SOLDIER NEWS FROM QUEBEC.

Major Pelletier Was Only Slightly Wounded—"D" and "E" Batteries Are at Kimberley.

Quebec, Feb. 28.—Lady Pelletier, mother of Major Pelletier, has received a telegram from Sir Wilfrid Laurier, informing her that her son was but slightly wounded.

A cablegram has been received by Mrs. J. F. Wilson, wife of Lieut.-Col. Wilson, from Captain "Bull" Ogilvie, dated at Kimberley, reporting himself well. Evidently on reaching Cape Town D and E Batteries of the second Canadian contingent were rushed thru to Kimberley, and are at present stationed there.

Sergt. Peppiatt, F Company, first Canadian contingent, who was among the 29 wounded, was a well-known non-commissioned officer of the R.C.A., attached to B Field Battery, and was among the first to volunteer for service in South Africa. He is a married man. Since his departure Mrs. Peppiatt, who is a young woman, has become a mother.

FOUND DEAD ON THE TRACK.

James White, an Employe of the Pembroke Lumber Co., Met Death on the C. P. R.

Pembroke, Ont., Feb. 28.—James White, an employe of the Pembroke Lumber Company, was found dead beside the C.P.R. track this morning, about a quarter of a mile east of Mackey's Station. Sectionmen who found the body think he must have been struck by the west-bound train and killed instantly. White was about 27 years of age and married.

Special Fur-lined Coats, $30.

Just before closing up the stock sheet, previous to taking inventory, J. W. T. Fairweather & Co., 84 Yonge-street (successors to J. & J. Lugsdin), offer gentlemen something specially nice in fur-lined coats—a chance to buy one at special reduced prices. Remember that fur-lined coats are not bought for a season only—with care, to some men, one will last a lifetime, so you see the force of emphasizing the good investment in purchasing now—the "shells" are all splendidly tailored—some muskrat lined, some mink lined, others Alaska seal lined. Prices go as high as $225, and there are six in stock of a line that has been selling at $50.00 all season, which the firm will clear out at $39.00 apiece. They are otter-trimmed—a great coat for the money.

SPLIT FINE HAIRS.

A very little defect is sufficient to make artificial plates utterly bad. You know if a bell is cracked anywhere it is worthless everywhere. Doesn't matter if the fault is in poor fitting, poor material, poor construction or lack of judgment in application, any one or all of these faults serve the same end—to make the whole operation a failure, worse than bad—abominable. We employ in every department dentists of experience—Canadian graduates—no apprentices. We put into skilled hands the facilities for making plates perfect, the only kind that ever leave our office. Our charges are from $5 up, according to plate material used. Painless extraction is free when plates are ordered.

HAMILTON NEWS

THE DEATH OF W. F. WALKER

Inquest Before Coroner Griffin Brought Out a Verdict of Accidental Death.

PROPOSAL FOR SUMMER FESTIVAL

Request for the Running of Night Cars—Proceedings re Ald. Bauer—General News.

Hamilton, Feb. 28.—(Special.)—Patrick O'Heir of the Bethel was arrested to-night by Detectives Coulter and Bleakley on a charge of obtaining $25 under false pretences from Mrs. Mary Mitchell, John-street.

The Death of Mr. Walker.

Many lawyers were at the inquest on the death of W. F. Walker, Q.C., who was run over by a C.P.R. locomotive, which was continued at No. 3 Police Station this evening before Coroner Griffin. Crown Attorney Crerar examined the witnesses, who were cross-examined by J. J. Scott, acting for the dead man's family, and W. L. Ross, counsel for the Accident Insurance Company, in which Mr. Walker's life was insured for $2000. Mrs. H. Blake was the only eye-witness who testified, and her evidence was to the effect that she had seen Walker in the vicinity of the Charles-street crossing for about 15 minutes. When the engine approached he got under the gate and dropped on the track. The locomotive passed over him. Mr. Scott tried hard to confuse her, but failed.

Edwin Mills, a neighbor of Mr. Walker's, said he left Mr. Walker at the corner of Park and Hunter-streets, near the scene of the fatality, about 8.15. Mr. Walker was killed at 8.55.

