NO. 48 KING-STREET, (EAST,) TORONTO. 105

FARMERS' INSURANCE.

Washington County Mutual Insurance Co.,
GRANVILLE, N.Y.

THIS is the largest Company in the United States, and their success, so far, has been without a parallel in the history of Mutual Insurance, as the following statement will show:—

Whole number Policies issued, up to Jan. 1, 1849,	37,986
Whole amount insured - - - -	$32,407,913 00
Whole amount of Premium notes - -	384,009 00
Whole amount losses and expenses paid	87,341 37
Balance Cash on hand - - -	28,030 76

They have adopted the following low rates for Premium Notes, 33⅓ per cent. of which is only paid in cash for an insurance of five years:—

Fire proof buildings - - - -	¾ per cent.
Farmer's buildings, grain, &c., &c., and private dwellings - - - - -	1 "
Tailors, Shoemakers, and Saddler's Shops	1¼ "
Warehouses, Taverns, Boarding-houses, Schools, and Churches - - -	2 "
Saw Mills - - - - - -	3 @ 5 "

The above rates are for buildings 165 feet from other risks.

This company is designed as a safe farmer's protection; they are prohibited from taking risks in blocks, mills, shops, &c., which are considered hazardous, or from taking over $2,000 on any one risk, and thus they are enabled to fix their rates so low as to bring it within reach of all; and they assure the public that all losses will be paid promptly; they pay for all loss caused by lightning.

Farmers wishing insurance on their houses, barns, grain, &c., &c., or others owning buildings mentioned in the above list, will find it their interest to call upon the subscriber, before insuring elsewhere.

JOHN S. BUCHANAN,
London, Jan. 1849 AGENT. 5tf

American Baptist Home Mission Society.

N. B.—If any of the above Churches prefer changing the week-day appointments from evening to afternoon, or from afternoon to evening, they are at liberty to do so.

E. SAVAGE, *Agent.*

THE FARMER'S PAPER,

The Canadian Agriculturist;

The best and Cheapest Farmer's paper published in Canada, and the only one now published in Upper Canada.

The second volume of the Agriculturist in its present form commences January, 1850. It is issued monthly, and contains 24 pages, double columns, imperial octavo. During the present year, the advertising sheet will be dispensed with. It will contain numerous illustrations of Mechanics and Farm implements, Farm houses and cottages, &c., Plans for School houses, and Diagrams in explanation of questions in mechanical science, and natural philosophy.

Great care will be taken in the selection of matter whether relating to agriculture, Horticulture, Mechanics, Domestic Economy, Education, or general Science. Several intelligent practical farmers and gardeners have promised correspondence, and the editors will be happy to receive communications from all their subscribers. Such as are of interest will be freely published. Two or three gentlemen of high scientific attainments [one of whom is connected with the University,] have agreed to contribute to the columns of the Agriculturist.

Farmers, subscribe and pay for your paper, and then write for it; all parties will thus be pleased and benefitted.

The Agriculturist is devoted to the developement and advancement of the real interests of Canada. Much good has already been done by this paper, and those which preceded it, and of which it is a continuation. But the proprietors of the *Cultivator*, and the other papers alluded to, suffered great loss; and the proprietors of the Agriculturist have, so far, been out of pocket, besides the time, labor, and anxiety spent in its publication. Is the reproach that the farmers of Canada will not support an agricultural paper of any kind, to continue? We hope not. Let those who love their country, and desire its improvement, make a little more effort this year, and the reproach may be wiped out forever.

As an inducement to extra exertion, we offer the following premiums:—

ONE HUNDRED DOLLARS!

SEVENTY-FIVE DOLLARS!

FIFTY DOLLARS!

Every person who will procure 200 subscribers for the Agriculturist, at the subscription price of One Dollar, and remit the money at the time of ordering the paper will be paid $100; for 160 subscribers, $75; for 120 ditto, $50; for 75 ditto, $30; for 60 ditto, $25.

Agricultural Societies, and those persons who obtain the paper through their society, are excluded from the above. As we have no travelling agents, the offers are open and accessible to all, with the exception just mentioned. No papers will be sent unless the subscription accompanies the order until the smallest number [60] is realized: after that one-half the price may be retained by the competitor, till the completion of the list which he intends to forward. Who will try? Where is the township in Canada West, in which no young man can be found willing to spend two or three weeks this winter to win at least the $25 prize?

Agricultural Societies ordering 25 copies and upwards, will be supplied at half-a dollar; 12 copies and upwards, 3s. 9d. Single subscriptions, $1. Local Agents, who will procure over three subscribers, and remit us the subscription, free of postage, will be allowed 25 per cent.

George Buckland, Secretary Agricultural Association, Principal Editor, assisted by Wm. McDougall, Proprietor.

