LOST.—A five year old son of Hugh McDonald, Salmon river road, Mira, Cape Breton, was lost in the woods on the 1st of May and no trace of him has since been found, so that he must have perished ere this. The poor little fellow was in a field with two other children looking after some sheep on the day in question, when he got away from them and they thought he had gone home. That night the alarm was given and neighbors turned out with lanterns and horns beating the bush all night and continuing the search for eleven days, but without avail. A footprint of the lad was found about a mile from the field, but that was all.

FORTUNATELY NO WORSE.—This morning about 8.30 o'clock a young son of Mr. Henry Robinson of Douglas road met with what might have proved a serious accident. The little fellow was driving along by Little River when the horse became unmanageable, the wagon collided with another team and young Robinson was thrown a distance of about twenty feet. When picked up his injuries seemed serious, but an examination by Dr. D. E. Berryman showed that no bones were broken and that beyond a very bad shaking up the boy had not been hurt. The wagon was smashed to pieces.

Wagg has signed with the Fredericton club after all. He and several other professionals reported for duty yesterday.

The luck of Colby base ballists is enough to make the other nines die of envy. It does not seem possible for them to lose a game.

Dunning, of the Baths, will accompany the Bowdoin club on their trip to Nova Scotia the first of next month. He will catch Stevens of the Brunswicks.

The Boston Blues, the best ball team in Boston outside the league, after much corresponding have consented, for a large guarantee, to play two games in Portland on Memorial day, morning and afternoon.

THE GAMES TO-MORROW.

If the weather holds out, the Shamrock's grounds in the morning and the Athletic grounds in the afternoon should be well crowded with lovers of baseball. International Sunday School Convention.

The sixth International Sunday School Convention, of the United States and British North American Provinces, will be held in the city of Pittsburgh, Pa., Tuesday, Wednesday, Thursday and Friday, June 24th, 25th, 26th and 27th, 1890. The province of New Brunswick is entitled to eight delegations.

The total number of delegates provided for is about Seventeen hundred. Each delegate must be furnished with a certificate signed by the proper officers of the Provincial Organization, and these certificates in blank will be furnished to delegates by the Secretary of the N. B. association.

All duly accredited delegates will be enfitled to hospitality, and these only have the right vote in the Convention. It is earnestly desired that these delegates be carefully selected from among the best workers in the various organizations, as matters of the greatest interest to all friends of Sunday Schools will be considered by the Convention; among others the following:

It is expected that all Railroad and Steamboat lines will return at one-third fare, or in some cases possibly at less rate, those delegates who pay full fare in going to the Convention. The reduction can only be obtained on the "Certificate Plan." That is parties desiring the reduced fare must take a receipt at the railroad office where the ticket is purchased (when starting for the Convention,) and on presentation of this receipt or certificate they will be entitled to purchase return ticket at reduced rate. Delegates from New Brunswick may obtain full particulars from S. J. Parsons Sec. of the N. B. S. S. Convention, Benton, N. B.

The executive of N. B. Association will meet in St. John about the 10th June to appoint eight delegates and will be glad to receive from county or other organizations, the names of any persons who can go; we should have a full delegation from New Brunswick.

COMMON COUNCIL.

They Discuss the Exhibition Grant, and Guarantee a Liberal Sum—Reports From the Various Boards and Committees.

The Common Council met yesterday afternoon, Mayor Lockhart presiding. The whole board was present except Ald. McCarthy and Ald. McKelvey. The report of the treasury department was first taken up. It recommended a grant of $3,000 for the fall exhibition with a guarantee of $3,000 in case of a deficit. Ald. Peters moved the adoption of this section. Ald. Blizard seconded the motion.

In amendment Ald. Likely, seconded by Ald. Forrest moved that the council make a grant of $2,000 with a guarantee of $4,000.

Ald. Kelly, seconded by Ald. Chesley, moved in amendment to the amendment that the matter be referred to a meeting of the general committee, with power to act. He was for giving the association all the money they needed, but his object in making this motion was because, if the proper measures were taken, he believed the local government could be induced to increase their grant to the exhibition association by $1,500 or $2,000.

After a long discussion, in which every alderman present expressed his views, the original motion was carried.

