IRISH COUNCIL BILL ABANDONED BY GOVERNMENT

Premier Announces Intention to Provide Relief for Evicted Tenants

OTHER MEASURES ARE DROPPED

Resolution to Be Brought in by Government Dealing With Position of House of Lords

London, June 3.—The Irish bill was formally dropped by the government this afternoon with scant ceremony. The House of Commons was well filled when Premier Campbell-Bannerman rose to make his promised statement of the government's views regarding the measure it was necessary to eliminate from the government's overweighed legislative programme so that the present session might be brought to a close in the usual time.

"I believe," said the Premier, "that the Irish people would have done well to give the details of the measure greater attention than appears to have been the case at the recent convention. But in view of the announcement of the leader of the Irish party in the House of Commons that he would abide by the decision of the convention, and in view of the unanimous decision of the convention to reject the bill, the government cannot of course do anything further with it."

The Premier said that the decision of the representatives of the Irish people was a source of sincere regret and disappointment to the ministers, but now that the Irish bill was dropped the government intended to introduce during the present session an evicted tenants' restoration bill, with powers of compulsory purchase.

As the cabinet had decided against an autumn session, the Premier continued, it was necessary to drop the licensing bill. This, however, would be the very first measure to be taken up at the next session. The measure designed to relieve the passive resisters from paying education rates for religious instruction, the Premier further announced, would also be crowded out, but the government was determined to introduce at the next session a comprehensive educational bill, putting the whole education system of the country in order.

Regarding the long promised attempt to restrict the power of the House of Lords, the Premier said that so soon as they had made a little further progress on the essential business of the session he proposed to introduce a resolution on the subject either on June 17th or June 24th, when the government would fully state its views on the matter.

The Premier then announced the abandonment of a number of measures of only domestic interest, and enumerated those which it was intended to pass, concluding with the remark: "When it has passed the House of Commons I cannot forecast what will be the action of the House of Lords."

MISS LILIAN RUSSELL WEDS AT LOS ANGELES

Erl Macgowan of Vancouver Leads Victoria Girl to the Altar

Los Angeles, May 26.—(Special)—A wedding of interest to the people of Victoria and Vancouver, as the contracting parties are well known there, took place here on the evening of May 25, the bride being Miss Lillian E. Russell, the only daughter of the late R. J. Russell of Victoria West, and the bridegroom, Mr. Erb Macgowan, youngest son of A. H. B. Macgowan, M. P. P., of Vancouver. The ceremony was performed by the Rev. Baker P. Lee, at Christ church, corner of 12th and Figueron streets.

The bride, wearing a handsome gown of white silk net over taffeta, and with white picture hat with plumes to match, was attended at the altar by Mrs. R. Soodman, who was dressed in a very becoming gown of blue mousseline de soie, and wore a dainty lingerie hat. Dr. J. C. Davie of Victoria, gave the bride away, and Mr. Nelson Dunn, son of Thomas Dunn of Vancouver, supported the groom.

After the ceremony the wedding party and their friends automobiled to Poinsettia Villa, on 43rd street, the future residence of Mr. and Mrs. Macgowan, and were there entertained at a very dainty supper, which had been prepared by Mr. (Dr.) Pattle. The decorations, which were lavish, were the work of Miss Elsie Shrapnel, also of Victoria, who had used calla lillies and magnolia blossoms with charming effect in the supper and reception rooms. During the evening several telegrams of congratulation were received by the bride and groom from relations and friends in British Columbia. At the conclusion of the supper, and when several toasts had been drunk to the future welfare of the happy pair, the entire party motored to the Southern Pacific station to bid farewell to Mr. and Mrs. Macgowan, who will spend their honeymoon at Coronada Beach, San Diego and Mexico. The bride's going-away costume was of white broadcloth, trimmed with brown velvet, and with a pretty brown hat to match.

The bridegroom's gift to the bride was a handsome solitaire diamond ring, to the bridesmaid a pearl brooch and to the best man a diamond and pearl pin.

Although the bride and groom have lived here but a short time, the numerous and costly presents received by them testify to the esteem in which they are already held by their Los Angeles friends.

MR. TEMPLEMAN IN CHARGE.

Ottawa, June 3.—Hon. Wm. Templeman will represent the Dominion government in receiving Prince Fulshima at Quebec. He will go out to meet the Empress of Britain in a government cruiser. Earl Grey will be first taken from the Empress and Mr. Templeman and Lord Grey will afterwards receive Prince Fushimi on arrival at the wharf.

THE SUEZ CANAL

President of Company Says It Has no Competition to Fear

Paris, June 4.—Prince Auguste von Arenberg, at the annual meeting today of the directors of the Suez Canal company, of which he is president, predicted that the canal had nothing to fear from any projected competition. He said the company held the monopoly of the Suez Isthmus route, and any competitive canal, like the proposed German waterway, would have to pass through the valley of the Jordan, where the engineering obstacles were insurmountable. The prince further declared that the Suez canal had nothing to fear from the completion of the Panama canal, as little American tonnage passed through the former. Besides, he believed that every new trade route to the far east would only serve to augment the traffic through the Suez canal.

FRENCH SEAMEN'S STRIKE.

Men Resuming Work at Most of Points Effected.

Paris, June 4.—The seamen's strike is regarded as being virtually ended, and the men are everywhere expected to resume work within twenty-four hours. The navigation companies have accepted the government recommendations and will restore the officers and men without insisting on any penalties. The French trans-Atlantic line expects La Province to sail from Havre tomorrow.

Havre, June 4.—The only discord appears to be at Bordeaux, where one of the delegates, a man named Bustaille, finding that the local organization is discontented with the proposed compromise arrangements, attempted to secure a reversal of the decision to resume work, but apparently without any chance of success.

LOGGING CAMPS CLOSE FOR INDEFINITE PERIOD

Action Taken By Loggers' Association At Vancouver Meeting Yesterday

Vancouver, June 3.—At a largely attended meeting of the B. C. Loggers' association, this afternoon it was decided to close down the logging camps indefinitely. The shutdown to take effect on June 29. I will effect sixty-nine camps having a total output of 33,250,000 feet per month. This action is taken on account of the small demand, high wages and increased cost of supplies. It will throw out of employment 2000 men receiving salaries aggregating from $175,000 to $200,000 per month. The camps will start again whenever the market warrants it. The loggers' association claims to be in good condition financially, and well able to make this move.

FOR STEALING ORE

Ottawa, June 4.—Three employees of the famous Nipissing mine at Cobalt were today sentenced to short terms of imprisonment for stealing ore from the company. A number of others were dismissed for lack of evidence. Thefts of almost pure silver have been going on systematically, at great loss to the company, but it is difficult to establish the cases.