All letters should be post-paid, and addressed "To the Editors of the Agriculturist, Toronto."

AND ORIENTAL BALSAM.

THIS medicine has for many years been used extensively and freely in many critical cases of disease, and with the most happy results, in several parts of Europe, in the private practice of eminent physicians, who have approvingly adopted Dr. Hope's SINGULAR FORMULA. The party who is now instrumental in introducing the medicine to public notice does not claim superhuman power or virtue for it: for he knows that it is naturally impossible that any infallible specific can be invented or discovered to cure all the ailments to which frail humanity is liable; but he does know that indomitable investigation, industry, and perseverance enabled Dr. Hope to form a compound so happily blended in the Pills and Balsam for the cure or mitigation of many cases of disease in which it was often considered beyond the power of medicine to yield any aid or relief. The medicine has cured numberless cases of disease in the acute and chronic stages:—especially costiveness, so common among those whose occupation, and others whose disposition leads to a sedentary habit. Nausea—Drowsiness—Pain in the Stomach—Oppression and flatulence after meals—Disinclination to mental and bodily exertion—Giddiness or flow of blood to the head—Pain in the breast, back, shoulder, or side, frequently caused by indigestion or a disordered condition of the liver—Eruptions on the skin—Carbuncled face—Blotches—Boils and pimples, proceeding generally from impurity of the blood, or a disordered state of the digestive organs—Heartburn—Acid eructation—Acidity of the Stomach—Nervous debility, or derangement of the system—Nervous, Periodical, Bilious, and Sick Headache—Depression of spirits—Noise in the head or ears—Fever and Ague—Ague cake or the enlargement of the spleen—Palpitation of the heart, arising from indigestion or dyspepsia—Liver Complaint—Masked or Dumb Ague—Irregularity of the bowels and other secreting organs—Fits in old or young, occasioned by worms or stoppage of the bowels—Marasmus or wasting of flesh, which appears in childhood or early youth—Chlorosis or Greensickness—Swelled feet and legs—Inflamation—Sudden attacks of Mania and of Delerium Tremens—Tetanus or Locked Jaws—Rheumatism—Cough, proceeding from disorders of the digestive organs—Jaundice, arising from a like cause—Diarrhœa and colic, arising from worms.

In most chronic diseases the medicine may be used, with the certainty of success by a proper perseverance.—In St. Vitus' Dance, when all other remedies fail, a long continuance of the use of this medicine shall remove the disease.

For the certain cure and mitigation of disease generally, it is fearlessly asserted that no other medicine before the public can be compared with Dr. Hope's Pills and Balsam. They act thoroughly but mildly, without causing any unpleasant sensation, unless the system is very much out of order, in which case the Pills may or may not produce some nausea. But their judicious use, according to the directions which accompany the medicine, shall, in the diseases named, give general if not universal satisfaction. The Proprietor warrants that no harm can ensue in any case from taking either the Pills or Balsam.

☞ THE ORIENTAL BALSAM is a most valuable if not a specific remedy, especially for Indigestion, Nervous Debility, Fever and Ague, Nervous, Periodical, and Sick Headache, Loss of Appetite, Pain in the stomach after eating, Weak and delicate Stomach, Masked or Dumb Ague, and Liver Complaints. Its effects are not confined to the stomach alone, like that of other stomachics in general use,—its power extends to the abdominal viscera, particularly the liver, which it deterges, as well as emulges the hepatic ducts, and at the same time promotes digestion.

It is administered by Oriental Physicians with great success in pulmonary complaints and scrofula. Several of the most eminent physicians of the age have given the Balsam and Pills a thorough trial, and all of them extol the medicine in the highest terms. Their beneficial effects on the general health are usually permanent.

*** The Proprietor strictly forbids the publication of the names of any individuals who may be cured or benefitted by this medicine, unless the party requests it.

N. B.—Agents wanted in every City, Town, and Hamlet in British North America. Applications, post-paid, to be addressed to

S. F. URQUHART,
69, Yonge Street, Toronto.
GENERAL AGENT FOR BRITISH AMERICA.

SIR HENRY HALFORD'S
IMPERIAL BALSAM,
FOR
THE CURE OF RHEUMATISM,
ACUTE OR CHRONIC,
RHEUMATIC GOUT, NEURALGIA,
AND
DISEASES OF THAT CLASS.

THIS extraordinary and potent compound is made according to a favorite prescription of the above eminent Physician. Sir Ashley Cooper, also, frequently referred his students to the compound as eminently calculated for the cure of Rheumatism, and other diseases of that class,—its ingredients are entirely from the Vegetable Kingdom, and if any medicine could legitimately be denominated a specific, this remedy is preeminently entitled to that appellation. But the Proprietor does not believe in INFALLIBLE SPECIFICS for the cure of any disease; yet his confidence in this medicine is such as to supply it on the condition of *no cure no pay*—that is, the money shall be returned in every case where it fails to effect a cure. Its success in the cases where it had a fair trial in this city, has been perfectly satisfactory. The following case is published by permission of the party.

