CHOICEST CATTLE NOT TO BE HAD

Canner and Cutter Class Were the Feature of Yesterday's Market.

TRADE WAS VERY QUIET

Butchers, Ready to Buy, Couldn't Get What They Wanted.

Receipts of live stock at the Union Yards on Tuesday were 100 carloads, comprising 1275 cattle, 2243 hogs, 1049 sheep and lambs, 174 calves and 14 horses.

Good to choice cattle were very scarce, nearly all of the offerings being of the canner and cutter classes.

Trade was very quiet, light butchers' steers and heifers being hard to sell, and prices for them were easier.

Good butchers' steers and heifers were readily bought, but there were few of them. One straight load, weighing 1090 lbs., was sold by Corbett, Hall & Coughlin at $8.

Stockers, feeders, milkers and springers, as well as calves and hogs, sold at unchanged values, but lambs were sale by some to be cheaper, while others again said they were dearer. The trouble was that the quality of the lambs was not as good as on Monday.

Butchers' Cattle.

The best butchers' steers and heifers sold at $8 to $8.10, $7.75 to $8; medium, $6.75 to $7; common, $6 to $6.50; choice cows, $6.75 to $7; good, $6.10 to $6.50; medium cows, $5.50 to $6; canners and cutters at $3.75 to $4.60; bulls, $5 to $7, and two or three at $7.25 to $7.50.

Stockers and Feeders.

Stockers and feeders of good quality were in demand. Good to choice steers, $6.25 to $6.50; medium steers, $5.75 to $6.25; stockers, $4 to $5.50.

Milkers and Springers.

Good to choice milkers and springers were scarce, and prices firm, and more would have found ready sale. Prices were reported at $40 to $90 each, the bulk selling at $70 to $85.

Veal Calves.

Prices were unchanged. Choice calves, $9 to $10; good, $8 to $9; medium, $7 to $7.50; common and inferior, $4 to $6.50.

Sheep and Lambs.

Sheep, light ewes, sold at $6 to $6.75; heavy ewes and rams, $3.50 to $4; culls, $2 to $3.50; lambs sold at from $7 to $8.50; cull lambs, $6.50 to $6.75.

Hogs.

THINKS PUBLIC WILL WANT MINING STOCK

A local mining broker, who has long contended that mining stocks were as good, if not better, than industrials securities, met a World reporter yesterday, and pointed out that it has been decided to drop interest payments on the first mortgage bonds of a pulp company. This is only one of the many stocks and bonds which have reneged on their payments the last six months, and there will be more, the broker stated. "I have heard people decry mining stocks as nothing but a gamble, and I would like to call these people's attention to Cobalt and Porcupine. Cobalt has already returned nearly $60,000,000 in dividends, and some nine companies are still paying good returns. Porcupine has started out in good form, Hollinger alone contributing over $1,000,000 a year to its lucky shareholders. The other fellows can have all the industrials they want, but give me the mining shares, and I think the public will want them," was the broker's parting shot.

QUEBEC BANK STATEMENT.

For the fiscal year ended October 31 last, the Quebec Bank reported net profits of $296,659—a decrease of $12,569 from those of last year. The bank's annual meeting was held in Quebec yesterday. Earnings on the average paid-up capital in 1913 were at the rate of 11.65 per cent. against 10.86 per cent. in 1914. On the average paid-up capital stock and rest profits were at the rate of 7.34 per cent.