The repprt of the board of public works was then submitted. On its recommendation the following were appointed portwardens, William Thomas, Wm. Black, Oliver Emery, Arthur W. Adams, Jos. K. Dunlop, John A. Ruddock, Isaac J. Olive, Jr., Robert C. Elkin, Andrew Ruddock and Dennis Coholan. The report further recommended that the city engineer be instructed to see that the retaining wall on Mount Pleasant, the contractor for which is Wm. Cain, is finished according to the grade of the street; that the common clerk forward a memorial to the governor in council praying that letters patent be not granted to the Eastern Electric Light Company (limited), without giving the board of works a hearing in the matter; that the tender of John McGourty for setting granite curbing on Dock, Mill and Union streets at nine cents per lineal foot being the lowest be accepted and contract entered into accordingly; that a retaining wall be built on the westerly side of Ludlow street, to be paid for out of the Carleton improvement fund; that James W. Belyea be appointed captain and J. W. Leggett engineer of the city dredge at the rate of $60 per month. All of which recommendations were adopted.

The board of public safety recommended that the board of public works be requested to grade North Market street and put down proper crossings and have the same charged to the market fund; that the director be empowered to have five joints of hose sent to Toronto to be relined; that commencing from the second day of June next a paid fire force be organized on the western side of the harbor consisting of one engineer, one teamster for engine, one hose cart teamster, one hose and ladder teamster; one district engineer and 17 firemen; that the firemen receive $50 each per annum, and that the engineman and teamsters be paid the same wages as are paid on this side of the harbor; that the portion of the fire department by-laws relating to the volunteer force be repealed and that the West side force come under the provisions of the by-law generally; that they be authorized to reorganize the whole fire department and that the whole matter of organizing a hook and ladder company for the north end consisting of not less than seven men be undertaken at the same time; that they be authorized to make such arrangements for the disposal of the Carleton hand engines as they may think desirable.

The report was adopted.

The public buildings committee recommended that M. A. Buchanan be appointed janitor of the Carleton public hall; that the tender of Bowman & Lelacheur for $355 for the building of the new stairs to the exhibition building be accepted.—Adopted.

The ferry committee recommended that they be authorized to call for tenders for coal for the ferry steamers, with power to act in their discretion; that from and after May 1st the pay of the following named persons be increased 10 per cent.: Capts. Nice and McCaffrey, wheelsmen Calnan and Warnock; D. McCallum, machinist; James Toole, carpenter, and firemen Hamilton and Brown.

The first section was amended so as to require the committee to report to the council as to the tenders and giving the committee authority to purchase what coal may be required when the ferry is short of coal temporarily.

The section was adopted, with this addition, that the gatemen and the watchman, Thos. Sloven, receive the same increase.

The council then adjourned until Tuesday afternoon.

Theatrical.

Another crowded house witnessed the second performance of that great play "Jim the Penman" at the Institute last night. Every one in the audience was delighted and every member of the company seemed to surpass if possible their efforts of the previous evening. As announced in the GAZETTE yesterday afternoon, and in compliance with very general request, this fine play, "Jim the Penman" will be the bill for this evening.

This will be its last presentation, and anyone and everyone who has not yet seen it should certainly avail themselves of this opportunity.

This play, in an especial manner, has always, in other cities, been attended by the most fashionable audiences. The scenes are laid among aristocratic circles in England. It is by an aristocratic English author, Sir Charles Young. There is an interesting love story running through it; the ladies and gentlemen of the company are undoubtedly capable in their several roles; the ladies dresses are most elegant, and altogether, for theatre patrons, to-night, the last performance of "Jim the Penman," is an occasion that if availed of, will long be pleasantly remembered.

At the matinee tomorrow "The Golden Giant" will be played, in which Miss West appears to such particular advantage, and to-morrow evening the bill will be "The Unknown," another play new to this city.

A Great Tea Store.

One of the finest and best stocked retail tea stores in this city is that of H. W. Baxter & Co. on Mill street, near the I. C. R. depot. Although only a year and a half in business this firm is doing a rattling trade. They have now in stock 230 half chests of black tea, the greater portion of which has just arrived and for blending; they have a fine variety of Japans, Orange Pekoes, Gunpowder, Oolong, Assam and Indian teas. The feature of this business is that the teas are bought in large quantities, and this firm are enabled to sell much lower than the general retail dealer. A full line of coffees of the best brands, as well as sugars and staple groceries, are to be found amongst the very complete stock of this establishment. Presents of either china or glassware are given with each pound of tea or coffee purchased. Housekeepers should pay a visit to this well conducted establishment, and they will doubtless be well pleased with their reception.

CLINO'S WORK should be seen at his rooms by those who desire the finest art effects in photography, 85 Germain street.

This morning Peter Brown was fined $2, for using abusive language to John Rourk.