TORONTO, 14th Dec. 1848.

Sir—Having for a considerable time severely suffered from an attack of Rheumatism, in my right arm and side, I applied to one of our respectable Physicians; but his treatment was of no permanent benefit to me. I was, therefore, induced to procure a bottle of your IMPERIAL BALSAM, which has completely cured me, having now been perfectly free from any kind of pain for twelve months. You may use this communication as you think proper, and refer enquirers to

Yours, very gratefully,
GEORGE CLEZIE,
Cabinet-Maker, No. 4, Adelaide street, East.

☞ Price 2s. 6d., 3s. 9d. and 5s. per Bottle.

The above Medicine is for sale by

S. F. URQUHART,
General Agent, 69, Yonge Street, Toronto.

DEAR SIR,—Being for the last four years subject to severe attacks of Rheumatism, Gout, or Rheumatic Gout,—I know not which; and having tried many remedies, prescribed by different parties, I have now no hesitation in stating that your Medicine, called SIR HENRY HALFORD'S IMPERIAL BALSAM, has stopped the complaint in the preliminary Stages, four times over, in a few hours. Indeed, although you prescribe it to be taken four times a day, I have never had to resort to it more than twice. Not only myself, but some friends to whom I have given some, were similarly relieved: and in no case have I found it to fail. This is the first FALL, for four years, I have escaped the affliction, and which I attribute, under Providence, to the use of your medicine.

JOHN CRAIG,
76, KING STREET, WEST, Painter & Glazier.
Toronto, 16th December, 1849.

A Case of Chronic Rheumatism of fifteen years standing, cured by Halford's Balsam and Hope's Pills.

TORONTO, 14th December, 1848.

DR. URQUHART:

Dear Sir,—I hereby certify, that I have been afflicted with Rheumatism for fifteen years; for a considerable time I was confined to bed, and the greater part of that time I could not move myself; some of my joints were completely dislocated, my knees were stiff, and all my joints very much swelled: for the last three years, I was scarcely able to do three month's work without suffering the most excruciating pains, I was doctored in Europe by several physicians of the highest standing in the profession as well as in this Province, I was also five months in the Toronto Hospital, and, notwithstanding all the means used, I could not get rid of my complaint, indeed I was told by a very respectable physician that I never could be cured, so that at the time my attention was directed to your SIR HENRY HALFORD'S IMPERIAL BALSAM, for the cure of Rheumatism, and Rheumatic Gout—and Dr. HOPE'S PILLS, I was despairing of ever getting cured; when I called on you, I was hardly able to walk, and what was almost miraculous, in three weeks from my commencing to take your medicine, I gained fourteen pounds in weight; my health was much improved, and in about three weeks more my Rheumatism was completely gone and my health perfectly restored. I now enjoy as good health as any man in Canada. Since my recovery I have walked forty-six miles in one day with perfect freedom, and I assure you, Sir, that I feel truly thankful. You can make any use of this you please; my case is known to several individuals of respectability in this city their names you know and can refer to them if necessary.

Yours, truly and gratefully,
THOMAS WRIGHT.

London, Oct. 15th, 1849. (94-w6)

CAPITAL, $900,000.

MUTUAL LIFE INSURANCE COMPANY
Of New York, No. 35 Wall Street.

THIS COMPANY has now passed through its sixth year, and will soon present to the Public a statement of its seventh.

From the great success attending this Institution since the commencement, many will undoubtedly be led to suppose that a lower rate of premium, and greater facilities in the shape of credits—will answer in its operations.

This Company has placed to the credit of policy holders 52 *per cent* of the earned premiums paid by them, in conformity with the requisition of its charter. This sum will be paid with the face of the policy to the holders at the time it shall become a claim on the Company, by reason of the death of the party on whose life it was issued, thereby proving most conclusively the value of the principles adopted—viz: a Savings Institution.

If then the rates of this Company are too high, it works no injustice, for all participate in its profits, therefore it is just and equal in its operations. If the Carlisle table is correct no less rates than those charged by this company would answer.

