KICK ON WATER RATES

Govt. Claims Manufacturer's Price—Changes in Fire Department.

HAMILTON, May 26.—(Special).—The fire and water committee this evening recommended Captain Robert Aitchison for second assistant chief of the fire department. Fireman Elliott was dismissed for being under the influence of liquor. Fireman Nat E. Winham resigned, and F. Hughes, J. McHendry and W. Baker were appointed. A lieutenant, at ten cents a day extra, will be appointed at each of the eight stations. The committee want a bylaw prohibiting the location of small theatres or moving picture shows in the district bounded by Barton, Caroline, Hunter and Wellington-streets, and one prohibiting standing in the aisles. Ald. Milne suggested a more rigid system of investigating the cause of fires. Chief TenEyck said he often had his suspicions, which were communicated to the police. A. B. Baxter, who had a $500 colt killed by the fire department, asks for $250. The provincial secretary announced that the provincial institutions which were now being charged at the rate of 12 1-2 cents a thousand gallons for water would pay only the manufacturers rate of 7 1-2 cents, according to a new act of the legislature. As the asylum is not in the city, the city solicitor suggested that the new act might not apply to the rate charged by Hamilton, and he will investigate. Buffalo Bill's Wild West Show, which comes here June 29, also kicked about the water rates, but no concession was made.

ROME THREATENING BRITAIN'S FREEDOM

Dr. Sproule, Orange Grand Master, Utters Warning and Calls for Protective Measures.

PETERBORO, May 26.—(Special).—Nearly 200 delegates are attending the annual convention of the Orange Grand Lodge of British America. This afternoon reports were read and committees appointed.

Dr. Sproule, grand master, in his address dwelt on the seeming alarming growth of the influence of the Church of Rome in Canada and in Great Britain.

"In every country," said the grand master, discussing the political activity of Rome, "where she has a foothold her presence is felt with greater and greater force every year. Her last notable effort is the bill introduced by John E. Redmond in the imperial house of commons for the removal of Catholic disabilities. * * * * *

Should Petition by Thousands.

"It has been suggested to me that the Orangemen should get up signed petitions to the imperial parliament, as subjects of the King, protesting against any interference with the Coronation Declaration, and when numerously signed—and they ought to be signed by hundreds of thousands to be of any value—have them sent over by this grand lodge either to a representative of our brethren in England, or to the Protestant Federation, for presentation to the house of commons."

Referring to home matters, he said: "The educational system of our country seems to be particularly distasteful to her. Consequently she is using every endeavor to discredit it and break it down. Not content with securing separate school rights for herself, she is at every session of parliament, thru her emissaries, introducing new bills to add to those rights. In the provincial legislature of Ontario only last session two of those important bills made their appearance. No doubt they will be re-introduced next year. One was known as the Racine bill and the other the McGarry bill.

"The last notable instance of a desire to discredit the public school system was an amendment to the laws of Manitoba, Saskatchewan and Alberta, whereby the proceeds of the sale of school lands, which heretofore were required to be used for the maintenance and support of public schools, may now be shared by the separate schools by omitting the word 'public.' This was done so adroitly as to escape the notice of those who were watching the bill when in committee of the whole house, and being considered clause by clause, the word schools, owing to the way the order paper was kept loaded up with bills before it being never reached during the session."

Statistical Reports.

A cash grant will probably be made to help the Protestant Federation. The grand secretary reported that members initiated numbered 6414; joined by certificate, 2138; reinstated, 1253; withdrawn by certificate, 2364; suspended, 5254; expelled, 100; died, 712. The value of real property was $701,672; other lodge property, $299,296; insurance carried, $434,596.

New lodges were reported: Newfoundland, 3; Nova Scotia, 4; New Brunswick, 5; Ontario East, 7; Ontario West, 20; Manitoba, 5; Saskatchewan, 11; Alberta, 4; British Columbia, 6.

The grand treasurer reported a surplus of $4244.24.

The Orange Mutual Benefit Insurance Fund closed its last year with a surplus of $28,655.38. Over five million dollars of insurance is carried.

MAYOR HOME TO-DAY

His Worship Says City Will Certainly Realize Par on Bonds.

Mayor Oliver and family, with Walter Sterling, city auditor, left New York last night and will arrive here this morning.

The mayor, when interviewed at New York regarding a despatch from London, England, conveying doubt as to whether the Toronto bond issue of 4 per cent. was at 102 1-2, as previously stated, asserted that the earlier cables were correct. He said that the entire issue of £394,100 sterling was purchased by Coates, Son and Company thru Lloyd's Bank, and would be floated by the Coates firm. The price of 102 1-2 would net the city par.

A Shock to Numismatists.

NEW YORK, May 26.—Uneasiness and distress will come to collectors of coins with disclosures which were made in this city last night on the authority of Dr. T. L. Comparette, director of the United States Mint in Philadelphia. All the dies from which the old Mormon coinage was made have not been destroyed, as had been thought. On the contrary, they have just passed out of the possession of descendants of Brigham Young into the custody of Dr. George T. Tallmage, curator of the Deseret Museum, Salt Lake City, Utah, who will now proceed to issue as many Morman coins as he pleases, and collectors, who have paid as high as $3000 for a single gold coin struck from a die thought to have been destroyed long ago, are not the only numismatists to whom the news of the new coinage comes as a shock.