Five other persons testified. The jury's verdict was to the effect that Mr. Walker came to his death by being accidentally struck by a C.P.R. locomotive.

HUGH JOHN DOING SO WELL

An Opponent Writer Backing Up Manitoba's New Premier and His Course to Date.

NO NEED TO OFFER OPPOSITION

To the Provincial Treasurer—Major Arnold's Body May Be Buried at Winnipeg.

Winnipeg, Feb. 28.—(Special.)—J. K. McLennan, one of the candidates opposing a Macdonald nominee at the last general election, writes that up to the present time the course followed by the Hon. Hugh John Macdonald, as Premier, cannot but be satisfactory to every reasonable minded elector. "He has thus far shown every disposition to carry out the very admirable platform adopted by his party prior to the late elections. He has turned down what he justly terms Greenway's railway deal, the fraudulent secret agreement between the late Government and the C.P.R., he has reduced the number of Cabinet Ministers as promised, and on Friday last gave a temperance deputation, which waited upon him, most satisfactory assurances regarding his proposal to promptly carry out the nineteenth plank in his party's platform. Now, independents of this province are strongly in favor of prohibition, and that good and sound principle is the leading plank in their platform, and, therefore, I consider that, since we have a Government in power which seems inclined to meet our views, it would be the height of folly to hamper them by offering opposition to the Provincial Treasurer in the coming bye-election. I do not admire the method altogether of getting rid of the great representative for Beautiful Plains, but possibly, considering all the circumstances, the end may justify the means. However, Hon. Mr. Davidson, the Government candidate, is in favor of a prohibitory law for this province, and this being the case I say give him fair support."

Pte. Hughes Wounded.

The only member of the Winnipeg contingent who was among the list of casualties published yesterday was Private Edward Norman Hughes. Hughes is reported among the list of wounded. He was born and brought up in Rhyl, a town in North Wales, where his father was consulting engineer to the Municipal Council.

Rupert's Land Century Fund.

The total century fund to be raised in the Diocese of Rupert's Land is set at $100,000.

Contracts for Printing.

Contracts for public printing were awarded to Appleton & Morris and the bookbinding to Thomas Taylor at about one-third less than those of last year.

Major Arnold's Body.

Mayor Wilson said to-day that the City Council had thru W. R. Allen communicated with relatives of the late Major Arnold in regard to the disposition of the remains of the deceased officer, and they were favorably disposed to having them brought back to Winnipeg for interment. Action will be taken at the next meeting of the City Council. A cable message received by W. R. Allan from Col. Otter states that the gallant Major Arnold came to his death by wounds received in the head and arm.

Fears of Smallpox Spread.

The Provincial Health Department has received news of an outbreak of smallpox at Bathgate, N.D., about eight miles distant from Gretna, and the gravest fears are entertained by the authorities that the province will be visited by an epidemic when the rush of immigration occurs in the spring.

Roycroft Ideals.

The work of the Roycrofters, under almost ideal conditions, has awakened much interest in Mr. Hubbard's lecture on Friday evening at the Conservatory of Music. Those who know something of Mr. Hubbard's delightful personality are eager to see the man and to hear his message. The plan at Tyrrell's has been well taken up, but there are still a few good seats unsold.

Speaker Evanturel' Appointment.

It was learned yesterday on good authority that Hon. Speaker Evanturel has been appointed by the Provincial Government as Ontario's representative at the World's Fair, Paris, and that he and his family will leave for France at the close of the present session.

A Summer Festival.

Mayor Teetzel wants to know how the citizens feel regarding the idea of a big celebration in the city during the coming summer. It is now proposed that there be one day celebration on the occasion of the opening of Dundurn Park on May 24, to be followed by a big affair on July 1 and succeeding days, something in the nature of a summer carnival, to include a military day, a society day, an electric day, an old boys' and girls' day.

Any citizen who has an idea for any other kind of a day will please communicate with the Mayor. There is the whole of July to accommodate everybody.

Night Cars.

Traction Manager Green of the Street Railway has made application to the City Council for permission to run all night cars from 11.30 to 5.30 at double fare per passenger. The plan is on the lines of that in use in Toronto. It is likely the request will be granted, as there is need for such cars.

After Two Years.

