posts in the Province of Virtebo, and await the attack of the Pontifical troops."

The Emperor Alexander of Russia has demanded of the Sublime Porte the cession of the Island of Candia to Greece.

A report has reached here to-day, the authenticity of which is not fully established, that King Victor Emanuel has made an appeal to the great powers of Europe against the September treaty which binds the Italian Government to prevent any infraction of the temporal Dominion of the Pope.

PARIS, Oct. 4.—Advices from Rome of to-days date represent that the city is quiet.

BERLIN, Oct. 4.—*Leirdelor's Correspondence*, a semi-official journal published at the Capital, in its issue of to-day makes the assertion that the recent meeting of the Emperor Napoleon and Francis Joseph at Salzburg, an understanding was come at as to the person whom they will support for successor to Pope Pius the Ninth.

LONDON, Oct. 4th, (afternoon).—Extensive operations in Grain have recently been made by the Government, and French mercantile houses have reduced the specie in the Bank of France to the amount of one million pounds sterling.

LONDON, Oct. 4th, (midnight).—A message from Florence announces that the insurgents, in a secure position near Bagnar and Virterbo, were attacked by the Papal forces. The fight resulted in the defeat of the attacking party, who withdrew hastily. The loss is unknown. The effect of this victory was very inspiring to the party of action. A public meeting of the friends of Garibaldi was held at Turin yesterday. Revolutionary speeches were made by many distinguished persons. Great crowds of persons were present, and the enthusiasm was unbounded. Meetings of a like character are in contemplation in various parts of Italy.

Garibaldi has issued a stirring address to his followers, which is published to-day all over Europe. He recites at length the grievances of Italy, and asks his countrymen to redress them. He appeals strongly to their patriotism, and urges all friends to march forthwith to Rome.

Sackville Institution Agency.

We are requested to state that at the request of the Mount Allison Institution Executive Committee, the Rev. Thos. Angwin has consented to act as Financial Agent in Nova Scotia in collecting unpaid subscriptions to the Fund for the re-building of the Academy, and in obtaining new subscriptions toward the same object. We commend our brother to the kind attentions, and his important mission to the liberality, of the friends in those localities which he may visit.—The Executive Committee earnestly urge the payment of the portion of subscriptions now due, at the very earliest period, to enable them to meet existing claims upon the Building Fund.

AN EFFECTUAL WORM MEDICINE

Brown's Vermifuge Comfits,

OR WORM LOZENGES. MUCH SICKNESS, undoubtedly, with children and adults, attributed to other causes, is occasioned by worms. The "VERMIFUGE COMFITS," although effectual in destroying worms, can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians, and found to be safe and sure in eradicating worm, so hurtful to children.

Children having Worms require immediate attention, as neglect of the trouble often causes prolonged sickness.

Symptoms of Worms in Children are often overlooked. Worms in the stomach and bowels cause irritation, which can be removed only by the use of a sure remedy. The combination of ingredients used in making BROWN'S "VERMIFUGE COMFITS" is such as to give the best possible effect with safety.

Curtis & Brown, Proprietors, New York. Sold by all Dealers in Medicines, at 25 cents a box.

WISTAR'S BALSAM OF WILD CHERRY.—This remedy has long been cherished by the community for its remarkable efficacy in relieving, healing and curing the most obstinate, painful and long-standing cases of Cough, Cold, Influenza, Sore Throat, Bronchitis, Whooping Cough, Croup, Asthma, Inflammation of the Lungs ; while even Consumption itself has yielded to its magic influence when all other means have failed. Its whole history proves, that the past has produced no remedy of equal value, as a cure for the numerous and dangerous pulmonary affections which prevail all other the land.

Unsolicited Testimony.

FROM ANDREW ARCHER, Esq., of Fairfield, Me.

"About eight years since, my son, Henry A. Archer, now Postmaster at Fairfield, Somerset County, Me., was attacked with spitting of blood, cough, weakness of Lungs, and general debility, —so much so that our family physician declared him to have a "Seated Consumption." He was under medical treatment for a number of months but received no benefit from it. At length, from the solicitation of himself and others, I was induced to purchase *one bottle* of WISTAR'S BALSAM OF WILD CHERRY, which benefitted him so much I obtained another bottle, which in a time, restored him to his usual state of health. I think I can safely recommend this remedy to others in like condition, for it is, I think, all it purports to be—*the Great Lung Remedy for the Times!* The above statement, gentlemen, is my *voluntary* offering to you in favor of your Balsam, and is at your disposal.

None genuine unless signed I. BUTTS *on the wrapper.*

CARD.

MESSRS. WOODILL BROTHERS beg most respectfully to intimate to their friends and customers they have removed to their new Store,

141 HOLLIS STREET.

And though all arrangements for the better accommodation and convenience of their customers are not quite complete, yet they can now offer them very many inducements to continue their patronage at the

CITY DRUG STORE.

They intend that their new Store will become a model of order and decency, and as it is arranged with particular regard to the requirements of a FIRST CLASS RETAIL DRUG STORE their very best attention shall be devoted to making it so.

The dispensing of Prescriptions—the most important of all the duties of the Druggist—they never particularly desired in the old shop at the corner, because they knew that, for its proper management, a particular part of the shop should be devoted to it exclusively, where everything necessary for all ordinary prescriptions should be kept, that the attention of the dispenser during the preparations of prescriptions should not be called off to serve customers, &c., and thus the most fruitful cause of mistakes prevented. Now, having plenty of room, we have adopted this plan, and can guarantee accuracy. For the greater accommodation of their customers, the Store will be open at all hours on Sundays, and at night a competent assistant will sleep on the premises so that the

CITY DRUG STORE

will never be closed against their patrons.

They have in Stock, in Warehouse, and in Store usual supply of

ENGLISH DRUGS, CHEMICALS, MEDICINES AND DRUGGISTS' SUNDRIES.

all of which they offer to their wholesale, as well as retail customers, at the lowest market rates — For Cash, a liberal discount will be allowed.

Mrs. S. A. Allen,

A LADY OF WORLD-WIDE REPUTATION.

MRS. S. A. ALLEN'S

WORLD'S HAIR RESTORER is suited to both old and young. It strengthens the Hair, prevents it falling or turning grey, and imparts to it a beautiful glossy appearance. It never fails to RESTORE GREY HAIR

TO ITS ORIGINAL YOUTHFUL COLOR.

It is not a Dye, but acts directly upon the roots of the hair, giving them the natural nourishment required, producing the same vitality and luxurious quantity as in youth. It will restore it on bald places, requires no previous preparation of the hair and is easily applied by one's self. One bottle will usually last for a year, as after the hair is once restored, occasional applications once in three months will insure against grey hairs to the most advanced age.

MRS. S. A. ALLEN'S

WORLD'S Hair Dressing, or Zylobalsamum, is essential to use with the Restorer, but the Hair Dressing alone often restores, and never fails to invigorate, beautify and refresh the Hair, rendering it soft, silky and glossy, and disposing it to remain in any desired position.

FOR LADIES AND CHILDREN,

whose hair requires frequent dressing, it has no equal. No lady's toilet is complete without it. The rich glossy appearance imparted is truly wonderful. It cleanses the hair, removes all dandruff and imparts to it a most delightful fragrance. It will prevent the hair from falling out, and is the most economical and valuable Hair Dressing known. Millions of bottles sold every year.
