Local News and Personal Items

The Observer asks every reader to help make this page interesting by contributing any local news or personal item they may know about. The editor must depend on the parties interested to supply items for this page. Don't hesitate to send personals concerning yourself and your family; we want them all. Don't blame the editor if what you expect to see is not here if you have not yourself taken the pains to see that the office was informed of the item. Anything in the nature of advertising appearing in these columns must be paid for at the rate of 5 cents a line. This applies to Cards of Thanks, Announcements of Meetings or Societies, For Sale, Wanted, Lost, Found, etc. Charged items will be 10 cents a line. Better send the money with the item, counting six words as a line. No advt less than 10c a week.

The children have been living with their aunt, Mrs. J. F. Murdoch and with Mrs. W. G. McCollum while their mother was suffering a protracted period of ill health in a hospital. She is now recovered and the little family will be happily reunited for Christmas.

In renewing his subscription for the Observer Dr. F. S. Kent, M. D. of Waitsfield, Vt., says, "My mother, Mrs. Benjamin Kent, still retains an immense interest in Hartland and vicinity. The writer was born a little over a third of a century ago at East Coldstream moving to Maine nearly twenty-five years ago. I presume I might be termed a real Yankee by this time but I still retain my respect and love for the land of my birth and an ever increasing longing each year to return."

G. F. Seely expects daily a new twenty-five horse power engine to put the punch in his power plant. At the present time his plant is operated a good deal like Mark Twain's steamboat which had a fifteen horse power engine and a seventy-five horse power whistle and which stopped every time he blew the whistle. The electric plant is at present operated by a ten-horse-power engine with a dynamo requiring fully twenty-five horse power, so the present service is not just what the town needs and therefore at the present time it does not come in for a very high degree of appreciation. But very soon now there will be electric current for all needs and it should come into more general use with the improved service.

A glance over the pages of The Observer will reveal the fact that Carleton county merchants are prepared to supply all the mercantile needs of the people and there is absolutely no need or excuse to send money to Toronto. The home merchant, who buys your eggs, butter and poultry, has at once variety, quality and the right price. Your own particular interests should impel you to buy at home. It is the soundest business policy that is.

The ladies of the Church of England have again changed the date of their sale and have definitely decided that it shall be held on the evening of Saturday, December 16. These ladies are famous for their fine suppers and their annual Christmas sale always presents an excellent opportunity for the purchase of suitable Christmas gifts. The event which will be held in the K. of P. hall, is to be one of great interest and it is needless to say that a good crowd will attend.

We will make unusual prices for battery storage this winter, since we have the current at lower cost than any who have to run a dynamo especially for the purpose. You may bring your batteries to us and we will keep them fully charged all winter, delivering them to you in perfect shape for running next spring, for only $3. The usual charge has been $5. If the batteries are found to need repairs we will make them, but we will not put a cent of extra expense on them until you have instructed us to do so. Soon as you tie up your car for the winter bring or send your battery to us. If you live at a distance ship by express. Red Ball Garage, Hartland, N. B.

The ice in the river in places where the current is slowest has frozen over from shore to shore which is most unusual in the Upper St. John. About 14 years ago the river closed in like manner and the winter that followed was a pleasant one. Of course the usual manner in which the river closes is by pack-ice but this year the water is exceptionally low.

A number of the farmers of Knowlesville have clubbed together and are backing Fred Curry, who is building a saw mill at that place. Considerable excitement was caused on Friday when they endeavored to haul the boiler from the station. It weighs eight tons and after pulling it a short distance with nine pair of horses, they left it to await more snow.

On Sunday Rev. A. P. Gouthey, preacher, author and evangelist of Seattle, opened a two weeks campaign at the Reformed Baptist Church. On Sunday the building was filled to overflowing and the earnest speaker gained a great held upon his hearers. Last succeeding evening the interest has grown deeper and a great deal of good is likely to result from the effort. Until December 17 there will be service every evening and three times on Sunday. A few years ago Mr. Gouthey conducted a campaign here at which he was accompanied by his wife, a sweet singer and they had with them their little child which friends will regret to learn has died in the meantime.