Two years ago last September Joseph Murdock was tried before a Hagersville magistrate and sentenced to six months' imprisonment on a charge of selling liquor without a license. While on the way to jail Murdock broke away from Constable Kinsley and escaped. Nothing more was heard of him until this morning, when Detectives Coulter and Bleakley re-arrested him.

Must Pay the Costs.

W. M. McClemont, solicitor for the relator in the qualification proceedings brought against ex-Ald. Bauer, applied to-day to Judge Snider for an order granting costs in the proceedings. John Harrison opposed the motion on behalf of Mr. Bauer. His Honor decided to grant the order asked for. The costs will amount to about $50.

Minor Matters.

A cable has been received by the Tuckett firm, stating that George T. Tuckett sailed from Yokohama on Feb. 23, and would reach Vancouver on March 7, when he would be advised of his father's death.

The steam pipe and furnace in the Hess-street school burst this morning and the caretaker was slightly scalded.

The interment of the late W. F. Walker, Q.C., will take place in the family burial plot at Beamsville to-morrow morning.

R. McKay & Co., dry goods dealers, East King-street, are making extensive alterations in their store, and will have one of the most complete in the city when the changes are completed.

LOADING UP THE FRENCH.

L'Evenement of Quebec Jubilant That English People Got False News About Ladysmith.

Montreal, Feb. 28.—(Special.)—It might be well once more to draw public attention to some of the journalistic poison that is being daily instilled into the French-Canadian mind.

L'Evenement, of Quebec, a Conservative paper, says: "Our English compatriots are rejoicing to-day over the news of the relief of Ladysmith, and on this occasion many flags were hoisted over public offices and private residences.

"All our English compatriots whom we meet upon the street, both ladies and gentlemen, are wearing in their buttonholes small English flags.

"Last night and this morning, on the receipt of the news that the siege of Ladysmith had been raised, the bells of the Protestant churches announced the fact by a wild peal. Many persons hearing these bells in the middle of the night believed there was a serious fire, and left their homes to secure particulars. The news of the relief of Ladysmith was the cause of much rejoicing, but, unfortunately for our English compatriots, this afternoon's despatches tell us that Buller has not yet been able to make an entrance into Ladysmith."

Once more Mr. Ernest Pacaud of Le Soleil proves himself a staunch Britisher, that paper being the only one in Quebec to express pleasure at the happy turn of events in South Africa.

The Rev. F. N. Bosse, parish priest of Ste. Adelaide de Pabos, Gaspe County, writes: "I notice that a good number of priests stoutly affirm that the present war between the English and Boers is unjust and unworthy of Great Britain, and that all the wrong is on her side. The opinion of these priests is of a nature to produce regrettable results."

NEWS OF THE STAGE AND PLATFORM

To-night's Great Concert.

To-night's program at Massey Hall will without doubt be one of the best ever presented in Toronto. The five great stars advertised are all of the first rank, and there can be no doubt of the excellence of the bill of fare offered. M. Pol Plancon alone would draw a crowd, but additional interest will be felt by the curiosity which always attends the appearance of new artists. Hambourg appeared recently in Association Hall, and Lachaumne and Petschnikoff at Massey Hall, but Mlle. Ruegger is a new candidate for popular favor in Toronto. All will be anxious to see for themselves whether this lady will justify all the laudation that has been bestowed by the American press. The program in full is as follows:

Sonata, No. 2—Allegro; Romanza; Finale.....E. Grieg
MM. Petschnikoff and Lachaume.
"Hymn a la Nuit".....Gounod
M. Pol Plancon.
(a) Air.....Bach
(b) Moment Musical.....Schubert
Mlle. Elsa Ruegger.
(a) Nocturne; (b) Etude, G flat; (c) Ballade, F flat.....Chopin
M. Mark Hambourg.

Rhapsodie Hongroise, No. 2.....Liszt
M. Mark Hambourg.

Rupert of Hentzau.

"Rupert of Hentzau" will be the bill at the Grand to-night, interpreted by James K. Hackett and company. This play has never been given in Toronto, or, indeed, in Canada. Its first production abroad was made very recently, with George Alexander in the dual role, which Mr. Hackett will play here to-night. "Rupert" has been given thruout the States, and has achieved a very great measure of success in all the large cities. Mr. Hackett plays the King of Ruritania and Rudolf Rassendyl. This role causes him to make ten complete changes of costume, and is about as difficult a part as an actor could well be asked to play. The production is lavishly supplied with scenery, and in addition to the Hackett company, there will be forty supernumeraries.