It is from the fact that the rates of this Company are lower than those of many others, and its judicious management in taking none but those whose lives are considered good—that this Company has already acquired the name of being one of the safest and best Institutions of the kind. It issued during the year 1848, 1,505 new policies; added $214,161. to its investments, and paid losses occasioned by death during same term $92,200, and has increased during the present year in one month $30,000, these are plain facts, and are without a parallel in Life Insurance. This Company is under the guardianship of a board of Trustees, elected by its members, and are known to be men of ability and high standing in society, and in whom the public have confidence. A sure guarantee for the faithful and judicious management of its business. Pamphlets explaining the nature and benefits of Life Insurance can be had gratuitously by calling at my office, and every information and facility will be afforded no parties who purpose effecting the same.

G. E. CARTWRIGHT, (sign of the Red Mortar,) corner of King and Hughson Streets, HAMILTON, respectfully intimates to parties visiting the city, that his stock of Drugs, Chemicals, Patent Medicines, Perfumery, Oils, Paints, and Dye-Stuffs, is now complete, and embraces all the articles usually kept by a Druggist. As he will keep none but genuine articles, and undertakes the sole charge of his business, parties sending their orders or recipes to him, may depend upon having them executed accurately and with despatch.
Hamilton, 1848. †

Religious Book Store.

THE Subscriber keeps constantly on hand a very extensive and carefully selected stock of Religious Books, at very low prices.

He believes there is no other establishment like his in Canada West, for the following reasons:—None of the works called "light reading" are kept in it, nor is it merely designed for the use of any one denomination, but rather for the Christian public at large. His stock embraces the works of the leading evangelical writers in the various branches of the church, such as Hall, Forster, and Haldane; Wardlaw, James, and Jay; Newton, Richmond, and Bickersteth; Chalmers, Boston, and McCheyne, &c. This marked feature in his stock will be seen by a glance at the catalogue, which may be had (gratis) at the store.

N. B.—A liberal discount allowed to all Ministers, Schools, and Public Libraries.

D. McLELLAN.
Hamilton, March 22, 1848. †

Watches, Clocks, Jewelry, &c.

WILLIAM DAWSON, Watch and Clock Maker, Jeweller, &c., KING-STREET, two doors West of S. Kerr & Co., HAMILTON, has always on hand, an excellent assortment of Clocks, Watches, Wedding Rings, Brooches, Silver Spoons, Spectacles, Violins, Flutes, Accordions, Combs, and Toys, and all other articles usually kept in a jeweller's store.

N.B.—All articles sold, if not what they are represented, may be returned or exchanged. All repairs warranted. Cash for old gold and silver. †

EAR AND EYE.

MORE ASTONISHING CURES PERFORMED by DR. I. FRANCIS, 430 Broome street, New-York.

☞ A letter from the Rev. B. T. Welch, D. D., late of Albany, now of Brooklyn.

"Dr. Francis: My Dear Sir,—I feel myself under very great obligations to you for the relief I have derived from your invaluable remedy for defective hearing. I suffered much embarrassment from the suspension of this important sense, the conversation of those around me coming on my ear only in indistinct murmurs. It gives me pleasure to say that I have applied your preparation as directed, and with beneficial results. My hearing is now good, and having realized important advantages from your remedy, a benevolent regard to the condition of those similarly afflicted, not less than justice to you, induces these few lines of commendation. In the hope that its efficacy may be speedily and extensively known, and your sphere of usefulness thereby enlarged.

I am, my dear sir, yours gratefully,
B. T. WELCH.

"I take pleasure in bearing evidence to the superior efficacy of Dr. I. Francis's medicine for the eyes, especially for the disease of amaurosis, with which I have been afflicted for nearly four years, and three of which I have been unable to transact any business. I had tried the medical skill of our land to no purpose, and had nearly given up all hope of ever being restored, when providentially I heard of the cures of Dr. I. Francis, when I immediately repaired to his dwelling, which I attained with great difficulty, being assisted or led to his door, and by applying his medicines for nearly three weeks, I am now able to see people two hundred yards, and read coarse common print. Five highly reputable ministers can bear testimony to this statement. C. P. BLISS, Bethel, Vt."

Many in this city who have been totally blind from amaurosis, are now perfectly restored to sight, and can be referred to. Those having diseased eyes can be cured, and not prevent them attending to business.

"We, the undersigned, having witnessed astonishing cures performed by Dr. I. Francis, when hope had fled, believe his preparations are one of the greatest discoveries ever made for diseases of the eye and ear, and highly recommend him as a safe and skilful oculist.

Rev. D. Dunbar,	Rev. J. Benedict,
Rev. S. H. Cone,	Rev. J. Peck.
Rev. J. Andrade, R.C. priest,	Rev. A. Wheelock."

☞ Deafness permanently cured of the longest standing. Artificial eyes inserted without giving the slightest pain, which cannot be distinguished from the natural. All communications must be post-paid. Numerous certificates to be seen at the office from persons of high respectability. Medicines sent to any part of the country with proper directions. 99tf

To District Officers, Collectors, &c.