Irving and Terry.

A welcome of rare proportions has been prepared for Henry Irving, Miss Ellen Terry and the London Lyceum company, when they appear at the Grand Opera House on March 5, 6 and 7. The interest in the event is abundantly reflected at the box office of the theatre. No players are held in a higher regard than these two from across the sea, and the natural pleasure of anticipation is enhanced by the promise of a view of their latest and greatest success, "Robespierre," by Sardou. It is said that in this play Sardou has constructed a drama full of human interest and rich in all those possibilities of stagecraft which have long made the Irving productions noted, possibilities which in this case he has utilized to the utmost, and with that good taste and nice sense of proportion which is always characteristic of his work. In London, New York and other cities where "Robespierre" has been presented critical praise for it has been unanimous. "Robespierre" is to be presented on Monday and Tuesday nights. On Wednesday night "The Merchant of Venice," with Henry Irving and Miss Ellen Terry in their world-renowned portraitures of Shylock and Portia will be given with all the completeness of the London production.

$1200 for the Patriotic Fund.

Twelve hundred dollars has been already secured for the Patriotic Fund in three days at Massey Hall. Close on to 15,000 people have seen the biograph moving pictures of the war in South Africa and the Canadian contingents. The Patriotic Fund will net this sum as a result of the labors of Col. Peters and commanding officers of the Toronto Garrison. The committee have decided to continue the entertainment in Association Hall for the rest of the week—today, Friday and Saturday, with two performances daily, at 3.30 and 8.15. At each performance in Association Hall Miss Beverley Robinson, who has kindly given her services for the Patriotic Fund, will sing, and Mr. Owen Smily will recite and explain the pictures. Instrumental music will be furnished by Mr. Bayley's orchestra. Many additional attractions will be given with a special farewell performance on Saturday evening.

Last night Massey Hall held another immense audience, which grew most enthusiastic over the views. Miss Beverley Robinson created a great ovation in the rendering of "The Soldier Boys of England." The Rev. Dr. Potts stirred the audience to the highest pitch of enthusiasm by his eloquent remarks on the part that Canada has borne in the war, and stated that the 3000 miles between Canada and the Motherland was now reduced to the distance of the 80 yards which the Canadian regiment had gained in the final battle with General Cronje. Reserved seats for the performance at Association Hall can be obtained at Tyrrell's Book Store, 8 King-street west.

Value of Scenery and Costumes.

It is difficult for the average theatregoer to realize how very much appropriate and picturesque costuming helps to the success of a play. Theatre folk, newspaper men and others, however, who have been privileged to witness stage rehearsals can understand this, for at rehearsal, when the actors go thru their roles in ordinary clothes, the effect is so far lost as to be frequently ludicrous. Manager M. W. Hanley has had this fact in mind in preparing the accessories for the superb production in which Robert B. Mantell appears next week in his latest triumph, "The Dagger and the Cross," dramatized from Joseph Hatton's famous novel of that name. The costuming of this drama is said to be elaborate and costly in the extreme, and to produce a splendid effect. All of this scenery was constructed this season under the personal direction of the author of the play, Mr. William Tremayne. Mr. Mantell and Mr. Hanley, and the entire metropolitan production will be given here. Mr. Mantell's engagement at popular prices at the Toronto Opera House will no doubt be a profitable one.

Saturday Night's Popular Demonstration.

There will be many special features at the patriotic demonstration in Massey Hall on Saturday night. While the affair will be in the nature of an entertainment, Manager Suckling proposes that from beginning to end it shall be a wave of patriotism. Yesterday he received a number of orders for reserved seats, but they will be filled as all others, on the principle of first come, first served. This morning the seat plan will open in the box office at the hall, and it is desirable that those wishing good seats should make application early, as, owing to the lowness of the price—25 cents—the indications are they will be taken in blocks. Mr. W. E. Ramsey, by special request, will give, besides other numbers, "Take the Muzzle Off the Lion, and Let Him Have a Go," and "We Won't Stand It Any Longer." Miss Jessie Alexander will confine her readings entirely to patriotic selections, while the massed bands, who are to have a rehearsal in the hall to-morrow, will also devote themselves to selections appropriate to the times and the occasion. Among the pictures that will be presented is the departure of a troopship from Southampton, showing the men embarking, the crowds waving their hands and making their adieux. All the views will be of current events, except a few of special comic and remarkable nature. Many of the war scenes that will be shown have never been given before. In fact, nothing will be left undone to make the occasion a memorable one in its manifestation of patriotism.

"Corsican Brothers" Next Week.

One of the strongest romantic dramas ever produced is the "Corsican Brothers." Dumas' wonderful story of the Franchi twins, Fabian and Louis, is full of interest from beginning to end. The Cummings Stock Company will give an elaborate production of this great play at the Princess Theatre next week. The piece is stated to be picturesque Corsica and in France, and it gives abundance of scope for superb scenic display. Manager Cummings promises to stage the play on the grandest scale possible. The scene in the third act, which shows the pretty glen in the forest of Fontainebleau and the famous duel, will be one of the finest ever seen at the Princess Theatre. The second act shows some beautiful interior scenes in the Grand Opera House, Paris. The play is in three acts, with fine tableaux, each of which will be staged in the most realistic manner without regard to expense. The cast is exceptionally strong, including Mr. Lester Lonergan in the dual role of Fabian and Louis Franchi, Miss Florence Stone as Emilia de Lesparre, Mr. Sweetland as Mons. Renaud, Mr. Tooker as Alfred Meynard, Miss Marshall as Marie, Harry Rich as Galiano Orland, Harry Mack as Marco Cotona, Curtis as Baron Martelli, Miss Anderson as Mme. Franchi, etc.

"The Romany Rye" has proven to be a splendid drawing attraction this week, and is being greeted daily by large audiences.

At the Empire.

All lovers of good burlesque and vaudeville will be surprised at the elegant array of talent at this popular little house. The singing is sweet and the dancing above the average seen in this vicinity. The jokes are new and up-to-date. The burlesque is rich, rare and racy. Come which you, as it is a treat fit for the gods, and it should not be missed.

WHAT CARPENTERS WANT.

Amalgamated Brotherhoods Decide Upon a New Set of Rules to Be Put in Operation Soon.

The local members of the Carpenters and Joiners' Unions have decided upon a set of new rules, which they expect to have in operation smoothly inside a couple of months.

The proposed rules were adopted at a joint meeting of both branches of the Amalgamated Carpenters and Joiners, and Local 27 Brotherhood of Carpenters and Joiners, to go into effect not later than April 30, 1900:

That 8 hours constitute a day's work, namely, 8 to 12 a.m. and 1 to 5 p.m. On Saturday 8 to 12.

That 25c per hour be the minimum rate of wages until August 1, 1900, and after that date, thenceforward, 27½c to be the minimum rate.

That all overtime be at the rate of time and a half, but in all cases to be avoided as much as possible.

Two hours' notice to be given by employers when men are discharged, and to be paid in full when so discharged.

When employees are sent to Island or outlying districts, boat and car fare to be paid by employer. Men to be paid on job.

Should any change be desired to this agreement, three months' notice to be given by the parties desiring any such change.

LOYALTY IN NEW BRUNSWICK.

Mr. Hale, M.P., Says the Laurier Government Has Lost a Great Deal of Prestige.

Montreal, Feb. 28.—(Special.)—Mr. F. H. Hale, M.P. for Carleton, N.B., was here to-day and paid a glowing tribute to the loyal British sentiment now existing in New Brunswick. He states that the Ottawa Government have lost a great deal of prestige in their dealings with the Transvaal question, for the general opinion is that whatever they have done has been forced upon them.

Mr. Hales says that United Empire Loyalists settled in the counties along the St. John River, that British blood still runs in their veins and that the war feeling is intense amongst all classes. Even, he adds, the little boys at school are enthusiastic over the clash of battle, and from all that can be gathered the member for Carleton says that the Laurier Government will never be able to recover from the loss they suffered in public estimation.
